ORANGE COUNTY OBSERVER

HILLSBOROUGH, N. C.

SATURDAY. - - - - - - MAY 28, 1892.

JOSEPH A. HARRIS, Editor and Proprietor

[Entered at the Post Office at Hillsborough, N. C., as second class matter.]

☞The Orange County Observer is the only paper published in Orange County.

At the conference of the People's Party at Raleigh last week it was definitely decided to nominate a ticket for Presidential Electors and Congressmen in each district, and delegates were elected to the Omaha Convention.

The Congressional Convention at Durham on the 17th inst. nominated Hon. A. H. A. Williams to succeed himself by acclamation. John A. Barringer, Esq, was chosen district elector, J. L. King, Esq., and Major John W. Graham were elected delegates to Chicago, with R. B. Boon, of Durham, and Dr. Foulkes, of Stokes, as alternates.

The State ticket nominated by the Democrats at Raleigh last week seems to give general satisfaction to the party throughout the State. The Republicans are not so well pleased. They know it is no use to run a State ticket in opposition. Now let the Third Party abandon the idea of nominating an Electoral ticket, and North Carolina will roll up a tremendous Democratic majority.

The Democratic State Convention at Raleigh nominated the following ticket:

For Governor—Elias Carr, of Edgecombe.

For Lieutenant Governor—R. A. Doughton, of Alleghany.

For Secretary of State—Octavius Coke, of Wake.

For Auditor—Robert M. Furman, of Buncombe.

For Treasurer—Donald W. Bain of Wake.

For Superintendent of Public Instruction—John C. Scarborough, of Johnston.

For Attorney General—Frank I. Osborne, of Mecklenburg

The electors at large are: R. B. Glenn, of Forsyth, and C. B Aycock, of Wayne.

The delegates to Chicago are: E C. Smith, W J Green, J. P. Caldwell, John D. Bellamy. The alternates are: J. H. Merrimon, E. B Jones, T. W. Strange and P. B. Means.

[Durham Globe.]

"It," meaning the situation, now looks as though Blaine would be nominated at Minneapolis and Cleveland at Chicago. And if this programme goes through, we tell you, ladies and gentlemen, the fur will fly furiously.

ELECTRIC BITTERS.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise. A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the Liver and Kidneys, will remove Pimples, Boils, Salt Rheum and other affections caused by impure blood. Will drive Malaria from the system and prevent as well as cure all Malarial fevers. For cure of Headache, Constipation and Indigestion try Electric Bitters. Entire satisfaction guaranteed, or money refunded. Price 50 cts and $1.00 per bottle at W. A. Hayes' Drugstore.

English Spavin Liniment removes all Hard, Soft or Calloused Lumps and Blemishes from horses, Blood Spavins, Curbs, Splints, Sweeney, Ring-bone, Stifles, Sprains, and Swollen Throats, Coughs, etc. Save $50 by use of one bottle. Warranted the most wonderful Blemish Cure ever known. Sold by W. A. Hayes, Druggist, Hillsboro.

Delegates to Chicago.

The delegates to Chicago, chosen last week at Raleigh to represent the Congressional districts, are as follows:

First District—Wilson G. Lamb, Gen W. P Roberts

Second District—F. W. Barnes, S B Holloway.

Third District—W. G. Cooke, L. J. Moore.

Fourth District—F. H. Busbee, J. H. Pou.

Fifth District—John W. Graham, John L King.

Sixth District—J. T. Legrand, E S. Lattimer.

Seventh District—Colonel W. H. Williams, M. H. Pinnix.

Eighth District—C. B. Watson, W. W. Scott.

Ninth District—Kope Elias, R. M. Furman.

The Texas cow boys take Simmons Liver Regulator when billious—J. E Pierce, Ranchero Grande, Texas.

Some idea of the magnitude of the preparations for the World's Fair in Chicago may be formed from the statement that more than six thousand men are now constantly at work upon the exposition buildings, and on several of the buildings work is proceeding day and night. Of the 75 560 000 feet of lumber required for buildings, docks and electric subways. 54 875,800 have been placed. Of iron and steel 39,490,900 pounds, or nearly 20,000 tons, are required. Of this nearly half is in place, and the remainder will all be in position before the first of June.

That "Tired Feeling."

The newspapers are having a good deal of fun nowadays over that "tired feeling," so much spoken of in medical advertisements, in connection with the health of females It may be a source of hilarity to witty paragraphers, but not so to suffering women, who, by overwork, and a disregard of the laws of health, have lapsed into a condition bordering on invalidism. What most women need is to be relieved of some of the slavish work that is piled on them, and a free, but judicious use of strengthening tonics, such as P. P. P. (Prickly Ash, Poke Root and Potassium), the greatest blood purifier and invigorator in use. Superb as a builder up of women, bringing back lost energy to the body, and color to faded cheeks, restoring the appetite, and thus renewing in her that healthy vitality long lost. P P. P. cures all blood diseases, such as Rheumatism, Syphilis, Gout, Scrofula, and all ulcerous affections, even vanquishing that melancholy enemy of man, Dyspepsia. All druggists sell it.

SAN JOSE, CAL.,
November 25, 1891.

Watson & Co., San Francisco—

DEAR SIRS: With the use of the Electropoise my wife has very successfully treated a case of scarlet fever in our family. Our ten year-old daughter, since the date of my last letter, has daily improved.

The rash with which her body was covered has entirely disappeared. Now the cuticle is peeling on the tips of her fingers. The whites of her eyes, which at first were quite blood shot, are now clear. Yesterday she was taken out for a two-hours' ride. The disease commenced with sore throat; we thought it nothing more until the rash appeared.

The 'poise was applied to the throat for half an hour and then to the wrist for an hour. As near as my wife can call to mind, two treatments were made the first day and one the second day. The 'poise worked like a charm, quickly arresting the inflammation in the throat and checking the fever.

Subsequent treatment was from twenty minutes to half an hour on the wrist and an hour on the ankle.

No physician was called and no medicine of any kind given.

We have had the large instrument hanging in our sitting room for a year past; have allowed our neighbors to use it, and must say that in no case has its use failed to produce very beneficial results.

Yours truly,
E. P. REED,
269 Market Street.

In all cases, where a mild but effective aperient is needed, Ayer's Pills are the best. They improve the appetite, restore healthy action, promote digestion, and regulate every function. No pill is in greater demand, or more highly recommended by the profession.

Mr. Edison is confident of his ability to establish telephone connection with the Mercury and Mars, and says he can find out whether the inhabitants of those planets are civilized or savage.

A WONDER WORKER.

Mr Frank Huffman, a young man of Burlington, Ohio, states that he had been under the care of two prominent physicians, and used their treatment until he was not able to get around. They pronounced his case to be Consumption and incurable. He was persuaded to try Dr. King's New Discovery for Consumption, Coughs and Colds and at that time was not able to walk across the street without resting. He found, before he had used half of a dollar bottle, that he was much better; he continued to use it and is to-day enjoying good health. If you have any Throat, Lung or Chest Trouble try it We guarantee satisfaction. Trial bottle free at W. A. Hayes' Drugstore.

Snow in Germany.

HANOVER, May 6, 1892, 2 P. M.

Editor Orange County Observer, Hillsboro, N. C.

DEAR SIR: At the present moment we are having a fine snow storm. When I first looked out of my window this morning, a white sheet of snow covered everything. The air is now so full of snow that I cannot recognize my neighbors at a window across the street. How does this strike you as a May day?

Truly yours,
GEORGE H. MURPHY.

NORTH CAROLINA NEWS.

The 6th annual meeting of the State Tobacco Association will meet in Morehead July 5. The Association will arrange to make an exhibit at the World's Fair.

Winston Sentinel: Eleven million, five hundred and thirty thousand, one hundred and seventy pounds is the amount of leaf tobacco the warehouses sold during the six months ending April 30, 1892.

Raleigh Chronicle: An odd thing in connection with the candidates for Governor and Lieutenant Governor is that both are "Spartans." Mr. Elias Carr lives at Old Sparta, Edgecombe county, and Mr. Rufus A. Doughton's home is at Sparta, Alleghany county.

A dispatch from Fayetteville N C., dated May 16th, says: Yesterday, seventeen miles below here, Al Gilmore, a notorious outlaw from South Carolina, entered the house of Rev. William Brunt, and finding no one but Miss Brunt there, forced her to prepare dinner for him, at the point of a pistol. After eating heartily, with an oath, he leaped out of the window. Miss Brunt grabbed a gun and fired thirteen buckshot striking Gilmore, from which he died in a few minutes. A reward of three hundred dollars was out for Gilmore, to which Miss Brunt becomes entitled. The young lady is the heroine of the hour.

Charlotte News: The Northern people are trying the experiment of supplanting Irish labor by negro labor in railroad building. A contractor at Bloomfield, New York sent an agent down here a few days ago to gather up 300 able bodied negroes, and the agent got them—150 at Charlotte and 150 at Salisbury. The Charlotte gang left yesterday afternoon, and there were about 400 darkies at the depot to see them off At Salisbury, two cars containing the contingent of 150 from that place, were attached to the train. It would be quite interesting to hear the remarks of the Irishmen at the appearance of this squad of nagurs on the railroad up there.
