The Raleigh Daily News.

JORDAN STONE, Managing Editor.
SAM'L T. WILLIAMS, Political Editor.

FRIDAY.....MAY 16, 1873.

A NEW EDITION OF WHEELER'S HISTORY.

No State in the Union has suffered more for the want of an able and accurate historian than North Carolina.

We have no history worthy of the name. We have no well written, authentic and attractive account of the historical events that have transpired in our State, from the landing of the colonial settlers on our soil in 1854 to the present time.

The only work which approaches a history of the State is that by Col. Jno. H. Wheeler, which is a most valuable compilation, and which contains more information relating to North Carolina than can be found in all similar publications combined.

Col. Wheeler's volume was published in 1851, and has found a place in every respectable library in the State. But it does not purport to be a history of the State, in the strict sense of that term. The author says in his prelace that he does not aspire to the position of historian. His purpose was, "to present a fair and truthful record of the facts illustrative of the early times of our beloved and venerable State; to preserve the names of those who have done her service in the field and Senate; and to collect valuable statistical information of her resources and products, thus affording data to other and abler hands to occupy the historic field, as yet unexplored."

But no other abler hand has yet undertaken to weave from the mass of information gathered up by Colonel Wheeler, a connected narrative of the leading incidents in the drama which has been enacted upon our soil. And there is no prospect that the State will soon have a more faithful chronicler than the author of the "Historical Sketches of North Carolina From 1584 to 1851."

We made the announcement in our paper yesterday that Colonel Wheeler was preparing a new and enlarged edition of his history. We are glad to hear that his labors are drawing to a close and that the work will soon be issued.

We do not know the plan of the new edition, but trust that it will embrace the history of the State to the close of the war at least—so that the record of the noble deeds and patriotic services of the Confederate soldiers of North Carolina may be preserved side by side with the story that relates the valor and patriotism of our ancestors of the revolution.

FATAL RESULT OF THE RICHMOND DUEL.

Our dispatches yesterday reported the death of John B. Mordecai, wounded by W. Page McCarthy in the duel near Richmond on Friday last.

Mr. Mordecai has many relatives and friends in this State, who will be grieved to hear of his tragic fate.

The circumstances leading to this sad termination of a personal difficulty have been given in detail to our readers—so it is unnecessary to refer to them again.

Mr. Mordecai was a young man in the prime of life, greatly esteemed in Richmond, and his death will cause much sympathy and sadness in that city, where he had many devoted friends.

DEATH OF LIEUTENANT HARRIS.

Lieutenant Harris, who was severely wounded by the Modocs at the time Capt. Thomas was killed, has since died.

He is the son of a Philadelphia merchant. His mother hurried on immediately to nurse him, and was doubtless with him during his last hours.

LATEST FROM THE MODOCS.

The Modocs have been found entrenched in a rocky fastness, twenty-seven miles from the scene of their last victory.

It is not deemed *prudent* to attack them until re-enforcements arrive.

The telegrams state that it is *hoped* they will occupy their present position until the attack is made.

REPUBLICAN DEFEAT IN SPAIN.

The Carlists have achieved a signal victory over the Republicans in Spain.

A battle was recently fought at Pureto, in which the insurgents routed the Government troops—capturing one cannon and a number of officers and privates.

NARROW ESCAPE OF DAVIS AND GILLEM.

Generals Jefferson C. Davis and Gillem, while in pursuit of the fleeing Modocs, narrowly escaped drowning in Tulle Lake. The particulars are not given. General Jack seems to have led them into *deep water*.

THE DRUMMOND CATASTROPHE.

The dispatches concerning the Drummond coal mine disaster report another explosion. Four men who attempted to descend the pit to rescue the sufferers were blown to atoms.

Col. W. B. Tabb, one of the seconds in the late Richmond duel, appeared before Police Justice White on Tuesday, and was bailed in the sum of $2,000 for his appearance on the 23d instant, with Mr. W. K. Martin as his surety.

SPIRIT OF THE STATE PRESS.

Alluding to Hall's Arctic Expedition the Wilmington *Star* says: "High on the roll of the Arctic heroes must we inscribe the name of C. F. Hall, the man who has come nearer solving the mystery of the open polar sea than any discoverer who has undertaken the task. The noble fellow died without accomplishing his cherished purpose. But he fell short of it just a little. Seven degrees of latitude would have placed him where the sun shines in eternal brilliancy from unclouded skies.

Let the memory of Hall be green forever in the hearts of all who cherish high endeavor and heroic courage."

The Wilmington *Journal* discusses the Atlantic and Great Western Canal, the Great Transportation Movement in the West and Our Indian Troubles. On the latter subject it says: "The telegrams announce that our troops were surprised, and that four soldiers have been killed and six wounded by the Modocs.

It is further announced that Captain Jack wore the uniform of the late Gen. Canby, whom he slew with his own hand. This piece of bravado, taken in connection with the fact also reported by telegram that our people were sending out squaws as scouts, would seem to indicate that the Indians, and not the whites, were on the aggressive.

To say the least of it, it is a singular state of affairs when Federal scouts wear petticoats and their enemies wear Federal uniforms in open battle."

The *Roanoke News* of Wednesday, has a long and able editorial in favor of the County Subscription to the Halifax and Scotland Neck Railroad. The election on that measure came off yesterday, but it will be a day or two probably, before we can get the official returns.

Speaking of MEMORIAL DAY the *Magnolia Monitor* says: "No heart can be so callous, no foe can be so bitter as not to do reverence as he approaches the sad 'city of the dead,' where heroes sleep. They fought and lost—fought as never men fought before—fought with a devotion which is written on history's page of undaunted heroism, in red letters drained from the life-blood of the best, and truest, and bravest in the land. Their lives were given for their country, their immortal souls, let us hope and pray, are in the presence and keeping of God, but their memory remains with us to cherish, and with us let it ever remain as a sacred treasure, stored away in the most tender recesses of our hearts."

On the subject of the North Carolina Fertilizer Company, the *Monitor* says:

"We published in the *Monitor* some weeks since an article on the subject of forming a North Carolina Fertilizer Company. We heartily endorsed the movement at the time, and are gratified that it is meeting with great success. W. R. Griffith, Esq., who is getting up the Company, was in Magnolia on Friday, and we learned from him that over one hundred and thirty thousand dollars of the stock was already subscribed. We were glad to see our friends in Duplin, Sampson and Wayne giving their support so liberally to this enterprise.

Our people can hardly realize the immense amount of money that is annually drained from the State by out side Insurance and Guano Companies. At the lowest calculation, three millions of dollars are expended every year for Guanos', and even more than that for Insurance. Over half the cotton crop is thus taken from, us and the large profits go to enrich distant communities, and to impoverish our own people.

This movement to establish a Guano Company, may now be regarded a complete success.

The character of the gentlemen who have taken stock in it is a guarantee that it cannot fail. No such array of names was ever before enlisted before in any similar enterprise. It is only thus bringing together the influence and capital of different localities, and co-operating that the people of the State can hope to accomplish anything for their own relief and protection.

We congratulate the originators of this patriotic enterprise, in advance, on the establishment of the Company. It will afford the people a security against imposition, keep at home a large amount af capital, and promises a handsome dividend to the stockholders."

The Elizabeth City *Carolinian*, Republican, rejoices over the defeat of C. W. Grandy, Jr., the present Radical Senator from the first District, for the office of Mayor of Elizabeth City. Mr. Grandy opposed the regular Republican nominee. The *Carolinian* says:

"The Municipal election on Monday in this city passed of quietly and satisfactorily. Mr. Grandy's total vote was only 164. He was defeated by 32 majority. As parties stand he got of white Republican votes 5, (including his own vote) of colored 44 votes, and of Democrats 115 votes. The most of the colored men who voted for him were deceived and made to believe they were voting for a true and good Republican. The Democrats voted for him, not because they had any confidence in, or admiration for the man, but simply to aid the bolting movement to break up and destroy the Republican organization. Of course Mr. Grandy is disappointed. He had counted on his election sure. But we happen to know something about him as a political calculator and manager. *We knew he would be beaten.* He lacks discretion, judgment, prudence. He has now twice tested his personal popularity before the people of his native town, and he has been twice defeated. Politically he isn't reliable. He won't do to tie to. Like the Western jockey's horse "his eyes is sot." He committed political *felo de se.* As he did this deliberately, let no one shed tears over his political grave."

The *Western Expositor* compliments Judge Dick, who is now holding the Federal Court in Asheville. Speaking of the indictment against John Pool for libel, the *Expositor* says: "It will be remembered that ex-United States Senator John Pool was indicted at the last Fall term of Buncombe Court for having libeled Hon. A. S. Merrimon, by circulationg a defamatory publication under his franking privilege as a member of Congress. Some time after he was indicted, he was arrested, as we have been informed; but he failed to put in an appearance at the Spring term, as others charged with crime are required to do. We learn, however, that he did condescend to write a letter to the prosecuting officer, stating in substance that it was not convenient for him to attend Court this Spring, and thereupon the case was continued.

Now we would ask, *very respectfully*, why Mr. Pool was not called out? Is he, in contemplation of law, entitled to any more consideration than other people? Certainly the law has no favorites, but the administrators thereof may have, and this, we opine, is the reason the ex-Senator was not called out."

The Madison *Enterprise* refers as follows to the hoax practiced on the New York *World* by a correspondent writing from Rockingham county:

"We notice in the Raleigh *Sentinel*, a long communication copied from the New York *World*, purporting to be a correspondence from Wentworth, N. C.

It gives a long account of curious and interesting excavations made at Tuscahawsah, on the banks of Dan River, in Rockingham county. The writer commences by giving a minute and graphic discription of Tuscahawsah, and its surroundings. He then, in company with Professor Handyside, Judge Petrie, Dr. Marsh, and several negroes, goes down into the earth, and brings to view a rare and extensive collection of curiosities, which belong to a race of people who lived far back in the forgotten past. This correspondent tells us several barrels of these curiosities have been sent to the Smithsonian Institute, some have been left at the Express Office, and others at the Bank of Wentworth, for safe keeping. (Wentworth has no bank or express office.)

Who are Professor Handyside, Judge Petre and Dr. Marsh? Neither of these gentlemen have ever been heard of in this county before. We can very safely pronounce the whole concern a hoax from beginning to end."

The New Bern *Times* thinks insanity is on the increase in various States—especially in New Jersey.

The Asheville *Citizen* is severe on the American Commissioners to Vienna who bought their berths.

The *New North State* ridicules the papers that think the recent amendment to the bankrupt law will be declared unconstitutional.

The Greensboro *Patriot* has an excellent HOME-SPUN editorial which we would copy in full—if we had the space. We make the following extract:

"If every man and woman in the Southern States solemnly resolved, and kept that resolution, to wear only home-fabrics, when such could be procured, how long would it be before factories would spring up all along your streams, from which would come as fine work as now comes from the looms of Lowell?"

The *Observer* compliments the new board of municipal officers of Charlotte and thinks their first acts demonstrate that they are determined to consult the interests of the city in their official measures.

NEW ADVERTISEMENTS.

PERSONS DESIRING TO VISIT the mountains, can procure BOARD by addressing REV. W. N. MORRISON,

GUANO! GUANO!! GUANO!!

BUY THE BEST

SOLUBLE SEA ISLAND GUANO!

State Fair Premium at Wilmington for the Largest Amount of Cotton to an Acre.

GOLDSBORO, Wayne County, N. C., November 23rd, 1872.

JOHN H. POWELL, Esq.:
DEAR SIR—The Soluble Sea Island Guano purchased of you this season was used by the side of three others, and has given me more satisfaction than any of the others. The Soluble Sea Island Guano was the one used upon the acre of land upon which my son raised the cotton upon which he took his State premium for the greatest amount of cotton to an acre; and I am informed by the Chairman of the Committee that had he entered for the largest amount of cotton to the acre, premiums open to all ages, he would have also taken that premium, beating all 150 lbs. I am better pleased with it than any other Guano I have ever used on cotton, and I shall use it in preference to others next season for my cotton crop. T. A. GRANGER.

ALSO EIGHT PREMIUMS AT WAYNE COUNTY FAIR.

The Amount of Seed Cotton made on an Acre of Upland by Mr. Granger was Three Thousand Six Hundred and Thirty-three Pounds.

EDGECOMBE COUNTY, N. C., December 12th, 1872.

Messrs. R. W. L. RAISIN & Co., Baltimore:
I bought of Messrs. Branch, Herbert & Co., last Spring, one ton of your Soluble Sea Island Guano for myself and three tons for other parties, and I find them all well pleased with it, and say it is the best Guano, and paid them better than any they ever used. The ton I used myself was put in cotton by the side of two other guanos, and I am willing to say that I should buy the Soluble Sea Island Guano in preference to any that I have used since the war. Very respectfully,
J. R. GREEN.

SELMA, N. C., November 12th, 1872.

W. H. AVERA, Esq.:
DEAR SIR—The ten bags Soluble Sea Island Guano more than met my expectations I consider it equal to Peruvian for cotton. It paid me over 100 per cent. I. more than doubled the crop. My neighbors who bought it are highly pleased, and will use it in preference to any other when it can be had. Hope you will keep a supply the coming Spring.
Truly yours, R. HARE.

LOUISBURG, N. C., December 4th, 1872.

E. W. FULLER, Esq.:
DEAR SIR—I tested your Guano this year, and the result is, I will use it on my whole cotton crop next year. Yours, &c.,
ELLIS MALONE.

HENDERSON, Granville County, N C., November 29th 1872.

To S. J. PARHAM:
The Soluble Sea Island Guano purchased of you was used on tobacco and cotton by me by the side of Peruvian Guano, Stonewall & * * * *. I like it much better than either, and I observed a marked difference in favor of the Sea Island. Shall use in the future. S. S. ROYSTER.

HENDERSON, Granvitle county.

HENRY BURRELL, Esq., has stated to us that he made a test this present year's tobacco crop, using two other higher-priced guanos, but is convinced that the Soluble Sea Island Guano is the cheapest guano he has ever purchased, and shall use it again.

YANCEYVILLE, Caswell County, N. C. December 6th, 1872.

Captain W. P. ROBINSON,
DEAR SIR—In reply to your inquiry as to how I liked the Sea Island Guano I got of you, I wish to say that I applied it, 200 pounds to the acre, alongside of Peruvian, Pacific Guano and Gilham's Tobacco Fertilizer in equal quantities; it stands the drouth better than either of the above fertilizers. It matured better on the hill and cured better and more yellow than either of the other fertilizers used. I think it is a splendid fertilizer and I expect to use it next season. Yours, respectfully,
MARCELLUS MIMMS.

WILSON, N. C., January 11th, 1873.

Messrs. HARRISS & BLACKWELL:
GENTS—I used this season, on my cotton crops about 15 tons of your Soluble Sea Island Guano, testing it by the side of Guanape and Vegitator, and up to the time of the heavy washing rains last of June, I was equally pleased with its action as of the Guanape and better pleased than with the Vegitator.

SPECIAL NOTICES.

Tetter, Salt Rheum and all Skin diseases cured by Dr. Pierce's Golden Medical Discovery.

THE PEOPLE'S STAMP OF VALUE.—The Government indorsement, which legalizes the sale of PLANTATION BITTERS, is not the only stamp affixed to that famous Vegetable Tonic. It bears, in addition to that official sanction, the still more valuable stamp of public approbation. This inestimable voucher of its rare properties as a Tonic, Corrective and Alterative, is of much earlier date than the Government credential; for millions of sick persons had pronounced it the Grand Specific of the age long before Congress thought of taxing proprietary medicines. It is unnecessary to repeat, in detail, the proprieties of the wonderful Vegetable Invirrant. The best reference that can be offered to those who desire the full particulars of its virtues, is the General Public. Ask those who have tried it as a remedy for dyspepsia, constipation, billiousness, intermittent fevers nervous debility, rheumatism, sea sickness low spirits or loss of vital power, what Plantation Bitters has done for them, and be governed by the response they make to your inquiries

THE following statement, from one of the oldest and most respectable merchants of the city of Petersburg, speaks for itself and needs no comment:

I have for many years used "BECKWITH'S ANTI-DYSPEPTIC PILLS" as a family medicine and also in my own case, and I have no hesitation in pronouncing them the most safe, efficient and pleasant medicine with which I am acquainted. They promptly relieve Dyspepsia and its usual attendants, Costiveness, Heartburn, Headache, Loss of Appetite, Cholic, &c. I take pleasure in recommending them to the public. They ward off disease and preserve health. I always keep a full supply on hand and would not willingly be without them. JOHN ROWLETT.

Prepared solely by the proprietor, E. R. BECKWITH, successor to Dr. Beckwith Petersburg, Va., and for sale, at the reduced price of 25 cents per box, by all druggists and by Joseph Carr, Wholesale Agent.
jan 27-tf

HELP FOR THE HOPELESS.—You are weak dejected, miserable, and nothing does you any good, you say. Don't despair. There is balm in Gilead. Have you tried Vinegar Bitters? No! Then why don't you? Whether your complaint be dyspepsia, biliousness, nervous weakness, constitutional debility, or any other trouble, Vinegar Bitters will revive and renovate your shattered system, as a genial rain refreshes the withered flowers.

WE HAVE FREQUENTLY HEARD mothers say they would not be without Mrs. Winslow's Soothing Syrup, from the birth of the child until it has finished with the teething siege, under any consideration whatever.

BURNETT'S STANDARD FLAVORING EXTRACTS are neatly put up in Unpanneled 12 oz., 5 oz. and 10 oz. bottles, and are for sale by the trade generally in every principal city and town in the United States, Canadas, and British Provinces, as well as in many other foreign countries.

TO OWNERS OF HORSES.—No one who has ever used Dr. Tobias' Horse Venetian Liniment, will ever be without it; it is a certain cure for Colic, Sore Throat, Colds, Bruises and Old Sores. Warranted superior to any other; in pint bottles, at One Dollar. Sold by all Druggists. Depot, 10 Park Place, New York.

RISLEY'S BUCHU is a reliable Diuretic and Tonic for all derangements of the urinary and genital organs. The genuine, as formerly sold by Haviland, Harral & Risley, and their branches, is now prepared by H. W. Risley, the originator and Proprietor; and the trade supplied by his successors, Morgan & Risley, New York.

THE SECRET OF BEAUTY.—What is it no longer asked, for the world of fashion and all the ladies know that it is produced by using a delightful and harmless toilet preparation known as G. W. Laird's "Bloom of Youth." Its beautifying effects are truly wonderful. Depot, 5 Gold Street, New York.

FOR DYSPEPSIA, indigestion, depression of spirits and general debility in their various forms; also, as a preventive against Fever and Ague, and other intermittent fevers, the Ferro-Phosphorated Elixir of Calisaya, made by Caswell, Hazard & Co., New York, and sold by all Druggists, is the best tonic, and as a tonic for patients recovering from fever or other sickness it has no equal.

THURSTON'S IVORY PEARL TOOTH POWDER.—The best article known for cleaning and preserving the teeth and gums. Sold by all druggists. Price 25 and 50 cents per bottle. F. C. Wells & Co., New York.

PRATT'S ASTRAL OIL, has a world-wide reputation as the surest and best illuminating oil. Over two million gallons have been sold for the past two years, from which no accidents of any description have occurred. Send for circular. Oil House of Charles Pratt, established 1770. New York.
