LOC L DOTS.

"Old Reserve"—the best out. Call at 81 1 2.

Gen. W. R. Cox and H. J. Brown, Esq., left yesterday morning for Beaufort.

Geo. V. Strong, Esq., is in attendance upon Wayne County Superior Court.

Read the new advertisements. Good bargains may be obtained by so doing.

Miss H. Eure, Esq., of Gates county, was in this city, Saturday, en route for Granville county.

This (Tuesday) evening there will be a regular meeting of Raleigh Chapter No 20, Royal Arch, at Masonic Hall.

The exercises of Wake Forest College began yesterday. A number of students passed through this city.

The Police Court yesterday morning was barren of items. Several warrants were issued but up to the hour of our going to press no arrests had been made.

Neill McKay, Esq., Solicitor of the 5th Judicial District, is in the city. He says he sits in favor of neither Greeley nor Grant, but is dead agin Waddell.

Letters addressed to John Hinton Rocky Mount, N. C., and to Miss Louisa Jones, Goldsboro', N. C., are in the post office of this city for lack of proper postage.

Major Seaton Gales, of this city, left for Baltimore on Saturday morning. He is in attendance upon the Grand Lodge of Odd Fellows of the United States which is now in session in that city. We understand that the Major will take an extended tour before he returns.

A little colored boy, two years old, was horribly scalded on yesterday by falling into a tub of hot water, which his mother, a wash-woman, had left in the room. Though the little fellow was speedily rescued his injuries are considered fatal.

Col. W. K. DAVIS.—This gentleman has received and accepted the appointment of Chief Marshal at the approaching State Fair, Gen. A. M. Scales having declined on account of ill health. This is a fortunate selection and one that will give great satisfaction. Col. Davis is one of the Senators elect from the district composed of the counties of Franklin, Nash and Wilson, and is a favorite with all who know him.

MUCILAGE.—The best way to preserve gum arabic or heated starch, or other articles of paste or mucilage, is by a few drops of a milk solution of carbolic. This added to it enables one to keep it indefinitely. I take gum arabic an ounce and a half, water three ounces, making a thick, strong mucilage (the thickness saves a great deal of time in its use,) and then add fifteen drops of saturated solution of carbolic in water. No weather affect it; it does not sour, and is ever on my table with the brush for use. I cannot afford the expense of buying cheap perishable mucilage.

HURRYGRAPHS.

Judge Merrimon has returned to our town.

Mr. Geo. W. Ackiss, of this county, has sent some nice cabbage to the editor, for which he returns thanks.

James B. Hobgood, Esq., of Granville, sold four tierces of tobacco at Danville, Va., a few day ago at an average of $75 per hundred. Granville leads the world in the tobacco line.

Rev. A. W. Mangum preached an eloquent discourse on Sunday morning at the Methodist Church. The meeting at night will be continued through this week.

We have received the "Proceedings of the Press Convention of Alabama" which met at Montgomery in June last. When does the N. C. Press Convention meet?

FINE MULES.—Wynne, Yancey & Co. will receive on the 21st inst., 80 fine Kentucky mules. td

ATTENTION.—We call the attention of Senators elect to the Card of Capt. J. J. Robinson, of Newberne, who announces himself a candidate for Principal Door keeper of the Senate.

APPOINTMENTS.—We announce the following appointments for H. A. London, Jr., the Greeley and Brown Elector for this District:

Johnston County, Smithfield, Tuesday Sept. 24.

Nash County, Nashville, Thursday, Sept. 26th.

Manning's, Friday, Sept. 27th.

Ferrell's Saturday, Sept. 28th.

Wake County, Carey, Sept. 30th.

Other appointments will shortly be announced.

We have just had the pleasure of an introduction to Evelyn J. Dennison, Esq., late of Cosham Park, Hampshire, and of London, England, who has been in this State for some time on a prospecting tour, accompanied by Mr. Scott, of the North Carolina Land Company. Mr. Denison has just returned to this city from Asheville, Buncombe county, having contracted through the above Company, for the purchase of 72,000 acres of land in Madison and Jackson counties, for stock-raising and general farming husbandry, as is practiced in England and Scotland. We wish him all success in his undertaking, and that many others may be induced through the same influence, to follow his good example.

MOVEMENT OF THE BIBLE AGENT.—Since our last report of the movements of the Bible Agent, he has canvassed the counties of Catawba (in part) Alexander, Caldwell, Wilkes, Ashe, Watauga, Mitchell, Yancey, Madison, Buncombe, and Haywood, and is now on his way to the extreme Western counties.

At Hickory Tavern, in Catawba county, and at Jefferson, in Ashe county, new Auxiliary Societies were organized and steps were taken to organize an Auxiliary at Sparta, in Alleghany county.

These Auxiliary Societies with one or two exceptions, were found to be in a state of disorganization and consequent inactivity. Most of them had held no meetings in several years. Very few had any books in their Depositories and no attempts had been made to canvass and supply the counties.

All these Auxiliaries except two, had to be re organized, and it is believed that they are now in a more healthy condition. The Agent has received orders from a portion of these Societies for books to replenish their Depositories to the amount of over $400, and grants have been asked from the Parent Society and the North Carolina fund for about 2,500 Bibles and Testaments for gratuitous distribution.

The destitution, especially in the counties west of the Blue Ridge is alarmingly great, but it is confidently hoped that by the prompt and energetic efforts of the Auxiliaries, this destitution will soon be in a great measure supplied.

The collections in the mountain counties have not been very large, owing to the general scarcity of money. Yet the Agent is prosecuting his work, with an encouraging measure of success. The Agent expects by the 10th of October, to finish the canvass of all the counties lying west of a line drawn through Charlotte to the Northern boundary of the State.

JUSTICE IN THE COURTS.—The Goldsboro' *Messenger* thus refers to an important case that came up the other day in Wayne Court:

The case of the Goldsboro negro Rioters was called up on Wednesday. The Solicitor after selecting a jury, consisting of eight colored and four whites, confessed himself unable to prosecute, as he had given the case no attention. The counsel, employed by our last year's municipal administration had withdrawn from the case, because the present town officials refused to pay the promised fee. The result was the matter proved a disgusting farce, and His Honor Judge Clarke, after hearing Mr. Sherrill's statement, ordered a *nol pros* to be entered.

We are requested to state that the sale of lots heretofore advertised by C. B. Harrison, Esq., for Monday, the 16th instant, has been postponed 'till Monday, the 30th of December next. 2t

FIRE FROM LIGHTNING.—We learn that a few days ago the new mill, of John M. Johnson, Esq., on James Creek, some twenty-eight miles west of Fayetteville, was struck by lightning and burned. Mr. Johnson's new mill was not completed, and much of the timbers was just ready to erect. The loss is some few hundred dollars.—*Fay. Eagle*

The Life of the Flesh is the Blood.

This being the fact, it is very obvious that when the blood becomes corrupted the whole system becomes corrupt also. To relieve this the true policy undoubtedly is to direct the remedy to the source of the disease. It is in this manner that Dr. Tutt's Sarsaparilla and Queen's Delight acts. Its specific effect is on the blood; it purifies it, vitalizes, and expels all distemper from the system.

Being free from violent minerals, it is adapted to gen ral use. The old and young may use it; the most delicate female, at any time, may take it; the weak and enfeebled will be strengthened by it, the tender infant, who may have inherited disease, will be cured by it.

For Syphilis, and all its train of evils, it is a sure antidote.

Dr. Tutt's Liver Pills are a mild and gentle purgative, possessing the peculiar merit of acting as a powerful agent in relieving congestion or torpid liver. They have no equal.

Dr. Tutt's Hair Dye is the best in use. sep 17-deod1wawlt

DISEASE EXCITES.—From the system that has been invigorated and regulated by a course of that most beneficent of all elixirs, Hostetter's Stomach Bitters. Such, at least, is the testimony we are compelled to draw from the testimony of thousands of persons residing in unhealthy districts, who attribute their escape from the miasmic and other complaints which prevail there in the spring and autumn solely to the use of this great protective and preventive medicine. Many western and southern farmers and planters, as invariably as they sow and plant in the spring and reap and gather in the fall, administer it at those seasons to their families and employs, and take it themselves from twice to three times a day. The demand for it in the fever and ague districts bordering on the Mississippi, Ohio and Arkansas Rivers is immense; and wherever the natural conditions are such as to generate intermittent or remittent fevers, it is held in the highest esteem, both as an antidote to the atmospheric virus which provokes them, and as a swift and certain remedy for those distressing forms of disease. It is almost unnecessary to say that this renowned tonic and renovator is now generally accepted as a standard specific for indigestion, biliousness, nervous debility, rheumatism, physical weakness and mental despondency, not only by the public at large, but by all unprejudiced medical men. The vast popularity of the Bitters has of course led to many counterfeits and imitations, against which the community are requested to be on their guard. sep 17-deod1wawlt

HUMANS share with horses the benefits derivable from the world-renowned MEXICAN MUSTANG LINIMENT. The most irrefragable testimony establishes the fact that this wondrous balm exerts the same soothing and healing influence when applied to the human cuticle, that it does in cases of spavin, founder, ringbone, poll evil, scratches, wind galls and other ailments of the horse which require outward treatment. It is, in fact, the most effectual of all external remedies for rheumatism, gout, stiffness of the neck, neuralgia, sore throat, swellings, cuts and bruises of all kinds.

BUFFALO N. Y., Dec 13 1970

DR R. V. PIERCE: For the past six months I have used your Golden Medical Discovery in my practice, and in that time I have tested its merits in severe coughs, both acute and chronic, in chronic diseases of the throat, severe cases of bronchitis, general derangement of the system, constipated condition of the bowels, and wherever a thorough alterative, or blood purifier, has been indicated. In all cases I have found it to act gently, yet thoroughly and effectually in removing the various diseased conditions, and bringing about a healthy action throughout the system. Yours fraternally,

H. L. HALL, M D.

HELP FOR THE HOPELESS.—You are weak, dejected, miserable, and nothing does you any good, you say. Don't despair. There is balm in Gilead. Have you tried Vinegar Bitters? No! Then why don't you? Whether your complaint be dyspepsia, biliousness, nervous weakness, constitutional debility, or any other trouble, Vinegar Bitters will revive and renovate your shattered system, as a genial rain refreshes the withered flowers.

Cotton Press.

SEND YOUR ORDERS IN FOR THE IMPROVED

"Grey[illegible]ley Cotton Press."

THE UTLEY COTTON PRESS, so well known, and which gave entire satisfaction for the past three seasons, can be combined with its improvements, of one as follows.

This is an Invention of Year, whereby all friction is overcome. Its simplicity, economy and Durability astonish all who see it. And the more so that a power so simple should have remained so long unappreciated.

The strain is wholly borne by the Bed Plate, followed Block and two 1 3 4 in. square Iron Bars, which are capable of sustaining a weight of 100,000 pounds, thus giving much more strength than is required. With this Press two men can put a bale of cotton into sack in eight minutes, weighing from four hundred to five hundred and fifty pounds.

One man can do the work, only requiring longer time.

It occupies a very small space, and can be so placed as to receive the Lint direct from the Gin or Lint-room, as may be desired, thus doing away with baskets and frequent handling of the Lint.

It is light in weight, can be taken down and put up in 30 minutes, and can be transported on a two-horse wagon.

I believe it to be unequalled by any Press for Power, Convenience and Durability.

Press complete; Depth of Cotton Box 8 feet; size of Bale, 4 1-2 feet by [illegible] inches; weight of Bale 400 to 500 pounds.
