MRS. JOE PERSON'S
REMEDY FOR
SCROFULA
NEVER FAILS.
It Will Cure if Fairly Tested.
It gives me much pleasure to be able to state that I have derived an effectual cure of Scrofula from the use of Mrs. Joe Person's remedy for that disease. I had suffered from Scrofula for more than three years, and had despaired of ever getting well. I had treated during that time by three very eminent physicians, without any good result. I then went to the National Surgical Institute at Atlanta, Ga., and was treated there more than two months, with no better results than my family physicians met with. After returning from the Institute, I was persuaded to try Mrs. Person's remedy, and had not used it more than a week before I recovered its curative and healing properties. My sores soon began to heal, and the color of my skin changed as fast as the sores healed. I had not thought of ever getting well again, but my hopes increased, my low spriteliness fled before the remedy, and I am now enjoying splendid health and am in good spirits. The remedy is mild as a purgative, and a strong tonic; it will heal the most stubborn sore in three weeks if taken regularly. It is my opinion that it should be taken some time after the sore is healed, to remove the cause of its effects. It should be taken regularly by all means, for I have sometimes neglected it, from the pressure of business, and in all cases found that the sores already made would commence to retrograde, and for this alone it should be taken regularly until an effectual cure is completed. Nothing should prevent regularity in the use of the remedy and it should be taken at the proper time. I would recommend to all who are suffering from Scrofula to try it. It will surely cure you if you give it a fair test. I speak from experience and not from hearsay. I am a grateful recipient of a cure from the use of it and am under many and lasting obligations to Mrs. Person for the great relief I have obtained from its use. Sufferers, try it and be cured, is my advice I am, respectfully,
Petrell, N. C. JAMES A. MORRIS.

Hoops are again extensively worn by the feminines, but of much more contracted dimensions than our fathers and mothers were accustomed to see some thirty years ago.

All women speak well without teachers of elocution or eloquence. Priviledged to enchain attention or command silence, a glance is their exordium, a smile their peroration.

The following are the readings of the thermometer to-day at the Signal Office in this city: 7 a. m., 78; 11 a. m., 87; 3 p. m. 89. The maximum temperature to-day was 89 degrees, against 83 for the same day last year.

Two colored boys and one white boy were carried before the Mayor late yesterday evening for bathing in too public a place. His Honor gave them both a sharp reprimand and then allowed them to depart in peace.

George W Davids, Esq., of the great Ink firm of Thaddeus Davids & Co., 127 William street, New York, says: I was suffering from the pangs of rheumatic gout, (an inherited ailment), and St. Jacobs Oil cured me in twenty-four hours.

The Tarboro *Southerner* says: Capt. John Barry, of Wilmington, is the contractor for the construction of the Halifax and Scotland Neck Railroad. He commenced work on 1st August with sixty hands and says he will finish in 60 days.

Weldon *News* says: J. W. Lynch, who heretofore has been in the office of the Wilmington road at this place, has been transferred to the company's telegraph office at Wilmington, and Mr. N. M. Lockhart has been appointed by Judge Lynch, the agent here, as clerk in his office. It is not known whether this is a permanent arrangement or not though it is probable.

Virginia Military Institute.

We invite special attention to the advertisement of the Virginia Military Institute as it appears in this issue of the REVIEW. There are many facts of interest in connection with this institute, some of which we will present here: It was established more than forty years ago after the general plan of the United States Military Academy at West Point. It is open to Cadets from every State in the Union. The graduates who are State Cadets of Virginia, are required by law to teach in the State for two years after graduation. Over 1,200 Cadets have graduated there, of whom over 250 have been killed in battle, and many have become distinguished as soldiers, as engineers, and in other professions. Three of its Professors were killed in battle—Jackson, Rhodes and Crutchfield. M. F. Maury died while a Professor of this School. So high is the repute of this School, that before the graduation of the class of this year, every graduate was bespoken for service as Assistant Engineer by two eminent Chief Engineers of great railroads now under construction, and every young fellow carried off with his diploma assurance of immediate employment, at a salary of $75 to $100 per month. The Chief of the New York Signal Service also applied to the Superintendent for a graduate of this class, at a salary of $1,100 per annum.

The vote of Masonboro township has not been sent in. Yesterday up to 1 o'clock only 15 votes had been polled.

The State has undoubtedly gone against the bill, and that by a very large majority. The returns seem to come in very slowly, as the following, which we received from Raleigh at 4 o'clock this afternoon would indicate. It is impossible to calculate as yet with any correctness, what the majority against the bill will really be.

Honorary Aids to the Governor.

At the unveiling of the Caswell Monument, at Kinston, N. C., on Wednesday last, Capt. Gabrielson, Lieutenant Munger and Second Assistant Engineers Weber and Hall of the revenue cutter *Colfax*, acted as honorary aids on the Governor's staff by special invitation of His Excellency, Gov. Jarvis. The officers of the cutter appeared in their uniforms and went from Beaufort in the special car which carried the Governor and his staff.

Criminal Court.

The Court was engaged all the forenoon in trying the case of the State against K. Peterson, charged with assault and battery. The Court sat until 2:15 this afternoon, at which time the case was given to the jury, and the Court took a recess until 3 o'clock. At half-past 2 o'clock the jury returned a verdict of guilty. At 3 o'clock the regular docket was proceeded with, and the case of William Williams and Henry Neill, colored, charged with larceny, was taken up and at the time of closing our report was still on trial.

The case of John McKoy, colored, charged with incest, will probably be called for trial this afternoon, if the previous case of Williams and Neill can be disposed of in time.

The Dental Association.

ASHEVILLE, N. C., July 29, 1881.

EDITOR REVIEW:

Dear Sir—Asheville is now filling up very rapidly with visitors from almost all over the country, and the hotels are fast being filled. It would be impossible for one to judge any thing like accurately of the number of visitors. Every train and every stage that arrives here is loaded down with human freight. The day your correspondent came over here there were fifteen passengers on the stage, six ladies and nine gentlemen. The ride through country, over mountains and valleys, is to say the least enchanting, and North Carolina should indeed be proud of her beautiful scenery. Nature seems to have tried herself to see how beautiful and grand she could make Western North Carolina, and in addition to this, she furnishes us with such pure and invigorating air; it infuses new life in us the moment we begin to inhale it. To those of us who have been pent up at our homes away from the sea shore and mountains it is like "cold water to a thirsty soul."

The N. C. Dental and Southern Dental Association met here in joint session on Tuesday, July 26th, and a handsomer body of men never before graced the floors of the Court House building. Every Southern State, including Maryland and the District of Columbia, was represented. The meeting was harmonious and pleasant in the extreme, as well as being interesting and instructive. Several very carefully prepared papers on different subjects pertaining to Dentistry were read and received high encomiums. Dr. J. D. Clarke, of Newbern, read a paper on Dental Chemistry, as also did Dr. I. N. Carr, now of Tarboro. Dr. E. L. Hunter, of Enfield, N. C., read a very instructive paper on Operative Dentistry; Dr. Winkler, of Georgia, and Dr. Walker, of Alabama, I believe, read interesting papers on Dental Hygiene. Dr. Chislow, of Tuscaloosa, Alabama, and Dr. Isaih Simpson, of Charlotte, read papers on Dental Chemistry and Therapeutics, together with others whose names I cannot now recall, by whom papers on Dental Physiology and Pathology, Mechanical Dentistry &c., were read. All these were ordered printed, and made the property of the Society.

On Thursday night a banquet was tendered the Southern Dental Association by the North Carolina Association, and a more elegantly prepared supper your correspondent never sat down to. Toasts were offered and responded to. Judge McKoy, of the Superior Court, who was one of the invited guests at the request of Dr. Carr, responded to to toast the to North Carolina, offered by Dr. Ford, of Macon, Georgia. It was done in his usual happy manner, and elicited great applause. Toast "The Ladies of North Carolina," was responded to by Dr. R. Finley Hunt, of Washington City, in a very happy manner. The Press, was responded to by Mr. Furman, of the Asheville *Citizen*, in a very pleasing and happy manner. Many other toasts were offersd and responded to by the different members of the Association present, but time does not permit of a more extended letter. At half-past one that night all left the spacious dining hall to seek old Morpheus. Long live the North Carolina and Southern Dental Associations, and may their meetings at Salem, N. C., and Baltimore, Md', respectively, next year, be as pleasant and instructive as they were here. I.

The Market Cart Nuisance.

The charge of His Honor Judge Meares to the Grand Jury on yesterday—which was published in our last issue—relative to the market cart and huckster nuisance, meets with very general commendation. We were told by Market street merchants that the nuisance alluded to was detrimental to their business. It is to be hoped that the nuisance will be abated, even if it has to be done by the county courts, instead of the city authorities, whose duty it is to regulate all such matters.
