He has accordingly done so. Professor J. B. Brewer will be Principal of the Female Department at the Seminary, and Pro. J. H. Foy, of the Male Department, at the Institute.

Murder, Remorse and Suicide.

In Point Coupee parish, La., a few days since, David Gay, Jr., a planter, becoming engaged in an altercation with one of the colored hands on the place, whom he had previously ordered to leave the plantation, and being so much exasperated at finding the man in the field among the other hands, in defiance of his authority, drew his revolver and shot the man dead, and immediately afterwards, as if actuated by remorse for having taken the life of a fellow being, he placed the weapon to his own head and shot himself, but the first shot having failed to extinguish life he fired a second shot, which took effect in his brain, and he fell a lifeless victim by his own hand within a few feet of the man he had just slain.

Pigeon Shooting Match in England—Success of A. H. Bogardus Over the Champion of England.

LONDON, July 7, 1875.

A pigeon shooting match between A. H. Bogardus, of the United States, and George Rimmel, the champion of England, took place to-day at Hendon, and was won easily by the former. The provisions of the match were that each man should shoot at 50 yards, 30 yards rise, from five traps five yards apart. Bogardus killed 36 birds to his opponent's 30. A large crowd had assembled to witness the contest, and much enthusiasm was evinced. Bogardus championed all England to shoot against him.

Temple of Israel—Laying the Corner Stone.

The ceremony of laying the corner stone of the new Jewish synagogue, the handsome structure now in course of erection at the corner of Fourth and Market streets, will take place on Thursday, the 15th instant. Gov. Brogden, ex-Gov. Vance and other prominent gentlemen have been invited to be present. The construction of the temple is under the supervision of the building committee of the Jewish congregation of this city. No pains will be spared to make the occasion a fit celebration of the laying of the corner stone of the first synagogue ever built in this State.

The following will be the programme of exercises on the occasion. The procession will be formed, under the command of Mr. Sol. Bear, chief marshal, in the following order:

Death of Captain Woods.

The flags of the shipping in port were yesterday at half-mast in consequence of the death of Capt. E. G. Woods, of the steamship *Benefactor*, of the New York line of steamers.

Capt. Woods, it seems, had one of his legs so badly crushed on board of his steamer in New York harbor on Tuesday last by the fallowing of an anchor upon it that the limb had to be amputated. Capt. Woods, on account of the shock caused by the operation, did not survive it but a few hours, dying on Wednesday morning. He was quite popular in this section and was regarded as an able shipmaster as well as a courteous gentlemen.

Superior Court.

The following cases were disposed of yesterday by this tribunal:

State vs. Wm. Stecher *alias* Wm. McNeil—for larceny. Verdict guilty. Judgment suspended on payment of costs and defendant ordered to give bond of $100 for good behavior.

State vs. Ned Gause, for larceny. Jury out.

Larry Fisher was ordered to give bond for his appearance this morning to answer to the charge of contempt of Court.

Good Crops.

We learn that the crops in Richmond county, are exceedingly promising at this time, for this season of the year. The same may be said as to all the country on the South Carolina border, between the W. C. & A. and the C. C. Railways. With a continuation of good seasons as has been the case during the first part of the year, the farmers anticipate fine yields.

City Court.

The following cases were disposed of at this tribunal yesterday:

Wesley Poe, disorderly conduct, cursing and abusing citizens. Fined $20 and costs.

Pat Malloy was arraigned for disorderly conduct and fined $20 and costs, or to work 30 days on the streets.

Caught in the Act.

A little colored girl was yesterday detected in the act of taking a copy of the STAR from the front piazza of a residence. The would be thief was just entering the gate when an inmate of the house picked up the paper, and the girl said: "What did you take that paper for? I just cum after it."

Heavy Rains.

One of the heaviest rains known to any of the residents of Laurinburg, Richmond county, fell in that section on Wednesday night, from 9 until 12 o'clock. Bridges and fences were washed away, mills were injured and in many places crops were materially damaged.

Range of Thermometer.

The following was the range of the thermometer at the Signal Bureau, in this city, yesterday:

7 A. M., 78; 12 M., 86; 2 P. M., 85; 4:30 P. M., 84; 9 P. M., 77.

THE HARPER CASE.

Verdict of "Not Guilty"—The Prisoners Still Retained in Costody.

The jury in the case of the State vs. William Fisher and John Fisher, arraigned for an assault with intent to kill G. W. Harper, rendered a verdict of "not guilty" yesterday morning at 7 o'clock as to the defendants, after having been out about eighteen hours.

When the Court convened at about 9 o'clock A. M., His Honor Judge McKoy, after hearing what the verdict was, ordered the Sheriff to call the jury, and on understanding from them what verdict they had rendered, he remarked that there never was a plainer case of guilt submitted to a jury for consideration; that society was not safe or secure when so flagrant a violation of the law was disregarded and the offenders let loose, unwhipt of justice. He ordered that the names of the jury be stricken from the jury list, adding the injunction that none of them should be allowed to act as jurymen, either as regular or tales jurymen. He further remarked that the jury were either incompetent to act or were corrupt.

Commissioner A. H. Morris was called in to state in what way the Board of County Commissioners selected the jurymen. He replied they were selected once in every twelve months, and always with a view to their moral character and good standing, so far as the commissioners were able to judge.

The Judge said that perhaps some of them would stand as a certain individual did some time ago when his general character was required to be stated by a witness, who said: "Judge, if that question was asked away down in Assrapin Neck he would have a very good charecter, but if required here he would have none at all."

The Solicitor asked to be allowed to call a witness to prove that communication had been had with the jury while they were deliberating upon the case. The request was granted, whereupon George Hewlett was sworn, and testified that signs and whisperings had been carried on with the jury by one Larry Fisher, a brother of the defendants. Larry Fisher was then ordered under a bond of $200, to await on investigation, in default of which he was sent to jail. A hearing of the matter will take place to-day.

The Solicitor also introduced a witness to prove that a member of the jury had taken a drink with one of the relatives of the defendants, whereupon His Honor ordered that member of the jury to stand up, when Merrick, the foreman, responded, explaining that he had met a relative of the defendants after the jury had been empanelled, and before any evidence was heard, and had taken a drink with him, but at the time he did not know who the man was.

We are fully satisfied that the conduct of the Judge will and does meet with the hearty support and accord of all good citizens who are familiar with this transaction.

For the Star.

NEW ORGANIZATION.

It is in anticipation, says rumor, to raise a company of boys to be known as the "Bell Busters." No doubt is entertained as to their success in obtaining arms and equipments, and the organization is shortly expected to be ready for duty. Boys from 12 to 16 years are admitted and the number is unlimited. The first meeting of the company will be held for organization on Monday night, the 11th of July, in the Hall on the fourth floor Currie's Block.

It is thought this organization can do effective service and the boys should be encouraged in their undertaking. The music of cowbells is getting too loud in the city and the boys should be heartily cheered when they get on a *bust*. Some patriotic individual from Masonboro will contribute the ammunition, provided the clam-shoals don't fail in their crops before the organization. Go in boys and bust 'em, or—well, if you don't, and you do worse, the buzzards will flap their wings in your paise. Go in!

COPY OF TESTIMONIAL.—HANNIBAL, MO., May 30, 1874.—Messrs. J. & W. Tolley, 29 Maiden Lane, New York—*Gent.:* The 12 Gun which you built for me, No. 2093, has arrived safely to hand. Allow me to thank you for the fidelity with which you carried out my instructions. The general outline, beauty of proportion and excellent finish, are all that could be desired, and more than meets my expectations. I am more than ever impressed with the idea that it is as necessary for a man to have a gun built to measurement as to have a boot so built to ensure a good fit. The pattern 175 and penetration 40 are very superior. The pattern is as close as I desire, and the penetration I think is seldom attained, being far ahead of any public record which I have seen.

Respectfully Yours,
G. W. DORMAN.

DIED.

WILLIAMS—In this city, on 8th inst., at 9:45 P. M., of Consumption, Mrs. Nancy Williams, wife of Jas. S. Williams.
