We have all sorts of weather now. Last evening it was warm enough to sit in the house without a fire; at the same the wind blew at a lively gait from the Southwest and the lightning flashed in the Southeast. At 10 o'clock it rained a little and the stars shone out at the same time. At midnight it was real warm and at daylight it was real cold, the wind having shifted around to the North.

Confirmed.

The favorable impression produced on the first appearance of the agreeable liquid fruit remedy Syrup of Figs a few years ago has been more than confirmed by the pleasant experience of all who have used it, and the success of the proprietors and manufacturers, the California Fig Syrup Company.

Polic Arrests for November.

The police record shows $302.65 collected for fines during the month of November in the City Court. The pound fees for the same time amount to $12.75.

The total number of arrests during the month were 121—whites 49; colored 78.

Eight places of business were found open at night by the police, and three alarms of fire were reported.

To Sail on Saturday.

Mr. Isaac Bates, President of the Bank of New Hanover, left here last night at 12.01 o'clock for New York from whence he will sail on Saturday for Europe. He is accompanied by his wife and eldest daughter and will be absent about two months. Mr. Bates' health has not been good of late, in consequence of too close application to business and this trip is made for rest and recuperation.

Boys Bolt With Books.

Wm. Loftin, a colored boy, was arrested last night by police officer Hall on suspicion of having stolen a number of books which he was offering for sale to persons on the street. The boy had seven books which it was afterwards ascertained were stolen from Mr. P. Heinsberger's store yesterday afternoon. Loftin was locked up at the City Hall, and the case was to have been investigated this morning by the Mayor but was postponed until to-morrow. Others are implicated besides Loftin.

George Wilson's Minstrels.

There is to be a good thing at the Opera House on Saturday night in the shape of George Wilson's Minstrel Troupe. It is said to be a good thing and as our people are partial to entertainments of this character it will probably draw well. There is nothing, we are told, in the entertainment that is in the least degree offensive and the ladies therefore turn out to see the troupe wherever they appear. Their stay here is for one night only. The box sheet will be opened at Mr. Yates' to-morrow morning, where seats may be secured.

Leading authorities say the only proper way to treat catarrh is to take a constitutional remedy, like Hood's Sarsaparilla.

Forecasts.

For North Carolina, continued cold and fair weather.

Local forecasts, from 8 a. m. to-day for Wilmington and vicinity, fair weather and colder to-night.

The Standing Committee.

The Standing Committee of the Diocese of East Carolina met here last night. There were present Rev. Jos. C. Huske, D. D., of Fayetteville; Rev. James Carmichael, D. D., and Rev. Robert Strange, of Wilmington; and Dr. A. J. DeRosset, and Mr. George Roberts, of Newbern. They gave their consent to the appointment of Rev. Merritt Jackson, of Richmond, to be assistant Bishop of the Diocese of Alabama and also adopted the resolutions relative to Bishop Watson's return to the city, which are published elsewhere.

The Services and the Reception.

Bishop and Mrs. Watson arrived in the city last night and to-day the thanksgiving services were held, as announced, in St. John's Church. The service was beautiful and impressive. The sermon was preached by Rev. J. C. Huske, Rector Emeritus of St. John's Church, at Fayetteville. Dr. Huske spoke of the duties of a bishop to his people and of a people to their bishop and then warmly welcomed Dr. Watson back to the city. He also read the following resolutions, which were adopted at a meeting of the Standing Committee of the Diocese, held last night:

Resolved, That we, the members of the Standing Committee, do tender to the Rt. Rev. A. A. Watson, D. D., the honored and beloved Bishop of our Diocese, our most hearty congratulations upon the safe return of himself and wife from their journey abroad; with devout thanks to our Heavenly Father for His merciful protection of them, and with humble prayers that renewed health and strength will be given him for the continuance of his work in his Diocese, for the glory of God and the good of His Holy Church.

Resolved, That this committee gratefully accepts the invitation of the Rector and congregation of St. John's Parish to attend in a body the reception to be given by them to Bishop Watson on the 4th inst., and that the President be requested to present to the Bishop on that occasion the foregoing resolution, accompanied by an address of welcome back to his Diocese, on behalf of this committee and of the church people of his see city.

The music was very fine, and was rendered by a double quartette. It was only church music, it is true, consisting of the simple service of the prayer book and the hymnal, but it was grand and beautiful in the extreme in its magnificent vocalization.

From 12 to 2 o'clock a reception was held by the Bishop and Mrs. Watson at the Rectory, where a great many called to shake hands with them and to welcome them back to the old sandhills of Wilmington.

The Smith Suit.

The Smith trial is still on at Raleigh. It is evidently a muchly mixed case. The amount involved is property worth from $40,000 to $50,000. The store at the Southeast corner of Market and Front streets with the buildings attached and running to the alley on the South is a part of the property. This and eight other buildings have been offered at auction under authority of the administratix, as appointed by the Court, but the sale of none of it has been consummated because of the doubt hanging over the title. The matter has now been brought to a focus and the rightful heirs will soon be made known.
