FORTY-EIGHTH CONGRESS.

FIRST SESSION.

Final Adjournment of Both Houses—Closing Scenes—Mr. Edmunds' Address to the Senate.

[By Telegraph to the Morning Star.]

SENATE.

WASHINGTON, July 7.—The House joint resolution providing for adjournment was then taken up and amended so as to make the time of adjournment 2 o'clock to-day and was then passed.

On motion of Mr. Bayard a vote of thanks was given to Mr. Edmunds for the ability, courtesy and impartiality with which he had performed the duties of President *pro tem.* of the Senate.

The chair announced his appointment of Messrs. Allison, Hale and Pendleton as members on the part of the Senate of the committee provided for in the Sundry Civil bill to consider the present organization of the Signal Service Geodetical Survey, &c.

At about 2.45 p. m. the Vice-President *pro tempore* (Edmunds) said: Senators—The hour that closes the first session of the 48th Congress has come. It fills almost the century of constitutional republican government of a people whose career has excited the wonder and admiration of mankind. Let us hope that our labors as representatives of the States and people may justify the placing of another white stone in the long shining pathway of the republic. However arduous and perplexing may have been our labors; however exciting may have been the contests of opposing opinions and policies; no one of us, I think, can meet the hour of our separation without emotion, and I hope not unpleasant, solicitudes that embraces the past, present and future. The smallness of our number, and the peculiar nature of our organization, which embraces potent participation in action of the three fold organization of the government—legislative, executive and judicial—produces an intimacy of personal relations as pleasant as it is important, and makes the moment when we separate one of peculiar interest and tenderness. The chair makes his sincere and grateful acknowledgment for the very flattering resolution of the Senate and touching his administration of the duties imposed upon him by it. I am glad and proud to say that without exception he has been aided by the constant kindness, courtesy and assistance of all the members of the Senate and of its officers. The chair, in performing the last formal act of the session, wishes for all of you every felicity, and he begs to express to each one of you his heartfelt personal friendship and good will. The present sitting of the first session of the 48th Congress stands adjourned without date.

During the day the galleries of the Senate were but thinly occupied, and when the Vice President had closed his farewell remarks, the chamber and galleries were quickly vacated.

HOUSE OF REPRESENTATIVES.

On motion of Mr. Vance, of N. C., a bill was passed removing the political disabilities of John Randolph Hamilton, of N. C.

Mr. Cassidy, of Nevada, moved to suspend the rules and pass the Senate bill appropriating $100,000 for the erection of a public building at Carson City, Nev. On this motion no quorum voted and tellers were ordered. They remained in their places for nearly an hour without definite results, consent being given now and then to the passage of measures relative to the pay of House employes. Mr. Cassidy, who was one of the tellers on the public building bill, declined to report the result of the vote, in order that he may have the floor in December next. As far as the vote was taken it stood 48 to 1. Thus, amid much noise and confusion, but no business, the first session of the 48th Congress died away.

At a few minutes before the hour of 2 o'clock, the hands of the clock were turned back for five minutes in order to permit of the reception of a message from the Senate announcing the adoption of a resolution postponing the hour of adjournment until 3 o'clock. Secretary McCook came rushing over with the resolution written on a scrap of paper. The resolution was immediately agreed to, notwithstanding the frantic demands of Mr. White, of Ky., for a division, which the Speaker *pro tem.* refused to hear.

At 2 o'clock Mr. Randall announced that the committee appointed to wait upon the President had performed that duty, and the President had no further communications to make to the House.

On motion of Mr. Walford, of Ky., the bill passed was increasing the pension of soldiers who have lost an arm at the shoulder joint, to the amount received by those who have lost a leg at the hip-joint. At 2.15 the recreation of a call of the House was indulged in, the doors were closed and excuses were made for absentees; the favorite excuse offered being that gentlemen were in Chicago, "on important business." Finally, on motion of Mr. Young, of Tenn., the House excused all Democratic members "who are in Chicago engaged in the patriotic duty of nominating a man for the Presidency who would beat the Republican candidate." But even the call did not consume the time fast enough, and the hands of the clock were advanced ten minutes. Then, the Speaker *pro tem.* wishing to each and every member a safe return to his home, declared the House adjourned without day. [Applause]. Leave-taking and hand-shaking followed, and the hall was soon deserted.

VIRGINIA.

Depressed State of the Tobacco Trade at Lynchburg.

[By Telegraph to the Morning Star.]

LYNCHBURG, July 7.—Continued agitation of the tobacco tax question in Congress has so depressed the trade here that since the beginning of the year only enough has been manufactured to fill current orders, and a number of factories have shut down. It is expected that the early adjournment of Congress will settle the question until next session, and the tobacconists predict a lively revival of the tobacco trade. The Lynchburg Tobacco Association held its monthly meeting to-day, and the secretary reported the sales from October 1st to July 1st at 18,000,000 pounds, which was over 1,000,000 pounds less than the previous year.

BOAT RACE.

The Winners in the Inter-Collegiate Contests at Saratoga.

[By Telegraph to the Morning Star.]

SARATOGA, July 7.—The Pennsylvania University Crew won the Inter-Collegiate boat race to-day. Cornell was second, Princeton third, Columbia fourth. Bowdoin fouled a steam barge that had gotten into the course and dropped out of the race. The official time of the winners was 8.39¾. A dispute in regard to the single-scull race resulted in Brown, of Bowdoin, rowing over the course and receiving the prize. Cornell would not row.

CHICAGO.

Meeting of the Democratic National Committee—Gov. Hubbard, of Texas, Selected for the Temporary Chairmanship—A Caucus of the New York Delegation—Connecticut and Vermont for Cleveland.

[By Telegraph to the Morning Star.]

CHICAGO, July 7.—The Democratic National Committee began its session at noon to-day. Chairman Barnum presided. All the States were represented. Alabama by H. O. Semple, Florida by Samuel Pulester, Georgia by Geo. T. Barnes, Mississippi by W. T. Martin, North Carolina by M. W. Ranson, South Carolina by F. W. Dawson, Tennessee by Robert F. Loney, Virginia by John S. Barbour.

Mr. Barnes, of Ga., nominated Augustus O. Bacon, of Ga., for temporary chairman of the Convention; Mr. Stockdale, of Texas, nominated Gov. Robert B. Hubbard, of Texas; Mr. Martin, of Miss., nominated Charles E. Hooker, of Miss. The Committee proceeded to ballot, with the following result: Whole number of votes cast 37. Hubbard received 22, Bacon 9, Hooker 6. On motion of Mr. Prince, of Mass., the nomination of Gov. Hubbard was made unanimous.

On motion of Mr. Hewitt, of New York, Mr. Prince, of Massachusetts, was elected temporary Secretary of the Convention.

The committee decided to recommend to the Convention that the rules of the last Democratic Convention govern this body until otherwise ordered, subject to the following modification: That in voting for candidates for President and Vice President no State shall be allowed to change its vote until the roll of States has been called and every State has cast its vote.

As the result of a long discussion the Committee decided that undetached coupons would not be accepted for admission to the Convention hall.

The Committee adjourned till 10 o'clock to-morrow, with no anticipation, however, of having any business on hand.

The National Committee will present the name of Gov. Hubbard, of Texas, for temporary chairman of the Convention.

The New York delegation have been in session since 11 o'clock, and are now (1.45 p. m.) still endeavoring to come to some agreement. It is reported in the lobbies of the hotel that a vote was taken, and that 47 were for Cleveland, with the rest divided among Flower and Bayard.

The Connecticut delegation this morning agreed to cast twelve votes for Cleveland, and Vermont will also vote as a unit for him.

A strong point is being made for Justice Field, that his opinions in the cases involving constitutional questions present sound Democratic doctrine on limitations of the powers of the government, and that his nomination would attract a strong Republican vote.

NEW YORK.

Report of the Assignee of Grant & Ward.

[By Telegraph to the Morning Star.]

NEW YORK, July 7.—Assignee Davies, of Grant & Ward has filed an inventory and schedule of the firm, which shows liabilities $16,792,947; nominal assets $27,139,098, and actual assets $67,174. The assignee says that it has been impossible to ascertain who were owners of all the securities in the possession of Grant & Ward at the time of their failure, or all the securities pledged by them and held by creditors as collaterals, for loans; also, what was the interest of Grant & Ward in securities found in their possession or pledged by them as collateral for loans. The books of the firm did not show with any degree of completeness or accuracy the transactions of the firm. No cash book or journal has ever been kept by the firm since its inception, and no balance sheet has ever been taken from the books that were kept, as the assignee is informed by their employes. No reliable or complete list of their assets appears either upon their books or among their papers.

The assignee says that information came to him that Grant & Ward represented to various parties that the firm had contracts with the U. S. government which were exceedingly profitable; that they borrowed immense sums of money from various parties for the alleged purpose of investment by the firm in such alleged contracts, and the lenders were guaranteed profits of certain amounts. The assignee believes these transactions were nothing more nor less than borrowing money at usurous rates of interest and upon fraudulent representations.

Cattle Camps Raided by Ute Indians—Five Redskins Killed and Two Whites Wounded.

[By Telegraph to the Morning Star.]

DENVER, July 7.—Wilson's, Carlisle's and Johnson's cattle camps, in the western part of LaPlatte county, near the Utah line, were attacked by Ute Indians, July 3. Charles Cook and Adolph Lusk, employes of the Cattle Company, were badly wounded. Five Indians were killed and a number wounded. The whites had 11 horses killed and 100 stolen. Their cattle were driven off, their camp outfits burned, and their provisions carried away by the Indians. Two Wilson boys—8 and 10 years old—rode twenty-nine hours, without food or rest, and arrived at Durango Saturday night in an exhausted condition.

The Utes have for some time been causing trouble to cattle men, by killing cattle and stealing horses. One of Wilson's men found several of the latter's horses in the possession of the Indians and undertook to secure the same. An Indian attacked him with a knife and was killed. This precipitated the fight. Seventeen thousand head of cattle are left at the mercy of the Indians. Col. Hall, commander at Fort Lewis, has dispatched a company of cavalry to drive the Indians back to their reservation. The Indians will probably reach their reservation well supplied with horses and cattle before the soldiers can reach them.

The Cholera—Reports from Toulon and Marseilles—Affairs in Egypt—The Rebels Defeated at Debbah—Gen. Gordon Murdered by his Soldiers.

[Special Telegram to the Star.]

LONDON, July 7.—A dispatch to the *Times*, dated Saturday, from Dongola, says: The Madir of Dongola has achieved a brilliant victory over the rebels at Debbah. The enemy was routed with the loss of 2,000 killed. We now consider ourselves saved.

MARSEILLES, July 7.—There were sixteen deaths from cholera here last night. Twenty cases were taken to the hospital during the night.

In consequence of the appearance of cholera upon vessels in this port, infected arrivals will be sent to the lazaretto.

PARIS, July 7.—Advices to the *Temps*, from Suakim, say that news has been received there that Gen. Gordon has been murdered by his soldiers and that the Mahdi has occupied Khartoum.

TOULON, July 7.—Dr. Koch, head of the Berlin Cholera Commission, who is investigating the disease in France, reports that the cholera here is Asiatic, from the extreme east. He found the same microles here as were found in Egypt and India. The intestines being the seat of danger fumigation is useless. He says the cholera will reach Germany.

The Senate rejected the nomination of Henry C. Binford, to be Register of the Land Office at Huntsville, Ala.

THE FLORENCE NIGHTINGALE OF THE NURSERY.—The following is an extract from a letter written to the *German Reformed Messenger*, at Chambersburgh, Penn.: A BENEFACTRESS. Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are so sure, that we will teach our "Susy" to say, "A blessing on Mrs. Winslow" for helping her to survive and escape the griping, colicking, and teething siege. MRS. WINSLOW'S SOOTHING SYRUP relieves the child from pain, and cures dysentery and diarrhœa. It softens the gums, reduces inflammation, cures wind colic, and carries the infant safely through the teething period. It performs precisely what it professes to perform, every part of it—nothing less. We have never seen Mrs. Winslow—know her only through the preparation of her "Soothing Syrup for Children Teething." If we had the power we would make her, as she is, a physical saviour to the infant race. Sold by all druggists. 25 cents a bottle.
