Carolina Watchman,

SALISBURY, FRIDAY, SEPT. 29, 1871.

LOCAL AND STATE ITEMS.

There is yellow fever in Charleston.

REVIVALS.—Our exchanges speak of religious revivals in various parts of the State.

The Daily Wilmington *Journal* has entered its 21st annual volume. The Weekly is in its 27th.

"Gift Enterprises."—Sending money to fellows who promise to give you $50,000 for $1. The *Greenbacks*, of which the managers of such establishments speak means "*green*" people.

Four homicides occurred in the city of New York in one day, Sept. 25th. This beats *all* the southern States put together; and yet behold how the northern people howl over every little affair in North or South Carolina.

The Richmond Enquirer is anxious to have Butler nominated for and elected Governor of Massachusetts. We are for Butler, too—hurra for Butler.

The yellow fever has made its appearance at Natches, Vicksburg, and Jackson, Mississippi. It is on the increase in Charleston

The Atlantic Telegraph announces that 4,000 more Sanish troops will be sent to Cuba by the 1st Oct.

The circuit Court in Raleigh is still engaged in the trial of Ku Klux.

We learn that the corn crop in the Western portion of this county is generally good—much better than it was expected to be.

We complete in this issue, the interesting communication of "R. M.," descriptive of "Holly Springs Valley," addressed to the OLD NORTH STATE. The first part of the communication was on hand at the time that paper was sold out.

ALFRED HOWARD, a well known colored man of Wilmington, N. C., lost his life in that city on the 21st, by the caving in of a well which he was helping to dig. They had got down about 20 feet when the caving commenced, and it continued so rapidly as to render Howard's escape from the bottom impossible.

"The North Carolinian."—We have received the advance sheet of this new paper, just started at Raleigh, with WM. A. HEARNE, Manager. It is a *democratic* paper and seems to think that all the opponents of the radical party, should accept to be known as *democrats*.—The *Carolinian* is vigorously and boldly written, and will doubtless have admirers.

At a recent annual meeting of the Central Baptist Association, the church of that denomination in the city of Raleigh, made the following very handsome exhibit:

Baptized during the year.	72
Added by letter,	42
Total number of additions,	114
Number of male members,	157
" " female "	211
Total membership,	368
SABBATH SCHOOL.	
Officers and Teachers.	37
Scholars,	376
Total in Sabbath School,	413

Various contributions of the Church and Sabbath Schools for various objects. $5,820

"THE TIDAL WAVE," which was announced as coming to sweepover and submerge to the depth of forty-five feet, the Atlantic Sea coast, has been restrained by Walter Griswold's correspondence with Prof. Agassiz, who was reported to have predicted the "Tidal," fixing the time for the 5th or 6th proximo. Thos. G. Cary, Superintendent of the Professor's Museum, says the Professor made no such prediction.

TAX PAYERS will see by reference to our advertising columns that Sheriff WALTON is on his collecting tour through the county. His task is a very responsible one, and can only be relieved by the promptness of those who have tax dues to pay.

From the Carolina Era.

Mr. Editor: For the purpose of gratifying the idle curiosity of many of my friends (so-called) in relation to my politics, I beg leave to assert boldly and truthfully, that I march in the ranks of the *National Republican Party*.

Respectfully,

G. B. POULSON.

Salisbury, N. C., Sept. 25, 1871.

Well now, Doctor, you've gone and done it! The "boys" will laugh at you worse than ever.

"Little drops of water
And little grains of sand,"

The Doctor has gone his *little* to make the radical party.

Let no one laugh.

The officers of the Fair Association are quite busy in their preparations for the Fair, which promises to be largely attended. Judge DICK, Maj. TOWNSEND, and Gen. ROBT. VANCE, have each accepted to deliver an address. Also, CHAS. PRICE, Esq., of Mocksville, will address the Knights.

Rumors.—It was rumored on our streets yesterday, that M. L. Holmes, U. S. Commissioner, had been displaced, and that Dr. Howerton will succeed him. Also, that clerks, in a subordinate position to Federal officers, would be removed in accordance with the radical programme, which is to employ none who will not vote, and make votes, for the party.

A very sad shooting affair took place on the 21st at Greenville, Va., in which Charles Carson shot and killed D. P. Clinebell. There was an old quarrel between them. The shooting took place at a croquet party of ladies and gentlemen. The parties are highly respectable, and the unfortunate affair has caused much distress among their respective friends.

The *New York World*, of the 25th, caps its leading article thus: "The Coming Cromwell——Charles Bradlaugh, President of the British Republic in 1876——Victoria the last of her line——The curtain lifted and the whole Republican movement in England displayed——The organization and moral strength of the party——Ready at any moment for revolution——Plans all laid and the attempt at revolution certain, &c., &c., &c."

Then follows nearly a page of matter from the editor's correspondent in England, who interviewed Charles Bradlaugh, who very bluntly, it would seem, put him in possession of the startling announcements quoted above.

We don't think they are worth much, though there is no little talk of late, of a revolution in England.

The captions of the leading New York papers is about all our columns will take in. Here is another from the same paper: "The National Finances——Reduction of the public debt in doubt——Conflicting statements of Treasury Officials——Plain Evidence of Peculation and fraud——The people becoming Bankrupt through mal-administration."

Very little doubt of that.

Take one more: "Butler's battle——an exciting contest expected in the Massachusetts Republican Convention——Butler orders his friends to take three days rations with them."

Hurra for Butler.

There was a heavy robbery perpetrated on the Store of Messrs. Vinaldi & Co., of Elizabethtown, Bladen Co., N. C., on the 10th inst. Loss, $7,207—$3,200 belonging to the county, as collected taxes. Suspicion rests against J. E. Eldredge, a carpet bagger from Vermont, and late radical Sheriff of that county, who left the town that morning, before the development of facts pointed him out as the robber.

☞ J. H. James, of Wilmington, stabbed Robert Costin in the head with a knife, of which wound he died. James is in jail.

THE KU-KLUX COMMITTEE.

Proceedings of the Committee on Saturday.

The General Ku-klux Investigating Committee met again Saturday at the Capitol. F. N. Strudwick, of Hillsboro', N. C.; David Gist, of Union county, S. C.; and Clayton Camp, of Spartanburg, county, S. C., having been duly summoned and failed to appear as witnesses before the committee, the Chairman, Senator Scott was authorized to report the fact to the Senate at its next session, and request the President of the Senate to issue his warrant for their arrest, as being in contempt of the authority of Congress. It was also ordered that copies of the above resolution be sent to the above named parties by mail. The full committee then adjourned to meet on the first day of the next session of Congress, or sooner if called by the chairman. After which the sub-committee of three, namely, Senators Scott, Pool, and Blair, appointed to examine witnesses, organized and examined Col. William L. Saunders, of N. C., and Edward Wheeler, of Ark. Mr. Saunders declined to answer all questions inquiring as to his connection, or the connection of any other person with so-called Ku-klux organizations, on the ground that he was not compelled to criminate himself, or bring upon himself the punishment which according to the decision of the Supreme Court of North Carolina, may be visited upon a band of Ku-klux for the misdeeds of their fellow members, even without their participation in any proceedings.

The act of Congress of January 24, 1862, was read to him, wherein it is enacted that such a plea shall not be held good to excuse a witness from testifying before a Congressional committee, but still persisted in his refusal to answer the questions put to him, saying he preferred relying on the Constitution of the United States, rather than an act of Congress. He was then informed that he would be reported to the full committee at its next meeting, and Congress will be asked to punish him for contempt.

The two sub-comimittees of five each, appointed to go South, also had meetings on Saturday. The sub-committee for the Carolinas, Georgia, and Florida resolved to meet in Augasta, October 18th. The sub-committee for Tennessee, Alabama, and Mississippi will meet at Huntsville, Ala., Oct. 6th.

THE SUB-COMMITTEES TO GO SOUTH.

As the distribution and names of the sub-committees, appointed to visit a portion of the Southern States, have been erroneously published, we now give the correct list:

Sub-committees to visit North Carolina, South Carolina, Georgia, and Florida—Messrs. Maynard, Scofield, and Lansing, Radicals; Bayard and Vorhees, Democrats.

To visit Tennessee, Alabama, and Mississippi—Messrs. Pratt, Rice, and Buckley, Radicals; Blair and Robinson, Democrats.

Washington Patriot, Sept. 25th.

NEWSPAPER POSTAGE.—The collection of newspaper postage and post office box rent, at the commencement of every quarter in advance, is imperative on my part. I hope every citizen interested will do me the favor to call at the office on next Monday, the 2nd proximo, and pay.

H. H. HELPER,
Post Master.

WANTED.—A good reliable Printer is wanted at the *Examiner* office in this place. He can get a permanent situation as foreman and compositor, or, if desired, will be taken in as a partner. Application must be made at once.

SPECIAL NOTICES.

EXHUBERANT HEALTH

Is a blessing vouchsafed to few. Even those who have been favored by nature with strong constitutions and vigorous frames are apt to neglect the precautions necessary to preserve these precious endowments. Indeed, as a rule, the more healthy and robust a man is, the more liberties he is inclined to take with his own physique. It is some consolation to the naturally weak and feebld to know that they can be so invigorated and built up, by a proper use of the means which science has placed at their disposal, as to have a much better chance of long life, and exemptions from disease and pain, than the most athletic of their fellows who are foolish enough to suppose themselves invulnerable, and act accordingly.

It is not too much to say that more than half the people of the civilized world need an occasional tonic, to enable them to support the strain upon their bodies and minds, which the fast life of this restless age occasions. In fact, a pure, wholesome, unexciting tonic is the grand desideratum of the busy millions, and they have the article in Hostetter's Stomach Bitters. It is a staminal medicine, i. e. it imparts permanent strength to weak systems and invigorates delicate constitutions. Its reputation and sales have steadily increased. Competitive preparations have been introduced *ad libitim*, and, as far as the public is concerned, *ad nauseim*, in the hope of rivaling it; but the have all either perished in the attempt, or been left far in the rear. It has been the great medical success of the present century, and it is quite certain that no proprietary medicine in this country is as widely known, or as generally used.

Ten lightning presses, running incessantly, (Sundays excepted,) the whole year throngh, barely supply the demand for the Illustrated Almanac, in which the nature and uses of the preparation are set forth, the circulation now being over eight millions a year.

THE CAUSE AND CURE OF CONSUMPTION.

The primary cause of Consumption is derangement of the digestive organs. This derangement produces deficient nutrition and assimilation. By assimilation I mean that process by which the nutriment of the food is converted into blood, and thence into solids of the body. Persons with digestion thus impaired, having the slightest predisposition to pulmonary disease, or if they take cold, will be very liable to have Consumption of the Lungs in some of its forms; and I hold that it will be impossible to cure any case of Consumption without first restoring a good digestion and healthy assimilation. The very first thing to be done is to cleanse the stomach and bowels from all diseased mucus and slime, which is clogging these organs so that they cannot perform their functions, and then rouse up and restore the liver to a healthy action. For this purpose the surest and best remedy is Schenck's Mandrake Pills. These Pills clean the stomach and bowels of all the dead and morbid slime that is causing disease and decay in the whole system. They will clear out the liver of all diseased bile that has accumulated there, and rouse it into a new and healthy action, by which natural and healthy bile is secreted.

The stomach, bowels, and liver thus cleansed by the use of Schenck's Mandrake Pills; but there remains in the stomach an excess of acid, the organ is torpid and the appetite poor. In the bowels the faeces are weak, and requiring strength and support. It is in a condition like this that Schenck's Seaweed Tonic proves to be the most valuable remedy ever discovered. It is alkaline, and its use will neutralize all excess of acid, making the stomach sweet and fresh; it will give permanent tone to this important organ, and create a good hearty appetite, and prepare the system for the first process of a good digestion, and ultimately make good, healthy, living blood. After this preparatory treatment, what remains to cure most cases of Consumption is the free and persevering use of Schenck's Pulmonic Syrup. The Pulmonic Syrup nourishes the system, purifies the blood, and is readily absorbed into the circulation, and thence distributed to the diseased lungs. There it ripens all morbid matters, whether in the form of abscesses or tubercles, and then assists Nature to expel all the diseased matter, in the form of free expectoration, when once it ripens. It is then, by the great healing and purifying properties of Schenck's Pulmonic Syrup, that all ulcers and cavities are healed up sound, and my patient is cured.

The essential thing to be done in curing Consumption is to get up a good appetite and a good digestion, so that the body will grow in flesh and get strong. If a person has diseased lungs,—a cavity or abscess there,—the cavity cannot fill, the matter cannot ripen, so long as the system is below par. What is necessary to cure is a new order of things,—a good appetite, a good nutrition, the body to grow in flesh and get fat; then nature is helped. The cavities will heal, the matter will ripen and be thrown off in large quantities, and the person regains health and strength. This is the true and only plan to cure Consumption, and if a person is very bad, if the lungs are not entirely destroyed, or even if one lung is entirely gone, if there is enough vitality left in the other to heal up, there is hope.

I have seen many persons cured with only one good lung, live and enjoy life to a good old age. This is what Schenck's Medicines will do to cure Consumption. They will clean out the stomach, sweeten and strengthen it, get up a good digestion, and give Nature the assistance she needs to clear the system of all the disease that is in the lungs, whatever it may be.

It is important that while using Schenck's Medicines, care should be exercised not to take cold; keep indoors in cold and damp weather; avoid night air, and take outdoor exercise only in a genial and warm sunshine.

I wish it distinctly understood that when I recommend a patient to be careful in regard to taking cold, while using my Medicines, I do so for a special reason. A man who has but partially recovered from the effects of a bad cold is far more liable to a relapse than one who has been entirely cured, and it is precisely the same in regard to Consumption. So long as the lungs are not perfectly healed, just so long there is imminent danger of a relapse or return of the disease. Hence it is that I so strenuously caution patients against exposing themselves to any atmosphere that is not genial and pleasant. Confirmed Consumptive' lungs are a mass of sores, which the least change in an atmosphere will inflame. The grand secret of my success with my Medicines consists in my ability to subdue inflammation instead of provoking it, as many of the faculty do. An inflamed lung cannot with safety to the patient, be exposed to the biting blasts of Winter or the chilling winds of Spring or Autumn. If a good cure is to be effectually shielded from all irritating influences. The utmost caution should be observed in this particular, as without it a cure can never almost any circumstances is an impossibility.

With proper care it will be kept on a wholesome and nutritious diet and after Medicine has continued until the body has restored to its natural quantity of flesh and strength.

I was myself cured by this treatment of the worst kind of Consumption, and have lived to get fat and heart-whole many years, to the long most good people. I have cured consumptives since a very many have been cured by this treatment whom I have never seen.

About the first of October I expect to take possession of my new building in the Northeast Corner of Sixth and Arch Streets, which will be all prepared to give advice to all who may require it.

Full directions accompany all my Remedies, so that a person in any part of the world can be readily cured by a strict observance of the same.

J. H. SCHENCK M. D.,
Philadelphia.

JOHN F. HENRY,
8 College Place, New York,
Wholesale Agent.

se) 15:9m

To be taken in the place of Quinine or Bitters of any kind; the dose is small, and its virtues undoubted. It will be found cheaper and better than any other remedy for that purpose, and also as a general Plantation and Family Medicine Simmons' Liver Regulator has no superior.

United States of America, District Court of the United States, For the Cape Fear District of North Carolina.

J. H. McAden and others. vs. Hobson and Wiatt. } Petition for adjudication of Bankruptcy.

On motion it is ordered that publication be made in the "Old North State," a newspaper published in the Town of Salisbury, notifying the defendant, F. S. Wiatt, to be and appear at the next Term of the District Court, to be held in the city of Wilmington, on the fifth Monday in October next, to show cause why he should not be adjudged a bankrupt according to the prayer of the Petition, otherwise a decree *pro confesso* will be made, &c.

Witness, the Hon. Geo. W. Brooks, Judge of said District, this second Monday in August, A. D., 1871.

36-4t] WM. LARKINS, Clerk.

VINEGAR BITTERS
VEGETABLE ★ FREE FROM ALCOHOL
PURELY ★ CALIFORNIA
DR. WALKER'S
EUREKA
VINEGAR BITTERS
J. WALKER, Proprietor. R. H. McDONALD & Co., Druggists & Gen. Agents, San Francisco, Cal., and 32 Commerce street, N. Y.
MILLIONS Bear Testimony to their Wonderful Curative Effects.
They are not a vile Fancy Drink, Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.
They are a Gentle Purgative as well as a Tonic, possessing, also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.
FOR FEMALE COMPLAINTS, in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.
For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases as are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.
DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms are the offsprings of Dyspepsia.
They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.
FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.
Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. For a description of this distinguished physiologist, there is scarcely an individual upon the face of the earth whose health has not been impaired by the presence of worms. It is not upon the healthy elements of the system that worms exist, but upon the diseased humors and slime deposited in the various living receptacles of disease. No System of Medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.
J. WALKER, Proprietor. R. H. McDONALD & CO., Druggists and Gen. Agents, San Francisco, California, and 32 and 34 Commerce Street, New York.

HEALTH! BEAUTY!!
Strong and pure rich Blood—Increase of Flesh and Blood—Clear Skin & Beautiful Complexion secured to all.
DR. RADWAY'S
Sarsaparilllan Resolvent
Has made the most astonishing Cures: so quick, so rapid are the changes the body undergoes, under the influence of this truly Wonderful Medicine, that
EVERY DAY AN INCREASE IN FLESH AND WEIGHT IS SEEN AND FELT.
THE GREAT BLOOD PURIFIER.
Every drop of the Sarsaparillan Resolvent communicates through the blood, sweat, urine and other fluids and juices of the system the vigor of life, for it repairs the wasts of the body with new and sound material, scrofula, syphilis, consumption, glandular diseases, ulcers in the throat, mouth, tumors, nodes in the glands and other parts of the system, sore eyes, strumous discharges from the ears, and the worst forms of skin diseases, eruptions, fevers, sores, scald head, ring worm, salt rheum, erysipelas, ache, black spots, worms in the flesh, cancers in the women, and all weakening and painful discharges, night sweats, loss of sperm and all wastes of the life Principle, are within the curative range of this wonder of Modern Chemistry, and a few days' use will prove to any person making it for either of these forms of disease its potent power to cure them.
If the patient, daily becoming reduced by the wastes and decomposition that is continually progressing, succeeds in arresting these wastes, and repairs the same with new material made from healthy blood—and this the Sarsaparillian will and does secure—a cure is certain; for when once this remedy commences its work of purification, and succeeds in diminishing the loss of wastes, its repairs will be rapid, and every day the patient will feel himself growing better and stronger, the food digesting better, appetite improving and flesh and weight increasing. Not only does the Sarsaparillian Resolvent excel all known remedial agents in the cure of Chronic, Scrofulous, Constitutional and Skin diseases; but it is the only positive cure for KIDNEY & BLADDER COMPLAINTS, Urinary and womb diseases, gravel, diabetes, dropsy, toppage of water, incontinence of urine, Bright's disease, Albuminuria, and in all cases where there are brick-dust deposits, or the water is thick, cloudy, mixed with substances like the white of an egg, or threads like white silk or there is a copious, dark, bilious appearance and white bone-dust deposits, and when there is a pricking, burning sensation when passing water, and pain in the small of the back and along the loins.
DR. RADWAY'S
