THE WILSON ADVANCE.

JOSEPHUS and C. C. DANIELS, Editors and Proprietors.

☞ The ADVANCE endeavors to be an honest, faithful and impartial chronicler of the news, devoting special attention to the section in which it is published. It is Democratic to the core and will spare neither friend or foe who is in hostility to Democratic success. It believes the best interest of the Nation and the State imperatively demands the retention of the Democratic party in power and it will spare no effort to accomplish that result. It will seek to promote the industrial development of the State and section and will take pleasure in doing whatever lies in its power to aid the farmers and laboring men in their efforts to better their condition. Every honest son of toil will find in the ADVANCE a sincere friend. Every effort looking to the establishment of more and better educational institutions will receive our hearty co-operation and endorsement.

The ADVANCE circulates largely in every county East of Raleigh, and is therefore a plendid advertising medium. Rates liberal.

A first-class job office is run in connection with the paper and we will be pleased to receive orders. Our office is one of the best equipped in this section of the State for commercial work and we will do as good work and at as low figures as anybody.

Entered in the Post Office at Wilson, N. C. as second class mail matter.

WILSON, N. C., - - June 13, 1889.

THE future of Wilson depends upon the efforts its citizens make to establish good schools in our midst.

THE Durham Daily Plant has entered upon its second year. It is a good local daily—well edited, and does good service for Durham.

As a result of the meeting conducted at Greensboro by Rev. Mr. Pearson 400 people professed conversion. That man is an instrument in the hands of God in doing great good, we believe.

JOHN R. SMITH, ex-Sheriff of Wayne county, has been appointed postmaster at Goldsboro. He is probably more acceptable to the people of that town than any Republican in the county.

ARMOUR, the big meat man of Chicago, has established an industrial shool for boys and girls. Would that some of our monied men could feel a practical interest in the children of this community.

DR. O. S. OWEN, of Anderson, S. C., who was killed by his stepson, was beating his wife at the time. This is a pretty good fate for wife beaters. Let the verdict be "justifiable homicide," and the young man released.

JOHN B. EAVES, late Chairman of the Republican Executive Committee, has received his reward for his "Reliable" circulars. He has been made Collector of Internal Revenue of the Western North Carolina district.

THE sympathy of the nation for the sufferers of Pennsylvania is now showing itself in a practical manner. Large contributions are going out to relieve those who escaped the flood and the fire and to help bury the dead.

FIFTEEN thousand bales of cotton a year are required for the factories at Concord. The reason that Concord is so blessed with factories is that her people "pull together." If Wilson would show the unanimity of feeling and sentiment that actuates that town, many hundred more bales of cotton might be utilized at home and people benefitted.

AN English clergyman described his church as of the Ionie order of architecture, and said, "Over the portico is a tower, over that a cupola and on the top of all a mortgage." The last mentioned adornment rests on top of many a palatial dwelling, many a splendid farm and many a handsome store. We need fewer architectural beauties of this character in this portion of the moral vineyard.

THERE is now an educational crisis in the history of Wilson. Unless the people of the town come to the rescue we will go backwards. Those men who opposed the Graded School because (as they said) without it we would have better schools, would do well to come to the front and help us to secure these better schools. There must be a more generous appreciation of our schools and a more general co-operation of the people, or we will be left far behind in the march of progress. "Let us then be up and doing."

CHARLES PRICE has received the compensation for the sale of principle and respect he made in 1882. He has been appointed U. S. District Attorney for Western North Carolina—a position which pays $6,000 per year. He deliberately went to the Republican party for office. He sold his vote as much as ever "Stinkey" Williford (a character that Wilson county people know) ever did, only he received larger pay than does our esteemed countyman, Mr. "Smell-bad" Williford, Esq. The Statesville Landmark says: "It is claimed by his friends here that Mr. M. L. Mott will be assistant United States District Attorney."

PROHIBITION.

Several places voted on Prohibition last Monday. The result was as follows:

RALEIGH, wet,	198
DURHAM, wet,	75
GOLDSBORO, wet,	179
FREMONT, dry,	—
MT. OLIVE, dry,	—

Nobody was ever as much attached to the old farm as the mortgage.—Burlington Free Press.

The bustle grows beautifully less. Let us thank Mrs. Cleveland for her good services in this direction.

LET US HELP OURSELVES.

The Lenoir Topic of last week had a suggestive paragraph about the tendency of our North Carolina folks to wait for "Northern capital" to come down here and set us on the highway to prosperity. "Northern capital" is highly desirable in the South, but that community that sits down and waits for it to come and turn to account those "undeveloped resources," of which we all like to talk, will almost inevitably get left. It is rarely ever put at work in the South except in some locality where Southern capital had already begun to "develop" something, and not always then, by any means. Certainly the Southern section is the most promising portion of this country for outside investment, but after all the hope of the South is in the capital and pluck and business tact of its own people. Outside influences may come and help; we hope they will; but they can at best be but co-operative forces—the basis of our prosperity is in ourselves. And the longer we remain supine and cry for "Northern capital" the longer we will be in learning what Æsop's teamster learned: that Hercules only helps the man who puts his own shoulder to the wheel. — Statesville Landmark.

Truer words are seldom spoken. Wilson has plenty of capital and unemployed labor to do great things if our own people would go to work. We need a cotton seed oil mill; (and we will soon have one) another cotton factory; a canning factory; a furniture factory; and numerous other factories that produce or add a new value to something. But worse than all these do we need better schools.

May there be a general awakening in the near future and may our past achievements be but stepping stones to further educational and material development. Let us one and all determine to go to work to make the town we all love so well the peer of any in the State in everything.

THE JOHNSTOWN TRAGEDY

As Bad as First Reported. Pennsylvania Officially Takes Hold of The Work of Removing The Debris.

THE first reports sent out relative to the Johnstown horror in the Conemaugh valley prove to be correct. The loss of life will probably foot up 10,000 or 15,000. Now that the first shock has ended the work of removing the wreckage has begun in dead earnest. As yet the work has been solely by volunteers. It is estimated that at least $1,000,000 will be required to remove the debris from Conemaugh valley. Yesterday the State of Pennsylvania officially took hold of the work under the lead of Gov. Beaver. But for some time to come the people of Johnstown and villages in the vicinity will be dependent upon charity for all they eat and wear, so there is need of all the aid possible. The funds heretofore raised, it is gratifying to know, were sufficient to meet the pressing emergencies of the case. For nearly two weeks the hungry has been fed, the naked clothed, the homeless sheltered, the dead buried, and other necessary services performed. Thank God for the abounding charity of our American people. But the end is not yet. It will be weeks before these peeple can do anything for self and they must be fed. They will not be allowed to suffer, of that, we feel assured.

WHITAKER'S COMMENCEMENT.

An Interesting Entertainment By a Good School.

That distinguished North Carolinian, the Hon. Bartlett Yancey, asserted very truthfully that "the progress of society and civilization depends upon education and virtue of the people;" hence the necessity of good schools ought to be recognized by every progressive people.

Referring to the influence of the early established shools in Caswell county, the same talented author further observes "that the progress of virtue and of science in the county has succeeded the most flattering hopes of the friends of literature * * * The inhabitants generally are more enlightened; men who thirty or forty years ago were considered the best informed and most learned among us are now scarcely equal in point of information to a school-boy of fifteen years."

These reflections are recalled for the attention of the more enlightened people of the present time, as they now apply with equal force that they did when they were first uttered in 1810.

The days of commencements of colleges and the exhibitions of academies are at hand and the writer had the privilege of witnessing one of the most enjoyable of these occasions on Thursday evening last. He refers to the closing exercises of Rev. A. J. Moore's School, at the town of Whitaker's and he craves the favor of a few lines in your valuable paper to express in general terms the excellence and popularity of that academy and to add his approval to that of others for able acquittal of the students.

The entertainment consisted of a series of well chosen subjects for declamation, recitations, dialogues and songs by the pupils.

To say that the performances were good both on part of the males as as well as the females is but to endorse the opinion of the crowded house who listened with best attention for three hours or more to the varried programme of the evening; were to specify individual excellence might do injustice to some others who accomplished their tasks equally as well.

The hall was beautifully festooned with evergreens and flowers in front of the stage, which was tastefully decorated, with the word "welcome" in golden letters, and the rare background with similar letters of green, "God bless our State." The young ladies were dressed in the most approved style of the "sweet girl graduate," whilst a good amateur string band discoursed sweet music at intervals.

Mr. Moore has had the school in operation for ten years and the liberal patronage given it by the community is good evidence of the excellence of its management and the performance of the pupils evidenced that due care had been bestowed on their minds by their instructors.

The school has now some forty pupils and will be resumed on the 3rd Monday in July next. The Principal is ably assisted in the Musical Department by his intelligent and accomplished daughter who has inherited a due portion of her father's talent for "rearing the tender thought."

OCCASIONAL.

Whitakers, N. C., June 10th, '89.

NEIGHBORHOOD NEWS

What The People in This Section the State are Doing.

Louisburg Times, June 7th.

The Justices did a wise thing in authorizing the Commissioners to re-arrange and fix the jail.

Hookerton Clipper, June 4th.

Capt. W. A. Darden State Agent of the Farmers' Alliance, will deliver a public address in Snow Hill next Tuesday the 11th inst.

Greenville Reflector June 6th.

Unity of action and a harmonious support of home institutions goes a long ways in building up a town.

Our people were very much delighted with the entertainment given by the class from the Oxford Orpham Asylum, last Thursday night. Some of the songs were excellent.

We regret to hear of the death of Mr. Marcom Manning, of Carolina township, which occurred on Monday evening. Mr. Manning was several times elected County Surveyor, which office he was holding at the time of his death.

Scotland Neck Democrat, June 6th.

On last Friday night some colored men were driving across the creek below Steptoe's mill, and just as they were crossing the main stream, the flood gates at the mill above were hoisted and the mule was swept down and drowned. It belonged to Dr. L. C. Cooke, of Palmyra.

Died at Coakley, Edgecombe county, on Saturday June 1st, Mrs. Ed. Thigpen, daughter of William Hodges, Esq. ——Near Hobgood on Tuesday 4th, Emily Caroline Weeks, daughter of G. Cary and Lizzie D. Weeks. She was a about 2 years old, and had been sick but a short while.

Rocky Mount Phoenix, June 7th.

Mrs. Long, aged 95 years, and mother of Mr. Joe Dick Long, died at her home in Edgecombe county, near this place, last Tuesday.

The crops throughout this section, although bady damaged by the recent heavy rains, are not ruined, and in many instances are looking well. The largest damage was in the river low grounds.

Last Saturday a team belonging to Capt. T. W. Battle, loaded with a lot of his hands and several barrells of flour was overturned in attempting to cross a swollen stream near here. The mules were saved by being cut from the wagon, the flour was ruined and the negroes badly frightened.

Tarboro Southerner, June 6th.

The slate for the roof the Episcopal church has been delivered.

Jos. Ruffin lost a valuable mule Tuesday. Cause not known.

The damage to bridges must be great, but the returns are not in.

The crops are not all ruined yet, though some doleful reports have been brought in.

The rains have been very favorable to grass, and many cotton fields are "lousey."

From all sections too much rain, water standing and wind are the complaints.

The freshet in the river is now doing the most serious damage. Besides flooding fields it has bady washed them.

The farmers in town Monday wore no jubilant airs, but they evidently feel better for the crop out look than they did.

In low lands cotton and corn were submerged for ten days. As the water leaves and the rays of a hot sun beat down, the plant may die. This is the fear of some, by others it is not believed likely to occur.

Tarboro Banner, June 7th.

We regret that Rev. J. A. Leslie will make his home elsewhere. Since he has been with us he has done much for the community at large and greatly endeared himself to our people.

Died in Coakley, on Saturday, June 1st, 1889, Mrs. E. K. Thigpen. Age 23 years. ——In this county, Friday night May 31st, 1889, Bennet Julius Dew, of dysentery. Age eight months. ——In this place Saturday morning, June 1st, 1889, of dysentery, William Jenkins, infant son of Haywood and Mary B. Clark. Age eleven months and 24 days.

James Hudson, col., son of Eaton Hudson, a lad of about 12 years of age was drowned in Hendricks creek about 10 o'clock a. m. yesterday. He in company with three other small boys, were "going swimming." He was first in the water and swam some distance out. As he turned to return, he was very evidently taken with the cramp, and dived or went under, and was not seen any more. The boys did not go in but gave the alarm. A large crowd gathered and after dragging and diving for sometime, his body was found in about fifteen feet water. The coroner's jury gave a verdict of accidental drowning.

Fred Hyman, col., and his wife did not live a life of ideal domestic felicity. On last Saturday at Mildred, she was returning to him. Sol Williams, a warm friend of the couple was with her. Fred saw them together. It was more than he could bear. He went home and got his pistol. Returning he found Sol. After a few words, a ball from the pistol was sent flying into the base of Sol's neck severing the jugular vein. Sol walked into a store, sat down on a barrel and tumbled over dead. The verdict of the Coroner's jury was that he came to his death by a ball from a pistol fired by Fred. He has not yet been captured.

PIMPLES TO SCROFULA

A Positive Cure for Every Skin, Scalp, and Blood Disease except Ichthyosis.

Psoriasis 8 years. Head, arms, and breast a solid scab. Back covered with sores. Best doctors and medicines fail. Cured by Cuticura Remedies at a cost of $3.75.

I have used the CUTICURA REMEDIES with the best results. I used two bottles of the CUTICURA RESOLVENT, three boxes of CUTICURA, and one cake of CUTICURA SOAP, and am cured of a terrible skin and scalp disease known as psoriasis. I had it for eight years. It would get better and worse at times. Sometimes my head would be a solid scab, and was at the time I began the use of the CUTICURA REMEDIES. My arms were covered with scabs from my elbows to shoulders, my breast was almost one solid scab, and my back covered with sores varying in size from a penny to a dollar. I had doctored with all the best doctors with no relief, and used many different medicines without effect. My case was hereditary, and, I began to think, incurable, but it began to heal from the first application of CUTICURA.

ARCHER RUSSELL, Deshler, Ohio.

Skin Disease 6 Years Cured.

I am thankful to say that I have used the CUTICURA REMEDIES for about eight months with great success, and consider myself entirely cured of salt rheum, from which I have suffered for six years. I tried a number of medicines and two of the best doctors in the country, but found nothing that would effect a cure until I used these remedies.

MRS. A. MCCLAFLIN, Moretto Mo.

The Worst Case of Scrofula Cured.

We have been selling your CUTICURA REMEDIES for years, and have the first complaint yet to receive from a purchaser. One of the worst cases of Scrofula I ever saw was cured by the use of five bottles of CUTICURA RESOLVENT, CUTICURA, and CUTICURA SOAP. TAYLOR & TAYLOR, Druggists, Frankfort, Kan.

Cuticura Remedies

Cure every species of agonizing, humiliating, itching, burning, scaly, and pimply diseases of the skin, scalp, and blood, with loss of hair, from pimples to scrofula, except possibly ichthyosis.

Sold everywhere. Price, CUTICURA, 50c.; SOAP, 25c.; RESOLVENT, $1. Prepared by the POTTER DRUG AND CHEMICAL CORPORATION, Boston, Mass.

☞ Send for "How to Cure Skin Diseases," 64 pages, 50 illustrations, and 100 testimonials.

PIMPLES, black-heads, red, rough, chapped, and oily skin prevented by CUTICURA SOAP.

WEAK, PAINFUL BACKS, Kidney and Uterine Pains and Weaknesses, relieved in one minute by the **Cuticura Anti-Pain Plaster,** the first and only pain-killing plaster. New, Instantaneous, infallible. 25 cents

SALE OF VALUABLE PROPERTY.

By virtue of a power of sale contained in a trust deed executed to me by F. M. Moye, I will sell at the Court House door in Wilson, on Monday, the 30th day of May, 1889, the following valuable real estate situated in Wilson county, Stantonsburg township:

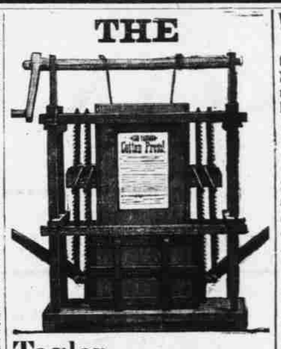
One tract of land adjoining the lands of John A. Lane, David Hill and others, containing one hundred acres more or less, being the home tract of the said F. M. Moye. Also the lot whereon is situated the store lately occupied by the firm of Ward and Moye.

One other tract of land adjoining the lands of Geo. W. Stanton and others, containing one hundred and seventy acres, more or less.

Terms—One-fourth cash, balance payable in one two and three years, with 8 per cent. interest from day of sale.

Ap25:4t F. A. Woodard, Trustee.

THE



Taylor Cotton Press,

MANUFACTURED BY

LUCIUS L. TAYLOR,

SEABOARD, N. C.

—AND—

S. R. White & Bro.,

NORFOLK, VA.

We desire to call the attention of cotton planters throughout the South, as well as the shippers of Hay, to the following facts, which we sincerely believe will pay you to carefully peruse and consider before you invest your money in a

Press.

We claim for the Taylor Press the following qualifications superior to any other now on the market:

1. It works by Lever Power without friction, to perfection.
2. It will pack a bale of cotton in less time and with more ease than any other Press manufactured.
3. It will (with two ordinary hands) pack a bale of cotton in one and one half minutes.
4. In as much as there is absolutely no friction frrom the ropes, pulleys, chains, &c., it will cost nothing to keep the press in repair and requires no oil for lubrication.

For simplicity in construction and operation, as well as for durability, it cannot be excelled.

This is a Press which, owing to the facts above stated, does not require the addition of steam power.

For reasons already mentioned it is not liable to get out of order.

This Press was patented in 1885, and this is the fourth season it has been in use.—I desire to extend my sincere thanks to the public for their very liberal patronage, and with several important improvements and superior facilities for manufacturing them, I hope to merit and receive their continued patronage. I will also state that the ratchets of those presses heretofore made of cast iron are now made of the very best wrought iron, and with reasonable use I warrant and guarantee the Taylor Press in every particular.

For further particulars I refer to the following named gentlemen: Wesley Deloach, Jackson; J. G. L. Crocker, Dr. J. N. Ramsey, A. L. Doughtry, C. R. Coker, Seaboard; Capt. S. N. Buxton, Jackson, N. C.; W. C. Fenner, Halifax, N. C.; and others that used them or see them work.

HAVE YOU SEEN

"A Collection of Popular Airs, as arranged and played by Mrs. Joe Person, at the Southern Exposition." A rare collection of old Virginia and Carolina melodies, including: "Wiord Waltz and Polka," "Italian Waltz," "Dance, the Boatman Dance," "Billy in the Low Grounds," "Dixie," and many others, in all fifteen pieces. Sheet music form. Price of the set,

ONE DOLLAR.

For Sale by all music dealers, and by

MRS. JOE PERSON, Kittrell, N. C.

ERUPTION

—ON—

FACE, HEAD AND NECK CURED.

Hon. W. C. Troy, of Western Carolina says:

A young lady acquaintance was fearfully afflicted with an eruption that baffled the skill of the best physicians, from which she suffered much, and was greatly depressed on account of the pimples or scabs on her face, head and neck. I recommended Mrs. Person's Remedy. After using three bottles she was greatly benefitted and after taking six bottles was entirely cured, looking the very picture of health. Her complexion being so beautiful and skin so soft and sweet, she soon attracted the attention of a nice young gentleman and is now his happy bride, or rather young wife, now in Texas. Happy result! still I would not advise all the young ladies to try it.

W. C. TROY.

Protect Your Eyes!

H. HIRSCHBERG'S IMPROVED DIAMOND SPECTACLES & EYE GLASSES. PATD JULY 12 1879.

MR. H. HIRSCHBERG,

The well-known Optician of 107 N. Fourth St., (under Planters House) St. Louis, has appointed E. M. NADAL, of Wilson, as Agent for his celebrated Diamond Spectacles and Eyeglasses, and also for his Diamond Non-Changeable Spectacles and Eyeglasses. These Glasses are the greatest invention ever made in Spectacles. By a proper construction of the Lens a person purchasing a pair of these Non-Changeable Glasses never has to change these Glasses from the eyes, and every pair purchased are guaranteed, so that if they ever leave the eyes (no matter how rusted or scratched the Lenses are) they will furnish the party with a new pair of Glasses free of charge

Mr. E. M. Nadal has a full assortment and invites all who wish to satisfy themselves of the great superiority of these Glasses over any and all others now in use, to call and examine the same at

Nadal's Drug Store.
