HOME AFFAIRS.

LOCAL DOTS.

The Board of Directors of the Penitentiary meet on the first Wednesday in next month.

We saw numerous cases of cholera on the street yesterday in the shape of a wagon load of very sickly looking watermelons.

Citizens of Western Ward complain that they are annoyed by mischievous boys taking their gates from the hinges.

We are glad to learn that report of the illness of T. H. Selby in Baltimore turns out to be false.

The first bale of new Pesler cotton in Cabarrus county was sold in Concord yesterday, by F. Fisher, Esq., to S. S. Carter at 25 cents for a New York firm.

Letters at the postoffice for Mrs. A. M. Powers, McKeon, Ill.; Wm. Webb, No. 22, West Fourth street, N. Y., are held for lack of proper postage.

Messrs. D. W. Bain, Chief Clerk of the State Treasury, J. C. Gorman, Adjutant General and J. B. Neathery, Governor's Private Secretary, left for Beaufort yesterday morning.

There will be a called communication of Raleigh Chapter No. 10, this (Wednesday) evening for the purpose of conferring the Royal Arch degree. All Companions in good standing are requested to attend.

A little colored boy named Frank ——, living in the Eastern Ward, yesterday, while engaged in chopping wood, accidentally cut off two of the toes of the right foot.

Mr. John A. Pugh has about completed the mill and cotton gin of J. W. Watson Esq., near this city, which, it will be remembered, was destroyed by fire some months ago. Mr. Pugh is a resident of Chatham county and is considered one of the most skillful workmen in this section.

A warrant was issued yesterday by D. A. Wicker, J. P., for the arrest of Chas. Bryant, col., charged with shooting a mule belonging to Thomas Griffice who resides near the southeastern limit of the city. This paper went to press before the case came to trial.

Lyon Adams & Son, Nos. 4 and 5, Exchange Place, yesterday purchased the first bale of new cotton which has arrived in this city this season. It was from the farm of J. T. Coates, Esq., Johnston county. It graded as strict low middling and brought 20 cents.

A grand raffle comes off in this city soon. The prizes are a new Rosewood piano, 7 octave, a black walnut marble top, chamber set and a black walnut and green reps parlor set. The highest throw takes the first prize and the next two highest takes the other two. There will be 75 chances at $10 per chance. Tickets for chances may be had at the bookstores.

HISTORAPHU.

In our leader of yesterday read—"That might instil into their hearts feelings, &c., and that *they might control &c.*," instead of what appears. The article was long and rapidly written, and hence the error. There were some other errors (typographical) which do not appear in the manuscript. "As to prompt them name" is another error. The "ne" should be omitted. Mistakes will occur in the best regulated printing offices. In a quotation from Mr. Burke, read, "reversal" for rehersal.

Raleigh Female Seminary opens well. Its president, Mr Hobgood, is the right man in the right place.

We are glad to know that there are some gentlemen in this community who are interested in our papers on JUNIUS. Other papers will follow after awhile.

Our townsman, Gen. W. R. Cox, sold a bale of cotton in Petersburg last Saturday. It was raised on his Edgecombe farm.

The Chatham Educational Association will hold its annual session at Roffin Hodger Institute, September 26th, at 10 a. m., 1872.

Green Esq., Matt Thompson Esq., and other distinguished gentlemen will address the Association upon matters connected with education. Persons by railway will leave N. C. R. WAIFS ADRIFT:

TWO PRAYERS.

Prays the Reverend Newman for Grant
Forgetting that Grant's not the true man:
But while Newman's beseeching for G. and,
The country load prays for a new man.

A negro held a cow while a crossed man was to knock her on the head with an axe. The negro, observing the man's eyes, in some fear inquired, "You gwine to hit whar you look?" "Yes." "Dun," said Cuffee, "hold the cow yourself. I ain't gwine to let you hit me."

LOST—The buttons from a coat of paint.

What is that which, by losing an eye, has nothing but a nose left? A noise.

The minister who boasted that he could preach without notes did'nt mean bank notes. Of course not.

An old lady, writing to her son out West, warns him to be aware of bilious salesmen.

JOSH BILLINGS says:—There iz this mutch kan be sed in favor ov good breeding—it iz the only thing that kan make a phool endurable.

There ain't mutch phun in phisick, but there iz a good deal ov phisick in phun.

Men will forgit injurys easier than kontempt; they had rather be hated than not noticed.

I lay hin watching human intercourse a little lately and i find it is largely made up ov *grunts, groans* and *growls*, varied with *huffs, hoops*, and howls.

About the emptyest thing i kno ov iz a pocket book with nothing in it—it iz rather wuss than a kro hole.

The man who plays everybody wants watching, for the chances are that he iz getting phatt silly on other peoples misfortunes.

ESCAPED.—William alias Green Marshall, sentenced at the last term of the Watauga Superior Court to the Penitentiary for horse stealing, eluded the vigilance of Sheriff Horton of that county, who had him in charge, and succeeded in making his escape through the car window when the train was approaching Mebanesville station on the N. C. R. R. Marshall's hands were tied and the train moving rather rapidly at the time the escape was made.

SAD ACCIDENT.—On Saturday Charles White, a day scholar at the academy of Col. Bingham, was seized with the cramp while bathing in a mill pond, near Mebanesville, and drowned. Master Monroe Barringer, son of Hon. D. M. Barringer, of city, made a gallant but an ineffectual attempt to rescue his ill-fated companion at no small risk to his own safety. The brave and generous deed excites no little admiration. The body of the unfortunate young man remained under the water for over an hour before it could be recovered, though the most strenuous exertions were made.

CHURCH DEDICATION—GREENSBORO' FEMALE COLLEGE.—Bullock's church in Granville was dedicated last Sabbath, by the presiding Elder of the District, Rev. W. H. Bobbitt.

The new church is large and handsome, and located in a wealthy and intelligent community. The presiding Elder held the quarterly meeting on Saturday, which was the largest and most deeply interesting ever known in that section. On Sunday all the travelling population for 15 miles around came. The church was packed early, leaving still a large number out that could not get in. The sermons, Communion, Baptismal services and other exercises performed by Rev. W. H. Bobbitt, H. F. Hudson, and the pastor, Rev. W. C. Gannon were highly instructive and accomplished fine results. It was a beginning of fine success for the new church. The agent of Greensboro' College secured something over six hundred dollars in behalf of that important enterprise. It is a foregone conclusion now that the college will, at an early day, be completed.

The trowel of the masons is now sounding on the last story, the agent is pushing ahead with his work, and the friends of the college are not only hopeful, but rejoicing greatly in the prospect of its certain completion.

MAYOR'S COURT, Aug. 27, 1872.—Annie Simmons, (*green* and frail,) put in her personal appearance, under escort of 1st Assistant Chief of Police, Dunston to answer the grave charge of keeping a disorderly house within the corporate limits of the city. She was not perfumed with Lubin's best, but a native *aroma* diffused itself through the spacious Hall where his Honor, the Mayor, holds his daily courts. Annie was arraigned in due form and the charge read to her. She pleaded "not guilty," and expressed great surprise that "such a damaging charge should be laid at her door." The Mayor remarked to her, that the plaintiff in the case had withdrawn the charge, inasmuch as she, the said Annie Simmons, had vacated the house complained against and gone to other quarters, and he would discharge her upon condition, for the future, she demeaned herself as becometh a good woman. At this Annie became quite indignant, and entered her demurer "to any such prejudices." Thereupon the Mayor issued subpoenas for witnesses, and in a short time the charge was abundantly sustained, and the Mayor announced to her dusky majesty that she must find good and sufficient security for her appearance at Fall term, Wake Superior Court, or go to jail. Here followed a scene that beggared all description. A house of mourning would be a dance hop, when compared to the deep sobs which escaped the lips of the frail one. The Mayor, in a firm voice, gave the order, "take this woman, Mr. Officer—give her an opportunity to find bail—in default thereof this mittimus will direct you where and with whom to leave her."

A colored spectator as she passed out the Mayor's office remarked, "dat foot fore what you done got by yore long tongue."

For the Sentinel.

MUCH NEEDED.

As the young men of Raleigh are proverbially bashful it would be well to import fifty or more whose duty it shall be to gather in the vestibules of all the churches on Sunday and look the ladies "out of countenance." None need apply but good STARERS.

A SUFFERER.

RALEIGH, N. C., Aug. 25th, 1872.

ON EVERYBODY'S TONGUE.—Eulogiums of the great National Regenerator of Health, PLANTATION BITTERS, are on everybody's tongue. This gratuitous encomium is better than all the paid for puffing to which the owners of bogus bitters are obliged to resort. It has a spontaneous heartiness about it which carries conviction to the mind of the auditor. But it is a well known fact that the proprietors of the Plantation Bitters have never relied upon newspaper bolstering to establish the success of a preparation which owes its astounding popularity mainly to the oral testimony of the thousands who have either experienced or been the eye-witness of the immense physical good it has wrought throughout the length and breadth of the land.

DON'T HAWK, HAWK, SPIT, SPIT, BLOW, BLOW, and disgust everybody with your Catarrh and its offensive odor, when Dr. Sage's Catarrh Remedy will speedily destroy all odor, arrest the discharge and cure you.

dood1w&w1t

WANT OF VITALITY.—If a deficiency of vital energy is not a disease in itself it is a condition which lays the system open to the attacks of all conceivable maladies. Night and day we are surrounded more or less by deleterious influences. No atmosphere is entirely pure, no water utterly free from injurious particles; while in many localities both are positively unwholesome. What defence has the weak, languid system, in which the vital principle is deficient or dormant, against any of the morbid influences which produce epidemic and other diseases? None whatever. There is no safety save in artificial reinforcement. Hostetter's Stomach Bitters have, beyond all question, a vitalizing effect. If the nervous forces of the body have been recklessly expended in exhausting physical or mental labor, or dissipated in the indulgencies of a "fast" life, this powerful vegetable tonic and corrective will restore them. If the defective vitality is a constitutional evil it can be remedied to a great extent by this wonderful invigorant. At a season of the year when the air is more or less impregnated with the seeds of periodic fevers, it is especially desirable that the digestion should be perfect, the habit of body regular, the liver active, the blood pure and the nerves firm. These conditions are the best protection against all disorders, and they are conditions which the Bitters are better adapted than any other medicinal agent to promote and secure. See to it, however, that no imitation or counterfeit is substituted for the genuine article, and let all who value health and have an antipathy to poison beware of the local bitters made from condemned drugs and vilely adulterated alcohol, which have sprung up like unwholesome fungi all over the country.

ASTHMA.—JONAS WHITCOMB'S REMEDY. Prepared from a German recipe obtained by the late Jonas Whitcomb, in Europe. It alleviates this disorder in his case when all other appliances of medical skill had been abandoned. Joseph Burnett & Co., Boston. For sale by all Druggists.

SUBSTITUTES IN THE DENTAL ranks are not desirable; therefore, keep the natural teeth sound and pure with that wholesome vegetable elixir Sozodont. Do this, and they will last as long as the breath lasts, and the breath itself will never be tainted.

PHYSIOLOGISTS say that our bodies are renewed once in seven years. The material of which they are reconstructed is the blood, and unless it be fully charged with the elements of vitality, the strength and health of the system decline. Of all blood depurents, Dr. Walker's Vinegar Bitters is the safest and most infallible. There is no disease arising from the deprivation of the blood, which it will not speedily cure.

THURSTON'S IVORY PEARL TOOTH POWDER.—The best article known for cleansing and preserving the teeth and gums. Sold by all Druggists. Price 25 and 50 cents per bottle. F. C. Wells & Co., New York.

CHRISTADORO'S HAIR DYE.—This magnificent compound is beyond contingency, the safest and most reliable Dye in existence; never failing to impart to the Hair, uniformity of color, nourishment and elasticity. Manufactory, 68 Maiden Lane, New York.

CARBOLIC SALVE unequalled as a Healing Compound. Physicians recommend it as the most wonderful remedy ever known. Price 50 cents per box. John F. Henry, sole Proprietor, 8 College Place, New York.

TO OWNERS OF HORSES AND CATTLE. Dorby Condition Powders are warranted superior to any others, or no pay, for the cure of Dyspepsia, Worms, Bots, Coughs, Hide Bound, Cold, &c., in Horses, and Colds, Coughs, Loss of Milk, Black Tongue, Hoose, Distemper, &c., in cattle. Price 25 cents. Depot, 10 Park Place, New York.

FOR DYSPEPSIA, Indigestion, depression of spirits and general debility in their various forms; also, as a preventive against Fever and Ague, and other intermittent fevers, the Ferro-Phosphorated Elixir of Calisaya, made by Caswell, Hazard & Co., New York, and sold by all Druggists, is the best tonic, and as a tonic for patients recovering from fever or other sickness, it has no equal.

RISLEY'S BUCHU is a reliable Diuretic and Tonic for all derangements of the urinary and genital organs. The genuine, as formerly sold by Hazelhurst, Harral & Risley and their branches, is now prepared by H. W. Risley, the originator and proprietor; and the trade supplied by his successors, Morgan & Risley, New York.

OPAPNIA is Opium purified of its sickening and poisonous qualities. It is a perfect anodyne not producing headache or constipation, of bowels, as is the case with other preparations of opium. John Farr, Chemist, New York.

PRATT'S ASTRAL OIL.—More accidents occur from using unsafe oils, than from steamboats and railroads combined. Over 200,000 families continue to burn Pratt's Astral Oil, and no accidents directly or indirectly have occurred from burning, storing or handling it. Sold House of Alex. Pratt, established 1770, New York.

WE HAVE frequently heard mothers say they would not be without Mrs. Winslow's Soothing Syrup, from the birth of the child until it has finished with the teething siege, under any consideration whatever.

THE SECRET of beauty. What is it no longer asked, for the world of fashion and all the ladies know that it is produced by using a delightful and harmless toilet preparation known as G. W. Laird's "Bloom of Youth." Its beautifying effects are truly wonderful.—Depot 5, Gold st., New York.

The *Herald* says editorially: It is reported on good authority that Mr. O'Connor has addressed a letter to the Louisville Convention of "straight outs," prohibiting the use of his name by them for the Presidential or any other office. Mr. O'Connor states that "the fee simple of the world" would not induce him to accept the nomination.

The *Sun* says, Charles O'Connor, in an interview with James McKenna, who asked him if he would become the candidate for the Democrats and Liberals for Governor of the State, said he did not seek the nomination, but if nominated would accept.

Nine districts and six towns are equally divided between the two parties. The Conservatives have carried Logrado. The federal Republicans issued a manifesto on the morning of the election, urging the voters of their party to rally at the polls to fight the battle against monarchy, in each election district, and put forth all their strength to rout its supporters. Europe, it declares, awaits the results which will strengthen the cause of the democracy throughout the world.

Additional returns from the Provinces of the election of members of the Cortes have been received. They show that two-thirds of the successful candidates are members of the government party. The Radicals supported the government.

Scrofula.

Is the dread disease which annually sweeps its thousands to the graves. It manifests itself in many forms; in Consumption, Glandular Swellings, Rheumatism, Cutaneous diseases, many of the affections with which females are troubled, &c. Perhaps no one is wholly free from the taint, the only way it can be successfully treated is through the medium of the circulation. It is a blood disease; Dr. Tutt's Sarsaparilla and Queen's Delight possesses the quality of expelling it from the system and store perfect health. Being free from violent minerals, it may be taken with safety by old and young. The most delicate female may take it any time.

If your child has worms, or a bad breath, or sallow complexion, or restless at night or no appetite, or feels out of bad health, give it Dr. Tutt's Liver Pills, it will soon be restored.

ROSADALIS

THE GREAT SOUTHERN remedy for the cure of Scrofula, Scrofulous Taint, Rheumatism, White Swelling, Gout, Rickets, Consumption, Bronchitis, Nervous Debility and all diseases arising from an impure condition of the Blood.

This invigorating and valuable preparation is now offered to the public at a passing price, it is not necessary to remind the readers of this journal of the necessity of always having a bottle of this medicine among their stock of family necessities.

Testimonials can be present d from many leading Physicians, Ministers and business men of note throughout the South, showing it to be the highest type of a blood purifier of the age.

Dr. H. Wilson Cryer of Baltimore says "he has used it in cases of Scrofula and other diseases with much satisfaction."

Yarborough and others, the heirs and devisees of the said decedent, I will on the first day of August next, expose to public sale, on the premises, the valuable property known as the Yarborough Hotel.

This property is situated on the eastern side of Fayetteville Street in the city of Raleigh and embraces about one acre of ground.—It is one of the most central points in the city, being not more than four hundred yards distant from the depots of the Raleigh & Gaston, the Raleigh & Augusta Air Line, and the North Carolina Railroads; within one hundred yards of the proposed Masonic Temple; the same distance from the Postoffice and Federal Court House; on the opposite side of the street from the Wake County Court House, and within five minutes walk of the Capitol.

The hotel building is three stories high and contains forty-seven guest chambers, a dining room, two parlors, a reception room, office and three family rooms. The rooms are commodious and well ventilated; the passages broad and spacious; the dining room, parlors and office are large, well lighted and comfortable, both in summer and winter.

All the buildings on the premises are in excellent order, and afford every convenience to hotel keeping.

The terms are as follows: One-fourth of the purchase money in cash; the residue in three equal instalments, bearing interest, at six, twelve and eighteen months from the day of sale; the first of the credit instalments to be secured by bond with at least one good surety, title withheld until payment of the purchase money; and so long as any part of the purchase money remains unpaid, the purchaser to insure the buildings on said lot, in a sum equal to such unpaid balance, the loss if any, to be applied to the payment of said purchase money; and should the purchaser fail to insure the said buildings, I shall have the power to effect such insurance and the money so expended by me to be deemed a part of the purchase money, bear interest from date of expenditure, and be payable at the same time with the instalment of pur
