NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST, AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!

No more Smoke!—No more Grease!

No more Smell!

EVERYBODY PERFECTLY SATISFIED AFTER GIVING IT A TRIAL!

It costs less!—It lasts longer!—Gives a more brilliant Light!—May be burned in lamps now without chimney.

Guaranteed to stand Test and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

Testimonials have ever happened with it.

Patented by Cozy Light for 14 years from May 1st 1869.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivaled reputation, as a brilliant, non-explosive burning agent, though subjected to the severest tests, being universally intended to be equal to Kerosene or Coal Oil. It makes a better light and more of it, burns any otherlight, being perfectly safe, clear, steady and not injurious to the eyes. All that is asked is a fair and impartial trial.

Among the numerous testimonials received read the following:

Fayetteville, March 15th, 1869.

The undersigned, having witnessed the experiment of Prof. Hall & Co., with their burning fluid, finds this pleasant to inform the public. The various tests to which the Fluid was subjected, was in the best manner satisfactory. We have no hesitation in recommending it as a safe and brilliant burning agent. Its economy added to its other good qualities, should secure its introduction into every family in the country, where Kerosene Oil is used.

Monty, Ganger and Inspector Coal Oil, Philadelphia; Kiene, Stone & Hanna, Gas Fitters to President 104 Arch St., Philadelphia.

Testimonials without number from citizens of this, we could add those of other states might be published, but the above is sufficient. Any person may give the light one month for 10 cents, and the Fluid at no cost.

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, James P. Lucas, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

"The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience; men of probity and unblemished reputation; in the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

UNPREGEDENTED SUCCESS

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the *highest award* in premiums and diplomas wherever entered for competition at *fairs and exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates, as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work,

Place it unquestionably far in advance of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity) making either the Lock Stitch or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparatively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Mrs. Thompson's Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

Instruction in the use of the machine will be given to all purchasers gratis.
