Scrofula, or King's Evil,

is a constitutional disease, a consequence of the blood by which the food becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the curse of Him who says, "I will visit the iniquities of the fathers upon their children."

Hereditary scrofula is engendered by disease from the blood of two persons so affected mother, which, in the long, fast, and fatal stages, is termed tubercles, in the glands, lungs, and on the surface, eruptions or sores. This foul corruption, which owes its origin to the blood, depresses the energies of life, yet the sufferers from its effects not only suffer from scrofulous complaints, but they have for their parts to withstand the attacks of other diseases, consequently not a month passes but by disorders which, although not scrofulous in their nature, are still rendered fatal by the taint in the system. Most of the consumptions which decimate the human family have their origin directly in the scrofulous contamination, and many destructive diseases of the liver, kidneys, brain, and, indeed, almost all the organs, arise from or are aggravated by the same cause.

One-quarter of all our population are scrofulous; few persons are intended by this lurking infection, and their health is undermined by it. Too frequently it lies in the system to be roused towards the blood by an adventitious condition, and invigorate it by healthy food and exercise. Such a condition may comply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal scrofula. It is composed from the most active vegetables that have been discovered for the eradication of this foul disorder from the blood, and the cleansing of the system from the destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as: Ulcerous and Skin Diseases, St. Anthony's Fire, Blotches, Pimples, Pustules, Blotches, Blains and Boils, Tumors, Tetter and Salt Rheum, Scald Head, Ringworm, Erysipelas, Stubborn Eruptions and Blood Diseases, Dropsy, Dyspepsia, Debility, and, indeed, all Complaints arising from Vitiated or Impure Blood. The popular belief in "purgatives of the blood" is founded in truth, for scrofula is at the foundation of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

AYER'S

Ague Cure,

FOR THE SPEEDY CURE OF

Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the Malaria of Miasmatic Countries.

We are really about to offer the community a remedy which, in almost every case, cures the above complaints with certainty, is still perfectly harmless in any quantity, such a remedy is invaluable in districts where these afflicting disorders prevail. This CURE expels the miasmatic poison of FEVER AND AGUE from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantities we supply for a dollar bring it within the reach of every body; and in bilious districts, where FEVER AND AGUE prevails, every family should have it and use it freely both for cure and protection. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of intermittents is that it contains no Quinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are *Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Cotarch, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis* and *Derangement of the Stomach*, all of which, when originating in this cause, put on the *intermittent type*, or become periodical. This CURE expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be expelled from the system, and cannot accumulate in sufficient quantity to open into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents if they avail themselves of the protection this remedy affords.

"No matter how small the week's earnings may be, it is not very hard to lay by part of it, though but a little. To do this is to provide a support in case of accident or sickness, to be able to do something for a friend in need, and to avoid useless and excessive labor. The Freedman's Savings and Trust Company offers to colored persons the best and safest opportunity I know of to do this, and I recommend it to all."

PUBLISHED IN

EASTERN

NORTH CAROLINA.

ISSUED FROM 9 CRAVEN STREET,

NEW BERNE, No. C.

THE REPUBLICAN is issued as an

COMMERCE, AGRICULTURE, ART, SCIENCE, AND LITERATURE,

will receive such attention by Reports, Essays, Reviews and Summaries as space will permit.

Full reports on all matters of Local Interest will form a prominent feature, and as there appears as yet no in Eastern North Carolina, the advantages which the *Republican* will offer as an advertising medium are apparent.
