The Daily Sentinel.

JOSIAH TURNER, Jr., EDITOR.

From the New York World.

THE ELEVATED RAILWAY IN NEW YORK—ITS TRIAL ON GREENWICH STREET.

Yesterday the inhabitants of Greenwich street and the storekeepers doing business in that section of the street had something novel and new to look at in the shape of a vehicle or street car running above their heads, on an elevated track, fifteen feet or thereabouts above the level of the sidewalk. This unusual spectacle drew large crowds to the street corners to look at the running of the cars. Every one has heard of the West Side Elevated Railway, which has been in process of construction for some months past, and which is intended, when completed, to run cars from the Battery through Greenwich street, up Ninth avenue to Thirteenth street, and so on up the Bloomingdale road, the terminus to be at or near the Harlem river. Half a mile of this track has been completed from the Battery to Cortlandt street, and yesterday an experimental car was placed upon the track to test the durability and safety of the new railroad and its mode of propulsion. This experimental car is fashioned of iron and wood, something after the style of the present street car, with the exception that a row of reversible chairs are placed in the middle of and running down the cars. When the seats are filled the car will accommodate about forty persons.—The distance from the Battery to Spuyten Duyvel is fourteen miles, and at each half mile a stationery engine will be plated, which will connect with the bridge, built on upright iron posts of the best material, the foundations being sunk on the sidewalk, upon which the single track is laid. These engines will furnish the propelling power by means of an endless wire-rope, about the thickness of the Atlantic cable, which will haul the cars up and down the road, as the case may be. At present, stairs will be erected at the distance of a quarter of a mile, and by this means passengers will be able to ascend to the cars. It is, however, intended by the company to erect stairs at shorter distances from each other as soon as the road has been completed. The rate of speed will average fifteen miles an hour, and it is thus expected that a great saving will accrue to passengers going from one end of the island to the other, being an improvement on the present method of horse-car transit, which now in stormy weather annoys passengers so much in going and coming from their business. The expenses for a single track on the east side of Greenwich street, from the Battery to Thirtieth street, will be about $800,000, it is calculated, and the fare will probably be fixed at about ten cents. But it is also the intention of the company to erect another or double track on the west side of Greenwich street, upon which two cars will run down from the upper terminus. It will take about four months to erect the remaining routes of the track from Court land street to Thirtieth street. 1,100,000 pounds of metal has been used in the erection of the first half mile, now completed, and the total amount of metal necessary to complete the work from the Battery to Thirtieth street will be 6,000,000 pounds. It has been demonstrated that the oscillation of the track, on the passage of a loaded car, is not more than half an inch, while the spring of the metal would safely permit it to be twice as much. Forty passengers in the car, of an average of 140 pounds each, would make the weight 5,600 pounds. The engineers report that the horses drawing the vehicles in the street have become so accustomed to the slight noise of the elevated car in passing to and fro as not to notice it at all at the present juncture. When the road is completed, it will be possible to transmit passengers from the Hudson Railroad depot, in Thirtieth street, to the Battery in twenty minutes, while at present it takes an hour to make the same distance in the horse cars. Three thousand persons an hour can be transported over this road with safety at the rate of twenty miles an hour by the use of a single track and two "turn-outs" and a "turn table."

Yesterday the trip was made several times from Cortlandt street to Hector st a speed of twelve to fifteen miles an hour, to satisfy the doubts of a number of the guests of the company. The mode of transit seemed perfectly safe and satisfactory to every one present, although the slight oscillation of the car was calculated to upset a very nervous man's stomach. The brakeman stands on the platform fronting the car, and yesterday he seemed to have perfect control of his apparatus in every sense. The motion was not so perceptible as it is in traveling in a street car, but the unusual height from the ground of the tract is perhaps the reason why the public should be doubtful of the safety of the new mode of travel. There is another doubt to be solved. Will the ice or snow, in bad weather, cause a car to run off the track? Every one can judge themselves what a nervous state a person is liable to be placed in while passing an embankment on a steam railroad. Well, this eighteen miles of elevated railway will be one continuous line of embankment when completed, although, to be sure, it is more easy to stop these cars, with their peculiar motive power, than a locomotive on a steam railway.

RICH!

"He came from New Jersey"

[By the Fat Contributor.]

There was an smelling scene on board the Louisville mail boat the other day. There was the usual conglomeration of passengers in the cabin just before the boat landed, and mid the general hubbub of conversation a man somehow incidentally, "Now, in New Jersey, where I live"—

Instantly an old man, who had sat moodily and silently pondering by the stove for some time, sprang to his feet and exclaimed—

"Stranger, are you from New Jersey?"

"Yes."

"And willin' to acknowledge it?"

"Yes sir; proud on't."

"Shake, give us your hand," cried the old man, fairly dancing with excitation. "I'm from New Jersey, too, but never felt like declaring it since. Shake! I'm an old man. I've traveled long and far. I've been nearer city in twishers than—steamboated on the Ohio and Mississippi—been to California over the plains and around the horn; took a voyage once to Liverpool, but in all my travels, hang me if this ain't the first time I ever met a man who was willing to own, from New Jersey. (Rising to the whole assembly, augmented by railroad runners, hackmen, boot blacks—newsboys, and apple girls, for the best had landed, "let's all take a drink to New Jersey, the land of Frelinghyson, Old Hyson and Young Hyson, Commodore Stockton, and Dan Rice. Hip."

LIFE INSURANCE.

The Most Vigorous and the Most Liberal Insurance Company in the Country.

BROOKLYN LIFE INSURANCE COMPANY,

141 Broadway, N. Y.

ASSETS OVER

$1,000,000!

CHRISTIAN W. DEGROM.....President.
ABRAM D. POLHEMUS.....Vice President.
WILLIAM M. VOLE.....Secretary.
D. S. FACKLER.....Consulting Actuary
DANIEL AYRES, M. D. LL.D., Med. Examiner.

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the MOST LIBERAL Life Insurance Company in the United States, are:

1st TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over, without extra premium or special permit.

2d. A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. P. Fackler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

A. W. LAWRENCE, Raleigh.
GENERAL AGENT FOR NORTH CAROLINA.

MISCELLANEOUS.

THIEM & MILLER'S

EXCHANGE,

THE FINEST

RESTAURANT AND BILLIARD SALOON

IN THE SOUTH.

THIS SALOON has been newly fitted in a style not equalled by any in the whole United States, as regards elegance and completeness.

THE BILLIARD SALOON

contains two new Tables from the celebrated Manufactory of Phenard Collende, which are universally acknowledged to be the best tables in the country. All things pertaining to a first-class Billiard Saloon will be found here.

THE RESTAURANT

is under the supervision of one of the best cooks in the Southern States, and the cooking at this establishment cannot be surpassed in any city.

All the delicacies of the season will be found in the larder, while an ample supply of live birds is always on hand. Elegant Dinners and Suppers for parties, gotten up in the best style at short notice.

THE BAR

contains the finest assortment of Wines Liquors and Segars ever brought into the State, and in variety equals that of any bar in the country.

The public will always find polite and attentive barkeepers to minister to their wants. Of the truth of these statements our large and steadily increasing patronage is the strongest testimony.

THIEM & MILLER,
Dec. 23-tf Proprietors

Bulk Meat, Mess Pork, Bacon and Lard.

ON OR ABOUT THE 20th of January, I expect to start to Cincinnati and the West, and as all or nearly all of our supplies in the way of BULK MEAT, MESS PORK, BACON and LARD must come from that direction the coming season, I beg to inform the public that I will make purchases, and forward direct the above named supplies to all who will put CASH funds in my hands for that purpose by the 15th inst.

LIFE INSURANCE.

ÆTNA

LIFE INSURANCE COMPANY,

HON. E. A. BULKELEY, President,
AUSTIN DUNHAM, Vice "
T. O. ENDERS, Secretary.
H. W. BRIDGHAM, Actuary.

SUMMARY OF BUSINESS FOR 1867

Total Assets, over	$10,000,000
Polices Insured in '67,	15,251
Am'nt insured, nearly	$45,000,000
Policies Average "	3,000
Receipts for 1867,	5,129,447
Surplus for Dividends,	2,000,000

Dividend Fifty per cent.

Receipts for Interest Nearly Paid Its Losses.

It has $130 Assets for every $100 Liabilities.

Its premium receipts at the present time are nearly HALF A MILLION DOLLARS per month and are rapidly increasing.

The growth of the Ætna has never been equaled by any other Company whatsoever, in Europe or America.

Particular attention is called to the fact that while its business is increasing unprecedentedly, its ratio of expenses is comparatively small.

ECONOMY of management, CARE in the selection of risks, promptness in the payment of death claims, and security in the investment of its immense Trust Funds, are rigidly adhered to, and have ever characterized this Company.

The ÆTNA issues all the favorite kinds of Policies at the most favorable rates.

The ÆTNA issued last year more Endowment Insurances than any other Company.

The ÆTNA'S ratio of expenses, or cost of new business is less than any other Company whatsoever, and less than two-thirds of the average.

The ÆTNA is as liberal in permits to travel, in all parts of the world, as a sound discretion will warrant, and is much more liberal than any other prominent Company.

ANNUAL INCOME over $6,000,000.

The only Company that has the Low Participating Non-forfeitable Term Insurance with privilege of renewal. Ex. of rate at age 30 $14 67, which is nearly 40 per cent. lower than any other leading Company. Also

Non-forfeiting cash rates with dividends on contribution plan and payable at the end of the first year.

Description of Policies.

First—Whole Life Policies.

Second—Endowment Policies, for terms of ten fifteen, twenty, twenty-five, thirty, and thirty-five years.

AGES.

Insurance will be granted at all ages from fifteen to sixty years.

PREMIUMS.

Premiums are payable annually during the continuance of the insurance, or annually during a period of five, ten, fifteen, or twenty years within the insurance term, or by single payment.

DIVIDENDS.

All Whole Life and Endowment Policies issued at the rates published herewith, will participate in the surplus from the date of issue.

The dividends will be declared and paid annually upon the contribution plan, and may be applied as the assured shall elect, either to reduce future premiums, or to increase the Cash Value of the Policy.

If no election be made the dividends will be added to the Cash Values.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid in cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

Dividends on paid-up Policies—that is, Policies which require no further payment of premium to continue them in force for the original amount of insurance—will be paid in cash upon demand.

NON-FORFEITURE RULES.

No whole Life or Endowment Policy, on which two or more annual cash premiums have been paid, shall be forfeited by failure to make further payment as stipulated therein, but will continue in force for the full amount which the Cash Value and dividends, then accumulated, will purchase, taken as a single net premium, upon the "Actuaries" rate of mortality and four per cent. interest; and the amount continued in force will generally exceed the aggregate of the payments actually made, extra charges excepted.

W. H. CROW,
General Agent
And Manager for Virginia, South of the James, and the State of North Carolina.
Dec. 16-tf Office, Raleigh, N. C.

SOUTHERN LIFE INSURANCE COMPANY.

PURELY A SOUTHERN INSTITUTION.

PRINCIPAL OFFICES:
Atlanta, Georgia; Memphis, Tennessee; Louisville, Kentucky.

CAPITAL STOCK, $228,500.

Nett Assets of the Company, July 1st, 1868, $330,942.06.

Insures lives, and promptly adjusts and pays losses. Its principal business is with Southern States, and to them it appeals for patronage. It has ample means to fully protect Policy holders and pay all losses.

The "Southern" combines the advantages of both note and cash system, stock and mutual—such as choose to pay cash may do so and secure a non-forfeitable policy and all the advantages of a Cash Company. The privilege of a permanent loan for one-third is granted to all who desire it.

It makes investments at home to good and reliable securities, thereby tending to make money more plenty in our midst, and to aid in developing the resources of our section, and to stop the annual drain of over Six Million dollars, which are being sent North for Life Insurance.

Its profits are equitably distributed among Policy holders and stockholders.

In its organization are presented men of experience in Life Insurance, and their aim will be to make the "Southern Life" the exponent of the business, enterprise and progress of the present day.

THE

EQUITABLE

LIFE ASSURANCE SOCIETY,

OF

NEW YORK.

THE rapid advancement of "THE EQUITABLE," to the very front rank of American Life Insurance Companies, the unprecedented amount of its *new business* for the year ending September 30th, 1868, being over

FIFTY MILLIONS OF DOLLARS,

the large accumulation by it of EIGHT MILLIONS OF DOLLARS, together with an annual income of FIVE MILLIONS OF DOLLARS, afford the very best evidences of its popularity, success and reliability.

A brief comparison of the Society's business for the first nine years of its organization, will best illustrate its remarkable progress.

PROGRESS OF THE SOCIETY.

Years.	No. Policies Issued	Sum Assured	Income.	Assets.
1859				
mos.	277	$ 1,178,000 00	$ 22,514 00	$ 130,772 00
1860	612	1,993,500 00	77,424 00	362,618 00
1861	678	1,818,750 00	107,047 00	515,636 00
1862	1,233	2,853,450 00	174,016 00	832,288 00
1863	1,624	4,591,900 00	308,471 00	584,714 00
1864	2,873	6,798,550 00	613,801 00	1,017,977 00

RAILWAY LINES, (THAT USED TO BE)

THE OLD RALEIGH & GASTON RAILROAD, THE SHORTEST, QUICKEST, SAFEST AND BEST LINE, NORTH AND SOUTH, TO BE LET OUT IN THE COOL, UNLESS SHIPPERS SPECIALLY SAY VIA R. & G. R. R.!

WE inaugurated and are the *Great Through Inland Air Line Route* to all the Northern Markets, and have successfully worked the Line to the entire satisfaction of shippers, North and South, for the last ten years, as the few Thousand Shippers in North and South Carolina will testify. We paid the State near seven Hundred Thousand Dollars for her Interest in this Road—thereby saving the people from Taxation for all time to come 140,000 per year; and we unhesitatingly declare that we can and will give more dispatch to all points, North and South, than any other Line.

NOTICE!

The Great Inland Air Line Freight

ROUTE,

Via THE RALEIGH & GASTON RAILROAD,

is the Short Line for Shippers, and you are required so to direct your *freight*, or they will be taken by another route!

To insure your Freight being carried over this *Great Inland Air Line* safely, direct your consignors to mark your Freight, Care of Rail Road Agent, Portsmouth, Va., or City Point Va., via *Raleigh & Gaston Rail Road*, and to ship as follows:

FROM BOSTON:
Merchants' & Miners' Line, end of Central Wharf, E. Sampson, Agent.

FROM NEW YORK:
Old Dominion Steamship Co., Shipping Point, Pier 37, North River, foot Beach St., Chas. Ivy, Greenwich St. Cor. Dey; S. L. McIlvenny, President.

FROM PHILADELPHIA:
(Via Annapolis,) Phila., Wilmington and Baltimore Depot, or Clyde's Line of Steamers, 14 N. Delaware Avenue, W. P. Clyde, Agent.

FROM BALTIMORE:
Baltimore Steam Packet Co., Day Line Steamers, Foot Union Dock, L. B. Parks, Agent, or Powhatan Steam Boat Co., 30 Light Street Wharf.

MISCELLANEOUS

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC

CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any house, and by the use thereof the whole process is within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through a tube, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all stains, from the most loose to the most tenacious. For Canals it is invaluable, as it does not full them as do the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and twenty three hundred gallons of boiling suds are forced through the fabric thoroughly bleaching and cleansing the dirt or stains. Labor is lessened.—A first high standing finishes the process.

Washing day will be longer to a terror and dread to housewives. The cost of the Boiler will soon be recovered in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous testimonials of approval, &c.

We in Raleigh have had with Mrs. Healy sale and given such satisfaction. Call at LOUGEE & BROTHER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the state.

All orders must be addressed to
J. R. HUNTER & CO.,
