WILMINGTON, CHARLOTTE AND RUTHERFORD RAILROAD.—We learn that a meeting of the Directors of the Wilmington, Charlotte and Rutherford Railroad Company, was held last week in Wilmington, the report of the work was highly satisfactory; and, notwithstanding the unfavorable state of the weather for the last three months the contractors have pushed forward their work with unusual energy under the circumstances.

We further learn that, at the urgent requests of the Director from Union, contracts in said county were ordered to be let out at an earlier day as practicable, provided said Director and the Chairman, of the County Court of Union deemed it expedient.

We are also gratified to learn, that the survey for a switch or branch from the main line to this place was ordered, thus bringing the road within the corporate limits of our village, and giving entire satisfaction to our people.

Iron sufficient for the road to Rockingham has been purchased, and track laying, it is thought, will begin next month; and such is the state of the work that there will be no detention to that place. Locomotives, &c, &c, have been purchased, and it is expected in twelve months the whistle of the Iron Horse will be heard from the valley of the Pee Dee.—*Wadesboro Argus.*

FIRE IN THE WOODS.—On Thursday last fire broke out near the Steam Saw Mill on the Fayetteville and Albemarle Plank Road, about 6 miles from town, which raged with great fury till about 1 A. M. on Friday, when it was arrested, having destroyed about 30,000 Turpentine boxes, a large extent of timber, &c., on several plantations. The wind was high and the drought had so cured the leaves as to make the fire spread rapidly. It is surprising that it was so soon arrested. The vast volume of smoke was visible in town all the afternoon, seeming to be but a short distance off. The scene recalled the memorable 20th of April 1855, attended with a similar drought and high winds. But for better weather, many thousands of dollars worth of property, including dwellings, and in some instances every house upon a plantation were swept away. In this vicinity we understand that no house has been burnt.

The sufferers are Miss McPherson, Mr. McPherson, Mr. Owen and probably others.—*Fayetteville Observer, April 25.*

LATES FROM CALIFORNIA.—The steamer S. Louis from Aspinwall brings from California $1,723,000 in specie.

A fearful earthquake had destroyed a great part of the city of Quito, loss estimated at $200,000; 5,000 lives are supposed to have been lost.

The office of the American Consulate at Tuparas has been forcibly entered by a mob, and the Consul imprisoned.

DYSPEPSIA.

Considering the various forms in which this disease develops itself, it may well be called "hydra headed." In its train follow *Indigestion, Pain in Stomach, Heartburn, Water Brash, Costiveness, Piles, Acidity, Oppression after Eating, Jaundice, Flatulency, Torpor of the Liver, Dizziness, Debility, Female Complaints, &c.* Some of the first men in our land have given their written certificates relative to the cures effected in their own persons by the OXYGENATED BITTERS; while testimonials from other sources, editorial opinions and voluntary expressions from persons who are averse to see their names in print, are perfectly overwhelming.

Read the following from a highly respectable Clergyman:

EAST TAUNTON, Mass., Feb. 9, 1858.

To the Editors of the Portland Mirror:—

OXYGENATED BITTERS.—For more than twenty-five years I have been a sufferer from the dyspepsia. Besides trying the patronage of my family physicians in the selection of their various prescriptions, I have tried a great variety of patent medicines with a similar result. Through the kindness of my physician, I received last March, half a dozen bottles of the OXYGENATED BITTERS. I began to use them without any hope of derriving help from them. Being determined to give them a fair trial I continued their use, but without any perceptible benefit till June. Since then I have gradually improved in health till I am entirely free from acidity of the stomach, and from the consequent flatulency, and the awful and almost distracting sick headache, which often for days together has wholly unfitted me for study and for all other ministerial duties, and rendered life a burden. I feel that I owe it, as an expression of gratitude to Messrs. Fowle & Co. and also a duty to the public, to recommend their Oxygenated Bitters, as in my estimation, a sure remedy, for that most trying, most vexing, and cruel of all diseases, to which poor human flesh is heir, the dyspepsia. Having suffered so long, and tried so many different remedies with no good result, I can recommend the Oxygenated Bitters with a confidence few others can. If any of the readers of the Mirror are suffering, I beg of them to make trial of these Bitters without delay.

JAMES R. CUSHING.

Prepared by S. W. FOWLE & CO., Boston, and sold by E. Nye Hutchison & Son, Charlotte, N. C.

☞ SHAKE AND BEAT! SHAKE AND BEAT! Fever and Ague!—This is the life of agony endured by the sufferer from Fever and Ague. He wanders like an uneasy shadow, never knowing what moment he may be prostrated, and therefore disinclined to give any serious attention to business. He is, hardly to himself, one a burden to his friends, who are were not in some way trying to his wants. This is the condition of thousands in town and country. It is no exaggeration to say that Fever and Ague kills more people than any twenty other diseases in America. For a sure and speedy cure of this terrible affliction, we take great pleasure in recommending DR BOOSTETTER'S STOMACH BITTERS, which have already achieved a world renowned reputation for rapid and powerful effects in removing the system in question by this disease.

For sale by Druggists and dealers generally, everywhere, and by E. Nye Hutchison & Co., Charlotte, N. C.
