JOHN BRAGG, Editor.

THE SENTINEL FOR THE CAMPAIGN.—Fifty cents will pay for the SENTINEL for the campaign, or for two months.

SUN STROKES.—Several cases of sun stroke are reported among the penitentiary.

Two of the hands of John Weir engaged in erecting the stone wall around the National Cemetery, met a similar fate.

GONE TO FRANKLINTON.—Tom Lee, Ike Young and Wiley D. Jones, departed this morning, for Franklinton where the Radical Congressional Convention of this District meets to-morrow. They will try the track this evening, at an exercising gait preparatory to the grand race to-morrow. It is probable that Blow your Horn Billy will arrive there this afternoon from Washington.

THE SWAZEY AND SELF SUITS.—Much anxiety is evidenced to learn the decision of Chief Justice Waite and Judge Bond in the Swazey and Self suits, argued before their Honors on Monday and Tuesday last. We are informed it is likely that the opinion of the court will be made known before the departure of the Chief Justice from the city. He is working diligently in an examination of the authorities bearing upon the cases—rising by 5 a. m. and pursuing the investigation when not engaged in open court.

SENATOR FOR THE 20TH DISTRICT.—Col. George Williamson, the man who served Judge Mitchell's habeas corpus upon Kirk, has been nominated for Senator in the 20th Senatorial District, composed of Orange, Person and Caswell. The nomination is equivalent to an election. Col. Williamson was a soldier in the Mexican and the late war of the States. He is just the man for the times. Calvin E. Parish will be his colleague. Mr. Parish is well-known in the district, though not as yet in the State. He will be well and favorably known before the adjournment of the next Legislature.

THE FIRST STORM DURING 38 FORTY YEARS.—There is a good, kind hearted christian old lady in the western ward of this city, who has ever had a distaste as she is wont to say, for store clothes, and she never would purchase even a piece of calico, invariably manufacturing as necessity required, with her own hands, her dresses of pure homespun, but something came over the spirit of her dream, which had lasted forty years, for to-day, the old lady tripping it by Tucker's mammoth establishment, and hearing goods were going off so cheap, she concluded she would vary the monotony of a life time, and she quickly alter entering the store purchased herself a dress, and departed as happy as if she was a girl again.

BOARD OF HEALTH.—The Mayor informs us that at the next meeting of the Board of Commissioners he will suggest to them the propriety of soliciting the Medical College of the city for the appointment of three of their number who shall compose a health board for the city, and whose duty it shall be to report all nuisances, defective drains, filthy tenement houses, and all things that come under their supervision calculated in any manner to impair the health of the city, when immediate orders shall issue to the police for an immediate cleaning up thereof. All poor persons of the city upon a prescription of a physician, unable to purchase their medicine, can obtain an order for the same upon application to the Mayor.

SUPREME COURT.—This court met at the usual hour. All the justices present. Causes from the fifth district were considered as follows:

John McLendon vs. Commissioners of Anson was placed at the end of the docket.

B. A. and John B. Green vs. George J. Green two causes from Union *certiorari* ordered for time, appeal was taken by plaintiff &c.

V. Mauney *et al.* vs. Commissioners of Montgomery two causes placed at the end of the docket.

State vs. Shack Manuel from Cumberland, continued.

K. Murchison, Gdn. vs. Jas. H. Williams *et al.* from Harnett was argued, Busbee & Busbee for plaintiff, Neal W. Ray, B. Fuller for the defendents.

John A Long vs. A T Cole *et al.* from Richmond, argued, no counsel for plaintiff, J W Cole, Leitch for defendants.

A A McKethan vs. David A Ray *et al.* from Cumberland, A W Ray, B Fuller for the defendents. Pending the argument, the Court adjourned until to-morrow.

In our report of yesterday in the case of Sebbett vs. Maultsby from Columbus. We stated there was no counsel for the defendant, being led into the error by the docket which did not state that Messrs. Moore and Gatling, so appeared, the case being argued by Mr. Moore.

Local Dots.

Sheriff Hughes, of Orange, was in the city to-day.

D. Merritt Dennis, the wife murderer now in Jail, to-day employed T. M. Argo, Esq., as one of his counsel.

We understand that Mr. Primrose contemplates at an early day, the erection of a new dwelling upon the site of his former residence on Fayetteville street.

Two of the hands of John Weir engaged in erecting the stone wall around the National Cemetery, met a similar fate.

PERSONAL.—Among the arrivals this afternoon on the Northern train were Capt. J. J. Davis, of Franklinton, T. B. Venable, of Granville, Maj. W. A. Smith, John P. Branch, Esq., of Petersburg, and R. W. Lassiter, Esq.

The rain of yesterday cooled the atmosphere and added greatly to the growth of garden vegetables and the surrounding crops, but the heat to-day still rageth, though we are blessed with more breeze than the previous days of the week.

The *Raleigh* [illegible] to-day, contains the stolen Tom Lee letters. There seems to be but one opinion as to the reprehensibility of their publication, and in the manner in which they were gotten possession of. Mars Tod, and his private Secretary seem highly delighted at the transaction.

THE FEDERAL JUDGES.—The Editor of the Charlotte *Observer* writing to his paper from this city, under date of the 8th inst., alluding to the *personnel* of the Circuit Court now sitting in this city says:

"The Court has a triple-head. Judge Brooks, Judge Bond and Chief Justice Waite are presiding. The latter gentleman arrived in this city on Saturday evening last, from Richmond, where he spent several days last week presiding over the United States Court which was held there. This eminent legal luminary is not peculiarly striking in personal appearance. He is of medium height, stoutly built, and apparently robust in health. He has a mass of dark hair tinged with gray, clean-shaven upper lip, and full iron-gray beard. A big mouth; prominent nose; large, dark eyes, deep-set and overhung by thickish eyebrows, and a fine, broad forehead, make up his physiognomy. The face certainly indicates strong intellectual powers. In manner he is exceedingly genial and pleasant. Evidently Chief Justice Waite is not only thorough lawyer with mental faculties of a high order, but in addition a thorough gentleman, courteous, refined and high-toned. He has made a most favorable impression upon the bar here.

Quite a contrast to the Chief Justice is Judge Bond. He has a huge, hooked nose; a hatchet face; low forehead, and sharp, whitish gray eyes. His hair, too, is of a whitish gray hue; the short, thin body, and narrow shoulders are perfectly in keeping with his thin face and unintellectual forehead. The character of the man is stamped in every feature and line of his countenance. Of Judge Brooks I need not speak, as he is well-known to the citizens of this State. He seems now to be in feeble health, and is beginning to show very plainly the effects of time and care."

After giving an outline of the Swazey suit argued on Monday, he says: "It is very evident that the motion of the plaintiffs should not prevail. But what view of it the learned Court will take, it is hard to say. That a righteous judgment will be rendered, I have not the least doubt; because Chief Justice Waite is an upright gentleman. His record is pure, and his reputation unstained. I think it particularly fortunate for North Carolina, that a man of this character presided over the case. If Judge Bond were left to himself, he would certainly surprise the country, if he did not decide for the bondholders. Should the bondholders be successful in this suit. The State's interest in the N. C. Railroad will be sold out, and the majority of the stock pass into the hands of foreigners."

HYMENIAL.—Capt. W. W. White, Register of Deeds for Wake County, married Miss Laura A. Wood, of this city, last evening. The ceremony was performed at the residence of John G. Williams, Esq., the home of the bride, by Rev. A. W. Mangum of the Edenton Street Methodist Episcopal Church. After the marriage ceremony a handsome entertainment was given by Mr. Williams to the friends of both of the parties.

KITTRELL SPRINGS.—We are pleased to know that this delightful watering place bids fair to have a fine crowd of visitors this season. Everything is in first class order for the reception of guests, and we know of no place more pleasant to spend the summer. The price of board twenty five dollars per month, is the most reasonable.

Senator Ransom's family and others have already taken up quarters there. Major Blacknall, the proprietor will make you feel as comfortable as at home.

State News.

Joe Hines, colored, lost an arm last Wednesday by lying upon the track of the Piedmont railroad to take a nap. Drs. Gheck and Lindsay amputated it for him and next time he sleeps he will not do so on the railroad.—*Patriot.*

Col. R. R. Bridgers, President of the Wilmington and Weldon railroad, passed through here last Thursday night, accompanied by a large number of gentlemen in Gaston county.—*Patriot.*

Commencement Day at Yadkin College was attended by a large concourse of people, variously estimated at from 800 to 1,000.

The students, both male and female, spoke well and gave evidences of close application.

Mr. Price's address was highly creditable, and was well received.

The Salem Cornet Band rendered excellent and appropriate music.—*Salem Press.*

DEPARTED.—A report comes to us from Greene Township that R P. Shaw, a man aged about seventy, well thought of in the community where he lived a beacon light in Mr. Welker's church, and a prominent Radical; left wife and family, taking to his bosom a thirty-five year old widow, named Jane Greene, with whom he departed last week for parts unknown. There is no telling what will become of a man before he dies who belongs to the Radical party.—*Patriot.*

Hon. John Kerr has received the Conservative nomination for Judge in the Seventh district. This is a just and fitting rebuke to the attempt to coerce North Carolina into voting the Radical ticket in 1870, when Judge Kerr and other good and true men were taken at the point of the bayonet and thrust into prison for no crime in the world but their opposition to Radicalism. Time has its revenges and this is one of them—and a sweet one.—*Winston Sentinel.*

NORTH CAROLINA.—North Carolina ranks third among the Manufacturing States of the South. Georgia with 20 mills, 69,782 spindles, and an annual consumption of 10,864,350 pounds of cotton, stands first; South Carolina, with 6 mills, 31,588 spindles, and annual consumption of 4,174,100 pounds of cotton, ranks second; and North Carolina, with 17 mills, 24,249 spindles, and an annual consumption of 3,537,000 pounds of cotton, is third on the list. These facts we gather from a carefully prepared article in the *Southern Magazine* for June, on the "Ruin and Reconstruction of the Southern States."—*Observer.*

Prof. Genth, in his mineralogical Report the Western North Carolina, speaks in high terms of the valuable iron ore beds in Burke and Catawba counties. W. P. McKesson of Morganton has been negotiating, for the owners, with Northern capitalists for the sale of some of these. And Prof. Wilcox (Phila.) has recently made some examination which we are informed proved quite satisfactory to the parties interested. From the signs of the times we may reasonably hope for that aid which Northern capital will lend us in the development of the hidden wealth of this section of our State.—*Piedmont Press.*

The Concert yesterday evening, given by Mr. Leo. Wheat and the choir of the Monumental church, of Richmond, was a pleasant entertainment, and a success throughout. Notwithstanding the intense heat of the evening, Benbow's Hall was filled and every one seemed well pleased. The object of the concert was to purchase a bell for St. Barnabas' Church which was done, Mr. Wheat having brought the bell with him. We noticed among the audience a number of ladies and gentlemen from Salem, and other neighboring towns.—*Greensboro Patriot.*

ARREST OF AN ESCAPED LUNATIC.—Sheriff Wallace of Duplin county arrived here yesterday with the body of a colored lunatic by the name of Essex Stevens, who succeeded in effecting his escape from the Poor House near this city, where he had been in confinement, on the 3d of May last. He was arrested in Duplin, where he had been frightening the women and children by his crazy talk. He pretended to be a preacher, and one of his favorite hallucinations seems to have been that he was commissioned by the Almighty to kill all the children which came in his way. He was lodged in jail until a more suitable disposition can be made for him.—*Wil. Star.*

A. & N. C. RAILROAD.—Our Sunday's issue contained an article in relation to this concern, in which we stated that we had been reliably informed that the Board of Directors had allowed E. R. Stanly, its late President to draw his salary from the time he was dispossessed of the office till the first of July. Yesterday afternoon we were assured by one of the Directors that this was incorrect; that the salary was drawn without the knowledge or consent of the Board, and that at its yesterday's session, the Board authorized President King to take legal, or such other steps as might be necessary for the recovery of the money. We make this statement in justice to the Directors.—*Newbernian.*

The Piedmont Press says: W. S. Pearson, Esq., the most accomplished Republican of his age in the State, who has been acting as Deputy Collector of Internal Revenue on a salary of $1,500, with headquarters at Morganton, suddenly resigned last week. We do not understand all this but suspect it some of Mars Tod's work. We can hardly think Mr. Pearson's offence is the fact of his Democratic sympathies, thus early obstructing a little patch of Nepotism. If we may judge from Maj. Marcus Erwin and Mr. Pearson, we should say the Republican party of this State was unloading from the top. They had better bore a hole in the bottom of the rotten concern and let Mars. Tod and Long Perry leak out. The Lord only knows where they'd go to. The Conservative party don't want them.

A DISTRESSING ACCIDENT.—A little child of Mr. S. C. L. Bush, living in the lower part of the city, died yesterday, from drinking a solution of potash. A vessel containing the potash was left in the kitchen, and the child, hardly more than a year and a half old, while playing in the room, was induced by childish inquisitiveness to investigate all matters that came in its way, and perambulating around the floor, came across the potash solution, which he drank, with the idea, probably, that it was water.

His sufferings must have been excruciating, around and inside the mouth the flesh was burned as though scalding water had been used, and the internal burning can be better imagined than described.

After eighteen hours of torture, the poor little fellow passed away to that land where suffering is no more.—*Augusta Constitutionalist.*

TWENTY FOURTH OF JUNE CELEBRATION.—The following circular has been sent to the different Benevolent Orders in this State, and we learn it is meeting with a hearty response on all sides:

RALEIGH, N. C., May 8th, 1874.

We have been informed that the Orphan Asylum at Oxford, which has already accomplished much good, and which reflects so much credit upon the benevolence of our people, is in need of pecuniary assistance. The claims of this praise worthy charity have been presented to the benevolent organizations of this community, and without an exception, they have determined on a united effort to raise a fund to be presented to that institution for the benefit of the helpless little ones; hoping thereby to become instruments in the hands of the Deity, of "tempering the winds to the shorn lambs." Our plan is to have a public demonstration on the 24th of June, composed of Mason, Odd-Fellows, Knights of Pythias, Grangers, Good Templars, Friends of Temperance and other organizations. Also a grand Pic Nic at the Grounds of the State Agricultural Society, public addresses and innocent amusements of various kinds, for the entrance to which a small sum will be charged.

The supper for the occasion will be furnished by the benevolent of this community and vicinity and such other communities as see fit. It is hoped that the attendance will be large, and with this view it is earnestly desired that such of each of the Orders named as can possibly do so, will attend and cooperate with us, together with the benevolent of either sex, without regard to their connection with any order.

It is designed that the programme shall be so conducted that the entire receipts will be turned over to the institution. No complimentary tickets will be issued. The Committee of Arrangements and contributors alike have to pay the charges for participation.

Permit us to hope that your Lodge, or as many them as can, will attend. No better object can evoke your aid and presence. Should it be impossible for you or any of you to be present with us, such donation, either in supplies or cash, as you can spare, will be thankfully received.

The spectacle of so many great institutions, vieing with each other in their efforts to build up and sustain this noble charity, will be a pleasure and pride to those capable of appreciating benevolent instincts, and will be greeted by the smiles of Providence.

All contributions should be sent by the 21st of June, addressed to A. T. C. Bay, A. S. Southern Express Agent, Raleigh, N. C.

Special arrangements have been made with all the Rail Roads.

Please answer immediately and let us know if your Lodge will be represented, and the probable number.

A. P. C. BRYAN, Chairman,
A. S. LEE, Secretary.

A HOUSEHOLD REMEDY.—No family should be without some efficacious remedy for the cure of affections so universally prevalent as coughs, colds, sore throat, whooping cough and croup—some remedy, too, which can be relied on as safe, sure and certain. Dr. Wistar's Balsam of Wild Cherry combines the desideratum.

DR. BAKER'S PAIN PANACEA, for Rheumatism, Neuralgia, Cramps, Colic, Diarrhea, Cholera Morbus, Cholera Infantum, Sprains, Burns, Scalds, Bruises, Chilblains, Frost-bites, Swellings, Soreness of the Joints, and all painful affections of the body, external and internal. For Colds, Sore throat, Quinsy and diseases of the throat and mucous membrane. It is an invaluable remedy. John F. Henry, Guegan & Co., Proprietors, 8 and 9 College Place, New York.

DR. MOTT'S LIVER PILLS.—It is easy enough to make a pill, but to make a good pill, ah there's the difficulty! There are cheap, harsh, drastic pills, that are of even less benefit than a dose of salts; but a good medicine, like Dr. Mott's Liver Pills, which deaccrates to the seat of disease, is a desideratum indeed. Will positively cure all diseases of the liver. Sold everywhere. John F. Henry, Guegan & Co., Proprietors, 8 and 9 College Place, New York.

Deafness caused by Catarrh.
Catarrh not unfrequently produces deafness.
Mr. Levi Springer, of Nettle Lake, (P. O.) Williams Co., O., formerly of Brooks Corners, O., has been cured of deafness of fourteen years' standing, by using Dr. Sage's Catarrh Remedy. He was so deaf he could not hear a person talk when seated by his side, and can now hear the church bell ringing two miles distant—so he writes.

A MARKED CASE OF DEAFNESS CURED.
DUCKERSVILLE, Niag. co., N. Y., Feb. 2, 871.
About one year ago I caught a severe cold in the head, which terminated in a severe form of catarrh. During the time ulcerations occured in the nasal passages, and I became wholly deaf in one ear, with partial deafness in the other. The inflammation had involved all the delicate structures of the ears, and was in immediate danger of permanent deafness. The discharge became profuse and fetid, both into my throat and from my ears. In this condition I called on Dr. Pierce (of Buffalo) who prescribed his Golden Medical Discovery and Catarrh Remedy, and under their use have rapidly recovered. My hearing is restored, and my Catarrh is entirely well.

THE NORTH CAROLINA MANUAL,
Published by authority and under the auspices of the General Assembly, will soon be issued under direction of the Secretary State.
The material for this work has been collected and prepared by John H. Wheeler, Esq., who has spent a great deal of time and labor in compiling it. As a hand book of reference, it will be the most complete and valuable work of the kind ever published in the State. No public man, or man of business, should be without a copy. It will be a book of about 750 pages.
Comprising a Map of the State; the counties and population of each, showing the Congressional and Senatorial districts; the Constitution of the United States, with late amendments; the Executive officers of the United States from the Revolution to 1874. An engraved diagram showing the movement of population from 1790 to 1870; the area of each State in square miles and the population of each and of every square mile; the ratio of representation in Congress at each Decade.
