For Lung Troubles

Ayer's Cherry Pectoral certainly cures coughs, colds, bronchitis, consumption. And it certainly strengthens weak throats and weak lungs. There can be no mistake about this. You know it is true. And your own doctor will say so.

The best kind of a testimonial—"Sold for over sixty years."

Made by J. C. Ayer Co., Lowell, Mass. Also manufacturers of

Ayer's SARSAPARILLA, PILLS, HAIR VIGOR.

We have no secrets. We publish the formulas of all our medicines.

Keep the bowels regular with Ayer's Pills and thus hasten recovery.

EDUCATORS MEET.

Halifax County Teachers' Association.

MEETING HERE FRIDAY

Largely Attended and Great Interest Shown—Scotland Neck Next Place of Meeting.

THE Halifax County Teachers' Association and the Woman's Betterment Association, which appears to be a kind of auxiliary composed of co-workers in the great cause of education in Halifax County, for higher education and a betterment of the conditions of buildings and grounds, met in the Weldon Public School Auditorium Friday morning at 11 o'clock.

President R. H. Latham called the Association to order, and stated that in the absence of Mr. W. E. Daniel, chairman of the school board, who had been unexpectedly called to Raleigh, there would be no formal address, but that as president of the Association it became his pleasant duty to welcome most heartily the teachers and friends of the school present.

President Latham then introduced Dr. W. L. Cranford, of Trinity College, who came to fill the appointment of Prof. E. C. Brooks who was detained at home on account of sickness.

Dr. Cranford delivered a splendid address, his subject being the use of text books. He emphasized the importance of right training in the primary departments and the laying of the foundation for the higher schools, and pointed out the teacher's responsibility, of intelligent work, early and late. The making of the schools what they should be. Know all you can, he said, and teach all you know. You may try for a higher calling than teaching, but you can not get it. God vouchsafes to no man a higher calling than fitting you for teaching and giving you the heart to love your work.

At the conclusion of Dr. Cranford's masterful address, Dr. A. S. Harrison, County Superintendent of Public Instruction, took charge. Dr. Harrison is never quite so happy as when engaged in school work, and if he has a hobby it is for the betterment of the public schools of Halifax county. He made no formal address but commented at various stages of the meeting upon the papers read and the addresses of others giving and and instruction to teachers and superintendents alike.

Miss Minnie Dunn, secretary of the Association, called the roll and 35 of the 51 enrolled answered to their names. Later eleven new members were added to the roll making the total 62 up to the hour of adjournment. Others may be added before the next meeting.

Miss May Hampton, teacher of the 1st Grade, then read an excellent paper on the teaching of reading in the primary grades.

Dr Harrison said "I cannot let such a paper as that pass without giving it my hearty endorsement. And I must say that if the teachers will pay more attention to primary work, the most important work in the whole school, it would greatly aid the progress of the children when they entered the higher grades."

The next paper was the "Teaching of Reading in Grammar" by Miss Annie Dunn, of Scotland Neck. This was also an excellent paper and was given hearty endorsement.

"The Teaching of Reading in the High School" was a fine paper prepared by Miss Burke Thompson, of the Weldon Public School, and this also received hearty endorsement.

Miss Mary H. Smith, of Scotland Neck, read a delightful paper on the teacher's responsibility and relation to the child's general reading which was endorsed by the president and other speakers.

Superintendent Akers, of the Roanoke Rapids Public School, spoke on the subject of regular and prompt attendance, and his remarks were generally endorsed by all present.

Superintendent Allbright, not on the program, but he spoke earnestly of his school at Aurelian Springs and his remarks encouraged the teachers to go forward in their work.

Miss Mary H. Wills, of Brinkleyville, president of the Woman's Betterment Association, and Miss Bessie Hancock, secretary, made reports and stated that only three reports had been handed in, and that the association hoped to be able to report better progress at the next regular meeting. Dr. Harrison then explained the aims and objects of the Betterment Association, the main object being for the improvement of the school buildings, the bettering of conditions, and aiding and encouraging teachers in the rural districts particularly.

A letter was read from Miss Adlaide E. Smith, of Scotland Neck, who regretted she could not be present.

Supt. Wilson, of Scotland Neck, invited the Association to hold next meeting in his town, remarking upon its length, width and depth and its beauties generally, assuring the Association of a hearty welcome and splendid entertainment. Without a dissenting voice Scotland Neck was selected as the place for the next meeting, time left to the executive committee to decide upon.

Rev. C. L. Whitaker, of Enfield, made a few remarks before adjournment. On motion of Rev. Mr. Whitaker, seconded by Dr. Harrison, the Association tendered to Superintendent Latham, and his corps of teachers and patrons of the school, a rising vote of thanks for their hospitality and the elegant luncheon served during the recess hour.

The luncheon was served in the rooms of the high school department and was most enjoyable. The ladies in charge certainly deserve special mention for the elegant service and the abundance of good things to eat.

At four o'clock the meeting adjourned.

O. Box 177, Young's Island, S. C.

PAIN

Pain in the head—pain everywhere, has its cause. Pain in congestion, pain in blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood troubles away from pain nerves. In effect it harmonizes, strengthens, quickly, though safely, it simply equalizes the blood circulation.

If you have a headache, the blood pressure. If it's painful periods with women and girls, the same. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 30 minutes, and the tablets wonderfully distribute the remaining blood pressure.

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You find it where pain is—always. It's simply Nature's way.

We sell at 25 cents and cheerfully recommend

Dr. Shoop's Headache Tablets
All Dealers.

FOLEY'S KIDNEY CURE
Makes Kidneys and Bladder Right

No Land So Rich That Fertilizer Cannot Make It Better

You use fertilizers for the profit you get out of them—and the better the land the more profitably a good fertilizer can be used on it. Do not imagine because land will produce a fair crop without

Virginia-Carolina Fertilizers

that these fertilizers cannot be profitably used on it, or that they were made only for land too poor to produce without them. If poor land will show a normal increase when fertilizer is used, good land will show at least double the increase. Use Virginia-Carolina Fertilizers to increase the quality, as well as the quantity of the crop—and you will increase the profits from your land.

"I have been using your fertilizers for a number of years" says Mr. William Fraiser, of Glasgow, La. "and I find that it not only pays to fertilize, but to fertilize plenty at it, and use the best fertilizers to be had, such as your brands. I have used a number of them and found them to be as recommended and to give better results than any other fertilizers that I have ever used."

Every planter and farmer should have a copy of the new 1909 Virginia-Carolina Farmers' Year Book. Get a free copy from your fertilizer dealer, or write our nearest sales office.

YOUR EARNING CAPACITY

ought to enable you to do more than just make your living. You ought to save money. Then having saved, the next thing is set your surplus to work safely and profitably. The best way for you to insure a steady, reliable income from your savings is to secure a Certificate of Deposit in

The First National Bank of Weldon

One of the strongest in the county. These certificates are issued in any amount and bear interest at 4 per cent., payable semi-annually or annually and renewable. They are negotiable by endorsement for their full value under ordinary conditions. You are earning now but your earning capacity

CAN'T LAST FOREVER

Now is time to fund some of your capital. For those with funds already accumulated, firms with a large reserve, those having charge of estates awaiting investment, there is no better investment, there is no better way to employ money.

Certificates of Deposit in this Bank are safe—our capital, surplus and undivided profits is first among the Banks in Halifax, Northampton and Warren counties—guarantee that—and 4 per cent interest is a profitable interest return. Our valuable booklet "How To Do Banking" tells more about the Certificates of Deposit and about Banking and How To Do Banking. Send for it today.

The First National Bank of Weldon, N. C.
