THE CONVENTION.

Ordinances Introduced.

RALEIGH, Sept. 11.—The principal ordinances introduced in the Convention to-day, were as follows:

Abolition of the office of Lieutenant-Governor.

Prepayment of poll tax as a qualification for suffrage.

Abolition of the township system.

Restoration of the Courts of Pleas and Quarter Sessions.

To prohibit intermarriage of the races.

Fixing a civil rights and a social equality law from a Democratic standpoint.

The Republican side of the House introduced only two ordinances, one of which was that no Convention should hereafter be called unless the question was submitted to the people.

The calendar was then taken up.

A resolution to adjourn *sine die*, introduced by Republicans, was voted down.

A resolution of the same character, introduced by a Republican, lies over, under the rules, but will come up on Monday.

WASHINGTON.

Grant Through Summering—All Quiet in Mississippi—Customs, &c.

WASHINGTON, Sept. 10.—The Rio Bravo is repaired and will leave Galveston for the mouth of the Rio Grande as soon as she receives her anchors and chains.

The President and family are expected to return to Washington about the 15th inst.

Custom receipts for to-day, $413,030; for the month, $4,683,653; for the fiscal year, $35,763,062.

Internal revenue receipts for to-day, $354,781; for the month, $3,598,548; for the year, $22,599,529.

Senator Pease, of Mississippi telegraps to the Attorney-General that all excitement consequent upon the disturbances at Clinton, has subsided.

There has been no dispatch received from Gov. Ames.

The Attorney-General is not changed in his views that the whole trouble is completely at an end.

The reticence of Gov. Ames excites much comment. He has been officially asked upon what grounds he based his constitutional appeal for Federal aid, and also for a report of the present condition of affairs. The silence of the Governor is regarded as disrespectful, and the cautious course of the Attorney-General meets with general approval.

The report of the Registrar of Vital Statistics of the District of Columbia for the week ending Sept. 4th, shows the rate of mortality of the whites to be nearly 20 per 1,000, and of the colored nearly 59 per 1,000. The rate of increase of the white population by births over deaths, was 1 4-5 per 1,000, and the decrease of colored by deaths over births, 34 67-100 per 1,000. Such a marked difference in the mortality of whites and blacks has existed for some months past, that various meetings have been held by prominent colored men to discover a remedy for this decrease of their race, but without success.

ILLINOIS.

Marine Disaster.

CHICAGO, Sept. 11.—On Lake Michigan, early yesterday morning, the propeller Equinox, from Chicago to Bay City, with a cargo of salt, and towing the schooner Emma E. Wayes, loaded with lumber, was overtaken by a storm about 2 o'clock yesterday morning, near Point au Sable, 280 miles north of Chicago. Capt. Woodworth, of the Equinox, came to the stern of the propeller at that time and called out to cut the lines. This was done, and the propeller careened and sunk in a few minutes. he had on board a crew of 19 men, and Capt. Alwight Scott, of Cleveland, a well known Lake captain, who was accompanied by his wife and granddaughter, making a total of 22 persons. The first intimation the schooner had of the disaster was the shrieks of the drowning. The Wayes could render no assistance whatever in the terrible sea that was running and the entire crew of the Equinox went down. The schooner arrived here this morning.

E. ANHUESER & CO'S

PURE lager beer, just received in ice from St. Louis direct. The following is the result of the analysis made by W. C. Conrad, Chemist of the United States Naval Laboratory, New York.

CONCLUSION FROM THE ANALYSIS OF THE QUALITY.

The quality of this beer, as shown by our analysis, is superior by its purenesss, as no extraneous matter could be detected. The large amount of extract substance (malt being used in extraordinary great quantities, which, having been roasted, gives the beer that peculiar flavor of fresh bread) makes this beer a very nourishing and highly recommendable drink for medicinal purposes. Another good quality of this beer is that it keeps in good condition under all circumstances.

The Novel of the Season!

CHRISTIAN REID'S

"A QUESTION OF HONOR."

"A Question of Honor, by Christian Reid, is praised by the press as a work highly creditable of American literature. The subjoined extracts are from very favorable criticisms:

From the Philadelphia Press.

"A new work of fiction by Christian Reid is always acceptable. 'A Question of Honor,' is a story of Southern society, with a well constructed and well sustained plot, and with a finish which will be unanticipated by most readers."

From the New Haven Register.

"An admirably told story, full of incident and plot, that are in no respect overstrained, and carrying intense interest as the threads of the narrative are caught up and joined together."

"Her story is a charming one, and is fully worthy of the author's reputation; indeed, it has strengthened her hold and added to all that she has written before."

From the Boston Globe.

"Exquisitely clear in style and elevated in tone, and is worth more than a dozen careful reading."

From the Chicago Herald.

"The author has wrought with care, and with a good moral for artistic purpose, and these are the essential needs in the building up of an American literature."

From the Boston Gazette.

"As a contribution to American fiction, 'A Question of Honor,' will more than maintain the already enviable reputation of its author."

From the Buffalo Courier.

"The author of 'Valerie Aylmer' is one of the most successful of those who have tried to construct novels out of the crude material of American life."
