DEMOCRATIC MEETING.—We are requested to state that there will be a mass meeting of the citizens of Wake in the city of Raleigh, on Saturday the 26th day of February, inst., to consider Gov. Caldwell's veto message, and the present state of affairs. Let all Wake attend.

FUNERAL OF GEORGE W. MORDECAI.—As will be seen by a notice elsewhere, the funeral of the late George W. Mordecai, will take place at the Episcopal Church this afternoon at 3 1-2 o'clock. We learn that in order that the officers and employes of the Raleigh and Gaston Railroad Company may attend the funeral—the deceased having been long a prominent and faithful Director in that corporation—all business will be suspended during a part of to-day, at the offices and shops of the Company in this city.

P. S.—We are requested to respectfully suggest that, in accordance with a long and well-observed custom, all places of business be closed during the hours of the funeral of Mr. M. to-day.

We are truly glad that Capt. Welch, Representative from Haywood, is convalescent. We sincerely hope that he will soon be restored to his wonted health, and be able to address himself to his legislative duties with the industry, tact, ability, patriotic devotion and fearless independence which have hitherto characterized his career as a member of the General Assembly, which have made him the terror of the corrupt, but the pride of his constituents, and won for him the respect, esteem and gratitude of every true lover of the old North State.

JAIL BREAKING.—Yesterday about noon five prisoners, (negroes,) confined in our county jail succeeded in forcing the lock of the cell in which they were confined—cutting through a twelve inch brick wall between the passage they had gained and an adjoining passage—forcing the lock of the door of that passage—gaining the jail yard—forcing the yard door, and making their escape. They were quickly pursued, however, and recaptured. We think Sheriff Lee might easily improve upon the locks of his doors and cells, otherwise there is no security in his jailing. If these fellows had broken through at night it would have been found a rather difficult task to re-capture them.

BUILDING REPORT.—The report of the buildings erected within the city during the year ending January 1st, 1871, as kept by the City Marshal, is as follows:

Dwellings,	182
Shops,	5
Kitchens,	5
Stables,	2
School houses,	1
Engine houses,	1
Total,	196

The total valuation of this property is estimated at $267,826.—*Wil. Journal.*

If our city Marshal can give us the figures, we would like to show what Raleigh has done during the last year.

For the Sentinel.

RALEIGH, N. C., Feb. 20, 1871.

EDITORS SENTINEL:—The report of my remarks in the House on Saturday, as all who heard them know, is very meagre and imperfect. Mr. French's reply, as reported in the *Telegram* of Sunday morning, is very full and complete. The word "*infamous*" occurs twice, and I simply wish to say, that so far as I am individually concerned, I consider the remark as used in the first instance, as highly complimentary. If it be *infamous* to denounce scoundrels, then I am willing to be regarded in that light.

But the report says "he (French) acknowledged that this State had been afflicted to her detriment, with some 'carpet-baggers,' but when the gentleman made no discrimination, and denounced all Northern men as 'carpet-baggers,' it was *infamous*, and did no credit to themselves."

Now, I utterly deny that I ever denounced all Northern men as "carpet baggers." I think that my definition of this class, was sufficiently clear and distinct.

One of the best friends I ever had is a Northern man. I have no prejudice against any man simply on account of the locality in which he was born. But when men come into our State as office seekers,—have no permanent interest in our prosperity—and leave, like Laffin, when there is nothing in the public crib for them to feed upon,—I do object to such men dictating to or making laws for the honest people of North Carolina.

In conclusion, I have this to say, that if "Gizzard" Z. French says I ever denounced all Northern men as "*carpet baggers*," he is an "*infamous*" liar.

Very respectfully,
L. W. MARTIN.

GOOD.—In the House of Representatives on Friday Mr. Brooks, of New York, swore an oath that he would never vote one dollar for the support of a standing army while the army was used as a political machine to control elections and deprive the people of their liberties.

For the Sentinel.

WHAT DOES IT MEAN?

To the Legislature of North Carolina:

I have noticed with surprise and no small regret, through a correspondent of the Wilmington *Journal*, that Gov. T. R. Caldwell has sent a special message to the House, in which he *positively* declines to give *efficiency* to the "convention bill," but as such he now withholds his proclamation notifying the people, &c., &c.

The reasons, if any assigned by the Governor to justify his refusal, I have not seen; but suppose they must be a belief on his part that the call of the people by the legislature, just made, is *illegal*. This is certainly a *high handed* measure, and as such it loudly calls for an unqualified *rebuke* from the honorable body to whom it has been addressed.

I assert that even a Holden or a Pearson could not have been guilty of a greater dereliction of duty. Has it never occurred to his Excellency, that there are various constitutional and legislative requirements, both Federal as well as State, which become *dead letters* unless they have *vitality* imparted to them by *concurrent* Federal and State requisitions; such as, for instance, the right of trial by jury, the *habeas corpus* act, &c.

Therefore, to withold such action as may become necessary to give efficiency to the law in question is as much a violation of those sacred instruments as any act would be that violates openly one of its express provisions. I hold this to be clear constitutional law as well as plain common sense.

Fortunately, however, is it that in the present instance of Executive refusal to carry out a legislative requirement, he neither possesses the "veto power," neither does he act as a co-ordinate branch of the law making power; for if he did either, his refusal would be both absolute as well as irremediable for the time being and would cause great delay in relieving the people from the great abuses under which ignorant and criminal radical rule has imposed upon them.

The remedy then is (and it is the only remedy I can think of) to dispense with requiring the Governor to give notice of time and place and to do that by legislative enactment.

There has been already, some talk about impeaching Gov. Caldwell, for his dereliction of duty. But this I hold can not be done; for the refusal to issue his proclamation rests not upon his veto power, neither upon his being a co-ordinate branch of the Legislature, neither of which will be found to be in the present case.

Before an Executive subjects himself to impeachment, it must be shown that the violated and neglected duty has been *constitutionally* imposed and that he has taken an oath to carry it out.

In the present instance, it has neither been imposed by the constitution, nor has he taken any oath to carry it out.

I hold, then, that he cannot be impeached and that the remedy is as above set forth. The most you can make of his refusal, is that your confidence was misplaced, in selecting him to give notice of time, place, &c., &c.

ROCKINGHAM.

MISCEGENATION.—The fashionables among our colored population are on the qui vive as to the report in circulation concerning the intention of a young colored physician, who is one of the professors attached to the Howard University, leading soon to the matrimonial altar a lady his senior in years, but of unadulterated white complexion, who was formerly connected with a charitable institution in this city, but who is at present teaching school in Virginia.—*Washington Republican.*

IMPEACHMENT.

TRIAL OF W. W. HOLDEN.

TWENTIETH DAY.

SATURDAY, Feb. 18th, 1871.

Court met, Hon. Chief Justice Pearson in the chair.

Roll called, and quorum found to be present.

Business clerk of the SENTINEL office, Theo. N. Ramsey, sworn on behalf of managers, and testified to files of the SENTINEL, which were handed to him. He also testified that a copy of the SENTINEL was regularly sent to the Executive office during last year, to Mr. Horner, clerk to that department.

Mr. Merrimon then offered the original Shoffner bill, as introduced by Shoffner in the Legislature in December 1869. Also files of the SENTINEL newspaper, dated January 12th, 1870, from which was read the proceedings of a public meeting held in Graham, Alamance county, on the 8th day of January 1870, denouncing the Shoffner act, lawlessness and outrages by whomsoever committed, &c.

Col. McAlister was recalled and testified that after the killing of Outlaw, a meeting was called, for the Saturday following, but federal troops going there before that time, the meeting was not held as it was not wished to hold a meeting at the point of the bayonet. The people were generally shocked at the outrage, and but for the presence of the troops, would have held the meeting as proposed.

Telegrams which passed between Hillsboro' and the Shops, from Hunneycutt and Hancock to Burgen, were read, in which Mr. Turner's arrest is communicated, and Burgen orders Hunneycutt if resistance is made to Mr. Turner's arrest to shoot him on the spot.

The counsel for the respondent also put in dispatches, which passed from Col. Clarke and W. R. Richardson, Gov. Holden's private secretary, to Mr. Turner, and Mr. Turner's replies to both, directed to Gov. Holden.

Mr. Merrimon also put in files of SENTINEL containing accounts of Kirk and Bergen's outrages upon the people in Alamance, Caswell and Orange. It was proven that the Governor was a reader of the SENTINEL, or that the paper regularly went to his office; and not withstanding these things were constantly brought to his attention, he took no steps to prevent these outrages. A good deal of argument was indulged in by counsel on both sides, as to admissibility of the papers and telegrams, as evidence. Chief Justice ruled both admissible.

C. F. Young, was sworn on behalf of the Managers, and testified: That he lives in Burnsville, Yancey county, and is a merchant and trader generally. Was very well acquainted in Yancey, Madison and Mitchell counties. Many of the command of Kirk were from these counties, and the general reputation of most of them is notoriously bad, and many, from my own knowledge *very* bad men. They were generally regarded as a band of lawless men. Many of them with him last summer were the same who were with him during the war. These men had very bad reputations during the war, and have been bad citizens since. Kirk's reputation was that of a robber and murderer. In Tennessee his reputation is the same.

Col. A. C. McAlister recalled, and Senator James A. Graham, both testified to negroes whom they knew, being members, as soldiers, of Kirk's command.

Mr. Merrimon, of counsel for managers, here announced the prosecution would rest for the present.

Messrs. McCorkle and Conigland of counsel for respondent, made statements as to the time required for the respondent to prepare for his defence, summons witnesses, prepare brief, &c., &c., and asked that they be allowed until Monday week.

Senator Robbins, of Rowan, submitted an order that the defence proceed on Thursday next.

After a debate, the order was adopted.

On motion of Senator Jones, the Court adjourned until next Thursday morning at 11 a. m.

DIED.

In this city, on Sunday evening last, at 7 o'clock, GEORGE W. MORDECAI, in the 71st year of his age.

The funeral will take place at the Episcopal Church this afternoon at 3:30 o'clock.

The symptoms of Liver Complaint are uneasiness and pain in the side. Sometimes the pain is in the shoulder, and is mistaken for rheumatism. The stomach is affected with loss of appetite and sickness, bowels in general costive, sometimes alternating with lax. The head is troubled with pain, and dull, heavy sensation, considerable loss of memory, accompanied with painful sensation of having left undone something which ought to have been done. Often complaining of weakness, debility and low spirits. Sometimes many of the above symptoms attend the disease, and at other times very few of them; but the liver is generally the organ most to suffer. Cure the Liver with

FORTY-FIRST CONGRESS—SECOND SESSION.

WASHINGTON, Feb. 18.—SENATE.—The Judiciary Committee was discharged from the further consideration of the Female Suffrage and the recognition of the Christian Religion questions.

The Judiciary Committee reported adversely on the bill to establish a Western Judicial District in North Carolina; also a bill repealing the several acts relating to the tenure of office.

THE POLITICAL SQUABBLE IN ARKANSAS.

MEMPHIS, Feb. 18.—The Arkansas Senate first refused to receive the impeachment managers, and partially, after much wrangling, adjourned, thus defeating the official announcement of Gov. Clayton's impeachment. A message from Gov. Clayton was sent to the House announcing that by the advice of the best talent he was informed that he could not be suspended, and that he was determined to retain charge of the State by force until the articles of impeachment were regularly presented to the Senate and officially communicated to him, when he would readily surrender. The House rejected the message by a vote of 42 to 32. The Governor has all the approaches to the Executive mansion guarded, and will declare martial law if necessary. It is understood that Lieut. Gov. Johnson is preparing to call out the military and proclaim himself Governor.

FOREIGN NEWS.

ENGLAND AND THE PEACE QUESTION.

LONDON, Feb. 17.—Mr. Auberon Herbert moved to resolve that in the opinion of the House it is the duty of the neutral powers to interfere to procure such moderate terms of peace as may restore tranquility to Europe and independence to France. The resolve was opposed as inopportune and impolitic. Pelland and Fawcett, while they partially sustained the government, could not help feeling that England's position was one of selfish isolation. Prussia was already contemptuous in her tone towards her. England's philanthropy was her only redeeming feature.

The debate became general.

Sir Henry Bulwer said there was mischief in the resolve. It would irritate Prussia.

MOVEMENTS OF FAVRE.

LONDON, Feb. 17.—M. Favre has left Paris again for Bordeaux, whence he will return with representatives of the Assembly to negotiate a treaty of peace.

All contributions which have been collected by the Germans in France, otherwise than as penalties, will be reckoned in the general war indemnity.

The armistice has been extended to the department of Jura Doubs and Cote D'Or, since the 15th inst. The line demarkation between the hostile armies runs south of Lons Saunier in Jura, but the French retain Besancon and Auxion, and a limited circle of country around each.

STATE OF SIEGE IN PRUSSIA.

BERLIN, Feb. 17.—The Emperor by decree suspends the state of siege during the elections, and orders the temporary release of political prisoners awaiting trial, without prejudice to their future prosecution.

RECOGNITION OF THE NEW GOVERNMENT.

BORDEAUX, Feb. 18.—The English, Austrian and Russian Ambassadors visited Thiers to-day and officially recognized the new government.

AS EARLY WAR FOR ENGLAND ANTICIPATED.

LONDON, Feb. 18.—The debate in the House of Commons last night was general. The prevailing tone was to the effect that England's weak hesitancy had lost her the respect of the belligerents and invited an early war for her existence.

THE NATIONAL ASSEMBLY—THIERS MADE PRESIDENT—PEACE AND DISARMING CONSIDERED.

BERLIN, Feb. 18.—The National Assembly has conferred executive powers upon M. Thiers, with power to select his council, of which Thiers is to be President. Favre continues as Minister of Foreign Affairs. The Chamber showed a disposition to postpone the consideration of matters regarding Alsace and Lorraine. Thiers insisted upon its present consideration, saying that the Assembly must, on its own responsibility, clearly declare its wishes upon the subject.

GUANO, GUANO, GUANO.

500 tons Wilcox, Gibbs & Co's Phœnix and Manipulated GUANOS now on hand.

These Guanos are unquestionably the best and cheapest fertilizers that the farmer can purchase; for should they fail to reap a good profit on the first year, from adverse seasons or other causes, there is a residue of crop producing elements left in the soil to be drawn upon by a future crop.

Call and examine testimonials from farmers in the South who have been using these Guanos for several years.

PARKER'S HAIR BALSAM.

Restores Gray Hair to its youthful color.

1840 1870

Pain is supposed to be the lot of the poor mortals, as inevitable as death itself and liable at any time to come upon us. Therefore it is important that remedial agents should be at hand to be used on an emergency, when the sensitive principle lodged in the system shall develope itself, and we feel the excruciating agonies of pain, or the depressing influence of disease. Such a remedial agent exists in the PAIN KILLER, whose fame has made the circuit of the globe. And the eternal ices of the polar regions or beneath the intolerable and burning sun of the tropics its virtues are known and appreciated. Under all latitudes, from the one extreme to the other, suffering humanity has found relief from many of its ills by its use. The wide and broad area over which this medicine has spread, attests its value and potency. From a small beginning, the Pain Killer has pushed gradually along, making its own highway solely by its virtues.

Such unexampled success and popularity has brought others into the field, who have attempted, under similarity of name, to snare the confidence of the people and turn it to their own selfishness and dishonesty, but their efforts have proved fruitless, while the Pain Killer is still growing in public favor.
