THE MORNING STAR

Spirits Turpentine.

— Edenton *Advocate*: Electric lights for Edenton is now almost an assured fact.

— Germanton *Times*: We learn there are 110 visitors at the Piedmont Springs.

— Greenville *Reflector*: The railroad is completed to Great Swamp, four miles from Greenville. In a few days more the train will be here.

— Kinston *Free Press*: A hail storm last Thursday near Wooten's Mill badly injured the crops on several farms in that section—almost ruining cotton.

— Dallas *Eagle*: Mr. Dolph Luper, an idiot of Gastonia, dropped dead at the dinner table one day last week. It is reported that there were three deaths at Gastonia that day.

— A match game of base ball played at Tolsnot Tuesday, between Fremont and the Athletics, resulted in a victory for the Athletics by the following score: Fremont 8, Athletics 13.

— Scotland Neck *Democrat*: Mr. W. F. Butterworth sent us recently a bunch of oats measuring 70 inches high. We learn that he had quite a quantity of them this season that would average 65 inches.

— Chatham *Record*: A hawk got after some chickens belonging to an old lady in New Hope township a few days ago and actually followed them into the house, when the old lady seized a stick and killed it.

— Alamance *Gleaner*: Just as we go to press, we learn that Col. Gant died at his home in Faucett's township, near Big Fall, on Tuesday afternoon. He was one of the oldest men in the county, being over 85 years of age.

— Carthage *Blade*: It is very gratifying to us to be able to report that the crop prospects of Moore were never more promising than now. An unusually large crop of small grain has just been harvested, and the corn and cotton crops promise to be above the average.

— Roanoke *News*: Dr. G. E. Matthews, who lives about a half mile from Ringwood, had his beautiful home, together with its contents, consumed by fire last Saturday night. The family barely had time to escape. The fire was discovered about 1 o'clock by the barking of a dog.

— Winston *Daily*: It seems that this section abounds in curiosities. Yesterday Mr. John G. Young brought into our office a dove colored crow, which he says was killed from a flock of black crows a few miles from this place. This is the first dove colored crow we have ever seen or heard of.

— Newberne *Journal*: There was a fair crowd in attendance at the meeting at the Y. M. C. A. rooms last night. A constitution and by-laws were adopted and a committee of four appointed to collect the entrance fee of twenty-five cents for each share for the purpose of perfecting the organization.

— Raleigh *News-Observer*: Ground was broken yesterday morning on the cotton factory site, to carry out the contract for the grading which is to be completed within three weeks. President Lewis is pushing right ahead now in executing the work, and Treasurer Wynne is taking in the cash to pay for the same.

— Goldsboro *Argus*: Three fine Jersey calves—thoroughbred and all of equal age—are the admired of all visitors at Mr. Jno. W. Bryan's model farm, near this city. They are beauties for a fact. And in stock raising, as well as in all other respects, Mr. Bryan is setting a profitable example to the farmers of this section.

— Nashville *Argonaut*: The ex-Confederate veterans will meet at the court house in Nashville on the first Monday in August, which is the 5th. —— Mr. T. M. Ward, of Hilliardston, says he has been farming ever since 1842, and during the whole time has never bought but forty pounds of meat, and has had meat to sell every year.

— Raleigh *Call*: The first grapes of the season were put on the market this morning by Mr. Wilkes Hervery. They are of the "Champion" variety and are at Stronach's grocery palace. Regular shipments of grapes North from Raleigh will commence this evening. Capt. B. P. Williamson making the first shipment. It is probable that 40,000 baskets will be required to ship the Raleigh crop this season.

— Elizabeth City *Carolinian*: Farmers report that upon the whole their corn and cotton promises well. —— There will be a reunion of the Confederate veterans here on the 31st inst. —— A movement is on foot to establish a steamboat mail line between Elizabeth City and Manteo. The large and growing business connections between this place and the lower Sound section is demanding much better mail facilities, and the time has come when the service should be supplied by steamer.

— Shelby *Aurora*: Adam Yelton, of Sunshine, Rutherford county, claims that he possesses a genuine mad-stone that has done wonders and cures the sting of bees and the bite of mad dogs. —— Miss Emma Canady, of Wilmington, who is spending the summer with her uncle, J. S. Canady, at Rutherfordton, was thrown from a horse while riding, last Saturday, some four miles from town, receiving a fracture of the smaller bone just above the ankle. She is doing well.

TWINKLINGS.

— There are now more than thirty three thousand telephone subscribers in Germany.

— "Hurry to the door, Mary, and let Mr. Smith in. He has rung twice." "That isn't Mr. Smith; it is the other young gentleman." "Well, wait a minute then, I must change the photographs on the mantel."—*Life*.

— A Hindoo lecturer in England says that the British have degraded India and her people to the level of beasts, and that tens of thousands die yearly of starvation, and all reports are suppressed.

— Enoch Townsend, of Saco, Maine, is credited with accomplishing the feat of riding from Boston to Portland on a bicycle in a single day, having left the "Hub" at 5 a. m. and arrived at Portland at 8 p. m.

— Jerusalem seems now to be a rapidly growing city. This is due to the great number of Jews who are flocking there yearly. They now number 30,000 more than the Moslem and Christian population combined.

— The Cincinnati *Commercial's* report of a certain Commencement contains the following: "Dr. Bartholomew presented the diplomas, making the address in Latin equally melodious and unintelligible."

— The proceedings of the Japanese parliament are reported verbatim by means of a stenographic system original in Japan. The characters are written in perpendicular rows from right to left.

— Belgium is a poor place for physicians. A writer to a medical journal published there says they have the care of three-fourths of the population, get nothing at all from one-half of their patients, and very poor pay from the rest.

— Deacon Podsnap: What a beautiful sight it will be in the world to come, all the streets paved with gold. Brother Halsted: I don't believe it's nothing but brass. I bought one of them there gold bricks myself once!—*Terra Haute Express*.

— Things one would wish to have heard differently: Grace—"And yet, how little we have seen of each other lately, considering there is only a partition wall between us." Emily—"But then, dear, it is such a comfort to know that you are on the other side."—*Punch*.

— Comparative anatomy: Mistress—"See here, Uncle Henry, there was as much as a bushel of corn left in a bag out here by the door last night." Uncle Henry—"Dun' know, missus; but 'spec' dem pesky hens eat it up." Mistress (with small respect for Uncle Henry's idea of meum and tuum)—"Two-legged hens, I guess, sir!" Uncle Henry, gravely—"Well, missis, de hens about hyah am mostly constructed on dat ar principle."—*Harper's Weekly*.

OUR STATE CONTEMPORARIES.

Both Dr. Grissom and Dr. Rogers should resign their positions at the North Carolina Insane Asylum. We think public interest demands this.—*Durham Plant*.

The Democratic party stands as squarely for tariff reform now as it did when Mr. Cleveland declared that it was not a theory but a condition which confronted us. The condition still confronts the country, theories to the country, notwithstanding.—*Tarboro Southerner*.

The North Carolina railroad owes $47,473, and has $10,000 on hand in cash, to which an equal amount is expected to be added in September, leaving the net debt about $27,000. Dr. Hogg and Col. Sumner have been over the line as examiners, and find the property in a satisfactory condition, and in fact, "generally improving." The lease has a dozen years more to run.—*Raleigh News Observer*.

It is understood that the self-constituted bosses who have assumed to take control of the Republican party in North Carolina, and to direct its management in their own way, without regard to the opinions of the great mass of Republicans in the State, claim to do so in imitation of the political methods of General Mahone by which he has made such large gains for his party in Virginia.—*Greensboro North State, Rep*.

POLITICAL POINTS.

— General Mahone advises the Virginia Republicans to organize for the general good. He probably refers to Gen. Good, a distinguished Democrat of that State, who is a thorn in Mahone's flesh.—*Boston Herald, Dem*.

— The officeseeking horde is justified in its howl over the appointment of men whose wives are also appointed to good places. Appointing a whole family to office, where there are so few Democrats to go out and so many patriots to go in is hard on the horde.—*Norfolk Virginian, Dem*.

— So far Assistant Postmaster General Clarkson has been caught in appointing as postmasters a burglar, a convicted keeper of a disorderly house, a man who has been punished for sending obscene literature through the mails, and a man who does not live in the place where he is appointed (the law requiring him to be a resident). Now he has appointed at Delmar, Ala., a negro who can neither read nor write.—*Pittsburg Post, Dem*.

The Verdict Unanimous

W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 39 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at ROBERT R. NEWSY BRIGHT AND CLEAN. UP WITH THE TIMES.

THE "STATE CHRONICLE" WILL BE WHAT its name implies—a State Paper. It is not the RALEIGH "Chronicle," and will not be local or sectional. It will aim to keep up with the news from Murphy to Manteo, or, as the politicians put it, from Cherokee to Currituck.

It will the organ of no man, no ring, no section, no party. It will be Democratic in politics, but will not hesitate to criticise Democratic measures and Democratic officers.
