From New York.

NEW YORK, Jan. 14.

The *Herald* special, dated London 13th inst., announces that a Vienna despatch of the 12th says Austria will initiate peace and that peace proposals in the conference are welcomed by Bernstaff. The preliminaries are that France shall surrender one fort, twenty war ships, one thousand millions thalers and a strip of land four miles broad on the left bank of the Rhine and destroy all the forts within twenty miles of that river. Prussia is to guarantee two millions of rations to Paris daily.

All the theatres in the United States are invited to aid the Holland testimonial in New York by simultaneous performances, Thursday afternoon, January 19th. The New York theatres have agreed to do so.

The *Herald* special from Havana says the schooner Wanderer, which brought a cargo of slaves to Savannah in 1859, was wrecked off the north coast of Cuba. The Captain and the crew were saved.

A special from Versailles on the 10th, at 5 o'clock in the afternoon, says Paris was burning in several places last night. The conflagrations furnished excellent marks against which a brisk fire was maintained from southern and southwestern portions of the Prussian works.

A convict in the Auburn penitentiary has confessed the Rodgers murder. Rodgers was killed and robbed while sweeping the pavement in front of his house.

[Special to the N. Y. Telegram.]

LEMANS, Jan. 10—Midnight.

The Army of the Loire, the hope of France, has been defeated in a bloody battle within seven miles of this city. The report of cannon was heard all day. The entire population of Lemans crowded the housetops, the suburbs of the city and all the thoroughfares, and the progress of the fight was anxiously watched.

Although the people are accustomed to the roar of cannon there never was seen such excitement.

At 9 A. M. the right wing of the French army, which was on the east of Lemans, was suddenly attacked by the vanguard of the Prussians, which emerged from the woods on the extreme right of the French. Upon the alarm being given the advance of the French infantry wheeled into line of battle, the artillery pushing forward through the intervals made in the severed ranks. The cavalry took positions upon the right and left wings. A more perfect line of battle could not have been formed by the French army. The artillery were well supplied with ammunition and the infantry with 100 rounds to the man. The supply trains were conveniently posted near and the real bloody work began.

The battle-field was a valley and the two armies occupied heights opposite each other. The French line was semi-circular and extended 12 miles overlooking the valley, which was covered by 12 inches of snow. On the opposite heights the Prussians held an almost similar position.

Shortly after 9 o'clock the Prussians began a furious cannonade from the woods near the extreme left, flanked by an immense force of cavalry, the woods concealing their position, when the troops were massed with the evident intention of turning Chanzy's right. The artillery fire continued on both sides until the ammunition of the Prussian artillery was almost exhausted, when the Prussians became furious and gave an order for an advance of infantry. The French advanced with equal rapidity along the whole line to meet the Germans in a fair hand-to-hand musketry fight. The Germans were cool and collected, and the French were behaving bravely, but near noon the Mobiles began to waver, and the French, no longer able to hold their position, began to retreat.

Meanwhile the dead and wounded strewed the ground. The field was red with blood, and the carnage of war was fearful. Fifteen thousand French had fallen before 5 o'clock, when the whole French army was in full retreat. The number of troops actually engaged on each side was 60,000.

It is expected that another battle will occur to-morrow.

Election in Wilmington.

Our friends in Wilmington are not altogether agreed as to the true cause of their failure in the late election. Fraudulent voting, on the part of Radicals, we have no doubt was the grand cause of defeat. We presume the *Journal* and *Star* were too wide awake to allow French, the "Big Ingun," to vote women in men's clothes as Major Smith said he did in Johnston. The *Star* charges that Conservatives voted the Radical ticket. None such should ever be called Conservatives or Democrats. They should be handed over to Cantwell, French and Howe. We cannot see how Conservatives can vote the Radical ticket, and retain the confidence and respect of those whom they thus betray and outrage. We have received many letters from Greensboro' furnishing the names of certain Conservatives for publication, who voted for Major Smith in the late election. We have not seen proper to do so, because it would be interfering with private rights. Major Smith, we know, has been liberal in giving free passes on his road. If Conservatives think proper to exchange their right of suffrage for a free ride on the railroad, let them do so. As Greely said about recession, "it is a right they have, and they should be allowed to enjoy it in peace."

But something must be wrong somewhere in Wilmington. We hope our friends will be able to enlighten us on the matter.—*Raleigh Sentinel.*

MISCELLANEOUS.

TO PHYSICIANS.

NEW YORK, Aug. 15th, 1868.

ALLOW ME TO CALL YOUR ATTENTION TO MY

PREPARATION OF

Compound Extract Buchu:

THE COMPONENT PARTS ARE

BUCHU,

LONG LEAF,

CUBEBS,

JUNIPER BERRIES.

MODE OF PREPARATION.—Buchu, in vacuo. Juniper Berries, by distillation, to form a fine gin. Cubebs extracted by displacement with spirits obtained from Juniper Berries; very little sugar is used, and a small proportion of spirit. It is more palatable than any now in use.

Buchu, as prepared by Druggists, is of a dark color. It is a plant that emits its fragrance; the action of a flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates; the smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection, it will be found not to be a Tincture, as made in Pharmacopœa, nor is it a Syrup—and therefore can be used in cases where fever or inflammation exist. In this, you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation,

With a feeling of confidence,
I am, very respectfully,
H. T. HELMBOLD,
Chemist & Druggist, of 10 Years' Experience.

[From the Largest Manufacturing Chemist in the World.]

NOVEMBER 4, 1854.

"I am acquainted with Mr. H. T. HELMBOLD; he occupied the Drug Store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise."

WILLIAM WEIGHTMAN,
Firm of Powers & Weightman,

Ninth and Brown streets, Philadelphia.

HELMBOLD'S FLUID EXTRACT BUCHU

IS THE GREAT SPECIFIC FOR UNIVERSAL LASSITUDE, PROSTRATION, &c.

The constitution, once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. No treatment is submitted to, Consumption or insanity ensues.

HELMBOLD'S FLUID EXTRACT OF BUCHU,

In affections peculiar to Females, is unequalled by any other preparation, as in Chlorosis, or Retention, Painfulness, or Suppression of Customary Evacuations, Ulcerated or Schirrus State of the Uterus, and all complaints incident to the sex, or the decline or change of life.

Helmbold's Fluid Extract Buchu and Improved Rose Wash

Will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely superceding those unpleasant and dangerous remedies, Copaiva and Mercury, in all these diseases.

Use Helmbold's Fluid Extract Buchu

In all diseases of these organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any of the preparations of Bark or Iron.

Those suffering from broken down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.

All the above diseases require the aid of a Diuretic. HELMBOLDS EXTRACT BUCHU is the great Diuretic.

Sold by Druggists everywhere. PRICE—$1 25 per bottle, or 6 bottles for $6 50. Delivered to any address. Describe symptoms in all communications.

DR. WM. H. TUTT'S Vegetable Liver Pills.

DYSPEPSIA OR INDIGESTION. This is the prevailing malady of civilized life, and one for which relief is always anxiously sought. This disease in a measure, is occasioned by the irregularity and want of action in the liver, biliary ducts, gall, bladder, etc.—Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Copious Discharges of Urine, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia.

These PILLS possess that peculiar power of invigorating the stomach, and stimulating the liver and torpid bowels, which renders them of unequalled efficacy in cleansing from the blood all impurities, and imparting new life and vigor to the whole system.

LIVER COMPLAINT, BILIOUSNESS, JAUNDICE. The Liver is one of the most important organs of the body; and when it becomes deranged, and fails in its healthy action, the bile is crowded back into the blood, poisoning its life. If there is a deficient secretion from the liver, it becomes swollen and engorged, and and inflammation is set up. Dr. Tutt's Vegetable Liver Pills have a direct and powerful action upon the Liver, and will, with great certainty, relieve Torpidity and Congestion of this important organ. In obstinate cases of the liver, larger and more frequent doses must be taken.
