THE SENTINEL.

THE RESULT.

[illegible] not yet elapse before the [illegible] of the elections in Pennsylvania, [illegible] Indiana and Nebraska is known — [illegible] the Radical majorities in those [illegible] is very large, our people need not [illegible] at the truth for some time. It [illegible] upon Radical majorities, for mis[illegible] [illegible] Their [illegible] in regard to the [illegible] and Congressional elections to either [illegible] this.

[illegible] flattering to the hopes of [illegible] the Radicals in Pennsylvania [illegible] to be true that the large majorities in any of them claimed for the Radicals will not be reduced. We have certainly captured two or three Congressmen in Pennsylvania and four in Ohio, and the report is that we have carried Indiana either by a very small vote. Our gains elsewhere in Indiana show that a closer approach to the official vote must decide the matter.

At all events, we incline to the opinion, from whatever the reported majorities in Pennsylvania and Indiana, it [illegible] hard to hope, as we said in our issue of last Monday, that the Democratic party, [illegible] a determined rally of the Democrats and Conservatives in these States, it [illegible] may turn back the tide in November. What has been done can be done, and never was there a hopeless of the final result.

We are glad to find Illinois Conservatives [illegible] not well to do, that the issues are [illegible] patriot and lovers of liberty [illegible] to complete [illegible] in the [illegible] to the general result, North Carolina [illegible] be redeemed.

[illegible] contemporary the Charlotte Times [illegible] the following correct view of the subject:

"Elections held here yesterday for [illegible] the Conservatives of the Radicals in Pennsylvania and Ohio. This may be so, yet we [illegible] to be a few hours [illegible] at all events, [illegible] even if it be really the case, [illegible] reason for despondency? We say, no. Even though Grant and Colfax be elected, we need every incentive [illegible] to work manfully for the redemption of this grand old State from Radical misrule. The effect of carrying this State for Seymour and Blair will do much to curb the violence of the party in power and to restain them from too high-handed acts of despotism and ruin.

Too the State can be carried, no sane man can doubt, if the Conservatives but do their duty. In April, the Radicals carried the State by 20,000 majority. At that election 29,754 registered voters did not vote at all. It is a notorious fact that every Radical in the State, through the fiend Holden, was compelled to vote or else resign that, making the allowance for the sick and dead, that more than 20,000 of these voters were Conservatives. And to those who were then distranchised, which number at least 15,000, of whom at least 12,000 are Conservatives, there can be no doubt but that the State can be carried by at least 10,000 majority.

What we want is Zeal, Energy, Patriotism and Work! Will not the glory of having redeemed and disenthralled the good old North State be ample reward for all our labors and sacrifices? A thousand times, YES. To work then, and never pause till sunset of the 3rd of November.

REGISTRATION.

Registration commenced all over the State on yesterday. In this city, quite a number of blacks and a few white registered. [illegible]

We beg the people to attend to this. The Democrats and Conservatives must be represented at the tables of the Registrars.

Remember that unless a voter is challenged when he registers, he cannot be when he votes.

Remember that a voter must be 21 years of age, must have resided in the State twelve months before the election and in the county where he votes thirty days before the election.

No man can register but at one precinct, and every voter must vote where he registers unless he presents a certificate from the Registrar, that he registered at a given precinct.

Impress upon the voters that they can vote but once, and that if they do there is a severe penalty.

Heretofore, the impression prevails, that a number of stay-at-homes, under 21 years of age, have registered. This ought not to be allowed.

MASS MEETING AND BARBECUE.

These usual accompaniments of a campaign, are being used extensively in this State, and we trust with much potency, but we take occasion again to warn our people, that all is not gold that glitters, and that every man who buzzes and throws up his hat over a great Democratic speech, of which we have had many in this campaign, or who eats of your barbecue, is not a sound convert to your political faith. The last canvass in these respects had never been beaten. The present one is its equal, and we are sure that great speaking, large meetings, high enthusiasm and fine barbecues were never more fully brought into requisition, or employed, by the Democrats, than in the late campaign in Pennsylvania, Ohio and Indiana.

These may be done, but *there are other things that must not be left undone.* The old Democratic programme must be brought into requisition. The people must be supplied with reading matter. We must talk with our friends in the stores and shops and fields—on the roads and at the fireside. We must be in earnest. Ours is a contest of principles. It is a struggle for liberty and the Constitution, and every man must do his duty. Watch the registration and the polls, and all will be well.

RADICAL LIKE OF FALSEHOOD.

The Asheville *Pioneer*, of the 8th inst., under the head of "Information," preaches against falsehoods of the press. It says:

"Having an immense sway over the minds of the masses, how important that the influence of the press should be used to elevate and ennoble and not to degrade, by misrepresentation and the dissemination of truth and falsehood as it would the Journal is that the [illegible] believe falsehoods and support [illegible]

And again:

"The people [illegible] believe what they see in the papers, [illegible] will soon find that they are [illegible]

After reading the foregoing, who would expect to find in the *Pioneer* [illegible] such extracts [illegible] the Conservative:

"Look at the law, as published in the *Pioneer*. What power does it give the Secretary? None, whatever, save simply to approve such modification as the Commissioners may offer him for his approval. The Commissioners have not offered any modification for his approval. The act gives the Secretary no power to afford relief, unless such relief is proposed by the Commissioner. The Commissioner says the law does not authorize him to propose relief. The Secretary, not doubting the honest intentions of the Commissioner, yet hoping that his decision may be erroneous—has in his anxiety to afford relief, if possible, referred the matter, as before stated, to the Attorney General."

When will the *Pioneer*, or any other Radical sheet, practice its own precepts?

ANOTHER PROCLAMATION.—We learn that the *Standard* of yesterday contains a long letter or proclamation to the Sheriff of Granville, to arrest a white man for whipping a negro man. We have not seen it.—But we learn that an attempt is being made to knock up a duel in Granville to call out the militia, &c. It is believed that Mr. Lanier and Colfax Men are becoming uneasy at the prospects of Grant and Colfax in Granville. We beg our friends in Granville to give us the truth, upon which Gov. Worth's order to the Sheriff is founded.

ADAMS IN SOUTH CAROLINA.

Great Speech of John Quincy Adams, of Mass., in Columbia, S. C.

[illegible]

Columbia, S. C., Sunday, P. M.

John Quincy Adams this P. M. made the address to the people of the State of Massachusetts, which we gave in part last evening. His speech, as will be seen from the report below, was able and interesting.

[illegible]

Mr. Chairman [illegible] I have come to speak to you to-day from my place of [illegible] the [illegible] Committee, to consult with you upon the [illegible] Gentlemen, it does [illegible] to me [illegible] I have [illegible] and [illegible] of your permanent interest, and I wish to tell you that I was accident through [illegible] appointed [illegible] Legislature [illegible] and [illegible] I am a grandson of one of the [illegible] of your permanent interest, and I wish to tell you that I was accident through [illegible] appointed [illegible] Legislature [illegible] and [illegible] I am [illegible] personally of my constituents, and I am [illegible] to learn from you to know [illegible] wishes and interests upon questions of public policy which concern nearly all of you. You also have, perhaps, not heard that
