Any Agent, Medical Examiner, or other person who may procure the insurance of a single life for $1,000 or upwards, shall be entitled to a policy on his own life, free of all cost for premium, if he will procure it at the rate of one life for every 100 he may insure. Persons under 40 can insure for life, and after two years become entitled to participate in the profits of the Company, which are now more than sufficient to pay all losses and expenses, and yield a large surplus. Agents will find this a very profitable business, and will receive the assistance of the Company in every way they may desire.

The Directors are all citizens of Virginia, and have been for many years, and are well known to the people of North Carolina for pathbuilding, and other public enterprises, and for their ability and integrity in business matters. The Company is a Virginia Company, and has been in operation for more than a dozen years, and has a capital amounting to over $300,000, and is prepared to insure lives in North Carolina on as favorable terms as any other Company in the world.

Persons desiring to insure, or to become Agents, will find it to their interest to address the undersigned, who will give the insurance of the Company in North Carolina his personal attention, and will furnish Agents with all necessary information, and with the proper blanks, and will do all in his power to make the business pleasant and profitable to Agents, and to the Company, and to the people of North Carolina, for whose benefit the Company was established, and to whom it looks for patronage.
