RALEIGH COTTON MARKET.—Reported for the SENTINEL by Lynn Adams, Cotton Factor, Grocer, &c., Market Square

RALEIGH, March 15, 1872.

Receipts to-day 10 bales; ordinary 18; good ordinary 16 1-2; low middling 20 1 4.

NEWBERN CORN MARKET.—Reported daily by Wm. H. Oliver, Corn and Commission Merchant, Newbern, N. C.

March 15, 1872.

Market active. Sales at 60 to 70 cents per bushel of 56 pounds.

J. C. Duckworth, Esq., member of the House of Representatives from Transylvania county, died at his home in that county week before last.

March is an important month for gardening. There are a large number of vegetables which must be planted this month if their cultivation is to be undertaken.

Workmen are now engaged on the extension of Johnson street, which crosses the railroad north of the R. & G. R. R., depot and leads into the Beaver Dam road in front of the residence of Maj. Jno. Devereaux.

EMPIRE CITY MINSTRELS.—The performance of this company Friday evening, at Tucker Hall, was a success, and all of the members acquitted themselves admirably. It was one of the best "burnt cork" entertainments we ever attended.

ABUNDANT MATERIAL.—In answer to the query, "Who is spoken of in this (the mountain) district for congress?" the Asheville *Citizen* gives a list of twenty-three names, exclusive of the editor's own. North Carolina has "rich ore in her mountains."

It is reported in the vicinity of Scuffletown, that Henry Berry Lowery has been killed. It is averred that the celebrated outlaw has not been seen for several days and Tom Lowery, his brother, has been seen carrying his (H. B's) pet rifle. It may be that Lowery was killed instead of Boss Strong.

FREE LECTURE.—Thos. N. Ramsay, editor of the *Banner of Temperance*, requests us to announce that the lecture of Hon. S. F. Cary, of Ohio, at Tucker Hall, on the 16th of April, will be free to everybody. Front seats will be reserved for ladies. The Raleigh brass band will be in attendance and enliven the occasion with excellent music.

MAYOR'S COURT.—Yesterday the following cases were disposed of by this tribunal:

Levi Hutchings, col., arrested by Chief of Police Martin, charged with taking wood from the possession of Sarah Wilder; case dismissed.

Richard Smith, arrested by officers Hall and Petross, for drunkenness; fined $2.

MURDER TRIAL.—The grand jury of Wayne county on Tuesday last, found a true bill against Stephen Barfield, col., for murder. The trial is set for Thursday next. Hon. W. T. Dorth appears for the defence. The superior court of Wayne commenced its term on Monday last, Judge Clarke presiding. The State docket numbered about 140 cases and was being rapidly added to by the grand jury.

IS IT TRUE.—Is it true that Gov. Caldwell does not care a rush about having his appointees on the different boards of the state institutions, but merely made bogus appointments, under the coloring of the decision of the supreme court in Clark vs. Stanly, in order that he and his friends might get the use of the public money in the treasury for electioneering purposes during the approaching campaign?

DETERMINED TO SEE LOWERY.—The New York *Herald* seems determined to accomplish by a correspondent that which George Alfred Townsend was sent out to do, and yet failed to perform, viz: To interview Lowery, the chief of the gang of the Robesonian desperadoes. Another correspondent, a regular Bohemian in appearance as well as profession, A. R. Henderson by name, got off the train at Eureka (in the heart of the Scuffletown settlement) yesterday, with the avowed object of penetrating to the presence of the outlaw, and interviewing him in the interests of the *Herald*. He was making strenuous efforts at last accounts to secure the delivery of a letter to Lowery. Though the fate of Sanders, the murdered detective, is fresh in his recollection, he does not think the outlaws will harm him, and relies upon a plain statement of his business for safety.—*Wil. Journal*, 15th inst.

REPORTED CHANGE OF SCHEDULE.—It is reported that there will soon be made a change of schedule on the N. C. R. R. by which the mail train from Charlotte will reach this city at 6 a. m.

UNCLAIMED LETTERS.—The following letters are held in the post office in this city for lack for proper postage:

E. B. Gunter, Merry Oaks, Chatham County, N. C.; Sarah Dupre, New Hill, N. C.; Seaver Crown, Petersburg Va.

The old Gales dwelling on Fayetteville street was sold Saturday. According to the terms of the sale it will have to be pulled down within thirty days. The ground upon which it stands has been sold to the Masonic Temple Association.

Shares in the Mechanics' Building and Loan Association of this city sold at the last meeting for $135.00 per share. This was the 35th regular meeting. Shares are worth about $80.00 each. Shares in the 2nd class of this Association, which is in its 3rd month, sold at an average of $65.00

FORGERY.—We expressed surprise a week ago that Mr. Richard A. Caldwell should sign the Bringle petition and have his name between that of Tom Long and Windy Billy Henderson. The Salisbury *Watchman* says, that Mr. Caldwell denies having signed the paper, and asks who forged his name. Pray, Mr. *Watchman*, what excuse does Col. McCorkle give for signing—is his name a forgery, too?

ST. PATRICK'S DAY CELEBRATION.—Father McNamara has changed the Celebration of Ireland's National Festival from Sunday evening to Monday evening. He proposed originally to transfer the celebration. Some thought there would be an impropriety in a company taking supper together on Sunday night. This view prevailed in the committee. But on further consideration, Father McNamara proves the view he entertained at first, and will have the supper held on this (Monday) evening—Yarbrough House, at 8 p. m.

RECOMMENDATION.—At the meeting in Carteret a few days since, resolutions were unanimously adopted, we understand, recommending Hon. A. M. Scales, for governor, and our talented townsman Henry R. Bryan, Esq., for lieutenant governor. Our Carteret friends know the latter gentleman as a staunch democrat, who has repeatedly canvassed their county in behalf of the party, and have paid him this merited compliment, believing him to be in every way competent to fill the position, should he receive the nomination.

Mr. Bryan is undoubtedly one of the ablest democrats in this section; and has ever proven that devotion to his party and state, that should entitle this recommendation to the earnest consideration of the Greensboro' convention. Whether he is a candidate for any office or not, in the coming campaign he will be found in harness as heretofore, from its commencement to its close, doing yeoman service in the conservative democratic ranks.—*Newbern Journal of Commerce.*

STATE PENITENTIARY.—We learn that convicts of the penitentiary are now upon half rations, and all work suspended in consequence thereof? We will soon hear a howl from the penitentiary and the people. What a statesman is our governor?

CONGRESSIONAL NEWS.

WASHINGTON, March 15.—HOUSE—The committee on commerce have been instructed to inquire into the nature, extent or objects of an alleged combination of railroad interests known as the Southern improvement Company, designed to control all the avenues of transportation from the oil region in Pennsylvania to the seaboard, in opposition to and injury of the producing classes.

After several votes upon the St. Croix railroad bill, a substitute was adopted by a vote of 94 to 83.

It is telegraphed as having important bearing upon the land subsidies.

The next vote was on the substitute offered by Ketchum, which provides that all the lands granted by Congress in 1856 and 1864, for the construction of the St. Croix and Lake Superior railroad, such grants having expired by limitation, are declared forfeited to the United States and shall henceforward be subject to the homestead entry and settlement, under the homestead act of May 20th, 1862, and that no part of such lands shall be subject to any grant to the benefit of any railroad company, under any assumed grant to the United States, and that no land embraced in the grant to the St. Croix railroad company, shall in any case revert to the Northern Pacific Railroad Company, and repealing all acts or parts of acts inconsistent with this provision. This last clause about the Northern Pacific Railroad was added to the substitute, on motion of Mr. Banks.

WASHINGTON ITEMS.

WASHINGTON, March 15.—Chief of ordnance, Gen. Dyer, is very ill.

ALBANY, March 15.—The Assembly tonight passed to a third reading the classification repeal bill, appointing the election of a new board of directors in July, and amended so as to require the directors to be citizens and residents of the United States.

This bill is similar to the one passed to-night by the senate, except that the latter prohibits directors of the Atlantic and Great Western Railroad from being directors in Erie road.

LATER.—The Erie classification repeal bill finally passed the senate to-night—26 to 2.

Several motions to amend were voted down.

GENERAL NEWS.

ST. LOUIS, Mo., March 15.—A revolt in the Missouri penitentiary was subdued by one of the revolters being shot and others bludgeoned. The plan was to overpower the guards and to rob and burn the shops.

ATMOSPHERIC POISON.—The Spring sun call up something besides the flowers and grasses. It evolves from the damp earth turbid rivers, stagnant pools and black morasses, the gaseous provocatives of disease. From the offal and garbage of unclean cities, too, it exhales an effluvia so reactive of health and vigor. Periodic fevers of various types are now raging with unusual virulence in various parts of the country, and there are complaints from all quarters of a singularly unhealthy spring. What is to be done in this emergency? The answer is simple and to the point. Strengthen the body. Weakness predisposes the system to disease. Commence at once a course of the most genial of tonics, Hostetter's Stomach Bitters. Be assured that the germs of epidemic fevers will never infect the physique that has been fortified and regulated with this glorious vegetable restorative. A moist atmosphere aggravates dyspepsia, and all diseases of a bilious type, and the sudden thermometrical changes common at this season are a severe trial even to strong constitutions. There is but one way of combatting these deleterious agencies, and that is by invigorating the body, and imparting a healthy stability to all its functions. The only specific required for this purpose is Hostetter's Bitters. Of all vegetable tonics and alteratives, it is the purest and the best. Its medicinal ingredients include all the juices and extracts of the most approved roots, and balsamic and antiseptic products of the Botanic Kingdom, and they are combined with a stimulant far superior in quality to the alcohol used in preparing the tinctures and extracts of the "regular" pharmacopoeia.

A WHOLE PEOPLE'S OPINION.—When a nation of forty millions accepts and endorses as a STANDARD RESTORATIVE an article that it has had the fullest opportunities of testing during a period of twelve years, who can be absurdly incredulous as to doubt the excellence of the preparation? PLANTATION BITTERS has passed through this ordeal and is now the most popular proprietary medicine on this continent. It would be difficult to find an adult of either sex between the Atlantic and the Pacific, or between the northeast corner of Maine and the Gulf of Mexico, who does not know, either from personal experience or observation, that this renowned vegetable remedy is the purest tonic and stomachic and the finest alterative and regulating medicine at present before the world. As a preventive of and cure for, diseases generated by malaria, and as a specific for dyspepsia, rheumatism, and all nervous and bilious affections, it is admitted to be fairly pronounced the FAVORITE HOUSEHOLD TONIC AND ALTERATIVE of the Western Hemisphere.

R. ROLES' PATENT PLOW!

The best plow now in use. It is four complete plows in one. No other plow required for the whole year. It is adapted to all kinds of soil—rocky, stiff, or sandy. Can easily be changed from a turning plow down to any size required, by simply changing the wing. Only one bolt is used for changing. This plow need only to be seen to be appreciated. It is equally adapted to corn, cotton, tobacco &c., &c. In fact, it is *the Plow* for the farmer, as it supplies all his wants for the whole crop. No need of running to the blacksmith shop. It is a one horse plow, light and strong. (*Special Attention:* Not liable to break, as is the case with the cast plow in general. Recommended by hundreds now using it.)

Thankful for past favors, I solicit the patronage of my friends and the public in general.

I am now prepared to fill all orders
