The Daily Sentinel.

JOSIAH TURNER, Jr., EDITOR.

From the La Crosse Democrat.

DEBT NOT DECREASED.

We see it frequently asserted by Radical papers, that the national blessing is being decreased year after year, month after month, and week after week, but we fail to see the force of such untruths. Taxes are getting higher all the while, and we read of millions of revenue coming in each day, yet the debt has steadily increased since the close of the war, in 1865, until now it is over $350,000,000 more than it was then.

Tax payers and the laboring classes very properly ask: "Why is this?" and "murmur among themselves." It is because of dishonest, of needlessly protracting Indian wars, of voting treasure to every little enterprise, of keeping black men in idleness.

Large taxes necessitate a large expenditure to collect the same, as there is an expensive army of assessors, collectors, and those who watch to prevent fraud, but who are always willing to "divide."

Years ago the party now in power denounced the Democratic administration as extravagant, when it only cost the country about $80,000,000 a year, and now four times that sum is spent annually by each Radical administration.

Statements recently published by the Treasury Department furnish some startling facts. By them it appears that, on the 1st of April, 1865, the public debt amounted to $2,366,955,076 34. The receipts into the Treasury from that day to the 1st of November 1868, from all sources of revenue, reached the enormous sum of $1,666,476,062 20.—The increase of the public debt from the first day of April, 1865, to the first day of November, 1868, was $169,174,475 48.—Add this sum to the revenue receipts, and the total amount received by the government from all sources, from the 1st of April, 1865, to the 1st of November, 1868, make a total of $4,822,650,537 68. Estimating the revenues from November 1, 1868, to June 1, 1869, to be in the same ratio that they were the previous year, the total revenues received by the Treasury from April 1, 1865, to June 1, 1869, will foot up $2,060,650,537 68, or nearly five hundred millions annually. The figures of the Treasury Department show that the debt of the country has increased, since the close of the war, to the amount stated below:

Total debt June 1, 1865	$2,683,679 628 10
Total debt April, 1, 1865	2,366,955,077 34
Increase	$296,715 555, 76

What a comment on honest administration and Radical financiering. This thing must end, and will in final repudiation.—It is the only loophole left for the people to get out of the meshes of Radicalism, and the sooner it comes the quicker the calm and dawn of prosperity.

THE SWANNANOA CHEESE MANUFACTORY.

In company with a few friends, on Friday last we paid a visit to this, the second Cheese Factory established in the mountains of Western North Carolina, located about two miles Southeast from Asheville, in the beautiful Swannanoa Valley, and directly on the Morganton road.

This factory is owned by W. W. McDowell, G. B. Tennent, Mont. Pritch, John Murphy, John Chesbrough and Jos. Reed, six of the best farmers in Buncombe county, who own fine farms in the vicinity.

Mr. Jacob Becker, from Herkimer, the celebrated cheese county of New York, assisted by his excellent "better half," is the Manager and manufacturer; and we take occasion to congratulate the Company in securing the services of such competent and truly worthy persons to conduct the details of their enterprise.

The first cheese was made at this factory on the 27th day of May last. The product of that day was 56 lbs. The daily production has steadily increased since then, and it now amounts to 153 lbs. The aggregate amount made from the 27th of May to the 27th of June is a little over 3,000 lbs. This, we think, is doing well for the first month, particularly when we consider that five sabbath days occurred on which no cheese was made.

Of the quality of the cheese we are unable to speak, as yet, as it requires at least 60 days to cure and become fit for use.—But, judging from the truly rich appearance of their outside, we never saw a more superb lot of cheeses than our friend Becker exhibited to us in the curing room of the Swannanoa factory.

Our space admonishes us to be brief, and we, therefore, postpone the extended account we had prepared. We will give it in our next.

We cannot close this short notice without returning the sincere thanks of the whole party to Mr. and Mrs. Becker for their kindness and attention to us during our visit.

A MAN WHO HAS NOT SLEPT FOR FOUR YEARS.

(Lancaster (Pa.) Express.)

A very singular case of wakefulness has just been brought to our notice. Joseph Herr, a cabinet maker, about 60 years of age, has not had a half hour's continuous sleep for four years. The case was thus stated to us: About four years since a daughter of Mr. Herr became very ill and Mr. H. watched at her bed side day and night, for six weeks, when she died. All this time he took no sleep, stating that he felt no desire for it. A few days after the death of his daughter, he ran a nail into his foot, and this confined him to his bed for seven or eight weeks, not an hour of which time could he obtain sleep. After recovery from his wound he still failed to obtain rest from sleep, and so the matter continued to go on from week to month, and from month to year. His health suffered and he complains of great debility.—He applied to a leading physician of this city, who prescribed a powerful opiate, but it had no more effect upon him, as he says, than a snap of his finger. He again applied to the same physician, requesting that the dose be increased. To this the physician objected, stating that it would be dangerous. He said he did not care, and another opiate was prepared strong enough, it is alleged, to put three or four ordinary men to sleep and never wake up again.—This had no better effect than the first, and the physician refused to administer any more doses of that kind, but advised his patient, as a last resort, to get on a "high old bender." This experiment has not yet been tried, and it may be a question whether he can swallow enough liquor to produce intoxication and soporiferousness.—Mr. Herr is a sober and industrious man, but in consequence of his malady is unable to do any kind of physical labor. It is certainly a strange case.

Assets $10,462,531,75.
Amount of Income 6,227,071.
SURPLUS OVER LIABILITIES 2,675,999,48.

THE Ætna is the LEADING LIFE INSURANCE COMPANY in North Carolina.
Largest amount of Losses to Widows and Orphans!
The Largest Revenue to the States. And has by far the largest number when compared with 58 Companies reported officially by the Commissioners of New York and Massachusetts it will be seen that the Ætna ranks as one of the first Companies of the Continent. But two of the fifty-eight Companies permitted to do business in New York and Massachusetts had so large an income for the year 1868; but two had so large a number of Policies in force, but one among all those incorporated under the laws of the State of New York had so small a per centage of Expense to Income during the year 1868.

Its expenses are lower than most Companies', and consequently its ability to make and pay liberal dividends to the insured is greater than that of most other Companies. It is one of the great Companies of the land in Income, in Assets, in Number of Policies, in Amount Insured, in Solidity and Strength, in Soundness, Cheapness, Promptness, and Success. Persons contemplating this mode of investment in the future as in the past would do well to examine the claims of all and take a policy accordingly.

SPARKLING CATAWBA SPRINGS,
CATAWBA COUNTY, N. C.
THIS CELEBRATED WATERING PLACE, formerly called the North Carolina White Sulphur Springs, will be open for visitors on Tuesday, the first day of June next.
Being situated in the northwestern part of the State, in a country remarkable for its beauty and healthfulness—these, together with the virtue of the waters, make it one of the most desirable watering places to be found.
The MINERAL WATERS of these Springs are the White and Blue Sulphur and Chalybeate or Iron, and they possess all the finest qualities of these waters, and are sovereign remedies for all diseases of the liver, bowels, stomach and kidneys, eruptions of the skin, scrofula, weakness, debility, dyspepsia, rheumatism, &c.
The proprietor having spent a large amount in additional buildings and improvements generally, these Springs are now in a fine condition, rooms large and pleasant, and good cottages containing from two to six rooms each, well arranged for either large or small families.
Good TEN PIN ALLEYS, BILLIARD TABLES and other amusements.
FINE BATH HOUSES, for Pool, Plunge or Shower Bath, Sulphur Bath, Hot or Cold.
A GOOD BAND OF MUSIC
Will be at the Springs the entire season, and a good Physician permanently located for the benefit of invalids, who will have every attention.
Having secured the services of Mr. J. N. Carter, of Virginia, who has had much experience and stands high as a Hotel keeper, visitors may rest assured that my table will be supplied with the best the market can afford, and everything done that will add to their pleasure and comfort.
The cars on the Western North Carolina Rail Road will leave Salisbury for Hickory Station, the Springs' depot, every morning, (Sundays excepted,) in connection with the North Carolina Railroad, avoiding stoppage or delay at Salisbury, and arrive at Hickory Station in time for breakfast, where good hacks will be in readiness to take passengers over a beautiful, well-shaded road to the Springs—a distance of six miles.
As an inducement for families and parties to spend two months or more, I have concluded to put board down at the following low rates:
