PLEASANT WORDS FOR THE AFFLICTED!

DR. TUTT'S

EXPECTORANT FOR COUGHS, COLDS, &c.

For the speedy relief and permanent cure of Consumption, Bronchitis, Asthma, and all diseases of the Lungs and Throat.

The Expectorant is composed of Herbal and Mucilaginous products, which permeate the very substance of the Lungs, causing them to throw off the acrid matter which collects in the Bronchial tubes, and at the same time forms a soothing coating, relieving the irritation which produces the Cough. It is active, but mild and congenial, imparting functional energy and natural strength. It affords Oxygen to vitalize the Blood and Nitrogen to assimilate the matter, equalizing the nervous influence and promoting quiet and composure. For the Croup it is specific.

DR. TUTT'S

VEGETABLE LIVER PILLS.

For the cure of Liver Complaint, Dyspepsia, Jaundice, Fevers, Loss of Appetite, Affections of the Bladder and Kidneys, Nervous Diseases of the Skin, Indigestion, Impurity of the Blood, Sick Headache, Costiveness, Giddiness, Piles, Bilious Affections, and Female Diseases.

These Pills are invaluable to all who suffer from any of these diseases. By their judicious use the bowels are kept in a natural condition of good health. They do not act as a mere temporary relief, but keep the human system in a sound and vigorous state, by really and effectually removing the most imperceptible clog in all its functions. They brace and invigorate both the physical and mental organization.

Dr. Tutt's Liver Pills are purely Vegetable, containing not a particle of Mercury, and may be taken at all times, without restraint of diet or occupation.

CAROLINA PUMP COMPANY.

SOUTHERN INVENTION.

Home Manufacture.

Submerged Glass Cylinder Double-Acting Force Pump.

PATENTED AUGUST 1869, BY A. BALDING

The undersigned, having the exclusive right to manufacture and sell the above Pumps in North and South Carolina, have associated themselves together under the name and style of the "Carolina Pump Company," and having established their Manufactory at Fayetteville, N. C., are now prepared to furnish Pumps at short notice. Science has at last triumphed in the production of a Pump admirably adapted for Mills and other purposes, that will force water any depth or height, which, by attaching hose, at once becomes a most Fire Engine of great power, throwing 20 to 100 gallons per minute.

This Pump combines simplicity and durability, in which the water will never freeze or become stale, as the cylinder and valves are submerged, and no water remains in the pipe when the Pump is not in operation. The Pumps works almost incredibly light, always bringing the water fresh and sparkling from the bottom of the well; and there is no friction, the cylinder being glass, the packing cannot wear or cut, the valves being round, made of flint glass, working on gum seats, can neither wear or jam. These Pumps are peculiarly adapted for supplying tanks in upper parts of dwellings, colleges, hotels, bathing saloons and for railroads, streets, gardens, distilleries &c. They can be attached to steam or water power.

Any ordinary mechanic can put them up by printed directions always sent with the Pumps. We have hundreds of testimonials from persons who have used our Pumps, who express great satisfaction; in fact they are a success and will sustain all we claim for them.

Buy one and save fire insurance. Special attention given to all orders. The entire depth of well must accompany each order.

CERTIFICATES.

SHERIFF'S OFFICE, FAYETTEVILLE, N. C., April 24, 1871.

Wm. C. Troy, Sup't Carolina Pump Company:

The Pump you sold me surpasses my most sanguine expectation. It does all you claimed for it. As a FIRE ENGINE its value is incalculable. With twenty feet of hose I have thrown water entirely over my dwelling, which is a very high two and a half story house. My family would not be without it for any consideration.

R. W. HARDIE, Sheriff Cumberland County.

SENATE CHAMBER, RALEIGH, N. C., March 16, 1871.

Having had 25 men to twenty years' experience in gold mining, using various kinds of pumps forcing water from great depths, I take pleasure in giving preference to those made by the "Carolina Pump Company" over all others for well and other purposes. They combine simplicity and durability.

VALENTINE MAUNEY, Stanly County.

WILSON, N. C., Jan. 25, 1871.

J. L. Kitchin, Esq.

Dear Sir: We have had your Balding's Pump in regular use, beginning at various periods since March, 1870, and we are free to say, that they are in every way satisfactory. There is no indication of wear or early getting out of order. All the water that nature has designed to pass through such a channel can easily be brought up, even by children, for ordinary use, and by attaching hose, and putting two to four men to the lever, the pump at once becomes a local fire engine throwing sufficient water to subdue any ordinary fire. We therefore recommend your pump to the careful examination and use of the public.

I have used for six months past one of Balding's patent submerged pumps, manufactured at Wilson, N. C., by J. L. Kitchin, and take pleasure in recommending it to the public as having given perfect satisfaction, in fact I regard it as one of the best pumps now in use.

UNITED STATES HOTEL

COR. FULTON, WATER AND PEARL STS., N. Y.

This well known favorite hotel has recently been renovated, remodeled and furnished new and elegantly throughout. It is kept on the European plan, and has ample accommodations for four hundred guests.

The location is more accessible to all parts of New York and Brooklyn than any other hotel in the city. The Broadway Stages pass the hotel every three minutes, besides various lines of Street Cars, one of which intersects every other route in New York.

It being but two blocks from Fulton Ferry, makes it convenient for those wishing to visit the "City of Churches," as from this ferry diverge all the principal Railroad routes in the city of Brooklyn.
