Logan expects to be nominated for the Presidency in 1888.

Minister Phelps has made a decidedly fine impression upon the English and is well pleased with his reception.

Bruce is out. How long before old Fred will follow? Bruce and Douglass sound like characters in Scottish history. But they are only respectable colored officials.

On last Sunday morning ten carrier pigeons brought from Baltimore were liberated at Greensboro, N. C., at 7.50 o'clock. Nearly all of them were home between 3 and 4 o'clock p. m. that day—distance 301 miles.

The New York *World* says the verdict in the Cluverius case was unexpected—that it was passed purely on circumstantial evidence that left no *moral* doubt of the guilt of the prisoner but did leave much *legal* doubt.

Sullivan, the bruiser, is charming Boston with his entertainments. He is posing in antique classic scenes, representing Greek and Roman statuary. One of his scenes was "Hercules at Rest." Was John in bed with his boots on?

The Norfolk *Virginian*, in its notice of the conviction of Cluverius, said:

"The jury, after a calm review of the facts in the case, differ with the opinion of Judge Crump and find Cluverius to be a monster, and their opinion is the verdict of nearly every person who has read the history of the crime. Now let swift retribution follow.

The Republicans have found something to "chaw on." It seems Minister Keiley, in some book, expressed himself freely and truthfully of Sherman's scoundrels. Here is what he said, and to it the whole South will respond Amen!

"As I believe there never was in the Confederate army any such body of thieves and ravishers and house burners and hardened wretches as the 'bummers' of Sherman's host, so I doubt if any such a set of outlaws ever assembled in any prison as were congregated in Andersonville."

Rev. Samuel P. Jones, the great Methodist revivalist, is thus described in the Atlanta *Constitution*:

"Mr. Jones, according to our authority, is about thirty-seven years of age. He is a small, slender, sallow-faced man, with black hair and eyes and a black moustache, decidedly unclerical looking, but apparently full of snap and energy. His earnest and personal magnetism impresses all who come in contact with him. Much that has been said of his early follies is untrue. He never gambled. He never kept a saloon. He was simply a noisy, frolicsome young fellow, too fond of liquor for his own good."

Dr. T. M. Bowyer, of Liberty, Va., is out in a card replying to the statement of Mr. Terry, mother of Hairston Terry, who was hanged by Judge Lynch for the murder of Mr. Jeter. He says he drank excessively, and for that reason returned to his home from Richmond. Those who met him the day he shot Jeter saw nothing unusual in his manner and had no reason to think he meditated murder.

THE MORNING STAR.

VOL. XXXVI.—NO. 66. WILMINGTON, N. C., SUNDAY, JUNE 7, 1885. WHOLE NO. 5841

STATE DENTAL CONVENTION.

Charlotte Observer.

The session yesterday morning was opened with the reading of a paper by Dr. C. A. Rominger, on mechanical dentistry, and the subject passed.

Dr. V. E. Turner read a paper under the heading of operative dentistry on the subject of "Little Blunders." Dr. Hoffman read a paper on Pathology and Therapeutics, and Dr. J. E. Matthews read a paper on Dental Education. Dr. Durham, President of the Association, then delivered his address, and it was received with enthusiasm by the members present. The address was pronounced a most excellent and elaborate one. The subject treated by Dr. Durham was "Educated Dentistry." The members thanked Dr. Durham for the address in a very flattering manner.

The Association adopted a resolution that the Chairman of the Board of State Dental Examiners have the dental laws printed in a pamphlet form and forward copies to every sheriff in the State and to the members of the Association.

An application from J. E. Wyche was received for the beneficiary of the Baltimore College of Dentistry, and the application was granted by acclamation. Officers for the ensuing year were elected as follows:

President—Dr. J. E. Matthews, of Kenansville.

1st Vice President—Dr. B. H. Douglass, of Asheville.

2nd Vice President—Dr. H. C. Herring, of Concord.

Secretory—Dr. T. M. Hunter, of Fayetteville.

Treasurer—Dr. J. W. Hunter, of Salem.

The Board of Medical Examiners elected Drs. V. E. Turner and J. W. Hunter, members for three years. The Secretary's report showed that the State Dental Examining Board, for the ensuing year will consist of Dr. V. E. Turner, of Raleigh, Chairman; Dr. J. F. Griffith, of Salisbury, Secretary, and Drs. J. W. Hunter, of Salem; E. L. Hunter, of Enfield; J. E. Matthews, of Kenansville, and J. H. Durham, of Wilmington.

A motion was adopted that to all members who may be expelled from the Society, the Secretary shall send notification by registered letter. Upon the receipt of this notification the expelled member must forward his certificate, or the Association will advertise him in the columns of the paper published nearest his residence. Another motion was adopted, that it shall be the duty of each and every member of this Association to confer with or report any dentist who shall practice the profession unlawfully in this State.

As previously decided upon, Raleigh was announced as the place for the next annual meeting, and the first Tuesday in June, 1886, the time.

Testimonial.

We learn that on Friday last the employes of the C. F. & Y. V. R. R. presented Capt. James S. Morrison, late Chief Engineer and General Superintendent of the road, with a handsome silver tea set. Nearly all of his former employes were assembled in the Car Accountant's office at the presentation. E. T. B. Glean, Chief Clerk and Car Accountant, made the presentation speech. Those present say it was a most enjoyable occation.

The Standard Dramatic Company.

This Company open in the Opera House here to-morrow night. The Columbus (Ga.) *Enquirer* says of their performance in that city:

This worthy company presented "Under the Gaslight" last night at Springer's Opera House. The audience was a large one, considering the inclement weather, and evinced their pleasure by frequent and prolonged applause. There were several "hits" during the evening, and the amusing parody on "Climbing the Golden Stairs" was received with applause at the end of each couplet. The company has already played three nights in this city, and the crowds increase nightly.

— There is a rumor that one of the Wizzard Oil men dropped dead a day or two ago at Richmond. One report has it that the unfortunate man was Childs and another that it was Laurens. Hope it was neither.

— The only case before the Mayor's Court yesterday morning was that of Fred. Hooper, a colored boy, who was charged with acting disorderly at the Carolina Central depot, and who was required to pay a fine of $3.

— We learn that the purchase by the W. & W. Railroad of the Midland Railroad from Goldsboro' to Smithfield, has produced a change of sentiment in favor of a lease of the A. & N. C. Railroad to the W. & W.

— Col. J. D. Whitford, President of the A. & N. C. Railroad, and one of the oldest and best railroad men in the State, has signified his intention of passing the State Guard free on his road on their way to the encampment at Asheville.

Weather Indications.

The following are the indications for to-day:

For the South Atlantic States, fair weather, warmer in the northern portion, stationary temperature in the southern portion, with winds generally easterly.

Personal.

We regretted to hear yesterday that Mr. B. F. Hallett was seriously ill at his residence in this city.

Prof. M. C. S. Noble, Superintendent of the Graded Schools, left last evening for Selma, Johnston county, on a visit to his parents. On the 1st of July he assumes charge of the State Normal School at Newton.

Many will regret to hear that Mr. T. C. Munds has determined to remove with his famly to Statesville, where he will continue his business as a druggist. We wish him success in his new field.

Mr. Hugh MacRae arrived home Friday night with the diploma of Bachelor of Science from the Massachusetts Institute of Technology, a distinction of no small importance. His friends congratulate him on the possession of such a high testimonial to his ability and worth.

Outrageous.

We met an indignant citizen yesterday morning, and when he informed us of the cause of his indignation we were not surprised that he felt like hurting somebody. He says his wife sent his little boy to a corner grocery store for a pound of butter. Coming back, walking very deliberately and circumspectly, for fear he might stub his toe and drop the dish, he did not discover that a colored boy had laid a trap for him in the shape of a piece of wire with a loop in it until he found himself tripped and falling to the ground. The consequence was that the little fellow lost his butter and narrowly escaped injury himself, while the colored boy escaped recognition and a good thrashing by getting out of sight as quickly as possible.

Colored Rechabites.

The colored Rechabites have reorganized under the High Tent, with the title of Cape Fear Tent No. 1, Grand United Order of Rechabites, and elected the following officers:

"Keep it Up."

WE WOULD LIKE TO SEE THE BUSINESS of last week repeated this. Last Sunday's "ad" was a "teller," and had a good effect. We were kept busy every day, and those who came only to look became buyers, for those $8.50 suits were irresistible.

We have still a large lot of CASSIMERE SUITS that must be sold, and therefore we will not expect a profit on them.

Last week we had some heavy invoices of THIN SUMMER GOODS.

We have Seersuckers and Alpaccas in great variety, and some of the styles have never been shown here before. All these goods are now on sale, and the prices are conceded by all to be very reasonable. We will receive this week a large invoice of SUMMER NECKWEAR, and other little notions in the Furnishing Department.

Remember, that prices are scaled very greatly in our Merchant Tailoring Department.

A. DAVID,
je 7 tf Merchant Tailor and Clothier.

The Leading Clothier.

SO POSITIVELY CERTAIN ARE WE THAT low prices has won for us the enviable reputation we enjoy of being the Leading Clothing House of Wilmington, we intend to keep right on in the old way, giving the people the best value and the best made goods for the least money. We do and can afford to sell cheaper than any other house in the city, and we make the same liberal offer to everybody—If any article bought of us is not exactly as represented, or is in any way unsatisfactory, it may be exchanged or we will promptly refund in cash the price paid for it. Examine our goods at your homes, compare their quality and price with goods from other stores, and you will see why our trade continues to grow and prosper.
