AYER'S Ague Cure

contains an antidote for all malarial disorders which, so far as known, is used in no other remedy. It contains no Quinine, nor any mineral nor deleterious substance whatever, and consequently produces no injurious effect upon the constitution, but leaves the system as healthy as it was before the attack.

WE WARRANT AYER'S AGUE CURE to cure every case of Fever and Ague, Intermittent or Chill Fever, Remittent Fever, Dumb Ague, Bilious Fever, and Liver Complaint caused by malaria. In case of failure, after due trial, dealers are authorized, by our circular dated July 1st, 1882, to refund the money.

A QUESTION.

MATTHEW ARNOLD.

Joy comes and goes; hope ebbs and flows
Like the wave;
Change does unknit the tranquil strength of men.
Love lends life a little grace,
A few sad smiles, and then
Both are laid in one cold place,
In the grave.

Dreams dawn and fly, friends smile and die
Like spring flowers;
Our vaunted life is one long funeral.
Men dig graves with bitter tears
For their dead hopes; and all
Mazed with doubts and sick with fears
Count the hours.

We count the hours. These dreams of ours
False and hollow.
Do we go hence and find they are not dead?
Joys we dimly apprehend,
Faces that smiled and fled,
Hopes born here, and born to end,
Shall we follow?

OUR STATE CONTEMPORARIES.

We are glad to see the many Democratic papers are denouncing the unit rule and trust the time is not distant when it will no more be known in Democratic conventions. Of course it looks harmonious and is all right for a delegation to vote together, but if only one dissents from the majority and prefers another man, he should be allowed his vote. We have fought this abominable Unit Rule—this handy instrument of machine politicians, whenever and wherever we have met it, and are glad, we repeat, that others are seeing and opposing its evils.—*Hickory Carolinian.*

The Democratic party readily and cheerfully accords to the negro all that he has any right to demand, and all that is needed for the advancement of his best interests. He has equal rights before the law. His life, liberty, and property are protected, equally with those of the white man; and he is free to work out his own destiny. Better than that, he is largely aided by the white man in educational facilities. But the cry is for more, more! He clamors to be legislated into social equality with a race of beings that God himself has placed infinitely above him.—*Clinton Caucasian.*

POLITICAL POINTS.

— At last accounts St. John was looking for some one to take a lemonade with.—*Cincinnati Enquirer, Dem.*

— A Prohibition candidate should be a man who can carry water on both shoulders.—*Louisville Courier-Journal Dem.*

— Keifer's fate ought to suggest to Mr. Blaine that this is a bad year for ex-Speakers. It is not yet too late for him to withdraw and resume the role of historian.—*Boston Herald, Ind. Dem.*

— Ben Butler is the only workingman's friend. He considers eight hour's in a hammock on his yacht a day's work; but the hammock is for himself.—*New Orleans Picayune, Dem.*

— Blaine club has been organized at Fort Recovery with a man named Blizzard as president—undoubtedly with reference to the cold day the Republicans will have in November.—*Cincinnati Enquirer, Dem.*

— Blaineism and Butlerism are twins and easily mistaken for each other. With both tickets in the field at once it is easy to understand that many a striker would find it hard to choose between them.—*Boston Advertiser, Rep.*

— Gen. Butler does not expect to be elected, but he will do what he can to prevent the election of Cleveland. There are men many years the General's senior who betray less evidence of the effects of old age.—*Brooklyn Eagle, Dem.*

— By a proper use of the veto power Grover Cleveland, while Mayor of Buffalo, saved the tax-payers of that city $1,000,000. He shut off the jobs. If Blaine saved the tax-payers a dollar while he was Speaker we never heard of it.—*Boston Post, Dem.*

— After all, what either Mr. Blaine or Mr. Cleveland did twelve or fifteen years ago is not the supreme issue of the hour, but what either of them would or would not do from one to five years hence under certain circumstances involving considerable responsibility.—*Phil. North American, Rep.*

— The German has more than a vague idea of reform, and specious campaign arguments will not catch him. Economy is bred in his bones and economy he will practice as well as preach. To him economy and reform are close allies, and as Cleveland and Hendricks stand for both, on a solid platform, he can support them and feel like a dutiful citizen in so doing.—*Milwaukee Correspondent St. Paul Globe.*

COTTON.

N. Y. Commercial and Financial Chronicle.

NEW YORK, Aug. 8.—The movement of the crop, as indicated by our telegrams from the South to-night, is given below. For the week ending this evening (Aug. 8) the total receipts have reached 2,263 bales, against 4,283 bales last week, 2,800 bales the previous week and 3,810 bales three weeks since; making the total receipts since September 1st, 1883, 4,808,030 bales, against 5,950,260 bales for the same period of '82-'83, showing a decrease since Sept. 1, 1883, of 1,142,230 bales.

The exports for the week ending this evening reach a total of 16,452 bales, of which 16,647 were to Great Britain, 5 to France and 1,800 to the rest of the Continent, while the stocks as made up this evening are now 189,483 bales.

To-day there was a variable and unsettled market, the next crop improving most, but as compared with last Friday 21@26 points lower. Cotton on the spot has met with some demand for home consumption, but in sympathy with early futures prices declined 1-16c. on Wednesday and ⅛c. on Thursday. To-day there was more doing for export and prices were steady, middling uplands closing at 10 13-16c. The total sales for forward delivery for the week are 496,100 bales.

Irritation of the Scalp—An Authentic Testimony.

Gentlemen—For five years I have been greatly troubled with dandruff, with a severe itching of the scalp, and my hair falling out. I have tried almost every known remedy, all proving worthless. Seeing BURNETT'S COCOAINE and BURNETT'S KALLISTON advertised, I procured a bottle of each, and am happy to state that the dandruff is completely removed, and no itching whatever remains.

TAMMANY GENERAL COMMITTEE.

A Resolution Passed at its First Meeting in 1884.

New York Star, Jan. 17, 1884.

Resolved, That we reffirm the time-honored allegiance of Tammany Hall to the Democratic party of the Union; and we hold that the choice of the National Democratic Convention for the offices of President and Vice President to be supported during the ensuing election is binding upon every member of this organization.

Resolved, That we cordially indorse the administration of Hon. Grover Cleveland, Governor of the State, for its rigid economy and devotion to the public interest; and that we also indorse the faithful and efficient administration of the Mayoralty of the city and county of New York by the Hon. Franklin Ellison, Mayor.

It Was Decollete.

Merchant Traveller.

"The price on that," said a clerk, picking up a remnant of silk, "is quite decollete."

"What?" said the startled customer.

"The price is quite decollete," I said.

"Young man, do you know what decollete means?"

"Yes, madam, I do."

"Well, I think you are mistaken."

"Oh, no, I am not."

"What does it mean!"

"It means cut low, and that's what's the matter with the price on that piece of goods."

Vital Questions!!!

Ask the most eminent physician

Of any school, what is the best thing in the world for quieting and allaying all irritation of the nerves, and curing all forms of nervous complaints, giving natural, childlike refreshing sleep always?

And they will tell you unhesitatingly

"Some form of Hops!!!"

CHAPTER I.

Ask any or all of the most eminent physicians:

"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention, or inability to retain urine, and all the diseases and ailments peculiar to Women"—

"And they will tell you explicitly and emphatically *"Buchu!!!"*

Ask the same physicians

"What is the most reliable and surest cure for all liver diseases or dyspepsia; constipation, indigestion, biliousness, malaria, fever, ague, &c.," and they will tell you:

Mandrake! or Dandelion!!!"

Hence, when these remedies are combined with others equally valuable,

And compounded into Hop Bitters, such a wonderful and mysterious curative power is developed, which is so varied in its operations that no disease or ill health can possibly exist or resist its power, and yet it is

Harmless for the most frail woman, weakest invalid or smallest child to use.

CHAPTER II.

"Patients

"Almost dead or nearly dying"

For years, and given up by physicians, of Bright's and other kidney diseases, liver complaints, severe coughs, called consumption, have been cured.

Women gone nearly crazy!!!!!

From agony of neuralgia, nervousness, wakefulness, and various diseases peculiar to women.

People drawn out of shape from excruciating pangs of rheumatism, inflammatory and chronic, or suffering from scrofula.

Buffalo Lithia Water

FOR MALARIAL POISONING.

USE OF IT IN A CASE OF YELLOW FEVER.

DR. WM. T. HOWARD, OF BALTIMORE,

Professor of Diseases of Women and Children in the University of Maryland.

Dr. Howard attests the *common adaptation of this water in "a wide range of cases"* with that of the far-famed White Sulphur Springs, in Greenbrier county, West Virginia, and adds the following:

"Indeed, in a certain class of cases it is much superior to the latter. I allude to the abiding debility attendant upon the tardy convalescence from grave acute diseases; and more especially to the *Cachexia* and *Sequels* incident to *Malarious Fevers*, in all their grades and varieties, to certain forms of *Atonic Dyspepsia*, and *all the Affections Peculiar to Women* that are remediable at all by mineral waters. *In short, were I called upon to state from what mineral waters I have seen the greatest and most unmistakable amount of good accrue in the largest number of cases in a general way I would unhesitatingly say the Buffalo Springs, in Mecklenburg county, Va."*

DR. O. F. MANSON, OF RICHMOND, VA.,

Late Professor of General Pathology and Physiology in the Medical College of Virginia:

"I have observed marked sanative effects from the Buffalo Water in *Malarial Cachexia, Antonic Dyspepsia*, some of the *Peculiar Affections of Women, Anæmia, Hypochondriasis, Cardiac Palpitations, &c.* It has been especially efficacious in *Chronic Intermittent Fever, numerous cases of this character, which had obstinately withstood the usual remedies, having been restored to perfect health in a brief space of time by a sojourn at the Springs."*

DR. JOHN W. WILLIAMSON, JACKSON, TENN.

Extracts from Communication on the Therapeutic Action of the Buffalo Lithia Water in the "Virginia Medical Monthly" for February, 1877.

"Their great value in *Malarial Diseases* and *Sequelæ* has been most abundantly and satisfactorily tested; and I have no question that it would have been a valuable auxiliary in the treatment of the epidemic of *Yellow Fever* which so terribly afflicted the Mississippi Valley during the past summer. I prescribed it myself, and it gave prompt relief in a case of *Suppression of Urine*, in *Yellow Fever, and decidedly mitigated other distressing and dangerous symptoms.* The patient recovered, but how far the water may have contributed to that result (having prescribed it in but a single case) I, of course, cannot undertake to say. *There is no doubt, however, about the fact that its administration was attended by the most beneficial results."*

Springs now opens for guests.
