Special Notice.

We would respectfully call the attention of our patrons to the fact that we are required to settle promptly for our papers every Saturday, and to enable us to do this requires the promptness on the part of our subscribers.

We beg, therefore, that the city subscribers to the STAR will have the money ready for the collector when called for. Having so many to call on, it is a serious inconvenience and loss for us to have to send more than once for so small an amount.

Throwing Stones.

Christian Newton, colored, was arrested on Tuesday, by Constable Hill, charged with throwing stones in a house on Third street, occupied by colored people, on Monday night, and threatening the lives of the inmates. The case came up before W. H. Merrick, J. P., yesterday, who required the defendant to give bond in the sum of $100 to keep the peace for twelve months.

Ducks vs. Ducking.

Two of our citizens went out ducking on Monday and met with a success far beyond their expectations. They came up with a large flock just below the Messrs. Kidders' mill and both fired on them at the same time and from the same side of the boat. Unluckily, the guns "kicked" badly and the rebound sent them both overboard and their guns to the bottom of the river. They lost their *ducks*, but got a first-class *ducking*.

Indestructible Tag.

The Indestructible Tag is a great convenience to merchants. It answers the combined purpose of a direction label and business card. Call at the STAR Printing and Publishing House and supply yourselves. tf

Inspectors.

The following persons have qualified as Inspectors under the new law recently passed by the Legislature. We judge that there will be no lack of Inspectors by this time the list is complete: George Hooper, Eastwood Turlington, O. S. Yarborough, John R. Smith, James Alderman, John W. Munroe, Alfred Alderman, John C. Bowden, John S. James, W. A. Martin, George H. Kelly, John W. Brown, colored, James Wise, colored, Wm. H. Thurbur, colored, and Chas. Sutherland, colored.

— Next Monday is the time for the regular monthly meeting of the Board of County Commissioners. It is probable, however, that an adjournment will be had until some other day.

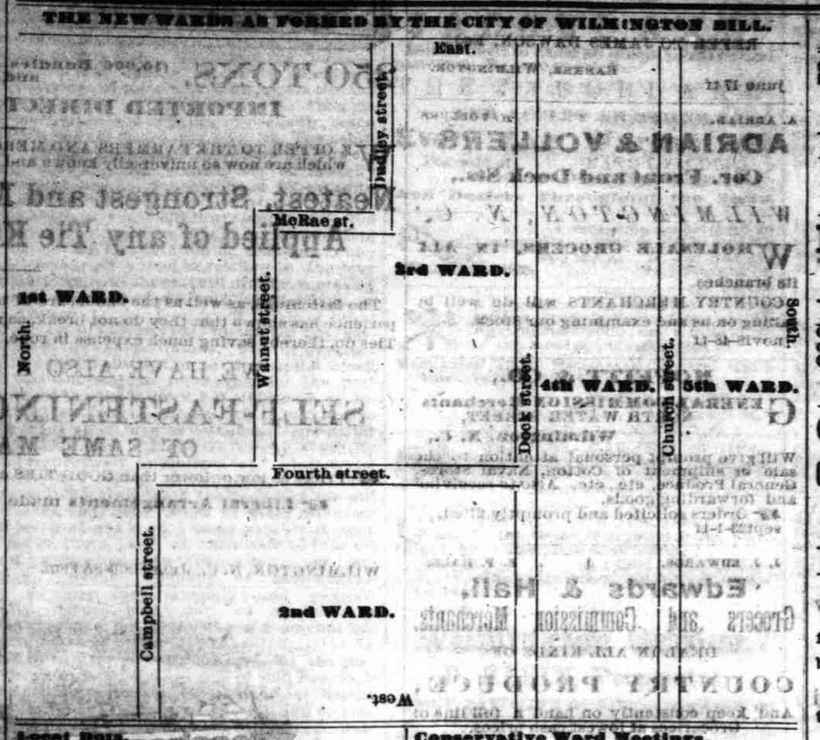
Wants.

If you want a clerk, bookkeeper, salesman or porter, advertise in our new department, under the head of "Wants," at half our regular rates, for advertisements not exceeding five lines. tf

MORNING STAR.

Vol. VII—No. 33. WILMINGTON, N. C., THURSDAY, DECEMBER 29, 1870. Whole No. 1,020

THE NEW WARDS AS FORMED BY THE CITY OF WILMINGTON BILL.



Scott Dots.

— Business on the wharf is improving.

— Registration commences to-morrow.

— The street cars were doing a good business yesterday.

— The police arrests lately have been few and far between.

— Three more days of 1870 and the New Year will commence.

— Our municipal election takes place on Monday, the 9th of January.

— The excitements incident to Christmas are rapidly "tapering down."

— There was no session of the City Court yesterday, there being no cases for trial.

— Regular monthly communication of St. John's Lodge No. 1, this evening, at 7 o'clock.

— On and after January 10th passengers going South will take the train at the Union Depot.

— The sailer (Paddy Green) who was arrested on Tuesday for being drunk on the streets, was released yesterday.

— The second quarter of St. Paul's Institute and Academy of Music will commence on Tuesday, the 3rd of January.

— Our list of State exchanges has been rather limited for the past few days on account of the holiday suspensions.

— Col. S. D. Pool, a veteran of the press, has again assumed connection with the Newbern *Journal of Commerce* as Editor-in-Chief.

— Our thanks are returned to Mr. T. M. Harris, of the Front street News Depot, for copies of the last New York *Ledger* and *Chimney Corner*.

— The Conservative ticket for Aldermen is now complete, with the exception of the First Ward, and the work of electioneering will commence.

— A passenger by last night's train informs us that Neuse river was frozen over opposite Newbern, on Monday last, for the first time in fourteen years.

— Geo. W. Price, Jr., and Geo. L. Mabson will deliver eulogies on the life and character of the late Senator A. H. Galloway, at the City Hall on Monday evening.

— The Conservative Executive Committee will meet at Headquarters this evening at 7½ o'clock. The Challengers for the several Wards are earnestly requested to be present.

— Yesterday was intensely disagreeable, and last night witnessed no improvement, but for all that we saw many ladies on the streets, going to and returning from the various holiday entertainments.

— John Hewlett was arrested yesterday, by Constable Hill, charged with committing an assault and battery on the person of a white woman. Carried before Justice Merrick, who fined the defendant $1 and costs.

— Notwithstanding the inclemency of the weather there were several holiday festivals last night. The scholars of the Presbyterian Sunday School had a very pleasant affair at the City Hall, which was greatly enjoyed by the "little folks."

— Considerable inquiry is indulged in as to the purposes for which the Township taxes for 1870 of one-fifteenth of one per cent. (amounting to about $2,200) are levied. These taxes are now about to be collected and the public would like to know what they are for.

— We had the pleasure of a call, last evening, from Mr. Stephen D. Pool, Jr., until within the last day or two connected with the Newbern *Journal of Commerce* as Local Editor. Mr. P. is *en route* for New Orleans, where he proposes to reside, but he will still retain a business connection with the paper.

— Mr. Wm. A. Walker, so long and favorably known as the Treasurer of the old Wilmington & Manchester, and latterly of the Wilmington, Columbia & Augusta Railroad Company, has resigned and Mr. J. W. Thompson, equally well known as the Treasurer of the Wilmington & Weldon Railroad Company, has been selected to fill the vacancy.

— The students of Mr. Hinton's Academy had a gay season night before last. After the tournament they assembled within the walls of the Academy, where Master Henry E. Orr, the successful Knight, crowned Miss Annie M. Thompson as Queen of Love and Beauty, and among the Maids of Honor was Miss Ella Grant, who was chosen for that position by Master Delaney Evans. The happy company then engaged in dancing and spent some hours in tripping it on the light, fantastic toe and discussing creature comforts. It was altogether a pleasant affair.

Conservative Ward Meetings.

The Conservative voters of the Second, Third and Fifth Wards had meetings last evening and nominated candidates for Aldermen at the approaching municipal election. Those of the Second Ward met in the rooms over Mr. J. G. Bauman's store, corner of Front and Market streets. Col. E. D. Hall was called to the chair and Mr. Jas. G. Swnan acted as Secretary. The balloting for candidates resulted in the choice of Alex. Adrian, Esq., and Col. Roger Moore.

The voters of the Third Ward met in the rooms of the Conservative Executive Committee, in the *Journal* Building. Alfred Martin, Esq., was called to the chair, and Mr. C. W. Hawes was appointed Secretary. Messrs. R. J. Jones and Jno. G. Bauman received the nomination.

The voters of the Fifth Ward met at the Presbyterian School House on Wooster, between Fifth and Sixth streets. Mr. F. C. Cassidey was called to the Chair. The name of the Secretary we did not ascertain. Messrs. Wm. H. Biddle and Isaac W. King were the nominees.

The exceeding disagreeableness of the weather prevented a full turn out, especially in the Fifth Ward.

Board of Aldermen.

An adjourned meeting of the Board of Aldermen was held last night, but little business of importance was transacted. The only item made public is an order of the Board requiring the City Marshal to put the different registration and poll-holding places in proper condition, a sum not exceeding $25 being appropriated by the Board for the purpose.—Adjourned to meet next Wednesday evening, Jan. 4th.

Township Trustees.

The Township Trustees for Wilmington Township had a meeting yesterday.

Mr. John G. Bulkley was elected Clerk of the Board in place of Washington Howe, colored, who failed to give the necessary bond.

The matter of the Township tax for 1870, levied for Township expenses other than for School purposes, came up for consideration, and the Township Constable was required to give ten days' notice in the papers when and where tax-payers will find him to settle the same.

No other business of importance was transacted and the Board adjourned.

— See advertisement of "Clemmon's Stage," to run between the head of the Wilmington, Charlotte and Rutherford Railroad and Wadesboro' and Charlotte.

Important Enterprise.

The attention of the shiping public is called to the advertisement in another column announcing the fact that a first-class Passenger and Freight Steamer will soon be placed on the Pee Dee River, to make regular trips above and below the Railroad Bridge, running in connection with the Wilmington, Columbia and Augusta Railroad. This is a matter of great importance to the shipping interests and especially to turpentine men along the Pee Dee, and we hope soon to see the line in successful operation.

RIVER AND MARINE NEWS.

WEDNESDAY, Dec. 28.

— Nothing later from the Steamship Fairbanks disaster. The Agents will probably receive later advices by mail to-morrow.

— Intelligence was received here yesterday afternoon to the effect that a large vessel had gone ashore on New River Bar, but we were unable to gather any particulars as to her name, destination or probable fate, further than we have stated. We learn that the Revenue Cutter *Seward* has gone to her assistance.

MISCELLANEOUS.

TO PHYSICIANS.

NEW YORK, Aug. 15th, 1868.

ALLOW ME TO CALL YOUR ATTENTION TO MY

PREPARATION OF

Compound Extract Buchu.

THE COMPONENT PARTS ARE

BUCHU,
LONG LEAF,
CUBEBS,
JUNIPER BERRIES.

MODE OF PREPARATION.—Buchu, in vacuo. Juniper Berries, by distillation, to form a fine gin. Cubebs extracted by displacement with spirits obtained from Juniper Berries; very little sugar is used, and a small proportion of spirit. It is more palatable than any now in use.

Buchu, as prepared by Druggists, is of a dark color. It is a plant that emits its fragrance; the action of a flamed stroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates; the smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection, it will be found not to be a Tincture, as made in Pharmacopœa, nor is it a Syrup—and therefore can be used in cases where fever or inflammation exist. In this, you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation,

With a feeling of confidence,
I am, very respectfully,
H. T. HELMBOLD,
Chemist & Druggist, of 16 Years' Experience.

[From the Largest Manufacturing Chemist in the World.]

NOVEMBER 1, 1854.

"I am acquainted with Mr. H. T. HELMBOLD; he occupied the Drug Store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise."

WILLIAM WEIGHTMAN,
Firm of Powers & Weightman,
Manufacturing Chemists,
Ninth and Brown streets, Philadelphia.

HELMBOLD'S FLUID EXTRACT BUCHU

IS THE GREAT SPECIFIC FOR UNIVERSAL LASSITUDE, PROSTRATION, &c.

The constitution, once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. If no treatment is submitted to, Consumption or insanity ensues.

HELMBOLD'S FLUID EXTRACT OF BUCHU,

In affections peculiar to Females, is unequalled by any other preparation, as in Chlorosis, or Retention, Painfulness, or Suppression of Customary Evacuations, Ulcerated or Schirrus State of the Uterus, and all complaints incident to the sex, or the decline or change of life.

Helmbold's Fluid Extract Buchu and Improved Rose Wash

Will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure, completely superceding those nauseous and dangerous remedies, Copaiva and Mercury, in all these diseases.

Use Helmbold's Fluid Extract Buchu

In all diseases of these organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any of the preparations of Bark or Iron.

Those suffering from broken-down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.

All the above diseases require the aid of a Diuretic. HELMBOLD'S EXTRACT BUCHU is the great Diuretic.

Sold by Dauggists everywhere. Price—$1 25 per bottle, or 6 bottles for $6 50. Delivered to any address. Describe symptoms in all communications.

THE MEDICINE OF THE PERIOD!

Recommended and Endorsed by over

SEVEN HUNDRED DOCTORS.

KOSKOO!

AS A

Liver Invigorator,

STANDS UNRIVALLED!

Being the only known Medicine that positively eradicates the deep-seated diseases of the Liver, without debilitating the System.

SYMPTOMS OF LIVER COMPLAINT, AND SOME OF THE DISEASES PRODUCED BY IT.

A SALLOW or jaundice color of the skin, or yellowish-brown spots on the face and other parts of the body; dullness and drowsiness, sometimes headache; bitter or bad taste in the mouth; internal heat; in many cases a dry, tessing cough; unsteady appetite; sometimes a sour stomach, with a raising of the food; a bloated or full feeling about the stomach and sides; aggravating pains in the sides, back, or breast; and about the shoulders; constipation of the bowels, piles, flatulence, coldness of the extremities, &c.

The Liver is one of the most important organs of the body, and the whole process of digestion and assimilation depends upon a healthy performance of its functions. When it becomes deranged, and fails in its healthy action, these important functions in the animal economy are interrupted, and in addition, the bile, being crowded back, is reabsorbed and carried into the blood, poisoning its life giving qualities, giving rise to sallowness of the complexion, Biliousness, Jaundice, Headache, Despondency, and the whole train of Hypochondriac feelings. As the bile is the natural purgative by which the bowels are stimulated to carry off the excrementitious matter, if there is a deficient secretion of the Liver, costiveness results, and in its turn aggravates all these various disorders. Under these circumstances, if the Liver is not stimulated to healthy action by anything, mild remedies, it becomes swollen and engorged, and inflammation is set up. Dr. LAWRENCE'S Koskoo has a direct and powerful action upon the Liver, and will with great certainty relieve torpidity and congestion of this important viscera, and on this account is superior to any other medicine yet brought to the notice of the public. In these various derangements of the Liver a full dose of the Koskoo should be taken regularly, with a view to its alterative effect upon the Liver, gradually restoring it to its former healthy action.
