WILLIAM SHELBURN.

Raleigh, N. C.

A. BALDING'S

PATENT GLASS SUBMERGED

DOUBLE-ACTING FORCE PUMP.

THIS Pump will pump 30 gallons of water per minute, will never cut out the working barrel from friction, no water ever stands in the pipes to freeze, and is less liable to get out of order than any other pump now used. It can be put up in a short time by any ordinary mechanic.

The No. 8 pump for yard wells will be sold at from $20 to $25, capable of throwing 20 gallons of water per minute. The price of Non-Sucker railroad stations, throwing 60 gallons per minute, will be given on application.

Having the exclusive right to this pump for the United States and South Carolina, and having established a factory for the manufacture of them at Wilson, N. C., I will receive orders for them at Wilson, and will ship them by Express C.O.D., or on the money being remitted, by the regular freight. The number of feet in the depth of the well must be given in all orders.

R. F. PESCUD, JR.,

RALEIGH, N. C.,

SUCCEEDS HE'FATHER IN THE AGENCY OF THE

NATIONAL LIFE INSURANCE CO., U. S. A.

For the Central and Northern Counties in

NORTH CAROLINA.

The NATIONAL, under the management of his father, P. F. Pescud, Sr., enjoyed very unusually favorable success in the sale of policies, and the rate that it has issued upon its

10,000 POLICIES,

and nearly doubled its immense Capital of $1,000,000 in about two years, speaks more for the wonderful popularity than any language of mine could. The rates being based on the Good Risks, and being connected with Mutual Contribution, are so much lower, that a certain and handsome dividend is secured from the date of the Policy.

I will be gratified to take applications from any Good and all existing Policies, and shall want many active and reliable Agents, in the field, pledged on

P. F. PESCUD, Jr., Agent.

DR. CHAS. E. JOHNSON, Medical Examiner and Referee.

SEND YOUR ORDERS IN TIME.

FOR THE IMPROVED

"UTLEY COTTON PRESS."

THE "UTLEY PRESS" is well known, and which gave entire satisfaction last season, can be obtained of me at Raleigh, or my Agents, Messrs. Mitchell, Allen & Co., Smithfield, with its improvements.

Price $175.00.

This invention of power, whereby all friction is overcome, its simplicity, economy and durability, astonishes all who see it; and the more so, that a power so simple should have remained so long unappropriated. The strain is wholly borne by the Bed Plate, Follower Block and two 1½ inch square iron bars, which is capable of sustaining a strain of 100,000 lbs. It has giving much more strength than is required. WITH THIS PRESS TWO MEN CAN PACK A BALE OF COTTON WITH EASE in about minutes weighing from 500 to 550 lbs.

One man can do the work, only requiring longer time.

It occupies a very small space, and can be so placed as to receive the first direct from the Gin or Lint Room, as may be desired. Thus doing away with baskets, and frequent handling of the lint.

It is light in weight, can be taken down or put up in 30 minutes and transported on a two Horse Wagon.

I believe it unequalled by any Press for Power, convenience and durability.

Press complete—Depth Cotton Box 2 feet, Size Bale 4 feet x36x28x30in; wt. Bale 400 to 500 lbs.

THOS. H. BRIGGS.

READ CERTIFICATES BELOW.

Fayetteville, N. C., May 6th, 1870.

T. H. Briggs, Esq.: Dear Sir:—I used the "Utley Cotton Press," I purchased from you last season, and consider it to be the best Press I ever saw. Having packed bales to weigh from five hundred and ninety (590) to six hundred and twelve pounds (612). I consider it the best and most durable Press I ever saw used, and can cheerfully recommend its use to the farmers of North Carolina.

Yours truly, C. W. BYNUM.

Franklinton, N. C., April 26th, 1870.

Mr. Thomas H. Briggs: Dear Sir:—Yours of 13th instant inquiring as to the merits of the "Utley Cotton Press" to hand, and in reply I would say that I have tried other Presses and consider the press upon which the Utley Press works cheaper, simpler and more durable than any I have met with.

Yours very respectfully, JAS. R. WILDER

River Lawn, Cumberland Co., N. C., April 22nd, 1870.

Thos. H. Briggs, Esq.: Dear Sir—In reply to yours of the 13th asking how I was pleased with the Utley Press I used last season, I would say that it gave entire satisfaction.

Respectfully yours, CHAS. H. BLOCKER

Hillsboro', N. C., April 22nd, 1870.

Thos. H. Briggs, Esq., Raleigh, N. C.: Sir—I have used "Utley's Cotton Press" for baling hay for some months. It works well and gives entire satisfaction. I regard it as the best Hay Press I have seen.

Respectfully, R. H. FOGUE.

Raleigh, N. C., June 18th, 1870.

T. H. Briggs, Esq., Raleigh, N. C.: Dear Sir:—I used the "Utley Cotton Press" I purchased from you last season. I packed my own crop of cotton, also other crops for my neighbors, making in all one hundred bales. I consider it superior in all respects to any Press I have ever seen and that it is every thing the patentee represents. I packed bales weighing from four hundred to five hundred and ninety-seven pounds.

Yours truly, W. T. HOWLE.

NON-EXPLOSIVE COMBINATION

BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!

No more Smoke!—No more Grease!

No more Stench!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and whiter Light than Coal Oil and to be NON-EXPLOSIVE!!

No accidents have ever happened with it.

Protected by Copyright for 28 years from May 5th 1869.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It stands a better light and more of it than any other liquid burning compound. Safe, clean, cheap and no injurious to the eyes. All that is asked is a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a safe and brilliant illuminating agent. Its cheapness added to its other good qualities should secure its introduction into every family in the country, where Kerosene Oil is used.
