Capt. Robt. W. Joyner has been appointed one of the Democratic sub electors for Pitt county. This is a good selection. Capt. Joyner was a gallant soldier of the gray and will fight radical corruption with the same pertinacity that he fought the blue coats. He writes well and doubtless is effective upon the stump. He is temporarily sojourning in the city.

MEETING OF THE BOARD OF CITY COMMISSIONERS.—Wednesday the Board of City Commissioners held their regular monthly meeting in the Mayor's office.

Mayor W. Whitaker presided, and all the Commissioners were present, except Messrs. Prarie and Battle.

The City Attorney submitted a report in regard to changes in the mode of levying taxes. W. H. Stone was granted a license to retail liquor.

On motion the Board adjourned to meet again on Saturday evening.

TWO HALIFAX GENTLEMEN.—A correspondent of the Petersburg *Courier* writing from Halifax, thus refers to two of the most gifted citizens of that county:

"Mr. Edward Conigland is the Nestor of the Halifax bar, and though from the prominent position he has occupied in the past history of the State, and from the eminence he has attained in his profession, he must now be nearly fifty years of age, yet his healthy and correspondingly youthful appearance would indicate him a man who had hardly attained the prime of life."

"Colonel Walter Clark is one of the rising young lawyers of the State, and conducted the part of the prosecution in a manner which showed that the interest of the commonwealth could not have been trusted to abler hands. I hear that his name was prominently mentioned for the position of Attorney General of the State, and I suppose that in a short time a proper and befitting recognition will be made by the State of his learning and ability."

Col. Clark was acting on behalf of the State in a case referred to by the correspondent. He is prominently mentioned in connection with the elector's place for that District.

REV. DR. WINGATE.—A correspondent of one of the Norfolk papers, writing from Murfreesboro', N. C., returning to the Conventional sermon preached before the Baptist Association, thus speaks of Rev. W. M. Wingate, D. D., President of Wake Forest College:

It was no display of clerical pyrotechnics—in fact, it was a protest against ministers sending up sky rockets from the pulpit. It was not adorned with rhetorical flourishes and furbelows, for its aim was to clothe the hearer with the simple robes of righteousness. It was plain as the alphabet, full of gospel truth, delivered with the earnestness of Christian love, and it declared the preacher to be a power for good in the world. One of his ministerial brethren intimated that the sermon, for the Doctor, was a failure; but if all the doctors would always fail the same way Christ would so soon see of the travail of his soul and be satisfied."

MARRIED:

In Charlotte on the 29th inst., by the Rev. A. W. Miller, D. D., THOMAS STUART ARRINDAN, Esq., of Plymouth, N. C., to MARY, only daughter of Dr. S. E. Bratton, of Charlotte.

FROM WASHINGTON.

WASHINGTON, May 29.—The negative vote against advising the President to negotiate a supplemental article to the treaty of Washington was eight, including one Southern man, Hamilton, of Texas, and Sumner voted nay.

The Government to-day received official information by the cable from London, showing that the British Ministry are acting with their customary caution in the premises. No definite result has been reached.

The President's letter requesting Col. Casey's resignation, is dated May 19th.

Col. Casey's letter resigning upon the appointment of his successor, is dated May 17th. The selection is satisfactory to all interested people and the administration.

All the Departments will be closed to-morrow.

Ex President Andrew Johnson will testify on Monday, regarding the missing Bush records.

CONGRESSIONAL.

WASHINGTON, May 29.—SENATE.—The committee of conference on the supplemental apportionment report that the Senate should recede from its amendment. Adopted.

The bill establishing the Western Judicial District of North Carolina was adopted.

The tariff and tax bill was resumed. A motion to leave the present tax on tobacco unchanged, was lost by a vote of 17 to 32, when the amendment fixing the tax at 24 cents per pound was adopted.

An amendment extending the time when tobacco may be withdrawn from bonded warehouses, to one year from the passage of the act, passed.

An amendment that all tobacco in bonded warehouses, when this act takes effect, shall pay the new tax, was adopted.

The appropriation committee reported on the civil appropriation bill, and struck out two hundred and fifty thousand dollars for compensation of the Southern mail service, and inserted $241,000 to pay the Cherokee orphan Claims of 1822.

HOUSE.—The bill bridging the Mississippi at Omaha and Nebraska, was adopted.

The bill fixing the election of Congressmen and President in Louisiana, on the same day, passed. It goes to the President.

The bill releasing Japan from $375,000, balance due on the treaty, passed. Butler, of Massachusetts, opposed the bill as giving up nearly half a million of dollars without any sufficient reason for doing so. He hoped that the House would stand true to the people and prevent the voting away of this money on the mere sickly sentimentality of cultivating friendly relations with our half savage friends in Japan. The Alabama claims had been given up in order to cultivate peace with Great Britain, and this money was to be given up in order to cultivate peace with Japan. Thus we were buying peace, until we should be the most degraded nation on earth.

Butler, of Massachusetts, from Kuklux Committee, reported the bill to amend the enforcement act in regard to elections. The reporting of the bill was the signal for the opposition to resort to parliamentary tactics to prevent a vote. Holman opened the ball at 3:20 by a motion to adjourn, supplemented by a motion by Wood that when the House adjourn it adjourn to meet on Friday next. The attention of those two motions, which are always in order, may occupy the time of the House indefinitely. After several votes by yeas and nays, the democrats showing no signs of yielding, and many republicans not caring to keep up the useless contest, a motion to adjourn was carried 4.50—yeas 102, nays 85.

FROM NEW YORK.

NEW YORK, May 29.—The Methodist Conference had another unsuccessful ballot for editor of the *Lady's Repository*. Finally, Rev. E. Wentworth was elected.

James Gordon Bennett is seriously sick.

Faber & Co's. pencil factory has been burned. Loss two hundred thousand dollars.

The anniversary of the Brooklyn Sunday schools occurs to-day. The children are marching in a procession to the number, it is estimated of 35,000. Numbers of flags, banners, &c., give the procession a beautiful appearance, and numerous bands of music enliven the occasion.

A watchman employed by Faber & Co., is missing, and is supposed to have perished in the flames or to have fired the building and absconded.

A special dispatch from Madrid says the issue of the fall of the Sagasta ministry is as follows: On the presentation of the budget, it was found that twenty million dollars had been diverted from colonial to the interior department. On being called upon to explain, Sagasta said that the money was used in the secret service. His reply was unsatisfactory, and particulars were demanded. Sagasta finally disclosed that the money was used by the police and [illegible] department, and produced records [illegible] the money which was spent. [illegible] consist of letters of politicians [illegible] and generals and of reports of th[illegible]ents. Whether these records are true or false, it is the most wonderful exhibit ever made by any government. Every prominent Spaniard is represented as being involved in some conspiracy. Madrid appears to be a nest of political intrigue.

Serrano is said to be involved in movement in favor of Alphonse, son of ex-Queen Isabella.

Rey, recently Minister of War, is said to be compromised with the Carlists, and Zorilla with the *Internationale*.

Distinguished Republicans are reported as proposing to plunder the bank of Spain, Castelar, wishing only to seize the coin, and Margall urging the seizure of the bullion also. The Kings is represented as having no confidence in the capacity or honesty of the Spaniards, and as having asked advice of his father on the property of employing Prussian Generals. This remarkable glimpse of Spanish politics in their intrigues has had the effect of a political earthquake.

FROM NASHVILLE.

NASHVILLE, May 29.—Professor Atkins, who was attached to a circus, which exhibited at Decatur, Ala., on Monday, ascended with a lot of balloon during this afternoon. When the balloon became detached from the windlass fixing it adrift it ascended to the height of half a mile, and then rapidly descended into the Tennessee river.

Atkins was drowned though every effort was made to save his life.

FROM EUFAULA.

EUFAULA, May 29.—Hon. John Gill Shorter, ex Governor, of Alabama, is dead.

FROM CHARLESTON.

CHARLESTON, May 29.—The Charleston *Republican*, the oldest radical newspaper in South Carolina, this evening hoisted the banner of Greeley and Brown. It takes the ground that they are better republicans than President Grant, and that their interests will best promote the true interests of the republican party. It also declares that henceforward only honest and capable republicans must be elected to the offices of the State government.

WRAPPED UP—I SAW A LADY wrapped up in a shawl that she would not take six hundred dollars for, said Smith to Jones. "I can bet that a'l hollow," retorted Jones, "for I saw a lady so wrapped up in her baby that she wouldn't have taken six thousand dollars for it." And allow us to say that next to a baby, the greatest source of pleasure in many houses is the ALL RIGHT COOKING STOVE, one of the most convenient inventions of this inventive age.
