HOME AFFAIRS.

HURRICGRAPHS.

We had the pleasure of a visit on yesterday from Mr. Manning, Junior Editor of Roanoke *News*, and were glad to learn of the prosperity of that paper.

Whenever members of the press are in our town we will be pleased to see them at the SENTINEL office. Our exchanges or kindly offices are always at their service.

HARD ON THE PROFESSION.—Recently there was received into the Penitentiary an aged white convict who had no shoes or socks upon his feet when he arrived. "Where are your shoes and stockings old man?" asked one of the officials. "I gave them to my lawyer to defend me and you see what a d—d old fool I was," was the mournful reply.

PARTON'S OF LIFE HORACE GREELEY.—We have received a compact, duo-decimo volume at 548 pages illustrated, from the publishers James A. Osgood & Co., Boston. It is a "Life of Horace Greeley," by a somewhat successful author, James Parton. We have not read this life of the great editor but it certainly presents a very appetizing appearance. We learn that it has not been prepared as a mere campaign life of the Liberal candidate for the Presidency, but is written with much care after diligent research, and is altogether a fair, appreciative biography of one of the most remarkable men of our country.

LOCAL DOTS.

The churches as a general thing were well attended on Sunday morning.

Four babies were christened in Christ (Episcopal) Church Sunday afternoon.

John G. Renshaw, Esq., of Chatham, was in our city on yesterday.

Col. R. H. Cowan and family, of Wilmington, are in the city at the residence of George V. Strong, Esq.

The Comedy Combination of Norris & Norton have engaged Tucker Hall for November.

W. J. Edwards, Esq., formerly of this city, but now of Wilmington, is now here on a visit to his family.

A drunken white man and white woman were very noisy on Hillsboro' street Sunday afternoon.

Col. S. L. Fremont and family and Jos. A. Engelhard and family, of Wilmington, are in this city.

R. M. Furman, Esq., the clever editor of the Franklin *Courier*, was in the city on yesterday *en route* to "see his cousin."

Edmund Jones, Esq., representative elect from Caldwell, was in the city yesterday.

There was a fatal case of Pseudo Membranous croup in this city on Saturday. The victim was a colored child whose parents reside in Eastern Ward.

There is a letter at the post office addressed to Nathan Allen, colored, Cary, Wake Co., N. C., held for the non payment of postage.

Willis O'Neal, a colored prisoner in the jail of this county, on Saturday morning made an onslaught on one of the keepers. He was, however, soon quieted.

It is said that gambling among colored people is carried on, upon an extensive scale, every Sunday in certain localities on the suburbs of this city. In one of these dens on last Sunday we understand that one man lost a considerable amount of money, watch and chain, together with his coat, vest and *shirt*.

The following change in the schedule of the mail train on the N. C. R. R. went into operation on yesterday:

The mail going east arrives at 5.55 a. m., and going west at 8 p. m. This change in the schedule has never been officially announced that we have seen and on yesterday it took every one by surprise. The above information as to the arrival of the mail trains at this point we obtained at the post office.

WAIFS ADRIFT.

Riflemen—Pickpockets.

Educated on a "sound basis"—The drummer.

A very narrow apperture—The 'crack' of a whip.

Who is the first boy mentioned in the Bible?—Chap. 1.

A social glass to which the ladies are addicted—The mirror.

Never undertake to fasten a door with a lock from your own head.

Why is a clam like a school-teacher? Because he keeps cool.

A man may not like the fashion of his nose but he follows it.

An artist is not as strong as a horse, but he can draw a stronger object.

How to make a rich jam—crowd thirty fashionably dressed ladies into a street car.

There is more truth than poetry in the following line from an advertisement: "Babies, after having taken one bottle of my soothing syrup, will never cry any more."

The following notice is posted conspicuously in a newspaper office out West: "Shut the door; and as soon as you have done talking business, serve your mouth in the same way."

Squire: "Hobson, they tell me you've taken your boy away from the National School; what's that for?" Villager: "'Cause the master ain't fit to teach um." Squire: "Oh, I've heard he' a very good matter." Villager: "Well, all I knows is he wanted to teach my boy to spell 'taters' with a "p."

There is a certain shoemaker in this city who is *par excellence* a moral man. He is some 40 years of age and has never yet sworn an oath, touched tobacco or liquor in any shape or form, and yet has never been in a church.

MAYOR'S COURT.—On Monday morning his Honor, the Mayor, disposed of the following cases:

Mary Pennington, a half witted white woman, arrested by officer Dunston, for strolling about the streets and laying in the gutters; discharged.

Isaiah Blake, arrested by Chief of Police King, for drawing a knife on Frank Phillips in the Market Square; bound over to court in a bond of $200, which he gave.

Two colored men, Frank Chavis and Washington Craven, were arraigned for an affray near the saw mill of Fowle & Haywood. It was shown by the evidence that the parties had resorted to that spot to settle some difficulty *a la* Heenan. During the fight which ensued Chavis played foul by using his pocket knife with effect on Craven's right arm besides slightly wounding the left. One of the wounds on the right arm is a very severe one. His Honor bound both parties over to the next term of the Superior Court of this county in a bond of $200 each, which they succeeded in giving.

CHANGE OF APPOINTMENT.—Owing to the small pox being at Nashville, Maj. H. A. London, will not speak at that place, but at Rocky Mount on Thursday next, 26th inst.

GREELEY AND BROWN CLUB.—The club will hold a meeting this (Monday) evening at 7:30 o'clock, at Metropolitan Hall. H. A. London, Jr., elector for this district will be present and address the Club. Mr. H. is a talented and pleasant speaker and should have a large crowd to hear him. Other prominent gentlemen are expected to be on hand and make addresses. Let us have a large turn out.

P. S. Since the above was put in type we learn that Willie D. Jones, Republican, will be allowed a division of the time.

FAIR GROUNDS.—We learn that the Executive Committee of the North Carolina Agricultural Society have definitely determined to remove the State Fair to other grounds as soon as an eligible site can be procured. Of course this arrangement can not be made until after the approaching exhibition. The committee would have long ago provided better and more spacious halls, &c., had they not been aware that the present grounds are entirely inadequate to the wants and purposes of the Fair, and that the exhibition would eventually have to be removed to another and more suitable place. We trust in a few days to be able to announce that the new location has been decided upon.

THE REVIVALS.—Revival meetings have been held for the past two week in the Methodist and Baptist churches. On Sunday morning, the pastor of the Methodist church, Rev. A. W. Mangum, administered the sacrament of baptism to four persons, and eight persons united with the church. At night there were a large number of penitents and one conversion. On Sunday night Rev. Dr. Pritchard, of the Baptist church, administered the ordinance of baptism by immersion to two gentlemen. The meetings in both churches will be continued through this week. The sermon of Mr. Mangum in the morning, and of Dr. Pritchard at night were earnest and impressive.

A MONUMENT TO THE LATE MR. BENNETT.—Mr. James Gordon Bennett proposes, it is said, to honor the memory of his father by erecting in Greenwood one of the finest monumenes that this country has ever produced. The price is unlimited, but rumor places it at near $200,000. The shaft is to be of white marble, elaborately sculptured with symbolical figures representing the profession of journalism. The inscription will be simply "James Gordon Bennett," with age, place of birth, and the title he was pleased to be known by—"Founder of the New York Herald."

KILLED.—Last Thursday evening a most shocking and fatal accident occurred in the Shady Grove section, by which a young white man by the name of Wert Coun was instantly killed by W. P. Alston Esq. A party of gentleman were hunting deer, and Coun was acting as driver. Mr. Alston was at one of the stands, waiting the approach of the deer, and hearing something coming up from behind him he suddenly turned, thinking it the deer, and in changing the position of his gun it struck his arm and fired, putting a load of buck shot through Mr. Coun's heart who fell from his horse a lifeless body.—*Warrenton Gazette.*

The "Dog Days" and their Danger.

At this season of the year the blood is apt to become impure, the appetite poor, the skin yellow, the body enfeebled, the system relaxed, making it susceptible to attacks of chills and fevers, rheumatism, eruptions of the skin and the development of the effects of the injudicious use of calomel. All this trouble may be avoided by the use of a few bottle of Dr. Tutt's Sarsaparilla and Queen's Delight. It is harmless in its effects, but a powerful enemy to diseases. Try it, and you will find it a friend in need.

Dr. Tutt's Hair Dye acts instantaneously.

IF YOU feel dull, drowsy, debilitated, have frequent headache, mouth tastes badly, poor appetite and tongue coated, you are suffering from Torpid Liver or "Billiousness," and nothing will cure you so speedily and permanently as Dr. Pierce's Golden Medical Discovery.

LOVELINESS ON THE INCREASE.—A marked increase of female loveliness is the evident lighting result of the immense popularity which HAGAN'S MAGNOLIA BALM has obtained among the ladies of America. Complexions radiant with snowy purity and tinged with the roseate hue of health are commonly met with whenever it is used. For the sallow and unwholesome appearance of the face and neck, which utterly counterbalances the effect of any personal attraction the owner may possess, it substitutes that clear, pearl like complexion which is such a transcendent charm in woman, and renders the roughest skin as soft as Genoa velvet. No one is more astonished than the person using it at the marvelous transformation which it effects in these particulars.

e-p 24-deod2wawlt

HALF ALIVE.—It is a sad thing to pass through life only half alive. Yet there are thousands whose habitual condition is one of languor and debility. They complain of no specific disease; they suffer no positive pain, but they have no relish for anything which affords mental or sensuous pleasure to their more robust and energetic fellow beings.

In nine cases out of ten this state of lassitude and torpor arises from a morbid stomach. Indigestion destroys the energy of both mind and body. When the waste of nature is not supplied by a due and regular assimilation of the food, every organ is starved, every function interrupted.

Now what does common sense suggest under these circumstances of depression? The system needs rousing and strengthening; not merely for an hour or two, to sink afterwards into a more pitiable condition than ever (as it assuredly would do if an ordinary alcoholic stimulant were resorted to, but radically and permanently.

How is this desirable object to be accomplished? The answer to the question, founded on the unvarying experience of a quarter of a century, is easily given. Infuse new vigor into the digestive organs by a course of Hostetter's Stomach Bitters. Do not waste time in administering temporary remedies, but wake the system up by recuperating the fountain-head of physical strength and energy, the great organ upon which all the other organs depend for their nurture and support.

By the time that a dozen doses of the great vegetable tonic and invigorant have been taken, the feeble frame of the dyspeptic will begin to feel its benign influence. Appetite will be created, and with appetite the capacity to digest what it craves. Persevere until the cure is complete—until healthful blood, fit to be the material of flesh and muscle, bone and nerve and brain, flows through the channels of circulation, instead of the watery pabulum with which they have heretofore been imperfectly nourished.

FRON WASHINGTON.

WASHINGTON, Sept. 21. The Bureau of Justice is considering the eligibility of James A. Lee, colored, who was nominated in Mississippi as Presidential elector, the vote in the electoral college decision will probably be that he must have been naturalized since the ratification of the fourteenth amendment to make his vote valid.

The question was first asked of the Attorney General, who declined to answer; but subsequently, through the direction of the President, the law was investigated.

The question is regarded as important in Radical circles, as the rejection of Lee's vote might defeat Grant's election.

A revenue order is about issuing for the redemption of stamps which the change in the law has rendered useless. The British mail has been awarded to the White Star Line, and the Continental mails to the Bremen Line.

The *Star* says: "It is stated that the President has refused to pardon certain Ku Klux prisoners in the Albany penitentiary who had been recommended for Executive clemency, because of a protest coming from the District where the criminals were convicted from those who would be most endangered by the release; the character of most of the convicted is very bad. Some of them are ignorant, lawless, and desperate men, who it is believed would not hesitate to wreak vengeance upon all who testified against them."

FROM SAN FRANCISCO.

SAN FRANCISCO, September 21.—A dispatch from San Diago, reports a fight between the command of Gen. Cook and the Indians of the Date Creek reservation. It appears that a party of Apache braves were discovered on the war path. Gen. Cook with a guard attempted their arrest. Four or five hundred Indians fired on the General killing one soldier. The fire was returned by a company of cavalry killing thirty Indians, when the remainder of the savages fled to the mountains and were pursued by two companies of cavalry.

FROM ILLINOIS.

SPRINGFIELD, Sept. 21.—The Straight-out Central Committee have nominated a full State and electoral ticket.

Ex-Senator Yates is very sick.

The Vigilance Committee have formed in Dakota. Two horse thieves have already been hung to telegraph poles.

FROM NEW YORK.

NEW YORK, Sept. 21.—The "Times" says Charles O'Conor has written a letter to a member of the Straight-out Democratic Committee accepting the nomination of the Louisville convention.

FROM OHIO.

CINCINNATI, Sept. 21.—At various points on the route between Columbus and Cincinnati the train stopped and brief speeches were made by Mr. Greeley. A great crowd met him at Xenia, where he spoke as follows:

"I think I am somewhat known to most of you, and you can testify whether in struggles past, whether in a life-long compromise with pro slavery ascendency, my voice was not raised on the side of emancipation and liberty. [Applause.] Those days have passed and new days have come. I rejoice that I was with most of you in making this a land of freedom. If we had heard that all men were to be free except four or five hundred, we should have felt that our triumph was incomplete, so I stand this day demanding that there shall be no prescribed class, no disfranchised people, black or white, in this country. [Applause.]

But that the genius of universal liberty shall enfold [illegible] mantle over the whole American people; that is my platform, and of it, that our victory as unionists, as lovers of impartial liberty being complete, there shall be no man deprived of his natural rights. When this struggle shall be ended, we demand that the capstone be placed on the temple of liberty by the enfranchisement of the last than who now suffers under the ban of proscription. Such is my purpose; such is the ground whereon I stand; as such I commend it to all those who in old time, the darker time, the time of depression, struggled with me on the side of liberty. (Great cheering.)

To-morrow Greeley will have a reception at the Burnett House. He leaves at 3 P. M. for Louisville, where he remains until Monday, and thence goes to Indianapolis.

FROM EUROPE.

LONDON, Sept. 21.—It is reported that Count Von Armin has tendered his resignation as Minister of Germany to France, in consequence of the unpleasantness he encounters in Parisian society. It is stated if Von Armin's resignation is accepted, the embassy to France will remain vacant, and Germany will be represented at Paris only by consul.

ROME, Sept. 21.—The anniversary of the occupation of Rome by the Italian government was celebrated yesterday with much enthusiasm. The city was profusely decorated. The Pope received visits of condolence from his adherents, and addressed his visitors, lamenting the misfortune of the Catholic Church, and the injustice done to it by the Italian government.

STOCKHOLM, Sept. 21.—Prince Oscar, the brother of the deceased King Charles the Fifteenth, has succeeded to the Throne and Sweden and Norway and all the dignitaries of the State yesterday took the oath of allegiance to the new Monarch.

We will publish Mr. Greeley's speech in Cincinnati, when we receive the full report from the New York papers.
