P. H. Sasser, Esq., of Wayne county, is in the city on a visit to his family.

We hear it stated that Gen. Scales has accepted the appointment of Chief Marshal at the approaching State Fair.

Two colored men had a slight scrimmage Saturday in front of S. D. Harrison's Store, Fayetteville Street. No damage done.

Swain Street, leading from the front of the residence of the late Gov. Worth to Newbern Avenue will soon be opened.

J. J. Litchford, Esq., Superintendent of the N. C. State Agricultural Society, is hard at work making preparations for the approaching State Fair.

Dr. Geo. E. Badger, son of the late Geo. E. Badger, formerly of this place, but latterly of Florida, is in the city. The Doctor is one of the survivors of the late *Bienville* disaster.

Green, of the *Tobacco Plant*, says that Blacknall of the Yarborough House is the Prince of landlords and good fellows, and Green don't exhibit any greenness in so saying, for it is a fact that can't be denied.

The Commissioner of Insurance for this State wants to hear from those Insurance corporations doing business in this State that have not sent in their reports. The time specified by law is almost up.

Messrs Betts, Allen & Co., the well-known builders, having turned over to D. J. Ellis, Esq., his new store and residence, he advertises in this issue to sell, lease or rent the aforesaid premises. Read the advertisement

A small piece of water-melon rind on the pavement on Fayetteville street, Saturday, caused the fall of an aged colored man, which resulted in the dislocation of the left shoulder.

Western Ward came very near having a first-class Kerosene explosion on Saturday. A colored woman attempted to fill a lamp while burning when, as usual, an explosion took place. By chance the woman's clothing did not take fire, and some neighbors coming in, the flames were subdued before any damage was done.

POLICE ITEMS.—Josephine Marler, a well known *nymph du pave*, was Saturday arraigned before his Honor for misconduct on the street. Josephine was reprimanded and discharged.

The police reported a party of men for disorderly conduct and fast driving on Hillsboro' Street Saturday morning about the hour of 2 o'clock. A warrant was issued but the case had not come up at the hour of our going to press.

Jno. C. Harris, arrested by Chief of Police King for assaulting Charles Blackman, col., was also arraigned Saturday and bound over in a bond of $200 to the next Superior Court.

USE OF LEMONS.—When people are feverish and thirsty beyond what is natural indicated in some case by a metallic taste in the mouth, especially after drinking water, or by a white appearance of a greater part of the surface of the tongue, one of the best coolers is to take a lemon, cut off the top, sprinkle over it some loaf sugar, working it down into the lemon with a spoon, and then suck slowly, squeezing the lemon and adding more sugar, as the acidity increases from being brought up from a lower point. Invalids with feverishness may take two or three lemons a day in this manner with the most marked benefit, manifested by a sense of coolness comfort and invigoration. A lemon or two thus taken at tea time is an entire substitute for the ordinary supper of Summer, and would give many a man a comfortable night's sleep and an appetite for breakfast, to which they are strangers, who will have their cup of tea, or supper of "relish" and cake, and berries, and peaches and cream.

Witton, a house painter, has been elected to the Canadian House of Commons, the first workman to receive that distinction.

HUMTOGRAPHS.

We are glad to learn that Joseph Howard, Esq., of Granville, has recovered from the attack it was thought would prove fatal.

The Franklin *Courier* contains a telling editorial on the bayonet rule of Uncle Simple. It is what Evans, Senior, would call a "jodarter."

Rev. Dr. Wingate, President of Wake Forest College, and Rev. J. D. Hufham, the efficient and scholarly agent of the same institution, were on a visit to Raleigh last week.

The Oxford authorities allow circus bills to be posted on the court house. Wonder if this is done because Greasy Sam sometimes performs in the upper rooms of the same when he holds a "show" commonly termed a court of justice!

Branson's N. C. Directory is well spoken of by the Virginia press.

Subscribe to the SENTINEL. Send on orders for job work. Satisfaction guaranteed and work executed cheaply, nestly and quickly.

We direct attention to the change of proprietors in the City Hotel, formerly kept by Mark Schloss. Dr. Bryant was a former citizen of Granville. It is a good $2 a day house.

WAIFS AFLOAT.

TOASTS AND SENTIMENTS.

Suited for a Rational Hour in the Evening.

May the wing of good fellowship never have its primary feathers clipped, by a fine of five shillings.

May the teaspoon of temperance never stir up disaffection in the glass of the moderate drinker.

May hope illuminate our future, without calling on the past to pay for the oil.

May the tree of Liberty flourish, and may somebody else have to pay for the manure of it.

May the laurels of Great Britain never be plucked to flavor foreign custard-y.

May the hinges of friendship never require palm oil.

"An upright judge, and a downright jury"—and, if possible, a straightforward counsel.

May the cheerful heart never want a bottle to give himself.

A political orator in New Orleans recently "quoted history" by referring to "the iron coffin of De Soto, containing the gold trumpet presented to the illustrious discoverer by Queen Victoria."

"Why, you fool!" exclaimed an intelligent auditor, "Queen Victoria wasn't born for mor'n than two hundred years after De Soto died; and how could she give him a good trumpet?"

"She left it to him in her will," solemnly replied the orator.

HISTORICAL DISCOURSE.—Dr. Pritchard will deliver to-day (Sunday) a sermon in which will be given a history of the Raleigh Baptist Church from its organization in 1812 to the present time.

VERY KIND.—R. H. Gresham, Esq., has invited the entire North Carolina delegation to the Peace Re-Union Convention at Louisville, Ky., to be held on the 11th and 12th of September, to make their headquarters at his office, No. 74, West Main street in that city.

PUBLIC SPEAKING.—H. A. London, Jr., Esq., Greeley and Brown elector for the Fourth Congressional District, Hon. Jno. Manning, and other distinguished speakers, will address the citizens of Franklin and Granville counties at the following places and times.

Louisburg, Tuesday, September 10th.
Kittrell, Thursday, September 12th.

OMISSION CORRECTED.—The local having failed to announce the arrival of Hon. Windy Billy Henderson as well as that of Hon Red-Eye Bill Albright, the editor gives notice of their presence in the city. We did not learn their business. It may be, one had a mule and the other bacon to sell, or it may be as they both belonged to Holden's Court Martial, Gov. Caldwell called them in to consult upon the state of the nation if Judge Merrimon should contest the election with Sunflungus.

GRAPHIC.—This is September, but oh, how hot! We turn to Tilton's *Golden Age* for a fitting description. Here it is:

The air is a hot poultice. The showers drop from a celestial stew-pan. The breezes blow from an oven. The supply of oxygen has given out. The thermometer is uncommunicative as a presidential candidate. Iceberg's are myths, and "Greenland's icy mountains" the vision of a lunatic. Perspiration is the only thing anybody has been equal to. We should as soon think of manufacturing cartridges in the crater of Vesuvius as making a sparkling newspaper in such terribly dogged days as these.

APPOINTMENTS.

The Agent of the Masonic Temple Association will visit the following Lodges, on the days named, and he earnestly requests all Masons in the jurisdiction of the several Lodges, to circulate the notice, that there may be full meetings. The Ill that Flesh are Heir to.

Are many, but a remedy for them all is furnished by nature. There is no doubt that for every disease there is an antidote in the vegetable kingdom. The aboriginees were the victims of many and loathsome maladies, yet they found in the wilds of their forests remedies sure and powerful. Acting on this belief DR. TUTT'S SARSAPARILLA AND QUEEN'S DELIGHT is offered the public as a most highly concentrated vegetable compound possessing extraordinary power for the cure of Rheumatism, Neuralgia, Scrofula, Ulcers, Swelling of the Glands, Eruptions of the Skin, Female Diseases, Liver Complaint, Secondary Syphilis, the effects of Mercury, &c. It is a most powerful Alterative and Blood purifier, and at the same time so harmless that it may be used by all.

Watch out for Chills and Fever, and prepare the system for resisting its attack by using Dr. Tutt's Liver Pills.

Dr. Tutt's Hair Dye makes the old look young.

If you desire rosy cheeks and a complexion fair and free from Pimples, Blotches and Eruptions, purify your blood by taking Dr. Pierce's Golden Medical Discovery.

YES AND NEIGHS.—If horses could make themselves understood in human language, they would signify by a universal "Yes" their assent to the statement that the MUSTANG LINIMENT is the best remedy extant for all these external ailments, and by a most emphatic "Neigh!" show their displeasure at every attempt to use any other preparation in its stead. Ever since its introduction at St. Louis, at the close of the Mexican war in 1849, it has proved a signal blessing to horse and man—curing, with absolute certainty and wonderful despatch, such equine diseases as spavin ringbone, poll evil, scratches, hoofale, &c., and relieving and finally removing the painful affections which attack the muscles, sinews and external glands of human beings. It is a fact beyond contradiction that for all injuries or complaints of man or quadrupeds to which an external remedy is applicable, the MUSTANG LINIMENT is preferrable to every other.

NATURE'S APPEALS FOR HELP.—Every indication of debility and exhaustion is a mute appeal of Nature for medicinal aid to arrest the progress of decay. How are these silent appeals of physical weakness to the resources of the healing art usually met? Too often, unfortunately, the drugs prescribed aggravate the symptoms. Whoever recommends drastic purgatives, or mineral salivants, or poisonous alkaloids, under such circumstances, is an ally of the ailment and an enemy of the patient. Whoever, on the contrary, advises the broken down and desponding sufferer to resort to that peerless vegetable invigorant, Hostetter's Stomach Bitters, for aid and comfort, is a true philanthropist. It is safe to say that there never was an instance in which such advice was given and accepted without the happiest results. From the very depths of weakness and despondency thousands have been restored to vigor, health and cheerfulness by the renovating operation of this wholesome stimulant and alterative. All its medicinal ingredients are remarkable for their sanative properties, and in combination form an absolute specific for indigestion, liver complaint, nervous affections, rheumatism, intermittent and remittent fevers, general and local weakness, and every species of disorder incident to change of season or climate. The stimulative element of this invaluable protective and restorative is not an impure excitant, but the thoroughly rectified essence of sound rye, admitted by all good chemists to be the most healthful of exhilarants.

THE GALES OF ARABY are not spicier than the aroma which the fragrant Sozodont imparts to the breath. Nor is the heart of the ivory nut whiter than the teeth that are cleaned daily with that matchless fluid.

TO OWNERS OF HORSES.—No one who has ever used Dr. Tobias' Horse Venetian Liniment, will ever be without it; it is a certain cure for Colic, Sore Throat, Cuts, bruises, and Old Sores. Warranted superior to any other; in pint bottles at One Dollar. Sold by all Druggists. Depot, 10 Park Place, New York.

BURNETT'S STANDARD FLAVORING Extracts are neatly put up in Unpannelled 2 oz. 5 oz. and 10 oz bottles, and are for sale by the trade generally in every principal city and town in the United States, Canadas, and British Provinces, as well as in many other foreign countries.

HELP FOR THE HOPELESS.—You are weak, dejected, miserable, and nothing does you any good, you say. Don't despair. There is balm in Gilead. Have you tried Vinegar Bitters? No! Then why don't you? Whether your complaint be dyspepsia, biliousness, nervous weakness, constitutional debility, or any other trouble, Vinegar Bitters will revive and renovate your shattered system, as a genial rain refreshes the withered flowers.

FOR DYSPEPSIA, Indigestion, depression of spirits and general debility in their various forms; also, as a preventive against Fever and Ague, and other intermittent fevers. The Ferro-Phosphorated Elixir of Calisaya, made by Caswell, Hazard & Co., New York, and sold by all Druggists, is the best tonic, and as a tonic for patients recovering from fever or other sickness, it has no equal.

THURSTON'S IVORY PEARL TOOTH POWDER.—The best article known for cleansing and preserving the teeth and gums. Sold by all Druggists. Price 25 and 50 cents per bottle. F. C. Wells & Co., New York.

Risley, the originator and proprietor, and the trade supplied by his successors, Morgan & Risley, New York.

SYAPNIA is Opium purified of its sickening and poisonous qualities. It is a perfect anodyne not producing headache or constipation of bowels, as is the case with other preparations of opium. John Farr, Chemist New York.

PRATT'S ASTRAL OIL, has a world-wide reputation as the purest and best illuminating oil. Over two million gallons have been sold for the past two years, from which no accidents of any description have occurred.—Send for circular. Oil House of Chas. Pratt, established 1770, New York.

THE SECRET of beauty. What is it? no longer asked, for the world of fashion and all the ladies know that it is produced by using a delightful and harmless toilet preparation known as G. W. Laird's "Bloom of Youth." Its beautifying effects are truly wonderful.—Dépôt 5, Gold St., New York.

The *Herald, World* and *Tribune* thinks the State ticket a very good one; the *Times* is confident it will be surely beaten and thinks the nomination of Kernan and Depew is particularly weak.

Father Burke, sent from Rome as the visitor general of the dominical order in America, lies here at the point of death.

The steamer Kansas has arrived at Halifax, fifteen days from Key West. All well.

FROM SYRACUSE.

SYRACUSE, Sept. 6.—The Convention, after adopting harmonious resolutions, met in joint session and adjourned *sine die*.

Among the resolutions was the condition of the country, such as to demand the sacrifice of past prejudice, the tone of the Administration has been lowered, the civil service has grown corrupt, the military power is too ready resorted to, the business at Washington have become the centres of favoritism and jobbery, and the Southern States are under a system of military representation and dictation, and have been subjected to robbery and waste which have already imposed upon them nearly four hundred millions dollars of debts, depressing industry and hindering immigration, and by destroying their credit, exposing their country to shame and contagion of repudiation.

TWEED FOR GRANT.

We have before stated that Bill Tweed is an earnest supporter of President Grant. It is a fact that he is now a member of the Murphy custom-house ring, and is now corresponding with those he knows he can depend upon throughout the State in the interest of Grant. We state what is positively true when we assert that Tweed has by person or through others corresponded with at least one Democrat in this county in the interest of Grant. We can inform him that he missed fire. The understanding is that Tweed shall play his cards quietly, and it is believed if he comes out publicly for Grant he would do more injury than good. He has subscribed money to the Grant corruption fund, and the suits of the people against him are to be dropped, although a show of prosecution is to be kept up until after election. Several appointments in the custom-house have recently been made through his influence. These facts can be substantiated. Every corrupt element of rascality in the country is now concentrated in the Grant interest, and still honest men are to be deceived into voting with him.

Of the preparations for the Goldsboro' Fair, the "Messenger" says: The work upon the fair grounds and necessary buildings is being pushed forward with vigor, and at the rate at which the same is now progressing, will be completed fully in time for the Fair, which is set for October 22d. New buildings are being put up and the grounds are to be reconstructed in a variety of respects, and upon sound principles having ref erence to convenience and beauty. But of these we propose to speak hereafter.

Cotton Press.

SEND YOUR ORDERS IN FOR THE IMPROVED

"Grey Utley Cotton Press."

THE UTLEY COTTON PRESS, so well known, and which gave entire satisfaction for the past three seasons, can be obtained with its improvements, of me at Raleigh.

This is an *Invention of Power*, whereby all friction is overcome. Its simplicity, Economy and Durability astonish all who see it. And the more so that a power so simple should have remained so long unappropriated.

The strain is wholly borne by the Bed Plate, Follower Block and two 1 3-4 in. square Iron Bars, which are capable of sustaining a weight of 100,000 pounds; thus giving much more strength than is required. *With this Press two men can pack a bale of cotton with ease in eight minutes, weighing from four hundred to five hundred and fifty pounds.*

One man can do the work, only requiring longer time.

It occupies a very small space, and can be so placed as to receive the Lint direct from the Gin or Lint-room, as may be desired, thus doing away with baskets and frequent handling of the Lint.

It is light in weight, can be taken down and put up in 30 minutes, and can be transported on a two-horse wagon.

I believe it to be unequalled by any Press *for Power, Convenience and Durability.*

Press complete; Depth of Cotton Box 8 feet; size of Bale, 4 1-2 feet by 36x20 inches; weight of Bale 400 to 550 pounds.
