ASTROLOGY.
The World Astonished!
AT THE WONDERFUL REVELATIONS
MADE BY THE GREAT ASTROLOGIST,
Madame H. A. PERRIGO.
She reveals secrets no mortal ever knew. She restores to happiness those who, from doleful events, calamities, crosses in love, loss of relations and friends, loss of money, &c., have become despondent. She brings together those long separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you about the business you are best qualified to pursue and in what you will be most successful, causes speedy marriages and tells you the very day you will marry, gives you the name, likeness and characteristics of the person. She reads your very thoughts, and by her almost supernatural powers unveils the dark and hidden mysteries of the future. From the stars we see in the firmament—the majestic stars that overcome or predominate in the configurations—from the aspects and positions of the planets and the fixed stars in the heavens at the time of birth, she deduces the future destiny of man.—Fail not to consult the greatest Astrologist on earth.—It costs you but a trifle, and you may never again have so favorable an opportunity. Consultation fee, with likeness and all the real information, $1. Parties living at a distance can consult the Madame by mail with equal safety and satisfaction to themselves, as if in person. A full and explicit chart, written out, with all inquiries answered and likeness enclosed, sent by mail on receipt of price above mentioned. The strictest secrecy will be maintained, and all correspondence returned or destroyed. References of the highest order furnished those desiring them. Write plainly the day of the month and year in which you were born, enclosing a small lock of hair.
Address, MADAME H. A. PERRIGO,

APOLOGETIC.—We deem an apology due our subscribers for the paucity of reading matter contained in the JOURNAL OF COMMERCE, during the past few days. The crowded state of our advertising columns has prevented us from giving full justice to our readers. Should, however, our friends continue to appreciate our efforts we shall endeavor to give them a larger and better paper at the earliest moment practicable.

In the meanwhile, we trust every subscriber will do us the favor to "say a good word" for the JOURNAL OF COMMERCE, and send us at least one name in addition to his own, for the next year.

MAYOR'S COURT.—On yesterday morning the Mayor's docket was again clear, no case appearing thereon; yet we are apprised of the fact that on to-morrow morning there will be one or more cases brought up before His Honor.

ROBBERY.—Yesterday morning about 5 o'clock the house of Sheriff Harper was entered by one or more negroes, who, we understand, alarmed the inmates of the house very much, and carried off the contents of Mrs Harper's pocket book, about one dollar in change. A negro suspicioned of the roobery, has been committed for a hearing.

MAX ASHER—Advertises cheap spring and summer goods. Well, everybody seems hard up and we guess a cheap article will suit the market; provided it is anything like substantial.

Of the quality one must judge for himself; and therefore, we advise our friends to drop in and see Asher.

If he can't please the people we are very much mistaken. Go and see him.

THE LECTURE LAST NIGHT.—Rev. John S. Long delivered a lecture last night, at the Theatre, on the "Ethics of History." Owing to the inclemency of the weather there was not so large an audience in attendance as we had hoped, yet we were much gratified to see so many of the intelligent portion of our citizens present, who we are sure were highly delighted, much edified, and well repaid for their sacrifice of time and means in attending the lecture. During the delivery of the lecture, which consumed about an hour and ten minutes, Mr. S. held his audience spell-bound by his eloquence and beautiful oratory.

It cannot be expected that in a brief synopsis of the Lecture, we can do justice to this effort of the Lecturer, for he made such a thorough treatment of his subject, that nothing short of an extended review, would exhibit its merits fully and accurately. He successively brought out the great moral arguments of History, in their application to nations and individuals. He showed how the prevention of the liberty of conscience, both in religion and politics, was contrary to the principles of divine government, and subversive of the interests of the State. He depicted in the departed glory of Venice, the fallen pride of the Adriatic, the evils of aristocratic encroachment upon the liberties of the people. The speaker showed in the lust for power of Louis the Fourteenth and Frederick the Great, how a community, equally with the individual, is under the prohibition against covetousness; and in the narrative of the English Revolution under Charles the Second, and of the French Revolution, he showed how material prosperity and intellectual and social refinement could not be substituted for moral and religious worth.

In discussing the principles of ethics, in their application to individuals, he exhibited the moral responsibility of rulers, and persons placed in official stations. His comparison of the characters of Mary Queen of Scots, and Elizabeth of England, and his contrast of their wonderful fortunes, presented the salient points of their position. He also showed how intellectual endowments, and the advantages of wealth, formed the basis of an unchangeable accountability, and could not be avoided by the responsible possessor.

At the close he summed up and pressed home, with a great deal of force, the principles and positions developed in the analysis, and discussion of his subject.

Mr. Long's Second Lecture will take place to-night at the Theatre. Subject—"Bishop Bascom, the great pulpit Orator of the West." Tickets for sale as before.

The Great Base Ball Match for the Championship of the State.

In our yesterday morning's issue we noticed the failure of the game anticipated for that day; or what was understood to be the second game of the champion match.

The Meteors claimed the game in default of the appearance of the Nationals on the appointed ground, under the 30th section of the rules adopted by the National Base Ball Convention.

On the other hand the Nationals claimed that the ruling will not hold good because they had no voice in the choice of the umpire. The matter was therefore referred to the National Convention; and after considerably parleying it was decided to play the third game on the grounds of the Meteors instead of Goldsboro as was previously determined upon.

Consequently the clubs were escorted to the grounds yesterday morning at 10 o'clock, by the Newbern Cornet band and a large number of friends. Our Cornet Band, by the way, is a credit to the city as well as the members composing it.

We give the names of this band as it is not generally known who the musicians are:

C. B. Keeler, Musical Director; J. H. Smith, Leader; I. E. West, Assistant Leader: B. Churchill, H. A. Wright, R. Mills, S. Tuttle, C. A. Nelson, C. Sinkend, C. Fulman, J. W. Hilton J. Moore, A. R. Dennison.

Upon the arrival of the clubs on the grounds, Dr. Wm. Taylor of Eckford Club, Brooklyn, was selected Umpire, and Messrs. John C. Stubbs of the National, and I. E. West of the Meteors, as Scorers. The game was called at 10:30 A. M., the Meteors going to the bat. Capt. Dey led off with a foul, held by Spooner, C. of Nationals.—This little kindness was politely returned in the next innings by Capt. Dey, in the same manner, Meteors making three runs to one for the Nationals. The former kept ahead until the end of the fourth innings when the game stood at a tie. In the fifth innings, they again went ahead, making two runs to none for National. In the next inning however, the Nationals took the lead and kept it, closing the game with 11 runs in their favor. Some remarkably fine playing was done, all of which it would be impossible to notice. We cannot, however, pass over the superb fielding of Mr. Robt. Hancock and the fine playing of Messrs. Scarlet, Cowles and Bready. After the game closed, A. S. Seymour, President of the Meteor Club presented to the winners, a ball as a token of their victory. It was received by Major Cutler with appropriate remarks.

The following is the score:

METEOR—Dey, C., Hands lost 3, Runs 3, Fly-catches 1; Carter, P., hands lost 2, runs 2; Ratcliffe, S. S., hands lost 3, runs 2, fly catches 2; Moore, 1st base, hands lost 4, runs 1; Hitchcock, 2d base, hands lost 2, runs 3; Cowles, 3d base, hands lost 3, runs 1, fly catches 4; Hancock, L. F., hands lost 4, fly catches 3; Utiz, C. F., hands lost 3, runs 2; Rulison, R. F., hands lost 3, runs 2.

Total—Hands Lost, 27, Runs 16, Fly-catches 10.

NATIONAL—Cutler, P., Hands lost 5, Runs 2; Sparks, 3d Base, hands lost 4; runs 3, fly catches 1; Scarlet, 1st Base, hands lost 1, runs 3, fly-catches 3; Shelmire, R. F., hands lost 1, runs 4; Spooner, C., hands lost 5, runs 1, fly-catches 6; Stubbs, C. F., hands lost 4, runs 2; Brady, 2d Base, hands lost 4, runs 3, fly-catches 2; Kulmer S. S., hands lost 3, runs 4; Easton, L. F., runs 5.

Total—Hands lost 27, Runs 27, Fly Catches, 12.

INNINGS:

NATIONAL—1st 1; 2nd 2; 3d 2; 4th 6; 5th 0; 6th 7; 7th 6; 8th 1; 9th 2.—Total 27.

METEOR—1st 2; 2nd 2; 3d 2; 4th 4; 5th 2; 6th 2; 7th 0; 8th 0; 9th 1.—Total 16.

It will be seen the National Base Ball Club of Raleigh, may now claim the championship of the State; they having won the first game of the match on their own grounds at Raleigh. We deem it due our city club, however, to say that they have from the first labored under more than usual disadvantages; of this it need only be mentioned that two of their champion players were disabled before the opening of the game yesterday. One had a finger broken, and the other was so maimed as to be scarcely able to walk. Nevertheless we must admit the playing of the Nationals was of a most excellent character; and they may claim to have well won what they did win.

[COMMUNICATED.]

CAPT. SHOTWELL:—Please state that the failure in supply of gas last night, was occasioned by repairs of the works, which are now completed, and that after to-night, the supply will be full as usual.

Yours, T. J. MITCHELL.

A FRACAS.—Considerable commotion and talk was occasioned yesterday afternoon, by a personal collision between Mr. James A. Bryan and Mr. Clay Richardson, both of this city; in which two pistol shots were fired by the former at the latter. The occurrence took place on Hancock street, and resulted from a misunderstanding or quarrel in regard to some bussiness affairs. We refrain from comment, and from giving further particulars until we have more fully examined into the matter. Both parties were bound over to keep the peace, and appear at Criminal court.

LAGER BEER.—It may not be generally known that Ulrich has just received a splendid cask of lager beer at the Big Indian.
