# THE MORNING STAR.

VOL. XXVI.—NO. 97. WILMINGTON, N. C., WEDNESDAY, JULY 14, 1880. WHOLE NO. 4,029

## OUTLINES.

General Hancock's grandson died yesterday; in consequence, the visit of the committee of notification was purely formal; the letter of acceptance will be ready shortly. —— Dr. Tanner's condition yesterday was restless and feverish; he shows signs of weakness. —— Long Island visited by a rain storm of unusual severity; the town of Flushing damaged to the extent of $10,000. —— The Governor of New York refuses to interfere in Chastine Cox's case; he will hang Friday next. —— A theatre at Perpignan, France, destroyed by fire; several actors injured by jumping from the windows. —— Two thousand Turkish troops threw down their arms and clamored to be disbanded; their term of service had expired; they were arrested and locked up. —— Gen. Gonzales has been named for President of Mexico. —— The decision of the Berlin Conference was officially communicated to the Turkish Government yesterday. —— Two bales of new cotton are reported at Galveston, Texas. —— A commissary sergeant at Stockton committed suicide, —— Mocksville and Davie county, N. C., favor a subscription of $50,000 to the Virginia Midland Railroad. —— W. H. Barnum, of Connecticut, was elected Chairman of the Democratic National Committee, and Fred. O. Prince, of Massachusetts, Secretary. —— A Canadian steamer was sunk by collision with an American steam-tug; no lives were lost. —— Deficient wheat harvests in Russia. —— Numerous common law criminals have been released in France. —— The rye crops of Germany are poor. —— A bank president at Columbus, O., shot by a German whom he refused a loan; the latter then killed himself. —— Another South African war is threatened. —— Revenue officers in Georgia charged with the murder of citizens have been remanded to the U. S. Courts for trial. —— The French Jesuits will seek an asylum in Wales. —— The wheat crop of Illinois will be larger than ever before; corn will about equal last year's crop. —— New York markets: Money 2@3 per cent; cotton quiet at 11¼@12c; southern flour steady at $5 25@6 20; wheat heavy and 1@2c lower; ungraded red $1 12@1 20; corn ½@¾c lower and active, closing stronger; ungraded 46@49c; spirits turpentine firm at 27@27½c; rosin dull and unchanged.

The Hancocktail is now the popular appetizer, with a little English ale taken post-prandially.

Grant says he has no idea of voting for the hero of Gettysburg. He prefers one of the heroes of the 8.

We regret to see that the generous and charitable banker of Washington, Mr. W. W. Corcoran, is in a critical condition at the White Sulphur Springs.

The politicians of the country are calling upon Gen. Hancock daily, and it is a busy time with him. The great summer resort appears to be Governor's Island.

Whilst Wilmington was complaining on Saturday last of heat at 90, Baltimore ran off into grease at 97 in the shade. We would like to know how high it was on Sunday.

There is one encouraging financial view of Gen. Hancock's resignation as a Major General in the army. He gives up a salary of $9,000 per annum with a certainty of getting $50,000 after March 4, 1881. He can afford to resign.

The country will sympathize with General Hancock in the loss of his little grandson, who died yesterday on Governor's Island. He was named after the General, who is said to have been very much depressed by the sad event.

The population of North Carolina in 1870 was 1,071,361. We are now satisfied, judging from the increase in the counties thus far reported, that the census of 1880 will show at least 1,300,000 inhabitants, with a prospect of the number being 250,000 more.

The Radicals first said Judge Black wrote Gen. Hancock's famous orders and letter to Gov. Pease. Black nailed that lie. Now they say a Major Cox wrote them. Of course this obscure Maj. Cox is a greater man in Radical eyes than Major General Hancock.

The New York *Express* says Gen. Roger A. Pryor "made a magnificent speech" at a Hancock and English ratification meeting at Bergen, N. J., Monday night. Mr. A. H. Stephens made an enthusiastic Hancock speech at Augusta, Ga., Friday last. He said he had been working for his nomination for ten years. He will be a candidate for reelection if his constituents desire it.

The Charleston *News and Courier* shows from the public records of South Carolina that under Democratic rule in three years the people saved $2,293,968 by a simple reduction in the expenses of the government. It says:

"The amount of State taxes collected in each year is reduced, on an average, $764,656, making $2,293,968 in three years; and the amount collected on account of the State tax for each year is reduced, on an average, $708,671, making, in three years, $2,396,013. There is also a reduction in the county tax, outside of the special taxes, which taxes, as before mentioned, are to meet expenditures incurred by the people of the counties themselves, or to liquidate debts contracted prior to 1877, the larger part of which debts, we presume, was due to the people of the respective counties themselves. Judged, therefore, by the combined efficiency and economy of the State Government, the Democratic party have fulfilled every pledge they made before the election."

In the death of Col. Junius I. Scales, of Greensboro, which occurred in New York, of heart disease, on the 12th inst., North Carolina loses a faithful son, who in war and peace rendered true service. He was a brother of Gen. Alfred M. Scales, was born in Rockingham county in 1832, married Miss Henderson, of Granville, we think, and served two sessions in the Legislature. We learn from the Raleigh *News* that he was Colonel of the 30th Mississippi regiment. He was wounded and captured at Chickamauga. Immediately after the war he returned to his native State. He was a man of talents and a true man every way.

The men who shot so many times at Hancock in battle and could not hit him are now making their little bows. We never could manage that seemingly well authenticated incident of the Revolution in North Carolina, when a sharp-shooter took so many cracks with his rifle at Lieut. Col. Webster, of the British Army. It always struck us it was mighty bad shooting, or the gun was very poor, or the powder had lost its strength.

Mr. W. H. Barnum was yesterday reelected, unanimously, Chairman of the National Democratic Committee. The impression had quite generally prevailed that Mr. Scott, the Pennsylvania member, would resign, and that Senator Wallace would take his place and be elected Chairman. We have no doubt the Committee have acted wisely, as Senator Wallace can now give his whole attention to Pennsylvania.

Some of the papers are gravely announcing that this and that distinguished Democrat is indorsing Hancock's nomination. Save your ink friends, for such announcements are wholly unnecessary. What sort of a Democrat would you call him who would hurrah for Garfield instead of for Hancock? All Democrats stand by the principles of the party. To do this you cannot vote for a Radical.

Mahone's brigade of Readjusters will go into battle on the second of November with very thin ranks. His Republican allies will all flock to the standard of Garfield, while his Democratic contingent will fall in with the Hancock regulars. The Mahone diversion may cause the loss of one or two Democratic Congressmen; but Virginia cast her electoral vote against Hancock? Never!

The Administration has resolved to do "its level best" for Garfield. Of course. Who expected otherwise? Birds of a feather will flock together you know. Garfield was one of the 8. Hayes owes Garfield his seat. Turn about is fair play. One good turn deserves another, &c.

— The Hickory *Carolinian* has completed its first year. We hope brother Blair will be well sustained.

— Lexington ratified and formed a Hancock and Jarvis Club. Gen. Leach and a half dozen others spoke.

—*New Bernian*: Mr. Benj. Fulford, of Hyde county, informs us that the crops in that section are looking extremely fine, and at this time bid fair for an unusually large yield.

— Salem *Press*: Chloe Stewart, of Broadbay township, in this county, is 93 years old, has never worn spectacles, and sews, knits, spins, walks about and does household work.

— Louisburg *Times*: One of the best farmers in the county told us one day this week that the wheat crop this year was larger than any crop in the county since the war. And further, that the prospects for a splendid corn crop were very flattering.

— Winston *Sentinel*: Mr. Francis E. Shober, Jr., of Salisbury, graduated this year at St. Stephen's College, Annadale, N. Y. —— Four thousand people are reported to have attended the 4th of July celebration at Mt. Airy on Saturday, the 3rd.

— Like the Yankee editor, we wish nobody any harm, but we do hope that some of our delinquent subscribers will be seized with a *remittent* fever.—*Raleigh Christian Advocate.* And that it may prove both infectious and contagious.—*Greensboro Protestant.*

— Reidsville *Times*:- The Democratic party is fortunate in having in Mr. Jarvis a campaigner at home with the working classes. He has followed the plow-handle, and is from their midst. And the people have only to see and hear him to like him and support him.

— Raleigh *Visitor*: Col. Junius I. Scales, Senator from Guilford county, died at the Presbyterian Hospital, N. Y., this morning. His remains will be taken to Greensboro and interred Wednesday. Gen. A. M. Scales, his brother, was with him at the time of his death.

— Col. Thomas S. Keenan, Attorney-General, was in town Saturday, en route for the home of his boyhood, Kenansville. Col. Kenan will address the people of Grantham's township, in this county, during the latter part of this month. Notice will be given.—*Goldsboro Messenger.*

—Concord *Sun*: Mr. Henry Lefler, who lives in No. 11, met with a severe loss in the destruction of his barn, on Monday last, from lightning which struck and set it on fire. We learn that the barn contained 150 bushels of wheat and a mule belonging to Mr. Lefler and the crops of two or three others whose names we could not learn. Everything was completely destroyed.

— Wilson *Advance*: Near Toisnot, on the Nash county road, Sunday evening, George Harrison, a worthy colored man, dropped dead. —— The destruction of States' rights, and the consolidation of the powers of the general government, is a living issue which it presents, and which the Democratic party is committed, both by the traditions of the past and the hopes of the future, to resist.

— The Wilkesboro *Index* publishes the death of Mr. Richard Allen, was born 94 years ago at the place where he died, and was perhaps the oldest Mason in North Carolina, having joined Old Liberty Lodge No. 45 in the town of Wilkesboro 72 years ago. Four Masonic lodges attended the burial services.

— Salisbury *Watchman*: In a conversation with Gen. Johnston Jones, he informed us that it was his intention to take thirty-one North Carolina companies to the King's Mountain celebration in October. All the South Carolina troops will be present. The Gate City Guards and several Northern regiments, among them the 7th New York, will be there. He spoke of our "Rifles" and also of the Rowan Artillery.

— Rockingham *Spirit*: The little boys, aged respectively about five and seven years, sons of Mr. John West, the dyer at Pee Dee Mills, were drowned in Leak's mill pond on Thursday last. —— M. H. Russell, Esq., returned a few days ago from a brief visit to Montgomery county. He reports the crops generally looking well, but there is a good deal of sickness prevailing in that section—principally typhoid fever. —— A lump of gold, weighing four and a quarter pounds, was found a few days ago in the old Christian mine, now being successfully worked by Messrs. Starr, Higgins & Co.

— Statesville *Landmark*: Patton Beckham, a dark mulatto blacksmith living at Centre Depot, on the Charlotte and Statesville Railroad, in Davidson township, this county, is changing his color. Some time ago the skin began peeling off his hands and arms and legs, and where it was replaced with the skin of a white man. There are spots now all over his body and under his jaws, and it is clear that the transformation is extending all over his person. As the dark skins peels off it leaves him white, and in a little while, provided the change continues, he could easily, but for his kinky hair, pass anywhere for a white man.

— Kinston *Journal*: W. A. Jones, county surveyor of Jones county, showed us on Saturday last, a map of the town of Pollocksville. —— Rev. J. P. Simpson will organize a Protestant Methodist Church here (Woodside) on the first Sunday of July. —— Peaches are selling in our market at 30 cents per peck. —— The Census Enumerators have finished their work, and we find Lenoir to have 15,354 inhabitants. —— W. S. O'B. Robinson was elected by the Republican Convention at Goldsboro last week, as the Garfield elector for this district. He will have the pleasure of canvassing, though with but little chance of being elected. He is a first-rate stump speaker and we think Mr. Bryan, of New Berne, the Democratic elector, will have his hands full in attending to him. —— We see there has been an additional appropriation of ten thousand dollars made for the purpose of making the Trent permanently navigable to Trenton. Hope the amount may be sufficient to accomplish the object desired. —— Too much credit cannot be given to our noble Senator in Congress Hon. Matt W. Ransom for the energy and zeal he displayed on our behalf.

Extract from a letter from B. E. Brode, Esq., Tamaqua, Pa.: "I received the Tutt's Pills you sent me a week ago and have made good use of them. Already I feel that I would not be without them on any account. Please send another supply, all my neighbors want them. I can sell any quantity of them as they are the best pill ever made. *

— Mr. J. C. Borden, Jr., one of our Wilmington boys, is now manager of the Atlantic & Pacific Telegraph Company's office at Mobile, Ala. The *Register* speaks in high terms of Mr. Borden.

— We have received the first cotton bloom and the first cotton boll from some seventy-five or thirty planters this season. Now, who will send us the first bale of new cotton? As our storage capacity is limited, we beg that our friends will not all speak at once.

— Attention is called to the fact, advertised in our columns, that certain circulars for the Dixie Floral Fair have been posted in this city which are calculated to mislead people as to the time of the proposed exhibition. The fair takes place on the 28th and 29th days of July, 1880. The mistake was made by the bill poster.

**Magistrate's Court.**

March Campbell, colored, was arraigned before Justice Gardner, yesterday afternoon, charged with perjury, alleged to have been committed on or about the 7th day of July, in a case in which one Henry Robinson was defendant. An *advisari* was taken by the magistrate until Friday.

Annie Davis, colored, was arraigned on the charge of perjury, on an affidavit sworn out by Henry Robinson, and the case was set for a hearing on Friday morning next, at 10 o'clock, a bond in the sum of $50 being required for her appearance, in default of which she was committed to jail.

Sheridan Devane, colored, was arraigned on the charge of perjury, on the affidavit of March Campbell, and the case was set for a hearing on Friday morning next, at 10 o'clock, a bond of $50 being required for his appearance, which was furnished to the Sheriff, and the defendant was discharged from custody.

**Approaching Yacht Race.**

Considerable interest seems to be felt in the approaching challenge race between the yachts *Restless* and *Flirt* alias *Rosa*, in which the yachts *Ripple* and *Lizzie* are expected to participate. The two first came out best in the annual regatta on the 5th of July, the *Restless* being awarded the champion flag on account of some violation on the part of the *Rosa*, and the four yachts named are considered the four fastest sailers in the fleet of the Carolina Yacht Club, hence the great interest felt in the contest to come off at Wrightsville to-morrow. We learn that the boats will all be skillfully handled.

**Mayor's Court.**

Henry McNeill, colored, was arraigned on the charge of acting disorderly at a dance house on North Water street, and fighting a woman. The evidence was deficient in some respects and the defendant was therefore discharged.

In the case of J. F. Gooding, charged with acting disorderly on North Water street Monday night, judgment was suspended.

Carl Shavers, charged with being drunk and disorderly and resisting the police, was required to pay a fine of $10 or go below for ten days.

**Our Free Schools.**

The School Committee for District No. 1, Township of Wilmington, met on Monday and made the following appointments of teachers for the ensuing year:

Heminway School, for the white race: Mrs. F. J. Wise, Miss A. M. Philyaw, Miss Mary Duguid and Mrs. M. O. Wallace.

Peabody School, for the colored race: J. A. Holt, J. C. Norwood, Susie W. Sampson, Maria Mallett and Elizabeth R. Smith.

The Committeemen of District No. 2 will meet shortly and appoint teachers.

**Knights of Pythias.**

At a meeting of Stonewall Lodge, No. 1, K. of P., held Monday evening, D. D. G. C., Warrock, assisted by P. C.'s L. L. Boon and J. W. Jackson, installed the following officers:

C. C.—S. G. Hall.
V. C.—R. W. Price.
P.—J. W. Zimmerman.
M. at A.—W. B. Orr.
J. G.—A. Prempert.
O. G.—H. H. Gerhardt.
Attendants—J. M. McGowan, W. H. Walsh, J. S. Smith, G. G. Thomas.

**Insurance Paid.**

John L. Dudley, Esq., Secretary and Treasurer of Section 231, Endowment Rank, Knights of Pythias, received yesterday from J. B. Stumph, Esq., S. K. of R. & S., a draft for $2,000 to pay the benefits due the widow of the late Capt. H. G. Flanner, who was a member of that Section.

Stonewall Lodge No. 1, of which Capt. Flanner was a member, is said to be in a very flourishing condition, both financially and numerically, having at this time over one hundred active members.

**To-Day's Indications.**

Partly cloudy weather, possibly occasional rains, winds mostly southwesterly, and nearly stationary temperature and barometer, are the indications for this section to-day.

**The Rice Crop.**

Mr. J. F. Garrell exhibited to us yesterday a head of rice from his Sans Souci plantation, near this city, which indicates a very encouraging degree of forwardness. The crop was planted on the 1st day of April, and the specimen before us carries a stalk four feet nine inches in length, and a head ten inches in length. Mr. Garrell has two hundred and fifty-seven acres in rice, and expects to realize from fifty to sixty bushels to the acre—or from ten to twenty bushels better than last year.

**Bitten by a Rattlesnake.**

A gentleman from Middle Sound informs us that a colored woman in that neighborhood was actually bitten by a rattlesnake a few days ago and was only laid up one day from the effect of the poison. Her escape from death may be set down as one of the wonderful events of this wonderful age. Some say that the virus of this dangerous reptile is much more fatal at some seasons of the year than at others.

**Sporting Intelligence.**

One of our Pender county friends informs us that the first bevy of partridges was noticed this year on the 22d of June, on the Lillington Hall farm, in Holly Shelter Township, Pender county. He says he has not seen as many partridges in twenty years as he has noticed this season. The bay, woods and fields are full of them. He further states that there are fewer hawks than usual to be seen this year.

**A Bycicle Ride.**

Mr. R. F. Hamme, who, we believe, is the owner of the only bycicle in this city, went recently on a journey to the Sound. Leaving here at 6 A. M., he made the trip to Wrightsville in two hours, stopping several times on the route—to rest his steed. Returning in the evening he made the run from Wrightsville to the city in one hour and thirty minutes.

**Mortuary.**

From Dr. J. C. Walker, Superintendent of Health, we have the official number of deaths in the city of Wilmington for the month of June, as follows:

Whites—Males 6; females 6; adults 4; children 8. Total 12.

Colored—Males 13; females 16; adults 11; children 18. Total 29.

Grand total 41.

**Military.**

We are glad to learn that the Wilmington Light Infantry Company is steadily growing in strength. There have been twenty-five applications for membership within the last month or so, and some of the Company are now agitating the question of going to the King's Mountain celebration in October.

**The Weather.**

The thermometer in the STAR office ranged as follows yesterday:

**Buffalo Lithia Water,**

For Affections of the
NERVOUS SYSTEM, BRIGHT'S DISEASE OF THE KIDNEYS, GOUTY DIATHESIS, AND NERVOUS DYSPEPSIA.

LETTER OF DR. WM. A. HAMMOND, Surgeon General U. S. Army (retired), Professor of Diseases of the Mind and Nervous System in the University of New York, etc.

43 WEST 54TH ST., NEW YORK, June 6, 1880.

I have for some time made use of the Buffalo Lithia Water in cases of affections of the NERVOUS SYSTEM, complicated with BRIGHT'S DISEASE OF THE KIDNEYS, or with a GOUTY DIATHESIS. The results have been eminently satisfactory. Lithia has for many years been a favorite remedy with me in like cases, but the Buffalo Water certainly acts better than any extemporaneous solution of the Lithia Salts—and is, moreover, better borne by the stomach. I also often prescribe it in those cases of CEREBRAL HYPERAEMIA, resulting from over mental work, in which the condition called NERVOUS DYSPEPSIA exists, and generally with marked benefit.

## NEW ADVERTISEMENTS.

**THOMAS H. McKOY**

AGAIN APPEALS TO THOSE WHO ARE INdebted to Boatwright & McKoy to come forward and make settlement. I need the money. You must all know that it is actually necessary that I should settle up the old business. Please don't delay. I trust that a duty you owe yourselves will not allow this appeal to go unheeded. To one and all that owe the firm of Boatwright & McKoy, I ask, won't you please come forward and settle?

I have, and am receiving daily FRESH GROCERIES. Would be pleased to supply everybody. Will give prompt customers all the credit they require. One good turn deserves another; then, if I sell you on a credit, and deliver goods promptly, I think you should pay for them in a reasonable time I appeal to you. Am I right?

THOMAS H. McKOY.

P. S.—It may be that some over sensitive persons may take exceptions at the above. If they do, I now bow and say, no offence is intended. I am sure one and all, if they will throw aside prejudice and bring their better judgment to bear, all say McKoy is right, and we ought to pay promptly our old accounts due Boatwright & McKoy. My desire (out side of my interest), is to make friends. I have thrown my banner to the breeze, and if fair dealings, small profits and treating my fellow man justly will accomplish what I intend, then I will continue to be as we have been, THE LEADING GROCERYMAN IN OUR CITY (in our special line). Come and see me.
