My Hair Ran Away

Don't have a falling out with your hair. It might leave you! Then what? That would mean thin, scraggly, uneven, rough hair. Keep your hair at home! Fasten it tightly to your scalp! You can easily do it with Ayer's Hair Vigor. It is something more than a simple hair dressing. It is a hair medicine, a hair tonic, a hair food.

THE veto of the 2-cent fare bill by Governor Hughes, of New York, was a great shock to the people of the Empire State. It was fondly hoped and believed by them that he was free from "corporate influence." But his veto of the bill to give 2-cent rate to passengers within the State of New York shows that he is merely a "corporation tool" as Mr. Hearst declared last fall. The reason that the Governor assigns for his veto is the veriest "rot." He says that the matter had no legislative enquiry or investigation. Has not Ohio and other great States been enjoying such a law for years, and the railroads of Ohio, and the other States show no signs of going into bankruptcy. If Governor Hughes ever had the Presidential bee in his bonnet, he might as well bid him adieu.

VISIT COUNTY HOME.

Red Letter Day of The Woman's Christian Temperance Union.

Harrison Bluff and twenty members of the W. C. T. U. and Woman's Christian Temperance Society of Weldon paid their annual visit to the county home, Sunday afternoon, June 9th, to celebrate Flower Mission day, one of the Red Letter days of the Woman's Christian Temperance Union. The originator of this special department was Jennie Cassedy, an invalid who for many years had been the subject of many kindnesses from her friends. She felt that desire prompted only by a pure love of our Heavenly Father, to contribute to the pleasure of other unfortunates some of the blessings received by herself. She made our bouquets with suitable Scripture texts attached, and scattered over rounds of love and mercy.

This department, with a small humble beginning, has grown to be one of large importance. In nearly, if not all the States, the prisons, alms houses, reformatories and other places of confinement the women each year, in the month of June visit these desolate places, when a word spoken, a kind look, or any other gift, however small, help to the great work of winning souls for Christ. Our company was led by Mr. and Mrs. W. T. Whitehead, who made fine chaperons. On arriving at the home we were invited into the chapel by Mr. W. B. Drewry, giving the visitors one side of the room, the inmates the other. Mrs. Williams then proceeded with a song and prayer service, the song being, "What a Friend We Have in Jesus." She then led in an earnest prayer for the inmates and especially for their keeper. Then read the 14th and 15th chapters of St. John, all paying good attention. Then sang "Just As I Am." Mrs. Williams read a plain, simple story telling them of our love and sympathy, and the origin of the work before described. "Jesus, Lover of My Soul," was sung which closed the service. Cakes, bananas and ham sandwiches were liberally distributed, together with books and papers, all of which were eagerly received. Their sparkling eyes, hearty "I thank you's" and earnest "Come again" told without fuller language how pleased they were with our visit. Every room was visited and every heart made glad. It was indeed a privilege, for out of our abundance we are made to feel thankful to God for our blessings, and a fuller reward is promised to those who give even "a cup of cold water in His name."

Sorry to know that quite a number started who failed to reach there.

Our faithful chaperons brought us back all right, even though our teams waded through water almost to the point of discouragement.

BEWARE

Of Ointments That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, Ohio.
