In consequence of sickness Mayor Harrison held no court yesterday.

The Episcopal Convention meets in Warrenton on Wednesday.

The Theoplans are in full blast in Warrenton.

The crops in Iredell county are looking well.

Warren County has come in for her share of the strawberry trade.

The ladies of the Presbyterian Church at Statesville held a very pleasant festival on Tuesday of last week.

Three hundred dollars have been subscribed by the neighborhood at Brown's Turnout, on the Raleigh & Gaston Railroad, to build a depot at that place.

The Wilmington and Weldon R. R. intend putting a steamer on the Neuse river to ply between Newbern and Smithfield to connect with their road at Goldsboro.

THE CONVENTION of the different Sunday Schools of the M. E. Church of this State, which assembled in Goldsboro' on Thursday last, adjourned on Sunday.

HON. JEFFERSON DAVIS left the Yarborough House yesterday morning, for the South. He promises to visit us again during the summer.

One-half of all who live die before the age of seventeen; only one person in a hundred reaches sixty, and one in ten thousand reaches one hundred.

Hon. J. R. Currie, L. L. D. former member of the U. S. Senate from Alabama, will deliver the Annual Address before the Literary Society of Wake Forest College at the commencement in June.

A colored apostle who rejoices in the very euphonious cognomen of Rev. Abraham Bull was recently arrested and brought before a magistrate in Warrenton for disturbing public worship.

LECTURE.—Yesterday evening at Temperance Hall, J. F. Taylor, Esq., repeated his lecture upon the "Origin and Descent of Man." A fine audience was in attendance and all enjoyed a pleasant evening.

SUICIDE.—On Saturday last a man by the name of Forrest was found dead in his bed in the Charlotte House, Charlotte, N. C. An inquest was held and a verdict was rendered that the deceased came to his death by chloroform administered by himself.

Chief of Police Martin has, in his possession, a ring which was found a day or two ago on the street by a little colored boy. Any one who has lost such an article can secure it by applying to him and correctly describing it.

CHARLOTTE.—Our Raleigh boys are still glorious over their trip to Charlotte, and the hospitable reception the whole people of that go-ahead-alive city extended to them. Charlotte stock is a long ways above par now. May she continue to grow and flourish.

A MERITED COMPLIMENT.—The ladies of the Baptist Church have presented Mr. H. T. Clawson with a handsome silver basket, as a testimonial of their appreciation of the services he rendered them in the recent improvements in their Church.

The women of Cincinnati are talking of getting up a petition to the city authorities, praying that since profligate women must be registered according to law, that profligate men be toned to make the same public confession of their habits. A sensible move, and one that would operate well if carried out in more places than Cincinnati.

SOUTHERN CLAIMS COMMISSION.—The following residents of this county have been notified by this Commission that their claims would be taken up for examination: Mrs. Melinda Howell, C. W. Williams and N. B. Williams, on the 31st inst., and those of J. W. Pace, Alfred Snead, F. Hutchings and Wiley Perry on the 1st prox.

The Rescue Fire Company arrived in this city Sunday morning at 6:30 o'clock, a. m., safe and sound, and were received by the Hook and Ladder Company, escorted to Metropolitan Hall where they partook of an excellent breakfast which the latter company had prepared for them. The Rescue speak in glowing terms of the kindness and hospitality with which the citizens of Charlotte entertained them, and were in every way delighted with their trip.

JUDGE DICK'S LECTURE.—In accordance with previous announcement, this gentleman will lecture this evening at Temperance Hall, taking for his subject "The Anglo Saxon." We hope that the Judge will be greeted with a large audience so that our temperance friend may be encouraged to provide other speakers of this character for the public. Tickets may be procured at any of the book stores in the city.

"Boston" is the name given to a certain portion of the suburbs of Warrenton, and the *Gazette* objects because the name is not respectable and reflects upon the good character of those who dwell in that unfortunate locality.

AN EXCHANGE says, "The women have gotten into over three hundred post-offices so far." Since our earliest recollection, and as far back as history goes, sacred or profane, women have manifested an interest in the *mails*.

COMMITTED TO JAIL.—Richard Bennett, col., was arraigned before Wesley Whitaker on Sunday last charged with having in his possession two plows belonging to Mr. W. B. Bell, which he (Bennett) had not honestly come by. The evidence justified the magistrate in demanding a bond of $200 for his appearance at the next term of the Superior Court which he not being able to give, he was given quarters in jail.

THE TYPE, FIXTURES and so forth for the new radical paper to be started here, has arrived, marked "Ike Young." So Ike's bark will soon have "a home on the rolling deep" of radicalism, with Marcus Irwin as helmsman. We think Marcus will *reach the bottom* with it as soon as any one else. Ike will make good ballast, but not sufficient to keep the *head* of his *craft* from *swimming*. These young gentlemen are entering upon a tempestuous voyage—we look for an early *foundering*.

HON. B. F. MOORE'S OPINION, upon the constitutionality of the present act of the legislature concerning a convention of the people, is in hand, and will be presented to the public in a few days. It is elaborate and conclusive, and the subject handled with Mr. Moore's masterly ability. This gentleman is conceded to be, on account of his profound legal learning, and his powers of legal analysis, the Father of the Bar in North Carolina, and his opinion is entitled to the fullest and most favorable consideration of the public.

IN FAVOR OF THE NEXT WAR.—Hon. Jonas Medlin, late Governor of Rhadamalle, (according to Taylor,) on Saturday last called at the Yarborough House to pay his respects to Ex-President Jefferson Davis. With the low peculiar to Jonas he advanced towards Mr. Davis and extending his hand said "Boss how are you? I jined your army in the late war and fought through it bravely as a conscript." Mr. Davis responded by placing a greenback in the hand of Gov. Medlin; whereupon the Governor slapped the Ex-President on the shoulder and exclaimed, "God bless you, Boss, I hope it won't be long before we have another war!"

A FRIEND at Boon Hill, corrects an error in a correspondence from that place relative to the temperance pic-nic, which gave all the credit of the good dinner served on the occasion to the wrong parties. Our friend says while the two ladies mentioned deserve much credit, a committee appointed by the council to superintend the affair are eminently worthy of mention. They are Mrs. Dr. Robbins, Misses Apps and Fanny Whitley, Z. J. Joyner and Annie Ralford. We make the correction in this manner, as we have not the space to publish his communication.

FATAL ACCIDENT AT THE PENITENTIARY.—Yesterday about noon a fatal accident occurred at the quarry of the Penitentiary, the circumstances of which are about as follows:

John Allen, col, a stone mason, employed at the quarry by Coleman Bros., the contractors, while employed with a crow bar in turning a stone, was struck on the back of the head by the end of a rope which had broken from a derrick, stationed near by running another derrick in position. The force of the blow threw Allen violently forward upon the end of the crow-bar, breaking his jaw and neck, causing his death in two minutes.

This is the first accident of any consequence that has happened during the progress of the work though some 130 hands have been employed constantly since its inauguration.

THE RAID CONTINUED.—The revenue officials continue their raid on the liquor venders and the following is the result of yesterday's operations:

The bar room of Mr. W. V. Clifton was visited and ten gallons of gin was taken. Mr. Marx Schlom was visited and three gallons of apple brandy and twenty gallons of whisky were found wanting. At Mr. P. Thiem's one barrel of whisky was confiscated for not having a "proof mark" upon it.

W. N. Harris' was next honored and six gallons of whisky was appropriated. At this store four gallons of whisky belonging to Douglas Bell was also seized for not being proof.

It was not very long ago that Henry Ward Beecher issued a proclamation abolishing hell-fire, and now deserts the doctrine of bodily resurrection. If Mr. Beecher only lives long enough, which will depend largely upon his increase of salary, he will reduce orthodoxy to a very comfortable and satisfactory condition of things.

Woman suffrage is evidently near at hand in Wisconsin. At the last election a mere man had most all of his teeth knocked out by a gentle creature who didn't like the way he voted.

The fifty horses of the Emperor Napoleon, which were captured after the capitulation of Sedan, have been distributed among the sovereigns of the various German States.

PERSECUTED ORGAN.

The human stomach has been a shamefully persecuted organ. There was a time when for every dereliction of duty it was punished with huge doses of the most disgusting and nauseous drugs. In vain it rejected them, and literally returned them upon the hands of those who administered them. They were forced upon it again and again, until its solvent powers was thoroughly drenched out of it.

The world is wiser now than it was in that drastic era, when furious purgation and mercurial salivation were what Artemus Ward would have called the "main hole" of the faculty, in cases of dyspepsia and liver complaint.

The great modern remedy for indigestion and biliousness is Hostetter's Stomach Bitters, a preparation which has the merit of combining a palatable flavor with such tonic, aperient and antibilious properties, as we e never heretofore united in any medicine.

It has been discovered, at last, that sick people are not like the fabled Titans, who found prostration so refreshing that, when knocked down, they rose from the earth twice as vigorous as before. When an invalid is prostrated by powerful depleting drugs, he is apt to stay prostrated; and the debilitated being aware of the fact, prefer the *building up* to the *knocking down* system of treatment.

Hostetter's Bitters meets the requirements of the rational medical philosophy which at present prevails. It is a perfectly pure vegetable remedy, embracing the three important properties of a preventive, a tonic, and an alterative. It fortifies the body against disease, invigorates and re-vitalizes the torpid stomach and liver, and effects a most salutary change in the entire system, when in a morbid condition.

In this country where the enfeebling temperature renders the human organization particularly susceptible to unwholesome atmospheric influences, the Bitters should be taken as a protection against epidemic diseases.

VIRGINIA SPRINGS.

RAWLEY SPRINGS, VA., WILL BE regularly opened for the reception of visitors, on the 8th day of June, 1871. Situated as it is in the mountains of the Valley, it is not only one of the most delightful summer resorts in the State, but its great curative properties are becoming widely celebrated.

The analysis of the water by Prof. Mallet of the University of Virginia, together with the experience of many eminent Physicians, proved that it is *the Springs* for suffering humanity. But besides its wonderful tonic properties, as a remedy in general debility, anemia and diseases peculiar to females, it is unsurpassed in the treatment of the various forms of Dyspepsia, and particularly for those suffering from torpid and inactive liver; its action upon the liver as well as the kidney, being prompt and decided. Very many remarkable cures could be cited of this class of troublesome diseases.

Rawley is now easy of access situated only 12½ miles from Harrisonburg, the present terminus of the Orange, Alex. & Manassas Gap Railroad, from which point there will be two daily lines of Stages morning and evening.

Since last Summer the buildings have been greatly improved, as well as the road from Harrisonburg to the Springs. There is also, now a Telegraph Office at Harrisonburg. The accommodations will be strictly first class, under the management of Joseph N. Woodward, widely and well known as a Hotel Manager.

1840, PERRY DAVIS' 1870.
Vegetable "Pain Killer,"
The Great Family Medicine of the Age.

THIRTY YEARS

Have elapsed since the introduction of the Pain Killer to the public, and yet at the present time it is more popular and commands a larger sale than ever before. Its popularity is not confined to this country alone; all over the world its beneficial effects in curing the "ills that flesh is heir to," are acknowledged and appreciated, and as a PAIN KILLER its fame is limited to no country, sect nor race.

THIRTY YEARS is certainly a long enough time to prove the efficacy of any medicine, and that the PAIN KILLER is deserving of all its proprietors claim for it, is amply proved by the unparalleled popularity it has attained. It is a SURE and EFFECTIVE remedy. Sold by all Druggists.

DR. J. W. S. RIGHT.

"Schnapps" is a remedy in chronic catarrhal complaints, &c.

I take great pleasure in bearing highly creditable testimony to its efficacy as a remedial agent in the diseases for which you recommend it. Having a natural tendency to the mucous surfaces, with a slight degree of stimulation, I regard it as one of the most important remedies in chronic catarrhal affections, particularly those of the genito-urinary apparatus. With much respect, your obedient servant,
CHAS. A. LEAS, M. D., New York.

26 PINE STREET, NEW YORK, Nov. 21, 1867.
UDOLPHO WOLFE, Esq., *Present*: DEAR SIR: I have made a chemical examination of a sample of your "Schiedam Schnapps," with the intent of determining if any foreign or injurious substance had been added to the simple distilled spirits.

The examination has resulted in the conclusion that the sample contained no poisonous or harmful admixture. I have been unable to discover any trace of deleterious substance which are sometimes employed in the adulteration of liquors. I would not hesitate to use myself, nor to recommend to others, for medicinal purposes, the "Schiedam Schnapps" as an excellent and unobjectionable variety of gin.
Very respectfully yours,
(Signed) CHAS. A. SEELY, Chemist.
