THE GENERAL ASSEMBLY.

SENATE.

SIXTEENTH DAY.
SATURDAY, January 20, 1883.

The following acts were announced as being properly enrolled and ready for ratification:

An act to amend chapter 282 of the laws of 1881, entitled "An act to protect fish in Lumber river in the counties of Columbus and Robeson.

Resolution of instruction to our Senators and request to our representatives in Congresss.

Bills and resolutions introduced as follows:

Mr. Dortch, bill to punish the seduction of women.

Mr. Battle, by request, bill to prevent officers of banks from serving on juries. Judiciary.

Mr. Pemberton, bill to punish the crime of lobbying.

Mr Pemberton, by request of the State Board of Education, resolution in regard to the sale of swamp lands in Hyde, Tyrrell and Washington counties.

Mr Eaves, bill to incorporate the Rutherford County Railroad Construction Company. Internal improvements.

Mr Ebbs, bill in regard to deadly weapons.

Mr Payne, bill in regard to punishment for concealment of childbirth.

Bill to exempt from taxation farming implements and mechanical tools, was put upon its third reading.

Mr Womack moved to table the bill.

Mr Speight, the introducer of the bill, called for the yeas and nays. His call was not sustained. Recommitted.

Bill to amend section 10, chapter 37, Battle's Revisal, in regard to alimony in divorce cases. Passed, and was ordered engrossed.

Bill to repeal the law prohibiting the carrying of concealed weapons was put upon its third reading.

Mr Scott, of New Hanover, the introducer of the bill, thought it ought to pass, and that the citizens of New Hanover county especially needed it, as, many times, the country people, if traveling at night on their way to the city to sell the products of their farms were robbed, and it would be a great protection to them to be allowed to carry a pistol or someting of the kind.

Mr Mebane, colored, said that as the Senate had failed to pass his bill to make it an indictable offense to sell pistols, bowie-knives, slung-shots, etc., he thought this bill should pass, for it did not seem right to him for the State to legalize the sale of a thing and then make it an offence to carry it.

Mr Strayhorn—The State does not prohibit any person carrying a pistol or any weapon of the kind; the only prohibition is in carrying it concealed about his person, and it seems that the citizens referred to by the Senator from New Hanover can get all the relief they want by carrying their shot-gun or pistol with them. No trouble for them to hang them up in their wagons where they can be brought into requisition whenever needed. The law which prevents the carrying of weapons concealed is a good one and has been, doubtless, the means of saving many lives that would have been lost at the hands of parties in the heat of passion. The bill was tabled.

Bill to provide further compensation for witnesses attending magistrates' courts was taken up for consideration. The bill allowed all witnesses attending magistrates' courts one dollar per day. The judiciary committee recommended an amendment making it fifty cents per day, and only two witnesses be allowed for every material fact where magistrates had final jurisdiction. The amendment of the committee was adopted. Upon motion of Mr Hill, further consideration of the bill was postponed.

HOUSE OF REPRESENTATIVES.

By Mr. Bennett: Resolved that the committee on agriculture be requested to inquire whether the purposes for which the department of agriculture was established would not be better subserved by changing the organization of the board of agriculture so as to have the leading industries of our State represented on said board, and also whether or not the commissioner and other members of said board ought not to be elected by the people, and report by bill or otherwise.

By Mr Bailey, of Mecklenburg: Resolved by the House of Representatives, the Senate concurring, that the thanks of the General Assembly are due and are hereby tendered to the Rev Dr J L M Curry for the able, eloquent and instructive discourse delivered by him in the House on yesterday. That 1,700 copies of the same be published for genal distribution.

The following bills were introduced, passed their first reading and were disposed of as follows:

Mr Gudger, relating to the duties of magistrates and county tressurers. Judiciary.

Mr Tate, to provide for the punishment of certain injuries to person and property. Judiciary.

Mr Harriss, of Davidson, to provide for the repeal of the stock law by the qualified voters. Judiciary.

Mr Bailey, of Mecklenburg, to protect innocent purchasers of personal property. Judiciary.

Mr Bridgers, to exempt ministers of the gospel from certain public duties. Judiciary.

Bill concerning appealable orders passed its third reading

Substitute for a bill to amend the law concerning notices of "lis pendens" passed its third reading.

To afford greater redress for seduction. Tabled.

To authorize the granting of injunction orders and certain State warrants by telegram. Recommitted.

To compel the Carolina Central Railroad company to draw off stagnant water ponded in Richmond county. Third reading.

To amend the law relative to official advertising. Recommitted.

To incorporate the Weeping Mary Burial Society. Third reading.

A message was received from the Senate informing the House that the Senate had passed the following bills.

For the relief of the sheriffs of the State. On motion the rules were suspended and this bill passed its second reading and was referred.

To incorporate the Bank of Goldsboro. Banks and currency.

Sydney Smith being ill, his physician advised him to "take a walk upon an empty stomach." "Upon whose"? asked Sydney. "Still better *steps* to take would be the purchase of Dr. R V. Pierce's "Golden Medical Discovery" and "Pleasant Purgative Pellets," which are especially valuable to those who are obliged to lead sedentary lives, or are afflicted with any chronic disease of the stomach or bowels. THE CIMBRIA.

Lost of a Steamer of the Hamburg-American Line.

HAMBURG, Jan. 20, 1883. The Hamburg-American line steamer Cimbria, which left Hamburg on the 17th inst. for New York, came into collision with the British steamer Sultan on Friday morning off Borkum and quickly sank.

A boat which has arrived at Cuxhaven has landed thirty-nine persons. Six steamers have been sent out to search for the other boats of the Cimbria. The Cimbria was to have left Havre to-day for New York.

WHAT THE AGENT SAYS.

Mr. J. F. H. Meyer, agent of the line, was seen by a HERALD reporter at his residence in Hoboken last night. He had received two brief despatches announcing the loss of the steamer. They gave no additional particulars to those furnished by the Press Association. Captain Hansen, he said, has been in the employ of the company for a number of years, although he has been in the New York and Hamburg line for only a year.
