THE SENTINEL.

JOHNSTONE JONES, Editor.

WEDNESDAY, AUGUST 11, 1875.

DEATH OF EX-GOV. GRAHAM.

The startling intelligence was flashed over the wires to-day that Ex-Governor Graham died last night at the Saratoga Springs, whither he had gone to act as arbitrator in the Maryland and Virginia boundary line case.

He left his home in feeble health, but it was hoped and believed that the life-giving waters and breezes of Saratoga would restore his failing health. Contrary to expectations he was taken ill and after a brief struggle with disease he breathed his last during the night just gone by.

The death of William A. Graham carries mourning to the hearts of a wide circle of relations and friends, and inflicts irretrievable loss upon those who held him dear in the close relationship of family ties.

But his demise is more than this. It is a great public loss—the fall of a pillar of State; the extinguishment of a beacon light, which for a quarter of a century has shone along the stormy coasts of Southern politics. His history is identified with the history of his country. His name and record fills one of the bright pages in the annals of our State; he ranked with the very foremost of our statesmen and patriots. No North Carolinian of this day is more illustrious than was William A. Graham.

Eminent for his virtues, his noble intellect, his lofty patriotism, his wisdom and experience, North Carolina would feel his loss heavily at any time; but just at this juncture of affairs, his death becomes a public calamity, and our people may well mourn the sudden stroke of Providence, which with hardly a note of warning and in the twinkling of an eye, has sealed the lips and stilled the great heart of William A. Graham forever!

THE CONTEST OVER.

The news received to-day reverses the majority which we claimed yesterday.

It is now definitely ascertained that Polk and Caldwell give Republican majorities.

The contest results in these figures.

Republicans,	60.
Democrats,	59.
Independent Democrat,	1.
Total	120.

The lamented death of Gov. Graham robs our ranks of one delegate, and leaves us with 58—all told; which assures two majority for the Republicans.

Should the independent Democrat from Henderson county, act with the Democrats, we will have 59 members against 60 Republicans. On the contrary, should he act with the Republicans, they will have a working majority of three against us until the seat of Gov. Graham shall be filled by a new election.

The result is an unhappy one for North Carolina. The Canby Constitution is not suited to our people; it needs amendment; the wisest men in both parties agree to that; but this defeat of the Constitutional Convention movement is a verdict of the voting population of the State against a change for the present; and many years must pass, before either party will make an effort to secure that which the Conservatives of 1875 attempted to gain and failed.

There are many lessons in this result, which we propose to note in subsequent issues of the SENTINEL. There were many causes of our defeat, which shall also be expounded. Just here, though, we will observe that the verdict against Convention demonstrates that at least one-third if not one-half of the Conservatives of North Carolina are satisfied with the Canby constitution and don't intend that it shall be changed—at least for the present. That is the plain English of it. The call of a Convention was a blunder; in consequence the Democratic party suffers a reverse.

This triumph of the anti-Convention men is no great victory for *Radicalism*; the Republican party is no less a negro party now than it was before the election; it is no less covered with the corruptions and disgraces of '68 and '69; it is no less to be strenuously opposed by all who believe in Anglo-Saxon supremacy and in honest and economical administration of government affairs.

The opposition to Convention in our own ranks is what beat us. We have ourselves to blame. We have a parallel case in Kentucky.

The Democratic Legislature of Kentucky submitted the question of Convention to the voters of that State to be voted on Monday last when a Governor was to be elected. McCreary, Democrat, was elected over Harlan, Republican, by 45,000 majority, but there was at the same time a majority of ten thousand against Convention. The defeat of Convention in that State was certainly not a Radical victory, though it was a Democratic measure and the Radicals in a body opposed it, just as they did in this State.

The triumph of the republicans in the contest just closed does not give them the State in the next election. It will be remembered that the radicals boasted, when they defeated convention before, that they had the State for 20 years—but didn't we rout them last year "horse foot and dragoons?"

The official returns from Caldwell give that county to the Republicans. This takes one from our column and adds it to the column of the Republicans. This result indicates remarkably strong opposition to the Convention movement.

SINGULAR.—In Mecklenburg Barringer received 780 votes more than his party ever polled before, while Col. Johnston ran ahead of the Democratic vote for the last three years.

The anti-Conventionists owe their victory to the "meet and adjourn" policy adopted by the Radical party.

LETTERS FROM THE PEOPLE.

JUDGE WATTS AT FRANKLINTON.

Editor of the Sentinel:—The conduct of his satanic monkey majesty, Civil Rights Greasy Sam Watts at this place on Saturday was enough to consign him to the lowest depths of degradation, had he not already descended to the bottom in the scale of infamy. Coming down from Raleigh and learning of the defeat of his candidate, he got drunk and commenced to vilify and abuse the white men of the county, saying that the poor white men who voted the Democratic ticket ought to have their heart strings pulled out, spoke disrespectfully of a minister here, whose only offence was that he voted to suit himself, and *swore that he would carry the county next time if he had to start a brickyard and import two hundred negroes.* His conversation was so disgusting that gentlemen present would not listen to it, but left. He afterwards called his negro followers together and made them a speech of about an hour in length, made up principally of *abuse of white people* as far as I have been able to learn, and of the most inflammatory kind. The whites would not go to hear him although he spoke in the heart of the town, but passers by would catch enough to show the animus of his tirade. He said that any one who was not in favor of allowing the negro all the rights and privileges (civil rights) that he enjoyed was not a gentleman, and added, pointing to a minister who was passing, *nor a christian*, thereby offering an insult to a christian minister who has always made it a point to have nothing to say on the subject of politics. After delivering himself of an amount of stuff as could emanate only from a heart lost to all sense of honor and shame, he proceeded to go home, but had gone only about 100 yards when he fell in the street and was picked up by a notorious negro thief—a fit companion for one who stands charged with bribery and judicial corruption. He is said to have fainted, but the general impression is that whisky did it.

This is the Judge that is expected to mete out impartial justice to the white people of this county. Only 17 white votes were given to the Radical candidate in the county. I notice your comments about Franklinton township. Other townships did as well. Ask John Watts how about

AN ENGLISH, CLASSICAL, MATHEMATICAL AND MILITARY SCHOOL FOR BOYS.

REV. JOSEPH M. ATKINSON, } Principals.
CHARLES H. SCOTT, }

The second annual session of this school will begin WEDNESDAY, September, 1st, 1875. The Principals have procured for the school the commodious and attractive residence on Newbern Avenue, well-known in Raleigh as the "Cotton Place," more recently owned and handsomely refitted by Col. R. Kingsland.

Besides continuing their Day School they propose taking a limited number of boys of good character and conduct to board in their own family.

The training of the school, as heretofore, will be full, thorough and accurate, preparing its pupils for college or for business life.

Competent assistants will be provided in all departments, as may be required. The *Principals* trust that it is scarcely necessary for them to say that whilst the school will continue to be conducted on Christian principles, it will be entirely without denominational aim or bias.

TESTIMONIALS:

Goldsboro, N. C.

After spending eighteen months in a southern climate to restore my Lungs, I gave up in despair, and came home to die, with my children in Goldsboro, N. C. While there I obtained a box of Dr McMannen's Tar Mixture. Its first effect was to enable me to sleep; my strength began to return; hope revived; my cough gave way. After using six boxes, I was restored to health. I now weigh 140 lbs. I owe my life to this mixture, and wish this published to the world.

R. E. ROBISON.

I have been afflicted with a cough for thirty years. I have used all the popular remedies for coughs. I have never found anything to remain on the stomach or give any relief until I used Dr. McMannen's American Tar Mixture. Its use enables me to sleep well; my lungs have regained their strength, and I find myself entirely free from a distressing cough that attacked me in the morning. I am rapidly recovering.

MRS. POTTER PASCHAL.

My Lungs gave way while on my circuit. I was forced to retire from my work, and had but little hope of recovery. I used one box of Dr. McMannen's Tar Mixture, my cough improved, my strength returned, and I was soon able to resume my work. I recommend it to all who have a cough, or weak lungs.

Official Report:

The following is the sworn returns of the sales of Sewing Machines made by the leading Companies for 1874.

An examination of the figures below will show that the "Singer" has largely increased its sales while the other Companies have fallen off. The Singer has shown a large increase in sales every year as the statement below for the last four years will prove.

In 1871 the Singer sold 58,734 more machines than their highest competitor.

In 1872 the Singer sold 45,065 more machines than their highest competitor.

In 1873 the Singer sold 113,254 more machines than their highest competitor.

In 1874 the Singer sold 148,852 more machines than their highest competitor.

Making the sum total of 875,137 Machines in four years and 360,505 more than their highest competitor.

These facts prove the great superiority of the Singer over any other machine. Now the question is, how long will other companies be able to keep offices open in the different cities and towns where they are selling so few machines.

Persons who think of buying or exchanging old ones (of whatever kind) are invited to consult their interest by getting a reliable machine from the old and reliable Singer Manufacturing Co.
