THE PLAINDEALER.

WILSON, JULY 27, 1869.

When was beefsteak the highest? When the cow jumped over the moon.

A Fiery Steed—Horse radish.

A corn extractor that has never been patented—the crow.

A school-boy being asked by his teacher "Of what is the German Diet constituted?" replied, "Sour krout, schnapps, lager beer and nix cum arouse."

Mutton, according to reports received from every direction, is falling. People who have heads of that sort, should look to it and not get hurt.

"Biddy, did you put an egg in the coffee, to settle it?" "Yes, mum I put in four; they were so bad, I had to use the more of them."

A married lady being asked to waltz, gave the following sensible and appropriate answer, "No, thank you sir. I have hugging enough at home."

"Prisoner, you have heard the complaint for habitual drunkenness, what have you to say in your defence?" "Nothing, please your honor, but habitual thirst."

"Mike, an' is it yourself, that will be after tellin me how they make ice creams? "In truth I can; don't they bake them in the cowld ovens, to be sure?"

A reporter, in describing a Masonic procession a short time since, said, "the procession was very fine and nearly two miles in length, as was also the prayer of the Grand Chaplain."

"I wish you had been Eve," said an urchin to a stingy old aunt proverbial for her meanness. "Why so?" "Because," said he "you would have eaten all the apple, instead of dividing it with Adam."

"Nothing can be done that is done in a hurry," oracularly declared a certain pompous politician in New York, one day lately, on the steps of the City Hall. "How about catching fleas?" asked a wag at his elbow. The politician wsa floored.

A recent writer says: "There is many a proud spirited, sensitive woman, who feels herself a beggar, and unless from absolute need, will go without, rather than ask her husband for money for her own use. Poor dears; we should like to meet one of this kind.

Boggs likes a warm bed. One morning an agent for a patent fire extinguisher tried Boggs, "If you've got anything that'll save me from getting out of bed in the cold every morning to build a fire for my wife to get breakfast by, I'll buy it; but don't come round here trying to sell stuff to put 'em out—it's too much trouble to start them!"

A good natured fellow, who was nearly eaten out of house and home by the constant visits of his friends, was one day complaining bitterly of his numerous visitors.

"Shure, and I'll tell ye now to get rid of 'em," said an Irishman.

"Pray, how?"

"Lend money to the poor ones, and borrow money of the rich ones, and nather sort will iver trouble you agin.

A man who is too mean to advertise farmland he wanted to sell, says the "Berkeley Union," put written notice in one of the hotels the other day. A man who was inquiring for a small farm, was referred to the written notice. He replied: "I can't buy land at a fair price of any man who does his advertising in that way. He'll steal the fence, the pump handle, and barn doors before he gives up possession."

A farmer had two sons, one of whom named Thomas, was an early riser and the other was an incorribible sluggard. One morning the father entered the bedroom of of his sloathful son, and holding up a money purse, said: "See what your brother has found by rising early." The half opened eyes of the sluggard surveyed the purse, as he lazily drawled, "But the fellow that lost it must have risen earlier than Tom."

All of the above is put in the drawing at the regular cash selling prices and will be disposed of by a regular mode of Drawing, and in order to accomplish this, the Company will sell 73,347 tickets at $2 each; for further information read section 10 and 11 of the By-Laws of the Company:

BY-LAWS.

SEC. 10. The plan of drawing shall be as follows: there shall be two wheels, one a prize wheel and one a number wheel, arranged in some public place in the city, where any one holding a ticket may be present on the day of drawing. In the number wheel there shall be as many tickets corresponding in number as those which have been sold. In the prize wheel there shall be as many tickets as there are prizes, these tickets shall be deposited in the wheels by a board of supervisors, who shall be appointed by the Directors, after which the wheel shall be sealed up and placed in any bank in the city, the Directors may direct, until the time of drawing, when the supervisors shall bring the wheels to the drawing, break the seals and the drawing shall be disposed of by taking a ticket from each wheel, at the same time and the prize ticket taken from the prize wheel shall designate the prize drawn by the ticket corresponding in number to the one taken from the number wheel at the same time. The wheel shall be well shaken after each ticket is drawn.

SEC. 11. The Directors shall designate the time and place of drawing, at which time and place the supervisors shall be required to be present and see that the drawing is conducted entirely equitable.

A Board of Supervisors, will be appointed who will have exclusive control and management of the drawing. They will conduct the distribution and see that each person is legally invested with the property he may draw. A duplicate registry of the tickets sold will be kept; so that, in the event of loss of ticket, the accident may be remedied and no mistake may occur.

The Drawing will take place in TUCKER HALL, in the city of Raleigh, immediately after sale of tickets, of which due notice will be given.

The Company is working under the provisions of a special Charter granted by the General Assembly of North Carolina, which compels the Company to comply faithfully with all contracts.

Copies can be had on application to the Company.

All the above mentioned property will certainly be disposed of as above stated, and those drawing it will be invested with the title in fee simple.

☞ No member of the Company is allowed to purchase any tickets.

All money sent by mail at the owner's risk; that sent by Express, Registered Letters, Checks or Drafts, at the risk of the Company.

No property will be listed unless the title is indisputable.

The Treasurer has been required to give a bond of five thousand dollars for the faithful performance of his duties. He is required to deposit, daily, in the bank, all money received, where it will remain until all the tickets are sold and all the property will be positively drawn and delivered to the parties drawing, or the money returned. Send two dollars by express, post office order, registered letter or draft, at our risk, or by mail at your own, and take a chance at the 3,000 valuable prizes offered.

Tickets will be sent any where in the United States at the Company's risk.

CHRISTMAN'S

OINTMENT.

THIS OINTMENT has been made by T. F. CHRISTMAN, to a limited extent for Forty Years, and for about thirty years free of any charge. For the last ten or twelve years, the increased demand made it too heavy a tax for a charitable business, and the people being willing and anxious to pay for it, I made it an article of some profit, and have since that time sold the OINTMENT AT ONE DOLLAR per Box or Bottle. The Ointment is the cheapest that has been offered to the public for many years. Each bottle contains over three ounces of solid material, and if put in liquid form, would make five bottles; but would not answer as well as in the present preparation.

But little effort has ever been made to bring it before the public. To say that this Ointment will cure everything would be asserting too much. No Ointment will do that. But it is CONCEDED BY EVERY PERSON ACQUAINTED WITH IT, THAT IT WILL CURE AS MUCH AS ANY OINTMENT EVER BROUGHT BEFORE THE PUBLIC, and has performed cures where the most popular Ointments, with the attention of the most experienced Physicians, have for years failed. This Ointment is no new thing got up. It is of long standing; and the high reputation which it has obtained, and the increased demand, is entirely owing to its own efficacy. And where it has been used it is considered the STANDARD OINTMENT FOR FAMILY USE.

Believing that the Ointment is the best recommendation, and as it had considerable circulation during the war, and was considered the Standard Ointment in the Army, we will simply add a few Certificates, to show for what it has been used with success. We offer no certificate which is not substantially true. A great number of certificates could be produced, but we deem it unnecessary, as the Ointment will speak for itself.

One Bottle of the Ointment will be sent to any part of the country, North, South, East or West, upon receipt of ONE DOLLAR.

All Druggists will have it sent to them upon such terms as to realize their usual per centage for selling.

All Cash or C. O. D. orders will be promptly attended to. No Charge for Boxing.

WE RECOMMEND THE OINTMENT FOR THE FOLLOWING DISEASES.

SCALD-HEAD, in its most complicated form.
SALT RHEUM.
ITCH, of any kind.
TETTER, of any kind.
SORE LEGS, or SORES OF ANY KIND, of many years standing.
RUNNING or ISSUES FROM THE EAR.
NEURALGIA, of the worst kind.
FROSTBITTEN FEET.
TOE or GROUND ITCH.
SPRAINS or BRUISES, of any kind.
BACK-ACHE.

DIRECTIONS.

In the treatment of all the above diseases, anoint the part three times a day, but only slightly. For the Itch it only requires a slight application where the parts are affected. In Running Sores, avoid washing, wipe off the matter, and with the same cloth spread the Ointment on as thin as possible. When the diseases will allow, use no cloths, simply anoint and keep bare, if convenient.

FOR HORSES.

For Horses Eyes put a lump as large as a garden pea in the corner and rub some above the eye. If too much is rubbed on it will take the hair off, but will do no damage. For Scratches, clean the legs and anoint when dry. Anoint once or twice for a few days.

CERTIFICATES.

WILSON, N. C., January 15, 1868.

THOMAS F. CHRISTMAN—Dear Sir—In the Spring of 1863, while in the cavalry service of the Confederate States army, I owned a fine horse that became blind periodically, and was pronounced by the Farrier of the Regiment a "moon eyed" horse, and advised me to destroy one eye to save the other. Being advised by you to try your Ointment, (having tried many other remedies,) I administered it only three times, and to my surprise, in three days the eyes of the horse were as good as they ever had been. I owned the horse four months afterwards, and there was no return of blindness. I used the Ointment with equal success in Scratches and Saddle Galls, which were common to cavalry horses. A. BARNES,
Attorney at Law.

WILSON COUNTY, July 22, 1867.

My daughter, 12 years old, had a scab on the top of her head about the size of a ten cent piece. It increased in size until it reached about three inches in diameter, and became an offensive sore. I applied to various Doctors for a considerable time, but the sore continued to increase, and the hair all came out. I was told that she must go through a regular course of medicine before it could be cured. I got a small box of your Ointment, and made one application, when the scab came off clean. I applied it twice a day for a week, when it became dry, and soon the hair began growing. She now has as good a head of hair as any one. JAMES FARMER.

WILSON, N. C., April 17, 1868.

This is to certify, that I have for many years been personally acquainted with Thomas F. Christman, and have used his valuable Ointment. I believe it to be of great value, and that it should be kept in the house of every family that is subject to Skin Diseases of any kind. E. G. CLARK,
Former Postmaster at Wilson.

WILSON, N. C., May 9, 1867.

THOMAS F. CHRISTMAN—Sir—I was a cripple for four months, from a broken bone which had healed and afterwards became a running sore that was very troublesome. I tried nearly every Physician in this place without any relief, and at length tried your Ointment which healed up the place in two weeks, and my leg is now perfectly well. JOHN EGAN.

WILSON COUNTY, June 25, 186[illegible]

In the Spring of 1866, while the small pox was raging, I had my little boy vaccinated. It affected him severely, and it seemed he would have the small pox. One of the most experienced physicians was called in and attended promptly to the case. The signs of small pox disappeared from his body and seemed to settle in one of his legs, which commenced swelling to an alarming degree, and was so painful that he had to be kept on the arm constantly. Every effort to arrest the swelling proved abortive; and the Doctor said it it could not be arrested, amputation would be necessary. The Doctor said he had done all he could and could not stop it. My sister and myself concluded to try Christman's Ointment. We made one application, and in a short time the child went to sleep and slept soundly for hours. After making a few more applications he ceased complaining, the swelling disappeared, and in two days he ran around the house. He is now a sound boy, with two sound legs, which not be so, had the Ointment not been used.
J. A. EVANS.

GREENVILLE, PITT COUNTY, N. C., May 1867.

I bought a horse six years old, and soon thereafter appeared some deficiency in his eyes. I applied Christman's Ointment and signs of blindness disappeared. I then refused a good price for the horse. Soon after his eyes failed again. I applied the Ointment and restored his eyes. Last Fall it was said by the best judges that he would be stone blind in three weeks. I again applied the Ointment and his eyes are as good now as they ever were, although he has done almost hard work this year. He is now nine years out and has no sign of blindness. For Scratches, Sore Shoulders, Galls by collar, or Saddle Galls, the Ointment has no rival. A. A. FORBES.

CHESTERFIELD COURT, VA., August 19, 1867.

THOMAS F. CHRISTMAN—Dear Sir—It gives me great pleasure to add my testimonial in behalf of your valuable preparation, which I have used in my family. I have witnessed its efficacy in curing upon my son a severe Tetter of six months standing, upon which I had tried every remedy that could be suggested, without receiving any material relief. I was induced by a friend to try your Ointment, and would recommend it to all who are suffering with that cutaneous disease. I consider it an invaluable remedy.

I remain sir, your obedient servant,
WILLIAM L. FARLEY.

HAW BRANCH, Onslow Co., N. C., Nov. 18, 1867.

THOMAS F. CHRISTMAN—Dear Sir—You may use the following if you see proper. I am a member of the North Carolina Annual Conference, and verily that your Ointment has been of great benefit to my wife in the removal of a Tetter, or something of that nature, which discovered itself upon her head, ears and at times upon her face. After trying many physicians and resorting to many expedients, Sonra has been the only remedy to give her relief. And while it does not seem to remove the money, the disease, with an occasional application of your Ointment, is entirely removed. We cannot work it out it.
D. C. JOHNSON.

HAW BRANCH, Onslow Co., N. C., April 3, 1868.

THOMAS F. CHRISTMAN—Dear Sir—Having used your Ointment in several instances with success, I deem it a duty I owe to those afflicted with Tetter, Ringworm, Scald Head and Baldness or Falling off of the Hair, to call their attention to it. I was troubled very much with a Ringworm in my head. I applied one of your Ointment several times, and in three weeks it disappeared, and two years have passed with no sign of it since. My nephew, George A. Thompson, was afflicted in the same way, on the side of his face and neck, and used your Ointment with equal success. My sister, Lizzy J. Thompson, was troubled with a humor of the head, and was partially bald. After applying your Ointment awhile the humor disappeared and the hair came out and covered the bald part. The case I desire especially to call your attention to, is that of my niece, Mary Johnson. She was afflicted with scald head, or in the language of a regular Alopathic Physician, something worse. Her whole head and ears was nearly a complete sore, and often discharged matter. It gave her pain to rest her head on the pillow. She applied to some twelve or fifteen Physicians, but all their skill was baffled. To her great satisfaction, after using your Ointment, she is well and her hair has come out again. You are at liberty to use this, hoping that it may be a benefit to those that are afflicted.
ZACCHEUS BROWN, Sr.

HAW BRANCH, Onslow Co., N. C., April 9, 1866.

THOMAS F. CHRISTMAN—Dear Sir—I want you to send me one box of Ointment. My little son is afflicted with Tetter or Scald Head. I doubt know which. Your Ointment cured my daughter's head, of a disease which had baffled the skill of fifteen Doctors.
J. W. THOMPSON.

Dr. E. Watson, of Newbern, states: "In the commencement of the war, I bought a fine four year old mare for cavalry use. I broke her about four or five months, when there appeared blindness; and almost once a month she was blind for a week. She became so blind as not to be able to see a rub with, even set before her, and I supposed never would recover her sight. I applied Christmans Ointment on Monday and Tuesday, and on Thursday she had so far recovered that I sold her to Benj. Selby for $400, and he sold her to Capt. Hatten, Government agent, for $600.

Caution! We desire to warn the dealers in, and consumers of snuff generally, that since the war, certain tobacco manufacturers, being unable to find market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages, and imitate our Trade Marks, so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found upon comparision that Lorillard's Snuff is "far ahead" of all others, being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of the many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify "Lorillard's Snuff" (High Toast,) or Fresh Snuff (Extra Scotch) is desired.

PROSPECTUS

OF THE

Reconstructed Farmer.

A MONTHLY MAGAZINE.

Devoted to the Farm, the Garden and the Household

PUBLISHED AT TARBORO, N. C.

Believing that all other Professions are mainly dependent for success upon the advancement and development of our Agricultural resources; and that this result can be best accomplished by the dissemination of useful and practical information among our Farming community, the subscribers have determined to commence at an early day the publication, at Tarboro, N. C. of a FIRST CLASS AGRICULTURAL JOURNAL, to be called

THE RECONSTRUCTED FARMER.

Polished and practical writers from every section of the Country will be among its regular contributors; judicious selections will be made from all the leading periodicals of the day, bearing upon the different subjects to which its pages are devoted, and no pains or expense will be spared to render it in every respect worthy of public patronage.

THE RECONSTRUCTED FARMER will contain 32 pages of valuable reading matter, and will be published in the very best style of the art, the Publishers being determined that it shall not, in this respect, be surpassed by any other similar Journal in the Country.

Price of Subscription $2,00 per annum, payable upon receipt of First number.

Liberal deductions made to Clubs.

The rates of advertising will be unusually low, thereby presenting unequaled advantages to all classes and conditions of business.

The public generally, and Farmers especially, are earnestly requested to come forward in aid of the proposed publication. Address

PHOTOGRAPHS.

The attention of the public is respectfully called to the fact, that we take PHOTOGRAPHS and MODERN PICTURES generally. Also,

REPAIR JEWELRY,

such as Breastpins, Rings, Watches, Clocks, Musical Boxes, etc. We also repair ACCORDEONS and MELODEONS, where the brass tongues have been broken off or become impaired of brilliancy of sound. PIANOS carefully and properly tuned on application.

No effort will be spared to merit increased patronage, and to retain it, if fair treatment, moderate prices and good work will do it; and I feel confident that I can give complete or reasonable satisfaction to all who may favor me with a trial, as I give proper, prompt and personal attention to all business in my line.
