SKETCHES OF N. CAROLINA.

Beattie's Ford, Lincoln Co., N. C., October 25, 1850.

A WORK will be published by the undersigned this Spring, entitled as above, giving an accurate account of each county in our State, in alphabetical order, the derivation of its name, date of formation, its Colonial and Revolutionary History, a biography of its distinguished citizens, an accurate list of its representation in each branch of the General Assembly, its Towns, Rivers, Population, Resources, Products, and Topography.

The undersigned has for many years been collecting and condensing the material for this work. The archives of our own State have been carefully examined, and copious extracts made from its records. He has procured from the office of the Board of Trade and Plantations in London many valuable documents. Rare and valuable works have been purchased from abroad, touching the early history of our State, and each county, which have never seen the light. He has been kindly aided by gentlemen in different sections by copies of original documents, and faithful traditional statements, highly important and interesting.

He does not aspire to the position of the Historian, but hopes from records and statistical facts to afford materials to other and abler hands for this pleasing and less laborious duty. This work, it is hoped, will be useful as a book of reference to the statesman and scholar, and man of business or leisure. Occasional extracts have been published in the Standard and other papers of this State, over the signature of "Tacitus."

The History of North Carolina is yet to be written. The remark which one of the ablest Historians of the age, (Bancroft,) has been compelled to make, that "so carelessly has the History of North Carolina been written that the name, merits and end of the first Governor is not known," is a reflection upon us. An examination of the early history of the counties of North Carolina shows a record of the purest patriotism and indomitable courage. This record is now covered by the dust of age, and unknown by neglect. It is a debt which the present generation owes to the past as well as the future to preserve these memorials; for it often occurs in the history of our race, that facts known to one generation are controverted by the next, and at a succeeding period are considered as doubtful legends, unworthy of historical faith. Our Mecklenburg Declaration of Independence, in May 1775, had almost been an illustration of this truth.

"These are deeds which should not pass away,
And names that must not wither; though the earth
Forges her empires with a just decay,
The enslavers and the enslaved, their death and birth."

This work will be illustrated with a Map of the State, from latest surveys, and including the new counties to this date, and sketches in Engravings of some of her beautiful scenery. It will contain about 500 pages, and be furnished at one dollar a copy. Subscriptions will be received and the book furnished at different points of the State.

JOHN H. WHEELER.

P. S. Editors of the different Presses in the State are requested to copy the above. The Press will receive in this work a sketch worthy of its influence and importance. Those Editors who publish the above four successive times, and send a copy of the paper containing the same, will be entitled to receive a copy of the work as a return for such favor. J. H. W.

VALUABLE LAND FOR SALE.

THE subscribers offer for sale upon reasonable terms, some of the very best land in Marengo County. The tract contains 640 Acres, 500 of which lies in the swamp, and is regarded by those acquainted with it as the best land in the country. About 100 acres is at present in cultivation, and has upon it, at this time, as good a crop of cotton as any grown in the county this season. Upon the land is a first-rate *Dwelling House*, with all the necessary out-houses, and a *well* of most excellent water. Also, a **New Gin House and Screw.**

The land is situated near the Magnolia Academy; the dwelling house being within ½ of a mile. The location is a good one for a *Physician*, as Dr. Dumas, who has been doing a successful practice in the neighborhood for several years, will remove in a few months—and there will then be no *physician in several miles*. Physicians desiring a good location, would do well to examine the place. The Dwelling and Farm will be sold separately or together.

The mills are supplied with water by a canal leading from the river, 25 feet wide at bottom, cut at an angle of 45 degrees, two miles in length, with a fall of fifteen feet. 100 DOLLARS REWARD!

WE will give One Hundred Dollars reward for the apprehension and confinement of BEN and ELIAS in any Jail so that we get them again, or FIFTY DOLLARS for either. They left this place on Monday the 21st instant in company.

Ben is about 30 years old, complexion dark, 6 feet 3 inches high, of rather slender form, stammers considerably, one front tooth missing, is quite plausible, with open countenance. In company of some free Negroes, near Charleston, S. C., he passed himself off as a free man, whither he will probably go, and attempt the same thing again, or endeavor to make his way to a free State.

Elias is nearly a white man, about 21 years old, 6 feet high, has rather a down look, particularly when spoken to, speech slow and broad, has a hazle eye. Elias was brought up by a Mr. Morrison of Richmond county, N. C., and sold by him to Jesse Smitherman, who sold him to T. S. Jordan to whom he now belongs.

Their establishment has recently undergone thorough and extensive repairs; this, in connection with their long experience in business, and the advantages of having worked for many years in some of the best coach factories in the United States, enables them to assure their former patrons and the public in general, that for superior style and workmanship, they have no fears of being surpassed.

An *honorable rivalry* in business affords the means by which the public may institute *comparison*, they hope that they will not suffer by it. Call and look at *their* work.

☞ They have on hand a large stock of the very best materials which they will continue to replenish, when necessary.

☞ If any job of theirs fails, either in workmanship or materials, during twelve months from the time it is turned off, it will be repaired without charge.

REPAIRING done in the neatest manner and on short notice;—charges moderate.

R. & B. tender their grateful acknowledgements to their friends and the public for their liberal patronage heretofore, assuring them that no exertion on their part shall be wanting to merit its continuance.

THE NORTH-CAROLINA STAR.

VOLUME XLI.

A WEEKLY FAMILY NEWS-PAPER, PUB'D IN RALEIGH!

WE have recently been at considerable expense to enlarge and otherwise improve the 'Star,' and we trust a liberal public will remunerate our endeavors to please by a generous and cordial support. It is now the largest sheet in the State—printed on new type and fine paper and well filled with original and selected articles of choice reading. It is devoted to Foreign and Domestic News, Agriculture, Education, Manufactures and judicious system of Internal Improvements. Mild, but firm, in politics, it is a decided advocate of Whig principles; and ardent in its attachment to our glorious Union, it insists on Southern Rights as guarantied by the Constitution.

To the North Carolina reader, especially, we hope to make the Star, a valuable and interesting news-paper. We have ever been acutely sensitive to the interests of the Old North State, and our most zealous labors shall be constantly directed to the moral, intellectual and physical advancement.

A central position gives us great facility for collecting the local news of the State—election returns, Supreme Court adjudications, &c.; and located, as we are, at the capital of the State; we are enabled to furnish at an early date, full and accurate reports of our Legislative proceedings.

TERMS.—$2 50 per annum, in advance, or $3 if payment is delayed three months. 50 cents during the session of the Legislature.

—On the 1st of January last, we reduced our rates of subscription from $3 to $2 50 per annum, in advance. The experiment is working well, but our accessions have not yet been sufficient entirely to repay us. We propose, from and after the beginning of the new year, to publish the Star at $2 per annum in advance, provided, that in the interval, we obtain **200** new subscribers. All that is necessary to the accomplishment of this end, is that our present subscribers exert themselves a little in our behalf. The Legislature meets next month, and there is scarce a subscriber on our list who could not procure one new subscriber, at least for the Session. We are Public Printers for the ensuing General Assembly, and will be able to give the earliest and most authentic reports of its proceedings.

CLUBS of six or more furnished at $2 each for the cash.

PREMIUMS.

Any person obtaining twenty-four Subscribers shall receive a premium of $10 on the reception of the subscription money [$60.] For fifty subscribers and $125 we will give a premium of $25!

Specimen copies sent gratis.—Post Masters requested to act as agents.

OPINIONS OF THE PRESS.

NORTH CAROLINA STAR, Raleigh: Thomas J. Lemay & Son.

This large, handsome and ably conducted sheet has lately entered upon a new volume, with many improvements. Its editorials manifest decided talent, and its selections are made with taste and discriminations. The *Star* is highly creditable to the Old North State, from whose capital it sends forth its rays.—*Richard's Gazette.* [Lit.]

"THE NORTH CAROLINA STAR."—The Raleigh Star comes to us under the above title—enlarged to a size exceeding that of any paper in the State, and printed with new type on fine paper. It is now a Star "of the first magnitude." May it long shed superior lustre over a wide horizon!—*Greensborough Patriot.* [Whig]

It has long been a light in the political horizon. May it never pale.—*N. C. Argus.* [Whig]

THE STAR is a sound Whig Journal of ability, and we mark this evidence of prosperity with pleasure.—*Kinston N. J. Journal.* [Whig]

May the "Star" shine in every family in the State. *Deaf Mute.* [Literary]

THE STAR is now one of the largest and best papers in the State.—*Plymouth News.* [Whig]

THE RALEIGH STAR.—This paper has undergone a thorough renovation, and now ranks among one of the best papers of the State.—*Old North State.* [Whig]

It is now one of the largest, most handsome, and best conducted papers in the State.—*Buncombe News.* [Whig]

We are gratified to find the good old "Star" of Raleigh on our table, in a new and pretty dress considerably enlarged, and twice as welcome as ever it was, from past associations.—*Lincoln Courier.* [Democrat]

It is now a Star "of the first magnitude." May it long shed superior lustre over a wide horizon! *Mountain Banner.* [Whig]

THE NORTH CAROLINA STAR.—This able and spirited Whig print comes to us in a new dress, and much enlarged. We wish the Editors much success.—*Roanoke Republican.* [Whig]

THE STAR is conducted with much dignity and propriety; and the independent position it has assumed on the Southern question, so opposite to the majority of the Whig contemporaries, recommends it still more strongly to the people of the State. The "Star" once guided to Bethlehem; light, illumined with its rays the immortal principles of States' Rights. We are happy to see it still true to the all-important subject of Southern rights, in the ancient faith.—*Hillsboro' Democrat.* [Democrat] 43
