A. BALDIN'S
PATENT GLASS SUBMERGED
DOUBLE ACTING FORCE PUMP.
SUBSTITUTED FOR A FIRE ENGINE.

This pump, will pump from 20 to 150 gallons per minute according to size and depth of well, will never cut out the packing, the cylinder and valves being glass. No water ever stands in its pipes to stale or freeze, and it is less liable to get out of order than any pump in use. Is suitable for deep or shallow wells, can be set up by an ordinary mechanic in a short time. Having the exclusive right to manufacture this pump for North and South Carolina, I will receive and give prompt attention to all orders at Wilson, N. C.

The depth of well or cistern must accompany all orders if I furnish the pipe. Also, sufficient reference or the money must be shipped by Express C. O. D. These pumps are warranted to give satisfaction if set up by directions sent with pump. Circulars forwarded upon application.

J. L. KITCHIN,
Wilson, N. C.

CERTIFICATES.

WILSON, N. C., Jan. 25, 1871.

*J. L. Kitchin, Esq.,*

Dear Sir: We have had your Balding's Pump in regular use, beginning at various periods since March, 1870, and we are free to say that they are in every way satisfactory, there is no inclination of wear or early getting out of order. All the water that nature has designed to pass through such a channel can easily be brought up, even by children for ordinary use, and by attaching hose, and putting two to four men to the lever, the pump at once becomes a local fire engine throwing sufficient water to subdue any ordinary fire. We therefore recommend your pump to the careful examination and use of the public.

A. Barnes, Probate J., G. H. Griffin,
T. A. Wainwright, M. L. Rhodes,
Williams & Nichols, Jos. R. Herte,
Jas. L. Woodard, B. F. Briggs, Sh'f.

WILSON, N. C., Feb. 2, 1871.

I have used for six months past one of Balding's patent submerged pumps, manufactured at Wilson, N. C., by J. L. Kitchin, and take pleasure in recommending it to the public as having given perfect satisfaction, in fact I regard it as one of the best pumps now in use.

E. N. PETERSON.

WILSON, N. C., Feb. 1, 1871.

*Mr. J. L. Kitchin,*

Sirs: In reply to your enquiries in regard to the pump that you put into my well, I have to say that it continues to work remarkably well. By attaching the hose I bought of you, I can throw water into my kitchen house. The coldest weather we have had did not affect its working. Respectfully yours,

T. A. CLARK.

Wanted.

MORTON HOUSE.—By Christian Reid, a new American Novel, by Christian Reid, author of "Valerie Aylmer," will be commenced in No. 101, Appleton's Journal, published March 4th; entitled "Morton House." "Morton House" is the Southern novel, the scene is laid in the Carolinas, thirty years ago, and is a book that will place its author in the first rank of American Novelists.

Catawba, per hundred, $7.00
Concord, " 4.00
Hartford Prolific, per hundred, 3.00
Other varieties at reasonable rates.

The Catawba is the best wine and table grape, where it will succeed. It succeeded in the western part of this State. The Concord is the best poor land wine grape. The Concord is the grape for the million. It took the Society prize for the best table grape, and the prize of the Cincinnati Wine Company, for the best grape for general cultivation. It is a black grape, berry and bunch both large, and the vine strong growing and hardy and productive everywhere. The Hartford Prolific is a black grape and the best early table grape that has yet been thoroughly tested. It ripens about ten days before the Concord. We commence shipping the Hartford for the Northern market the last of July.

We will pack the vines and deliver them at the Railroad station free of charge. Small quantities of vines we will transmit by mail. Our vineyard is full bearing, embracing seventy acres, and we are now extending it, intending soon to have 100 acres in vineyard.

Any one inquiring for information concerning grape culture will receive a prompt answer if stamp is enclosed.
