Disease is an effect, not a cause. Its origin is within; its manifestations without. Hence, to cure the disease the CAUSE must be removed, and in no other way can a cure be effected. WARNER'S SAFE KIDNEY AND LIVER CURE is established on just this principle. It realizes that

95 Per Cent.

of all diseases arise from deranged kidneys and liver and it strikes at once at the root of the difficulty. The elements of which it is composed act directly upon the great organs, both as FOOD and RESTORER, and by placing them in a healthy condition, drive disease and pain from the system.

For the innumerable troubles caused by unhealthy Kidneys, Liver and Urinary Organs; for the distressing Disorders of Women; for Malaria and for physical derangements generally, this great remedy has no equal. Beware of impostors, imitations and concoctions said to be just as good.

For Diabetes ask for WARNER'S SAFE DIABETES CURE.

A NOTED BUT UNTITLED WOMAN.

[From the Boston *Globe*.]

Messrs. Editors:—

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who above all other human beings may be truthfully called the "Dear Friend of Woman," as some of her correspondents love to call her. She is zealously devoted to her work, which is the outcome of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering, or joy at release from it. Her Vegetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhœa, irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only $1. per bottle or six for $5., and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For Kidney Complaint of *either* sex this compound is unsurpassed as abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "are *the best in the world* for the cure of Constipation, Biliousness and Torpidity of the liver. Her Blood Purifier works wonders in its special line and bids fair to equal the Compound in its popularity.

All must respect her as an Angel of Mercy whose sole ambition is to do good to others.

MISSING.

You walked beside me, quick and free;
With lingering touch you grasped my hand;
Your eyes looked laughingly in mine;
And now—I cannot understand.

I long for you, I mourn for you,
Through all the dark and lonely hours,
Heavy the weight the pallmen lift,
And cover silently with flowers.

SHORTS.

Jumbo, he is a mastodon,
For all the world has said it;
And its 'greatly to his credit
That he is a mastodon!
For he might have been a monkey,
A jackass or a flunky,
Or mayhap a unicorn!
But in spite of all temptations,
He preferred his grog and rations,
And remains a mastodon!

Among the pictures in an album of his drawings which Victor Hugo is to give a few of his friends, is one which represents John Brown hanging on the gallows in darkness, with a few rays of light breaking from a distant cloud.

An inscription on a stone at the head of a grave in the cemetery at Oswego reads: "In memory of Mrs. Catharine Howe, wife of Major Thomas Howe. Died Dec. 16, 1829, aged 37 years and 9 months. Precious in the sight of the Lord is the death of the saints." Catharine Howe was the mother of Jane Howe. Jane Howe was the mother of Charles J. Guiteau.

While preaching fervidly at Lafayette, Ind., the Rev. H. A. Buchtol suddenly dropped out of sight behind the desk. The congregation thought he had been stricken by heart disease or paralysis, and there was a great hubbub. But the pastor slowly arose, and explained that he had inadvertently thrown his weight on a weak knee, which was dislocated by the strain.

A Monster Telescope.

The principal bequest of the late James Lick, of California, was $700,000 to be devoted to the purchase of land and to putting upon the same a telescope, superior and more powerful to any yet made, besides all the necessary machinery, together with a suitable observatory connected therewith. In order that it be made useful in the promotion of astronomical research, it was stipulated in the will of the deceased philanthropist that upon its completion it should be transferred to the State, to be known as "The Lick Astronomical Department of the University of California."

The contract for the construction of the achromatic astronomical object glass, having thirty-six inches clear aperture, was let to the firm of Alvan Clark & Sons, of Cambridgeport, Mass., in January, 1881, for the sum of $50,000, $12,000 of which was paid on signing. The glass is deliverable at Cambridgeport on or before November 1, 1883. The definition of the glass shall be in all respects not inferior to that of the telescope of twenty-six inches aperture of the United States Naval Observatory at Washington, and the amount of light shall be greater in proportion to the increased area of the objective, allowances being made for the absorption of light by the glass. It is also stipulated that the constructors shall give to the objective such focal length between fifty and sixty feet as they may determine to be best. The trustees are allowed to designate what two rays or portions of the solar spectrum shall be brought to one focus by the combined action of the lenses, or failing to do this, the contractors may fashion the curves of the glass so as to give the most perfect achromatism. The objective is to be completed and perfected within two years after satisfactory rough discs are obtained by the constructors.
