To Our Readers.

On the subject of duns we are somewhat backward, reluctant to din private complaints into the ears of unwilling listeners. We have preferred to dropping heeding subscribers from our list rather than trouble the public with a disagreeable subject, but thereby losing many dollars rightfully our own and justly our due. No work is so ungraciously rewarded as that of editorial life,—a work performed regularly and systematically every week of the year for a pittance that seems frivolous in its smallness; yet by many withheld, denied, or refused as if it were a mighty sum, or as if we were fully repaid by the honor of patronage.

We have indulged those who are willing, but at present unable to pay; but we will not continue for a day longer to send the RECORDER to those we know are able to pay after they are duly notified of their delinquency.

On this subject, the Fayetteville GAZETTE sensibly says, "people often draw comparisons between Northern and Southern papers, and wonder why it is that Northern papers are so much lower in price at the same time that they are larger. The secret of it is that *they do a cash business*, and no man gets his paper until he has paid for it."

We can give our readers a larger and a better paper than we do now if all were prompt. We cannot give them a cheaper one, and the low price at which we publish the RECORDER makes delinquency the more inexcusable. Let every delinquent read this as addressed to himself personally.

Y. next week.

See important correction in Ad. of Adrian and Vollers.

Corbin's plug factory began work on Monday.

The ladies, and families generally will find it to their benefit to pay attention to Levy's new ad. in this issue, offering advantages of cheapness with superiority of quality not surpassed in the whole United States. Many of our reades have been wise enough to give these ads. due consideration. Let them regard this last.

Among the young gentlemen admitted to practice at the present term of the Supreme Court is Mr. Clement Manly of Newbern, and formerly a resident of Hillsboro.

The young man Bradshaw so seriously injured some weeks since by the upsetting of his wagon is improving, and will soon be well.

Orange County Ingenuity.

We are pleased to learn that Col. Geo. W. Tate of this county has received letters patent under date of December 4th 1877 for a new and improved Thresher and Cleaner. The improvement was fully tested last summer in Canada, and in several counties in this State. It has had the warm endorsement of Northern Agricultural Journals, and in this State the patentee has received certificates of its demonstrated superiority over other machines of high repute with which it was brought in competition.

Mr. Tate has long been recognized as one of the most intelligent and ingenious machinists in the State and we are glad to record this new triumph of his genius.

Experience has proven that the best remedy for Colic, Diarrhœa, Teething and other troubles of Infancy is Dr. Bull's Baby Syrup. Price 25 cents.

Military Election.

At an election for officers of the first N. C. Regiment of State Guards held at Goldsboro on the 10th inst. Maj. R. D. Hancock was elected Colonel Capt. R. W. Cotton, Lieut. Colonel, and Capt. H. P. Jones, Major.

The latter gentleman was Captain of the Orange Guards, which, under his command, has attained great precision in drill, and with its fine uniform, is not surpassed by any Company in the State. Its spirit is fully aroused and it is determined to maintain the fame nobly won by the old organization which immortalized itself in real service as a part of the famous 27th Regiment.

"Another lot of Improved WEED'S, received at Cedar Grove this week, all styles full Cabinet Machines, ONLY $50; Plain Machines $30, bought for Cash, sold for Cash. No traveling agents to pay. The only WEED our farmers wish to have near them. Call and see them."

Cold piercing winds and driving rains seldom fail to bring on a cough, cold or hoarseness at this season, and Dr. Bull's Cough Syrup should be kept in every house. For sale by all Druggists. 25 cts.

Richard is himself again.

Col. Thomas Ruffin.

Below, we publish a communication from a prominent gentleman of this county in connection with the nominations to be made by the next Democratic State Convention. We had previously expressed some choice in this matter, but it was individual opinion binding upon no one. And when we find the name of Col. Ruffin so universally upon the tongues of the people of this county, we very cheerfully yield any preferences we may have previously expressed. And we do so with safety because we believe that Col. Ruffin, as a fit constituent of so august a tribunal as the Supreme Court of North Carolina, will prove himself possessed of all those qualifications of excellence ascribed to him by our correspondent. Whatever of error in his career in the past may be recalled has been abundantly atoned for by unflinching subsequent devotion to the principles of his party, and by growing fame in that department whose special mission it is to shed lustre upon the name of North Carolina.

For the Recorder

EDITOR RECORDER.

Among the many distinguished gentlemen named for the Supreme Court Bench none we think, would give so general satisfaction as Col. Tom Ruffin. Of profound legal attainment,—character both public and private above reproach, possessing the confidence and esteem of the people in an unusual degree, a worthy son of an honored sire, his elevation to that dignity would be peculiarly gratifying to the people of this section, as we *know* him, and know that the judicial ermine would never be stained by any act of his.

None but our best and purest men should be elevated to such a position, and in all other things that go to make up the able and respected jurist, Col. Ruffin is the peer of any gentleman within the border of our good old Commonwealth.

AMONG THE DEAD FAILURES

Of the past, how many bogus nostrums may be numbered! Beginning their careers with a tremendous flourish of trumpets, blazoned for a time in the public prints and on flaming posters, soon, but not too soon, were they relegated to the limbo of things lost on earth. But Hostetter's Stomach Bitters is a living and thriving remedy. It goes on, curing and to cure. Neither underhand nor open competition affect it. On the contrary, contrast with inferior rival preparations only increases its popularity. It has been repeatedly imitated, but without success. Counterfeits of it have been surreptitiously introduced, but have fallen flat. Everywhere it entrenches itself in the confidence of the people; and well it may, for it is a thoroughly reliable invigorant of the feeble, insures dyspepsia and constipation, braces the nerves, cures rheumatic ailments and kidney complaints, and eradicates and prevents intermittent and remittent fevers.

ENO GRANGE NO 184.

December 22nd 1877.

Whereas our Grand Master and Ruler of our order and of the universe in the dispensation of His providence has taken from our midst our beloved sister Mrs. Nancy A. Tinnin, wife of our worthy chaplain elect brother Rev. Robert G. Tinnin who died December 12th 1877 and whereas our Grange desire to give expression to its appreciation of her many virtues and redeeming traits of character as a member our order, as a neighbor, a wife and a mother therefore

RESOLVED 1st. That while we humbly submit to the just dispensation of Providence, we sincerely lament the loss of so worthy a member; that we deeply sympathize with our distressed brother in his trying affliction and offer him our condolence in this the hour of his bereavement.

RESOLVED 2nd. That in the death of sister Tinnin our Grange has lost an efficient member, and the fraternity and community a bright ornament. As a patron she was ever industriously endeavouring to promote the honor and interest of the order, as a wife and mother she was amiable, affectionate and kind and as a neighbor her beneyolent hand was ever stretched forth to assist the poor and afflicted, where her genial and affable manner won for her the confidence and esteem of all with whom she associated. None knew her but to love her and those who knew her best loved her most.

RESOLVED 3rd. That our members wear the usual badge of mourning for thirty days and that these proceedings be spread upon our minutes in memory of our departed sister and a copy of them be sent to the Hillsboro RECORDER and Christian SUN with request to publish.

JOHN P. FORNEST,
JOHN THOMPSON,
N. D. BAIN. } COM.

Dr. William Strudwick, a favorite physician of this place, but for the past three years a resident of Anson county, has returned to take up his abode again at his old home. We gladly welcome him back.

The ice houses were mostly filled last week, the ice being of excellent quality. The mercury on the morning of the 8th inst stood at sunrise at 6 degrees above zero.

Our Agricultural Journals.

The interest in agricultural progress in this State has stimulated the establishment of three papers devoted to the information of the farmer. They are all worthy workers in the good cause in which they have engaged, and all worthy of the largest encouragement. This they can have without conflicting with each other for if only a tenth part of the farmers in the State subscribe each one will have a handsome list.

The Carolina Farmer published at Wilmington by W. H. Bernard is published monthly in periodical form and is not excelled anywhere in beauty of "get up," in intelligent and useful selection of matter, or in value of original substance. Price $3, a year.

The Farmers Journal published monthly at Raleigh by Jas. H. Enniss is as we have often said, one of the most judiciously and systematically compiled publications of the kind we have ever seen, and each month adds to it some new feature of value. The last number is exceptionally rich in useful information, and its appearance bears marks of a permanent foothold on public favor. Price $1. per year.

The Farmer and Mechanic, published at Raleigh, weekly, R. A. Shotwell Managing editor, assisted by a corps of contributing editors, and working in connection with the State Agricultural Bureau is steadily working its way to usefulness and popularity. Now in the fourth month of its existence it has attained a subscription list of about 7,000. One great source of its usefulness is that it is the official organ of the Department and contains the official reports of the State Chemist, of the State Geologist and other official papers connected with the various branches of Agriculture. Price $2, per year.

Boyden House.

Col. A. S. Brown late of the National at Raleigh has returned to his old familiar quarters at the Boyden House, Salisbury. There are few better or more popular landlords in North Carolina; and while Raleigh reluctantly gives up Col. Brown Salisbury and the travelling public will give him a cordial greeting.

WEBB'S WAREHOUSE.

We want plenty of Tobacco, both Red and Bright, and will guarantee a fair market price. Our Manufacturers need at once a large quantity of good Fillers and Medium Bright Wrappers and both Red and Bright Smokers; and our shippers are prepared to handle any quantity. Bring in your Tobacco, and we think you will do as well with it now as later, except perhaps Fancy Yellow Wrappers.

A GENTLE HINT.

In our style of climate, with its sudden changes of temperature,—rain, wind and sunshine often intermingled in a single day,—it is no wonder that our children, friends and relatives are so frequent taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Boschee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctors bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup or any disease of the Throat or Lungs, its success is simply wonderful as your druggist will tell you. German Syrup is now sold in every town and village on this continent. Sample bottles for trial, 10c; regular size, 75c.

Flat River Incidents and Accidents.

A gentleman from Mangum's Store informs us that on Monday week last an old negro man named Pettiford in crossing a fence with a heavy piece of wood upon his shoulder fell, the wood falling on him and killing him instantly. The deceased was about 72 years of age.

Also that Mr. Duncan Hill in attempting to cross the ford at Bowlings Mill during the rise in the waters last week was swept down by the furious current, losing the bed of the carryall with its contents, a load of hides, and with great difficulty saved himself and mule.

The smoke house of Mrs. A. S. Carrington in Granville near the Orange line, together with its contents, was burned last week during daylight. There was no man at the time on the premises, and no effort could be made to save it. The dwelling had a narrow escape.

Drowning of Dr J. L. Brower.

The Raleigh News of Saturday contains a telegram from Weldon, announcing the death, by drowning of Dr. Brower on that day. He was attempting to cross the Roanoke river at the Weldon ferry and the current being very rapid, the boat was swamped, Dr. Brower's colored boy drowned immediately, and he himself was swept down into the rapids. His trunk was subsequently recovered. Dr. Brower was well known as one of the Principals of the Caldwell Institute in this county. Since July last he has been employed as a Colporteur in the Eastern part of the State.

Any one wishing to obtain information of the profits of tobacco culture on highly improved town lots, would do well to apply to Mr. D. C. Parks. He is a pioneer in that business, and his experience is instructive.
