This is strictly a

HOME LIFE COMPANY.

Its officers and Directors are citizens of the State, of high character for business capacity, enterprise and probity. It offers every

SUBSTANTIAL BENEFIT

that Northern companies do, with the great additional consideration that the capital is kept within the State, and, therefore, helps to build up and foster home institutions.

Another important fact to be considered is, that the Wilmington Life has thus far obtained a very much larger interest for the money invested at home, than any of the New York companies receive for their investments, according to their sworn statements before the Commissioner of that State.

These unquestionable facts should commend this Company, above all others, to our people. Let it be borne in mind that millions of dollars received for Life premiums have been sent North since the war, which at once drains the South and enriches the plethoric capitalists of the North. If there was no other consideration, safety, fairness and cheapness being equal, why North Carolinians should insure at home, this were more than sufficient.

THE WILMINGTON LIFE

has excellent special features.

It places no restriction on residence or travel; it makes no extra charge for female risks; and its Policies are incontestable after Five Years.

Its business is managed economically. Its risks are taken with great caution. Its investments are made judiciously.

Its motto is:

ECONOMY, PROMPTNESS, FAIRNESS.

TWO THOUSAND, TWO HUNDRED

AND SEVENTY-ONE (2,271) ACRES

OF LAND.

BANKRUPT SALE OF REAL AND

PERSONAL PROPERTY

On Tuesday the 8th day of October, 1872, at 10 o'clock, I shall sell to the highest bidder, for cash, in the town of Louisburg, in Franklin county, North Carolina, the tract of land on which Archibald Taylor now lives, about four miles west of Porter's Gold Mine, in Franklin county, N. C., containing by said A. Taylor's schedule, 2,271 acres. This is a very valuable and productive tract of land, a large portion of which is in original growth, with about 500 acres of rich low grounds on it. It also has all necessary outhouses, such as Barns, Stables, &c., and a storehouse for merchandizing; also a splendid Dwelling House, large and commodious, built at considerable cost. On this land (being near Porter's Gold Mine) is a Gold Mine pronounced by competent judges very rich, perhaps the richest in North Carolina.

At the same time and place, I shall sell for cash to the highest bidder, between two and three hundred accounts, due bills, notes, receipts, &c., amounting to about $5,000.

Persons wishing to make a good investment of their funds would do well to have an eye to this tract of land, as it is very valuable.

RICHARD W. HARRIS,
Assignee of the estate of Archibald Taylor.

Cotton Press.

SEND YOUR ORDERS IN FOR THE IMPROVED

"Grey Utley Cotton Press."

THE UTLEY COTTON PRESS, so well known, and which gave entire satisfaction for the past three seasons, can be obtained with its improvements, of me at Raleigh.

This is an *Invention of Power*, whereby all friction is overcome. Its Simplicity, Economy and Durability astonish all who see it. And the more so that a power so simple should have remained so long unappropriated.

The strain is wholly borne by the Bed Plate, Follower Block and two 1 3-4 in. square Iron Bars, which are capable of sustaining a weight of 190,000 pounds; thus giving much more strength than is required. *With this Press two men can pack a bale of cotton with ease in eight minutes, weighing from four hundred to five hundred and fifty pounds.*

One man can do the work, only requiring longer time.

It occupies a very small space, and can be so placed as to receive the Lint direct from the Gin or Lint-Room, as may be desired, thus doing away with baskets and frequent handling of the Lint.

It is light in weight, can be taken down and put up in 30 minutes, and can be transported on a two horse wagon.

I believe it to be unequalled by any Press for Power, Convenience and Durability.

Press complete; Depth of Cotton Box 8 feet; size of Bale, 4 1-2 feet by 21x28 inches; weight of bale 400 to 550 pounds.
