LETTER FROM WASHINGTON.

Ins and Outs of the United States Senate—The Retiring Senators, the Expectants and the Coming Contests for Seats—Interesting Reviews and Prognostications—The Jefferson Davis Case in the Supreme Court—The Tariff Bill—New Year's Day Observances in Washington—General Grant and President Johnson.

WASHINGTON, December 28.

On the 4th of March next the terms of the following Senators expire: J. A. Bayard, of Delaware; Charles R. Buckalew, of Pennsylvania; Zachariah Chandler, of Michigan; John Conness, of California; James Dixon, of Connecticut; Jas. R. Doolittle, of Wisconsin; Geo. F. Edmunds, of Vermont; F. T. Frelinghuysen, of New Jersey; Jno. B. Henderson, of Missouri; Thos. A. Hendricks, of Indiana; Edwin D. Morgan, of New York; Lot M. Morrill, of Maine; David T. Patterson, of Tennessee; Alexander Ramsey, of Minnesota; Wm. Sprague, of Rhode Island; Wm. M. Stewart, of Nevada; Charles Sumner, of Massachusetts; Thos. W. Tipton, of Nebraska; P. G. Van Winkle, of West Virginia; Benj. F. Wade, of Ohio; A. S. Welch, of Florida, and Wm. Pinkney Whyte, of Maryland.

Of these twenty-two Senators, only two, so far, have been re-elected, Messrs. Edmunds and Sprague, both radicals. In California, Eugene Casserly, conservative, has been elected to succeed Mr. Conness, who is a radical; in Connecticut, Ex Gov. Buckingham, radical, has been elected to succeed Mr. Dixon, conservative. Mr Patterson, of Tennessee, conservative and son-in law of President Johnson, will be succeeded by Parson Brownlow. Ohio will exchange Ben Wade, radical, for Judge Allen G. Thurman, conservative, and Maryland Wm. Pinkney Whyte for Wm. T. Hamilton, both conservatives. The Florida Legislature has elected Abijah Gilbert to succeed M. A. S. Welch. The latter gentleman, although he has been representing Florida in the Senate for the last six months, has never given up his residence in his own State of Iowa, where he will return, after the 4th of March, to take charge of the State Agricultural College. He is the only carpet bag Senator who goes out with this Congress.

The Legislatures of fourteen of the States have yet to fill the vacancies which will occur, the election in all of which will take place in the month of January. The following named Senators will, it is thought, certainly be re-elected, as there is no serious opposition to them in their respective States: Messrs. Bayard, Chandler, Stewart, Sumner and Tipton. Owing to the adverse fortune of politics the following Senators will have, *nolens volens*, to shake off their feet the dust of the Senate chamber the day that General Grant is inaugurated, the Legislatures of the States being now politically opposed to them—Messrs. Buckalew, Doolittle, Frelinghuysen and Hendricks; of these only one is a radical, Mr. Frelinghuysen. For Mr. Buckalew's vacant seat it is thought now that ex Governor Curtin has the best chance. Mr. Matt. H. Carpenter will very probably step into Mr. Doolittle's shoes, and no one doubts that the Legislature of New Jersey will supply Mr. Frelinghuysen's place with John P. Stockton, who was so wrongfully ousted from his seat by the Senate in 1865. There are a number of radical contestants for the honors so worthily worn by Mr. Hendricks for six years, but the fight has not yet assumed a sufficiently definite shape to indicate the coming man.

In West Virginia it is understood that Mr. Van Winkle will not be a candidate for re-election. The Legislatures of the States represented by Messrs. Henderson, Morgan, Morrill and Ramsay are in political accord with them, but there is a bitter opposition to them in their own party.

The best informed here say that there is no question about the defeat of Mr. Henderson in Missouri on account of his impeachment record, and that Gen. Carl Schurz has the best chance of being his successor. Mr. Henderson, however, is still full of fight, and refuses to give it up. In New York there is a very influential clique working against Governor Morgan, whose great argument is that he cannot talk, and that the great State of New York ought not to have a "dummy" in the Senate. It was this same cry which killed off Judge Harris two years ago, and secured the election of a "talking man," (too much so,) Roscoe Conkling, in his place. But the Morgan combination is wealthy and powerful, and his friends here are ready to bet that he will yet win. In Maine, Mr. Morrill will have to encounter Vice-President Hamlin, who is a foeman worthy of his steel.—The odds here are two to one on Hamlin.

The most stubborn contest of all, though, will probably be in Minnesota. Here the Donnelly and Wilkinson cliques will dispute every inch with Mr. Ramsey. Donnelly is as obstinate as a mule and as tenacious as a bull-dog. Failing last fall to receive the radical nomination for the House, he ran as an independent candidate, and was thus the means of electing a democrat. He has no hopes of securing the Senatorship himself, but only desires to defeat Ramsey, even at the expense of getting a democrat in. Mr. Wilkinson has been elected to the next House, but he has been in the Senate once before, and would prefer to return there, and, being an adroit politician, his friends have great hopes of his success. That Mr. Ramsey will have a tough time in getting back looks very likely, but he is full of confidence, and those who know what an accomplished wire worker he is, think he will be hard to beat. During the Taylor campaign he was chairman of the whig State committee of Pennsylvania, and Gen. Taylor recognized his services by sending him out to Minnesota Territory as Governor and Indian agent, and he has since filled every position of profit or consequence in the gift of the State. He left to night for the seat of war, and will not return until victory (or defeat) perches upon his banner.

The Supreme Court re assembles early in January, and it is suggested that Mr. Davis return at once and be surrendered by his bail. He will then be committed to custody, and a writ of habeas corpus will then be applied for to the Supreme Court, and the discharge of the prisoner be asked for on the ground that the amnesty extended by the President releases him from all liabilities, and letters have already been sent to him to England urging that he allow his case to be made the test, in order to discover the true weight of the President's proclamation.

The tariff bill, which was pending in the House at the adjournment, will, soon after the reassembling, be re-committed to the Ways and Means Committee, for the reason that in its present shape it is not certain of passing. It does not yet contain "protection" enough, and several of the interests which have been left out in the cold have combined to stave it off until they are represented. Upon the re committal of the bill new clauses will be added to obviate this little difficulty.

A delegation of colored men from Georgia have recorded themselves at the rooms of the Union Congressional Committee. They come here to protest against the admission of Messrs. Hill and Miller to the Senate, although disclaiming any personal objection to either of those gentlemen.

On New Year's day it is the custom for all the officers of the army in the city to call on the President in a body, with the senior officer in command here at the head. General Grant is not only the head of the army, but is the senior officer in command here, his headquarters being at Washington, and much curiosity has been manifested as to the course he will pursue on next Friday. It is known that he and Mr. Johnson have never spoken since the famous correspondence which grew out of General Grant's surrender of the war office to Mr. Stanton, and the wonder is whether General Grant would make any advances toward reconciliation, although many contend that the mere observance of the official etiquette which always prevails on the occasion would involve no necessity of further intercourse with the President. It seems, however, that General Grant considers a meeting between him and the President under any circumstances would be awkward, for it is learned to night that he does not intend to go to the White House until he enters as lord and proprietor on the 4th of March.

COME TO

A. CREECH'S!

For Ladies' Goods! For Gentlemen's Goods! For Misses' Goods! For Boys' Goods! Ditto for Children!

MY STOCK IS LARGE AND VERY COMPLETE. Allow me to say that you see some very strange advertisements. Some say they bought goods before the rise—some after the decline—some just in time—some in luck again—some buy goods cheaper than anybody else—some selling goods at unprecedentedly low prices—some controlling the trade &c, &c, and all such stuff. What a lucky set of individuals!

Now just let ME tell you, that there is more humbug than poetry in all this. Don't every man, woman and child know that it is humbug—large enough to be seen even with one eye shut? So let them talk, puff and blow, but STOP, LOOK OUT! HANDS OFF! and show your good judgment by

COMING TO CREECH'S

to buy your goods. I intend to run through this campaign with my motto, to give each and every individual value received for their support!

A fine opportunity for the ladies to exercise their inalienable rights, as well as the gentlemen. Don't stop until you COME TO CREECH'S. You will find me at E. Smith's corner, attending to my business, always ready to give you the worth of your money.

LIFE INSURANCE.

The Most Vigorous and the Most Liberal Insurance Company in the Country.

BROOKLYN LIFE INSURANCE COMPANY,

141 Broadway, N. Y.

ASSETS OVER

$1,000,000!

CHRISTIAN W. BOUCK.....President.
ABRAM D. POLHEMUS.....Vice President.
WILLIAM M. COLE.....Secretary.
D. P. FACKLER.....Consulting Actuary.
DANIEL AYRES, M. D., I.L.D.....Med. Examiner.

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS!

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the MOST LIBERAL Life Insurance Company in the United States, are:

1st. TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over, without extra premium or special permit.

2d. A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. P. Fackler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

ÆTNA

LIFE INSURANCE COMPANY,

HON. E. A. BULKELEY, President,
AUSTIN DUNHAM, V.-Pres.
T. O. ENDERS, Secretary.
H. W. SrJOHN, Actuary.

SUMMARY OF BUSINESS FOR 1867.

Total Assets, over	$10,000,000
Policies Insured in '67,	15,251
Am'nt Insured, nearly	$45,000,000
Policies Average "	3,000
Receipts for 1867,	5,129,447
Surplus for Dividends,	2,000,000

Dividend Fifty per cent.

Receipts for Interest Nearly Paid Its Losses.

It has $130 Assets for every $100 Liabilities.

Its premium receipts at the present time are nearly HALF A MILLION DOLLARS per month and are rapidly increasing.

The growth of the Ætna has never been equaled by any other Company whatsoever, in Europe or America.

Particular attention is called to the fact that while its business is increasing unprecedentedly, its ratio of expenses is comparatively small.

ECONOMY of management, CARE in the selection of risks, *promptness* in the payment of death claims, and *security* in the investment of its immense Trust Funds, are rigidly adhered to, and have ever characterized this Company.

The ÆTNA issues all the favorite kinds of Policies at the most favorable rates.

The ÆTNA issued last year more Endowment Insurances than any other Company.

The ÆTNA'S ratio of expenses, or cost of new business is less than any other Company whatsoever, and less than *two-thirds* of the average.

The ÆTNA is as liberal in permits to travel, in all parts of the world, as a sound discretion will warrant, and is much more liberal than any other prominent Company.

ANNUAL INCOME over $6,000,000.

The only Company that has the Low Participating Non-forfeitable Term Insurance with privilege of renewal. Ex. of rate at age 30 $14 67, which is nearly 40 per cent. lower than any other leading Company. Also

Non-forfeiting cash rates with dividends on contribution plan and payable at the end of the first year.

Description of Policies.

First—Whole Life Policies.

Second—Endowment Policies, for terms of ten fifteen, twenty, twenty-five, thirty, and thirty-five years.

AGES.

Insurance will be granted at all ages from fifteen to sixty years.

PREMIUMS.

Premiums are payable annually during the continuance of the insurance, or annually during a period of five, ten, fifteen, or twenty years within the insurance term, or by single payment.

DIVIDENDS.

All Whole Life and Endowment Policies issued at the rates published herewith, will participate in the surplus from the date of issue.

The dividends will be declared and paid annually upon the contribution plan, and may be applied as the assured shall elect, either to reduce future premiums, or to increase the Cash Value of the Policy.

If no election be made the dividends will be added to the Cash Values.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid in cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income, until death, unless he shall have previously received full payment of the Policy.

Dividends on paid-up Policies—that is, Policies which require no further payment of premium to continue them in force for the original amount of insurance—will be paid in cash upon demand.

NON-FORFEITURE RULES.

No whole Life or Endowment Policy, on which two or more annual cash premiums have been paid, shall be forfeited by failure to make further payment as stipulated therein, but will continue in force for the full amount which the Cash Value and dividends, then accumulated, will purchase, taken as a single net premium, upon the "Actuaries" rate of mortality and four per cent. interest; and the amount continued in force will generally exceed the aggregate of the payments actually made, extra charges excepted.

A Most Wonderful and Successful Invention!

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC CLOTHES WASHER AND BOILER.

Awarded the highest Testimonial wherever Exhibited.

Rev. M. W. STARNES, Inventor and Patentee.

THIS BOILER is self-acting, and dispenses entirely with labor and the toil of washing. The hot suds and steam, by the action of fire, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing it perfectly without any rubbing. It has been thoroughly tested, and pronounced unequalled as a clothes washer, by those who have used it.

All fabrics, from the finest lace to the heaviest blanket can be washed perfectly and with ease and without the aid of the rubbing-board. For Planters it is invaluable, as the washing, rinsing and preparing process must necessarily full from more or less.

It is truly a labor and time-saving invention. Washing will no longer be a drudgery, and washing day no longer a terror and a dread to housewives.

The invention can be used in any boiler, and the low price of the article places it within the reach of every family.

The saving in the wear of clothes will soon pay for the outlay.

It is estimated that 200 to 300 gallons of boiled suds pass through the clothes in thirty minutes; this being the longest time required for cleansing a boiler full of clothes.

Hundreds of these Boilers are being sold each week, giving perfect satisfaction.

Every Boiler sold guaranteed to do all we claim, or money refunded.

Can be seen in full operation at Lougee & Brother's.
