The Georgia Mutual

IS A HOME COMPANY.

Owned and controlled by Southern men. It keeps the funds at home for the benefit of Southern people. PIONEER COMPANY OF THE SOUTH, in all the new and liberal features of Life Insurance. Among advantages not offered by any other Company, note the following points. 1st. Policies issued on the Tontine plan, with a profit of one third. 2d. The Premium as a perpetual Loan. 3d. THIRTY DAYS GRACE for the payment of all premiums, and the Policy held good for that time. 4th. Policies incontestable after the first payment, except for fraud. 5th. Policies free from any military or naval risk. 6th. It is a Mutual Insurance Company, ninety four per cent of the Profits are divided among the insured. Under this plan, and as a policy commands higher rates of Interest in the South than North or East, the probability is almost certain that the dividends will exceed those of insurance companies, thus reducing the premium to their lowest actual cost.

7th. Under the Charter of this Company, Policies of Insurance are not subject to the debts of the Insured. Policies in favor of a wife or children are payable to them or their guardian direct.

8th. This company issues policies guaranteeing six per cent. compound interest in addition to the insurance of the amount insured. Parties about to insure would do well to examine the tables and plans of this company before insuring in any other company. Good Canvassing and Local Agents wanted in every county in the State of North Carolina, for particulars apply to the home office or

DE SOTO MUTUAL LIFE INSURANCE COMPANY,

OF ST. LOUIS, MISSOURI.

JAMES H. LUCAS, President.

CAPITAL STOCK, (PAID UP) $150,000.00!

Stockholders bound for Double the Amount of Stock!

$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to cast its rearing over those of other good Companies, nor to prosper on the decline of others, laboring in the same field, and for the same grand object. Desirous of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"The Companies have started off with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, original good sense, sound judgment and splendid business capacity.

The Directory rank among the first class of our merchants, bankers and citizens as men of capital, financial ability and experience; men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans, and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or ocean, in any portion of the United States and Territories, the settled portions of Mexico, Canada, Nova Scotia and New Brunswick, and in time of peace may row and traverse the Atlantic Ocean by the usual passenger routes, and should reside within any portion of Europe.

And $5,000 ready to pay a loss of No. 1,761, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$10,54
EQUITABLE,	12,44
NORTH AMERICA,	21,15
BROOKLYN,	21,09
UNIVERSAL,	27,34
JOHN HANCOCK,	19,27
THE NATIONAL,	62,49
THE ÆTNA,	19,41

It has an IMPORTANT NEW FEATURE, that is been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, and it issued more Policies in the United States than any other one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. "In the June number of the Insurance Times, of New York, the following opinion was expressed:

"If there is any great benefit in current speculation, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the families of the departed policyholders; and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, it issued only 598 policies, received an income of eight thousand dollars, and [illegible] assets amounting up to something over two hundred and forty-one thousand dollars; but last year, 1868, it granted 12,327 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had accumulated and securely held invested net assets amounting to over Two Million Three Hundred and Fifty Thousand Dollars, and this wonderful ratio of growth has been sustained in 1869."
