F. F. FESCUD, JR.,

SUCCEEDING HIS FATHER IN THE AGENCY OF THE

NATIONAL LIFE INSURANCE CO., U. S. A.

For the Central and Eastern Counties of

NORTH CAROLINA.

The NATIONAL, under the management of his father, F. F. FESCUD, Sr., stands very high among Mutual companies, and the fact that it has issued NEARLY 50,000 POLICIES, and nearly doubled its immense capital of $1,000,000 in about two years, speaks louder than the wonderful supporting testimony of its patrons. The remarkably liberal Mutual Plan, and when contrasted with Mutual Cash rates, are so much lower, that a certain and handsome dividend is secured from the date of the Policy. I will be pleased at all times to receive friends and all inquiring Policies, and shall want many active and reliable Agents, in the fields yet open. Yours, &c.,

SEND YOUR ORDERS IN TIME

FOR THE APPROVED

"UTLEY COTTON PRESS."

THE "UTLEY PRESS" for well known and which gave entire satisfaction last season, can be obtained of me at Raleigh, or my Agents, Messrs. Mitchell, Allen & Co., Newbern, with its improvements.

Price $175.00.

This invention of power, whereby all friction is overcome, the simplicity, economy and durability, astonishes all who see it; and the more so that a power so simple should have remained so long unappropriated. The strain is wholly borne by the Bed Plate, Follower Block, and two 1¼ inch square iron bars, which is capable of sustaining a strain of 100,000 lbs. Thus giving much more strength than is required. WITH THIS PRESS TWO MEN CAN PRESS A BALE OF COTTON WITH EASE IN SHORT MINUTES WEIGHING FROM 400 to 500 lbs.

One man can do the work, only requiring longer time.

It occupies a very small space, and can be placed so as to receive the lint direct from the Gin or Lint Room, as may be desired. Thus doing away with baskets, and frequent handling of the lint.

It is light in weight, can be taken down or put up in 30 minutes and transported on a two Horse Wagon.

I believe it unequalled by any Press for power, convenience and durability.

Press complete—Depth Cotton Box 8 feet. Size Bale 4½ feet x 32x22 inches; wt. Bale 400 to 500 lbs.

THOS. H. BATES.

READ CERTIFICATES BELOW.

PITTSBORO', N. C., May 6th, 1870.

T. H. BATES, Esq.: Dear Sir:—I used the "Utley Cotton Press" I purchased from you last season, and consider it to be the best Press I ever saw. Having packed bales to weigh from five hundred and ninety (590) to six hundred and twelve pounds (612) I consider it the best and most durable Press I ever saw used, and can cheerfully recommend its use to the farmers of North Carolina.

Yours truly, C. W. BYNUM.

TRAKELINTON, N. C., April 16th, 1870.

MR. THOMAS H. BATES: Dear Sir:—Yours of 12th instant inquiring as to the merits of the "Utley Cotton Press" is to hand, and in reply I would say that I have tried other Presses and consider the plan upon which the Utley Press works cheapest, simpler, and more durable than any I have met with.

Yours very respectfully,

JAS. A. WILDER

RIVER LANE, CUMBERLAND Co., N. C., April 22nd, 1870.

THOS. H. BATES, Esq.: Dear Sir,—In reply to yours of the 18th asking how I was pleased with the Utley Press I used last season, I would say that it gave entire satisfaction.

Respectfully yours, CHAS. H. BLOCKER.

HILLSBORO', N. C., April 22nd, 1870.

THOS. H. BATES, Esq., Raleigh, N. C.: Sir—I have used "Utley's Cotton Press" for baling hay for some months. It works well and gives entire satisfaction. I regard it as the best Hay Press I have seen.

Respectfully, E. H. POGUE.

RALEIGH, N. C., June 18th, 1870.

T. H. BATES, Esq., Raleigh, N. C.: Dear Sir—I used the "Utley Cotton Press" I purchased from you last season. I packed my own crop of cotton, also other crops for my neighbors, making in all one hundred bales. I consider it superior in all respects to any Press I have ever seen and that it is every thing the patentee represents. I packed bales weighing from four hundred to five hundred and ninety-seven pounds.

Yours truly, W. T. BOWLE.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Explosion! Can't—No more Exploded Lamps!

No more Smoke!—No more Grease!

No more Fires!!

EVERYBODY PROVES IT AFTER GIVING IT A TRIAL!

IT costs less!—It burns longer!—Gives a more Brilliant Light!—May be burned in any lamp, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!

No accidents have ever happened with it.

Protected by Copyright for 28 years from May 5th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it than any other illuminating compound. Soft, clear, steady and unobjectionable to the eyes. All that is asked is a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a safe and brilliant illuminating agent. Its cheapness added to the other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.
