BEEF is selling in this market at from 8 to 12½ cents per pound, and rather scarce at that.

The P. O. address of Rev. B. G. Clifford, will hereafter be Reidville, Spartanburg district, S. C.

FROST.—A heavy frost visited these parts last Friday morning, and strange to say very little damage was done to vegetation.

MENINGITIS.—We understand this terrible disease is raging in the neighborhood of Rowan Mills. Several death have occurred.

NEW DRUG STORE.—Messrs George Buis & Co., have opened a Drug Store at Sill's old stand, South corner of Main and Fisher street.

LINSDAY'S MIASMA ELIXIR. We learn from Messrs. Barker & Co., who are selling it, has not failed to cure chills and fever in a single instance. See Advertisement.

The new business of the Equitable Life during the past few years exceeds that of any other life Co. in the world. Call on J. ALLEN BROWN, Agent, who will show you the figures. 32-4t.

If you want to see something rich, rare, and racy, call at Barker & Co's. Drug Store, and take a peep at their well filled show case of fine Hankerchief Extracts, Colognes, &c., &c. !

FROST IN LOUISIANA.—A private letter from Keachie, Desoto parish, La., says they had a severe freeze there which killed all the fruit.

"Planters are in the busy time of cultivating their crops."

Annual Meeting of Rowan County BIBLE SOCIETY.

The annual meeting of this Society will be held in Salisbury, on the 2d Wednesday (14th) of May. Delegates from the various churches in the County are invited and expected to attend, bringing any contributions the people may desire to send up for this cause.

By order of the Executive Board.
J. J. BRUNER, Sec.
April 24, 1873.

THE SENTINEL.—This popular daily continues to grow in public favor, and is destined to wield a wide influence in the affairs of North Carolina. We are glad to note the fact that Messrs. Kingsbury and Spelman have resumed their connection with it. Its editorial corps is now complete, able and experienced. The friends of the paper may take heart and rejoice.

WAYLAID AND SHOT.—Last Friday, near Gold Hill in this county an Irish Peddler was waylaid and shot. We have not learned the peddler's name. We understand that three buckshots entered the head and his recovery is thought to be doubtful.

A man by the name of Crawford Holt shouser has been arrested and committed, charged with the crime.

THE OPENING AT MERONEY'S.—Meroney & Bro. have added to their varied stock of Merchandise, a full line of Millinery Goods, and engaged Miss McMurray and Mrs. Hallyburton to supervise it. They had a grand opening of their special department, yesterday, which was numerously visited by both ladies and gentlemen. The arrangement for display of flowers, Hats, ribbons, laces, etc., etc., was fine, and the exhibition, as a whole, exceedingly gay.

☞ We are in receipt of a long, well written, communication from a gentleman in the western part of this county, on the necessity of a stock law. It is another reply to "A Farmer" whose letter appeared some two or three weeks ago.

The writer of the communication before us has written on every page of the sheet and made his article too long for our paper. He must therefore excuse us for not giving it publicity at present with our limited space.

In the fall, just before the meeting of the adjourned session of the Legislature, will be a good time for our farmers to make known their wishes in regard to the fence law.

TOWN MEETING.—We are requested to call the attention of our citizens to the fact that there will be a public meeting held by the working men of the town at the Town Hall to-morrow night for the purpose of nominating candidates for Mayor and Commissioners. As a public meeting in which all our citizens may take part, is the proper authority to nominate candidates, it is to be hoped that our citizens will generally turn out to-morrow night.

MEDICAL SOCIETY.—We call attention to the notice, in another column, of the twentieth annual meeting of the Medical Society of this State. This important assemblage will take place on the 20th of May, next, at Statesville, N. C., and as it is one of great public as well as professional interest, it is expected to be very large. The central position of Statesville will, doubtless, make it convenient for many Western physicians to attend who have not heretofore done so.

HOME MADE MACHINERY.—We have heretofore spoken of the elegant music stand manufactured by Mr. Lewis V. Brown of this city. This stand is the most perfect, substantial, and beautiful in use. There is scarcely an improvement possible, it is so artisticly finished and so well arranged for the purposes for which it was made. The machinery used in manufacturing these stands is so perfect and exact that there is no perceptible difference to be observed in the examination of thousands of them; all this machinery was made by Mr. L. V. Brown himself, or at last all the more complicated and ingenious portion of it. He has a machine of his own manufacture for cutting threads on tubes or hollow pipes, also one for punching and cutting out of brass certain paterns or pieces used in the make up of the musicstand, and these machines are of very superior merit. It is not believed that they have been surpassed. They exhibit wonderful ingenuity and mechanical skill in their make up, and would be sufficient in themselves to secure any other person but the modest and unassuming inventor a world-wide fame and a princely fortune. But he has numerous other tools and machines of his own handiwork that are really wonderful when the labor and skill necessary to produce them are taken into consideration. They are hard to beat, if, indeed, they have ever been beaten in point of mechanism.

At a meeting of a portion of the Citizens of Salisbury held at the Town Hall on Monday night April 21st, 1873. On motion Thos. J. Foster Esq, was called to the Chair and Dr. J. A. Geoghegan appointed Secretary.

On taking the chair Mr. Foster called the meeting to order, and Explained the subject to be, to take into consideration the nomination of suitable Candidates for Mayor and Commissioners to be voted for at the Election to be holden on the 5th day of May.

After some discussion, it was moved to order that a Committee of Eight, (two from each of the four wards of the City), be appointed, to suggest the names of suitable persons for Mayor and Commissioners, said Committee to report to an adjourned meeting to be holden on Friday, night next. Whereupon the chairman appointed the following

North Ward.—I. P. O'Neal and Henry Cauble.
East Ward.—J. A. Snider and John Earnheart.
South Ward.—J. W. Sossaman and Wm. Barker.
West Ward.—P. A. Feereks and William, Brown.

On motion ordered. That Fifty (50) hand Bills be printed Cailing a general meeting of the Citizens at the Town Hall on Friday night the 25th inst.,

On motion ordered, That the Secretary be instructed to furnish the Editor of the "*Carolina Watchman*" with a copy of these proceedings, with a request to publish.

On motion adjourned.
T. J. Foster, Chairman.
J. A. Geoghegan Secretary.

ECLECTIC MAGAZINE.—The *Eclectic* for May is an exceptionally good number of that sterling periodical. It has no less than fifteen papers, scarcely one of which is not above the average; and, in addition to these the four Editorial departments present the reader with the freshest and most important information in the literary field at home and abroad, in science and art, and in miscellaneous matters.

WASHINGTON, April 23.—Legal proceedings have for some time been pending in the courts against the Piedmont Rail Road in Virginia on a mortgage. Application was made to the Attorney General to seize the road under the act of 1864, on the ground that it was confiscated to the government, having been constructed and used in there bellion.

The Attorney General has just decided that the President's proclamation of pardon in 1868, operated so as to restore to the corporations or stockholders all their rights, and therefore the right of the Government to seize the road is barred. The District Attorney has been directed to discontinue proceedings, and to foreclose the mortgage given to the Confederate Government, on the ground that the contract is a nullity. All proceedings against the road will be dropped. The interests at issue were about a millions and a half of dollars.

YOU CAN DO YOUR OWN PAINTING
BY USING
BRADLEY'S PATENT ENAMEL P. I. T.

The Most Economical, Beautiful and Durable.

THESE PAINTS are composed of PURE WHITE LEAD, ZINC and LINSEED OIL, with other materials which add greatly to the durability, elasticity, beauty and strength of the Paint. The whole are chemically combined, so that the pigments are held in permanent solution, thus forming a smooth glossy, firm, elastic, beautiful and durable Paint. The Oil, which is the real life of the Paint, cannot leave it and be absorbed by the substance to which it is applied as it does in the paints mixed in the ordinary way, and thus leave the pigment dead and brittle, to wash and rub off in a few months or at farthest in three or four years. This Paint is unaffected by changes of temperature, is perfectly impervious to the action of water, is well adapted to all classes of work, and is in every way a better Paint for either Inside or Outside Work or Boat Painting, than any other paint known to the trade, and will last at least three times as long as the best Lead and Oil mixed in the ordinary way.

Always Ready for Use and Easily Applied. Sold by the Gallon.

BALTIMORE, Dec 10, 1872.
MR C. P. KNIGHT—Dear Sir:—It affords me much pleasure to say that the Bradley Patent Enamel Paint far exceeds my expectation in economy, beauty, and, I have every reason to believe, in durability. More than twelve months since I painted the roof of my Hotel (Mansion House) with the Bradley Enamel Paint, and I was so well pleased with it I determined to paint the outside of the Hotel, and am most happy to say that it gives me perfect satisfaction. In conclusion I will say, if this testimonial will be of any advantage to you, you are at liberty to use it. Ypurs, most respectfully,
ISAAC ALBERTSON,
Mansion House Hotel, N. W. corner Fayette and St. Paul streets, Baltimore.

CHAMBERSBUG, Dec. 10, 1872.
MR. C. P. KNIGHT, Baltimore—Dear Sir:—The paints we received from you have been applied to several of our own buildings and to those of our friends, and have given entire satisfaction in covering qualities, in gloss, and in adaptability to all kinds of surface or material, and we cheerfully recommend it, especially to that class of consumers who have to depend upon unknown parties, or painters, to mix and furnish materials, wherein we have found the most deception.
Yours truly, JACOB STOUFFER & SON.

MARYLAND LINE, Balt. Co., Md., Sept 24th 1872.
C. P. KNIGHT Esq., Agent Bradley's Patent Enamel Paint, Baltimore—Dear Sir—The paint which I purchased from you has given entire satisfaction, so much so that all my neighbors intend to follow my example, and have their houses painted. It is not only durable and cheap but it looks better after it is put on than any paint I ever saw.
The painter I have employed is delighted with it. He says he can paint twice as fast, and at the same time do a better job, with the Enamel Paint than any other he ever used.
I can therefore, without hesitation, recommed it to the public as one of the very best articles of paint ever introduced. Yours very respectfully,
JAMES HALL.

MILFORD, September 24th, 1872.
MR. C. P. KNIGHT 93 W. Lombard St., Baltimore—Dear Sir—As I have been using Bradley's Patent Enamel Paint and not finding one instance where it has failed to give satisfaction, I am therefore frank in recommending it to the public as the best paint in use. It dries promptly, adheres finely, and in beauty there is none excels.
Yours truly, JAMES M TRUITT.
House and Sign Painter Milford, Deleware.

THE PLAINS, FAUQUIER COUNTY, VA., Feb 6, 1873.
MR. C. P. KNIGHT—SIR: The Paint came safely to hand as order two kegs, five gallons each and three buckets one gallon each. As practice was slack I did the job myself. Two weeks not constant work completed the house two coats, the last coat applied thick, and it is now generally conceded that for "Enamel" like hardness and body and harmony of colors there is not a handsomer job in the place. I saved sixty-five ($65) dollars by the operations, which is an item just now with "Southern People." It should be generally adopted in this State; any county lad can apply it. I have never dabbled in such stock as Testimonials, but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people in excellency of material in beauty of color and the fact of its being "Ready Mixed," that I give you free permission (if it is desirable to you) to make what use you think proper of this letter.
Very respectfully and truly. S. McGILL, M. D.

BALTIMORE, Md., Sept. 30th, 1872
C. P. KNIGHT, Esq.—Dear Sir:—I have had the Bradley's Patent Enamel Paint, which I purchased from you, used inside and outside, both at my dwelling and store, for ten seasons. It gives me great pleasure to be able to say that it comes fully up to your recommendations in facilities of use, economy, durability and beauty.
Yours truly, THOMAS J. IRVING,
168 West Baltimore street, Baltimore, Md.

FROM HON. JOHN WETHERED.
ASHLYNS, Baltimore County, Md., May 27, 1872.
MR. C. P. KNIGHT.—At the recommendation of a friend, I was induced to apply your Patent Bradley's Paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical and carries better gloss than ordinary paint, and is freer from disagreeable odor.
Yours respectfully, JOHN WETHERED.

The following letter is strong and valuable:
BALTIMORE Md., Dec. 27th, 1872.
C. P. KNIGHT, Esq., Agent Bradley's Patent Enamel Paint—Dear Sir:—The paint we purchased from you we will cheerfully endorse as the best of any kind we have ever used, its covering qualities are everything desired, drying promptly and with a hard gloss, which must withstand, resist the action of all kinds of weather. This is our experience and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work.
Very respectfully,

The celebrated author in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and effectually.
