ANOTHER CHILL CURE.—Messrs. Buis & Co. claim that they are now selling the only warranted Chill cure in this section of the State. See advertisement.

COTTON DAMAGED.—We are assured by the farmers that the continued wet weather has greatly damaged the Cotton. It is said that many full grown bolls are rotting.

CARDS AND PAPER.—We notice a nice lot of Wedding Cards and Envelopes, also the cheapest writing paper for the quality we have seen since the war, at the Salisbury Book Store.

BINGHAM & CO.—These gentlemen invite attention of the public through this paper to the fact that they have a large supply of Salt, Molasses and other necessaries for sale. See Advertisement.

The Eclectic Reading Club will meet, next Tuesday evening at the residence of James M. McCorkle, Esq. Special business in hand. Accessions to the membership invited. Visitors welcomed.

COMING TO TOWN.—We understand that Mr. Richard Harris, of China Grove, is talking about selling out his interests there and removing to this city. Hope he will do so. We welcome all good citizens.

REV. W. H. CONE.—We notice that this gentleman, who has been making an extended tour of the great West, has returned to his home. We were glad to learn that he had a pleasant trip and is now enjoying good health.

NEW ADVERTISEMENTS. — Equitable Insurance Company, and every discription of fertilizers—J. Allen Brown.

Sale of valuable property—Henry A. Lemly and Edwin Shaver.

The Star and Cotton King Cooking Stoves—C. F. Baker & Co.

ROWAN SUNDAY SCHOOL CONVENTION will be held at Providence Church in Providence Township on the 17th and 18th of this month. The good people of Providence cordially invite all the members of said Convention to be present and to partake of their hospitality while there

STILL AFTER THEM.—We notice that Col. T. B. Long, General inspector of the Post Office affairs in the South, is still after negligent and inefficient Post Masters down in Georgia. He is very vigilant, and we really think that he is doing good and that postal facilities are improving in the South.

PERSONAL.—Mr. Joseph P. Caldwell, of the Charlotte *Observer*, gave us a call last week. We did not have the opportunity of interviewing him, but we judge from appearances that he has recovered from all the dangerous effects of the music made by the young ladies who gave a concert in that city recently.

AUTUMNAL EQUINOXES.—The storms which generally take place at this time of the year have been prevailing with more or less severity throughout the world for the last week or more. They are usually designated as autumnal equinoxes or equinoctial storms. They may occur any time during September, and sometimes begin a few days before this month sets in and may last a short time after it ends.

We are glad to see that Mr. L. H. Rothrock has removed to our city. He is doing business for the Messrs. Bernhart. Mr. R. is a highly cultivated christian gentleman and while he will make an excellent business man and salesman, we think a higher field of labor would suit him better and result in greater good to himself and others.

We congratulate the Messrs. Bernhart in securing his services and welcome him to our city.

## TWO SMART BOYS.

We desire to procure two smart boys as apprentices to serve in this office and learn the art and mysteries of the printing business. None need apply who are not willing to bind themselves to stay at least three years, or longer. Applicants must be able to read and write moderately well. tf.

☞ MISS ALICE PEARSON will re-open her School on Monday Sept., 15th, 1873.

"Well, John, I heard you were about to get married "Well, yes. I thought awhile that I would marry," but I found out that the girl and all her people were against it, and I concluded to drop it."

ELOQUENT.—Dr. Libscombe in his baccalaureate address to the senior class of the State university (Georgia) lately used the following sentence; "There are cords, gentlemen lying in your brains, that are to become, either gossamen threads to be broken by the gusts of summer winds, or else cables as strong as those that bind the ship when tossed at midnight upon the furious sea.

OUR LIVING AND OUR DEAD.—This excellent paper issued by Col. Pool, of Newbern, has more than reached the expectations of its most sanguine friends in point of ability and unflaging interest Every Confederate soldier in the State ought to take it. The stories and incidents of the battles of the late war, in all of which the soldiers from North Carolina are more or less connected, will be found of the greatest interest.

A good old elder of a church on Long Island, who was given to extravigant exaggeration, was, at last, called to account for his offences in this direction, and admonished not to give way to the besetting sin in the future. The good old man received the admonitions meekly, and earnestly and feelingly said; "I know how prone I am to this fault, my brethren, and it has given me tortures of pain, and, night, aftar night I have *shed barrels of tears* over it." The meeting adjourned in silence.

THE FAIR.—In three weeks our Fair will be on hand. We would like to know what preparations, if any are being made for the reception and entertainment of the very large crowd of visitors that will be here. The towns people must see to it that those who come are entertained in a proper manner and sent away satisfied. Private boarding houses must be opened at reduced prices, and sleeping arrangements must be made for those who "will bring their own rations," and every body must be made to feel at home. On this very point now depends the success of the Fair.

The crowd is coming: let us take care of them.

HOT BAPTISM.—From what we hear of an affair which occurred in Atwell Township, on the farm of S. H. Hart, one of our largest cotton planters, it seems that woman has not forgotten one of the weapons of warfare, characteristic of her sex, when her strength is unequal to the contest—or as Virgil would have it "impar congressus."

It seems that one Rev. Noah Correll, colored—a preacher and exhorter of the Baptist persuasion, had some domestic infelicity—he had been thrashing his wife for some days, and on last Friday night some of his colored neighbors hearing the noise, went over to see what was the matter, and found that the quarreling and fighting was caused by Correll having whipped their child. Correll's wife proceeded to heat a pot of water, to wash dishes, as their neighbors who had come in thought. But when the water was well heated, she poured out a bucket full and proceeded to dash it over his body, scalding him fearfully. J. L. Sloan, Esq., who issued the warrant and examined into the affair, found Correll so badly scalded as to think his life in great danger, placed the woman in the hands of Deputy Sheriff Atwell to commit to jail, which was done last Tuesday. Correll is professionally opposed to this sort of Baptism, and especially the hot part of it.

At a meeting of the Board of Directors of the North Carolina Rail Road Company, held at Raleigh, N. C., Sept. 5th, 1873, the following resolutions were adopted:

Whereas, Since the last meeting of the Board of Directors of the North Carolina Rail Road Company, Col. John L. Shaver has died. Therefore

*Resolved* 1st, That by his death we have been deprived of a good citizen, and an honored and valuable Director of our Road.

*Resolved* 2nd. That as a board we will cherish his memory and imitate his fidelity.

*Resolved* 3rd, That as a tribute of respect to the deceased these resolutions be spread upon our journals.

*Resolved* 4th, That the Secretary of the Company be directed to furnish a copy of the resolutions to the family of the deceased.

J. A. McCAULEY, Sec'y.
*N. C. R. R. CO.*

The Goldsboro' *Messenger* says: The farmers throughout this section are complaining of serious damages to the growing cotton, owing to the frequent and heavy rains within the last few weeks. Rust has made its appearance in many of the fields. The prospects are less encouraging than what they were a few weeks ago.

KUKLUX PARDONED.—We learn that pardons for Gen. Holland and Adolphus Dupriest, two North Carolina Kuklux prisoners, have been forwarded to the Albany Penitentiary.—*Sentinel.*

FOR LOSS OF APPETITE.—Dyspepsia, Indigestion, Depression of Spirits & General Debility, in their various forms, FERRO-PHOSPORATED ELIXIR of CALISAYA made by CASWELL HAZARD & Co., New York, and sold by *all* druggists, is the best tonic As a stimulant tonic for patients recovering from fever or other sickness it has no equal. If taken during the season it prevents fever and ague and other intermittent fever. 4.

## UNDEVELOPED VIGOR.

The feeble and debilitated usually fancy they are in a more hopeless condition than they really are. The resources of nature are not easily exhausted. Even when strength and appetite fail, when the eyes are heavy and lustreless, the complexion pallid, and nerves tremulous, the body attenuated, and the mind depressed, there is generally a reserve of latent power behind such palpable evidences of weakness Various modes of treatment are resorted to by physicians in the hope of developing and rendering available this store of sleeping vitality, but the surest, and indeed the only thoroughly safe and reliable means of weakening the dormant energies of the system is a course of Hostetter's Stomach Bitters. Electricity, shower baths, the flesh brush, sea bathing, &c., may be well enough in their way, as auxiliaries, but they do not reach the source of the evil. All physical debility proceeds either from a derangement of the functions of the assimilating, recreative and vital organs, or from a sluggish constitution. In either case, and also in cases where both causes exist, the Bitters will invariably produce an immediate and salutary change in the condition of the patient, and eventually effect a complete cure. None of the dangerous alkaloids, too often administered as tonics can be otherwise than deleterious under such circumstances, and to give mercury is positively criminal. The direct effect of the great vegetable specific will be manifested in an improved appetite a more cheerful frame of mind, a gradual return of strength, an increase of flesh, and a healthier complection. Meanwhile, however, the constitution, if inert and feeble, will have be roused and renovated the subtile elements of invigoration contained in the Bitters.

**NEW SPRING STOCK.**

**MOCK & BROWN**, are now receiving their usual large stock of Spring Goods, Consisting of all classes of goods adapted to this section of Country.

Their stock is full and complete in all descriptions of Prints, Black and Brown Domestics, Linens and Drills, Dress goods in the newest styles, Ladies' ready made suits, a most beautiful selection of Cassimers and Coating. Pant Jeans of all kinds. Their stock of Clothing, shirts and furnishing goods is the largest and most desirable to be found in this market. A full and complete stock of Shoes, Hats, Hosey gloves, Ribbons &c. Sugar, Coffee, Molassas, and all kinds of

GROCERIES.

Their terms are strictly cash and barter with a few exceptions. Those who are reliable and prompt in paying their accounts it affords them pleasure to accommodate. To enable them to sell goods at close prices, which they are determined to do, this policy has been adapted, when goods are sold on time to indiscriminate parties, heavy losses will occur from the Bankrupt and Homestead provisions of the law, and when losses are sustained by merchants, it is a well stated fact that such losses are met and it is reasonable to suppose that the losses to be made up as far as practicable, falls on the honest paying customers. They have determined to stop this way of doing business, by selling at the lowest cash and barter prices and credit no man who is unworthy of it.

They are thankful to their daily friends and customers for their very liberal custom and confidence, and hope by selling Good Goods at low prices to secure their continued favors.

DR. TUTTS VEGETABLE LIVER PILLS.

The startling drawback on nearly all medicine agents have ever been that in their process of purgation and purification they have also debilitated the system. To obviate this difficulty physicians long sought for an agent that would
PURGE PURIFY AND STRENGHEN
At one and the same time.
Their research has at last been rewarded by a discovery which fully realizes the fondest desires of the medical faculty, and which is justly regarded as the most important triumph that Pharmacy has ever achieved. This important desideratum is
**Dr. Tutt's Vegetable Liver Pill.**
Which purify the blood and remove all corrupt humors and unhealthy accumulations from the body, and yet produces no weakness or lassitude whatever, but on the contrary tones the stomach and invigorates the body during the progress of their operation. They unite the heretofore irreconcilable qualities of a Strengthening Purgative and a Purifying Tonic.
Dr. Tutt's Pills are the most active and searching medicine in existence, They at once attack the very root of diseases, and their action is so prompt that in an hour or two after they are taken the patient is aware of their good effects, They may be taken at any time without restraint of diet or occupation; they produce neither nausea, graping or debility, and as a family medicine they have no rival.
Price 25 cents a box. Sold by all Druggists. Principal office, 48 & 50 Cortlandt St., N. Y. 4w

THE GREAT SOUTH AMERICAN JURUBEBA BLOOD PURIFIER

Is the most powerful cleanser, strengthener and remover of Glandular Obstructions known to *Materia Medica.*
It is specially adapted to constitions "worn down "and debilitated by the warm weather of Spring and Summer, when the blood is not in active circulation, consequently gathering impurities from sluggishness manifested by Tumor Eruptions, Blotches, Boils, Pustules Scrofula, &c., &c.
When weary and langnid from overwork, and dullness drowziness and inertia take the place of energy and vigor, the system needs a *Tonic* to build it up and help the Vital Forces to regain their recuperative power.
In the heat of Summer, frequently the Liver *Splein* do not properly perform their functions the Uterine and Urinary Organs are inactive, producing weakness of the stomach and intestines and a predisposition to bilious derangement.
Dr. WELLS'
