FROM WASHINGTON.

WASHINGTON, June 26.

The board of commissioners appointed by the President to inquire into the causes of steamboat explosions, &c., organized by the appointment of D. D. Smith, supervising inspector general of steam vessels, chairman, and George W. Taylor, of the steamboat inspection bureau, treasury department, secretary. Messrs Boland, Low and Menshaw were appointed a committee for the east, and to-day made a report as to the objects of experiments which are to take place at Sandy Hook. Messrs. Holmes, Crawford and Devany were appointed a committee for the west, and they also presented a plan of operations at Pittsburg. Messrs Low, Menshaw and Devany are supervising inspectors of the second, third and seventh districts, and were present by invitation of the committee by whom was referred the question of the experiments to be made and the preparation necessary therefor offered a joint report, as representing the views under which their separate reports of the necessary work of the eastern and western sections respectively has been prepared.

The report was adopted, and a resolution passed inviting all persons interested in the proceedings of this Commission and the experiments to be carried out by them to make any suggestions in regard to the character and scope of the experiment which, in their opinion, will best obtain the object in view, and that any communications upon the subject will be addressed to Capt. D. D. Smith, Supervising Inspector General, Washington, D. C.

OF KANSAS.

Having now received their patents in full from the government, places in market nearly

600,000 ACRES OF MAGNIFICENT LANDS,

granted in aid of their Road by the United States, a large of which has been reserved from public sale since 1854.

These lands are already traversed by two railroads, and the even sections having been settled for many years, numerous villages and railroad stations afford a ready market for farm products, and the advantages of churches, school and stores. The company offers its lands at moderate figures, on long time, and at low rates of interest.

SALUBRIOUS CLIMATE, PURE WATER AND FERTILE SOIL

render these lands the most desirable of any now offering in America.

Two trains daily leave Leavenworth, Lawrence and Kansas City for all points on the L. L. & G. LINE.

Land exploring tickets are placed on sale, and to parties purchasing lands the cost of same will be refunded. For further particulars apply to

You Can Do Your Own Painting

BY USING

BRADLEY'S PATENT ENAMEL PAINT,

The Most Economical, Beautiful, and Durable.

THESE PAINTS are composed of Pure White Lead, Zinc and Linseed Oil, without other materials which add greatly to the durability, elasticity, beauty and strength of the Paint. The whole are chemically combined, so that the pigments are held in permanent solution, thus forming a smooth, glossy, firm, elastic, beautiful and durable Paint. The Oil, which is the real life of the paint cannot leave it and be absorbed by the substance to which it is applied, as it does in the paints mixed in the ordinary way, and thus leave the pigment dead and brittle, to wash and rub off in a few months, or at farthest in three or four years. This paint is unaffected by changes of temperature, is perfectly impervious to the action of water, is well adapted to all classes of work, and is in every way a better Paint for either House or Outside Work or Boat Painting, than any other Paint known to the trade, and will last at least THREE TIMES AS LONG AS THE BEST LEAD AND OIL MIXED IN THE ORDINARY WAY.

Always Ready for Use and Easily Supplied. sold by the

C. P. KNIGHT, Sole Agent,

No 93, W Lombard Street, Baltimore.

☞ SPECIMENS AND PRICE LIST FURNISHED GRATIS.

SPECIMENS OF THE DIFFERENT COLORS TO BE SEEN AT THE OFFICE OF THE RALEIGH SENTINEL.

We especially call attention to the following testimonials of the Paint:

THE PLAINS, Fauquier County, Va., February 6, 1873.

MR. C. P. KNIGHT:

Sir—The Paint came safely to hand as ordered, two kegs, five gallons each, and there lacked one gallon each. As "practice" was slack, I did the work myself. Two weeks, not constant work, completed the house, two coats, the last coat I put on thick, and it is now generally conceded that my "Enamel" has hardness, and body and harmony of color, there is not a handsomer job in the place. I saved SIXTY-FIVE DOLLARS by the operation, which is an item just now with "Southern people." It should be generally adopted in this state, we country and can apply it. I have never doubted the testimonials, but I felt so forcibly the impossibility of your "Enamel Paint," to the wants of our people, in economy of material, in beauty of color, and in the fact of its being "body mixed," that I give you permission, if it is desirable to you, to make what use you think proper of this letter.

Very respectfully and truly, S. McGILL, M. D.

BALTIMORE, December 10, 1872.

MR. C. P. KNIGHT.—Dear Sir:—It affords me much pleasure to say to you that the Bradley Patent Enamel Paint far exceeds my expectation in economy, beauty, and, I have every reason to believe, in durability. More than twelve months since I painted the roof of my Hotel (Mansion House) with the Bradley Enamel Paint, and I was so well pleased with it I determined to paint the outside of the hotel, and am most happy to say it gives me perfect satisfaction. In conclusion I would say, if this testimonial will be on advantage to you, you are at liberty to use it. Yours, most respectfully, ISAAC ALBERTSON,

Mansion House Hotel, N. W. corner Fayette and St. Paul Streets, Baltimore.

TO THE PUBLIC.—It affords me much pleasure to state that in July, 1871, Front Street Theatre was painted inside and out with "Bradley's Patent Enamel Paint," for which C. P. Knight, No. 93 Lombard Street, is agent, and to testify to its superiority over any and all other paints for similar uses. In no private dwelling can paint possibly be subjected to the very severe tests it undergoes at this establishment, where, during our daily cleansing, ammonia, soda are constantly applied to it, and yet it appears as sound and fresh as when first put on. Of the numerous advantages it possesses over other paints, I will only mention its being mixed and ready for use in a quantities to suit purchasers; its quickly drying properties, which saves much time in the execution of work where paint is needed and its very perceptible beauty, which imparts beauty and durability to the objects on which it is used. As such I most earnestly recommend it to the mercantile and tradesmen of our city, believing it will give them greater satisfaction than they can possibly anticipate.

W. F. FOSTER,

Baltimore, April 15, 1872. Front Street Theatre.

PLEASANTVILLE, Harford county, Md.

C. P. KNIGHT.—Dear Sir:—I am very happy to inform you, that your "Patent Enamel Paint" has given entire satisfaction. I prefer it to any paint I have ever seen used, and recommend it for durability and beauty, as permanent to any other.

Very respectfully, &c., E. DICKEY, M. D.

From Hon. John Hathaway.

MR. C. P. KNIGHT.—At the recommendation of a friend, I was induced to apply your patent, "Bradley's," paint to my house. I have pleasure in stating that it has proved entirely satisfactory, covering more surface than you promised, is more economical, carries better gloss than ordinary paint, and is free from disagreeable odor. Your respectfully,

JOHN WETHERED.

BALTIMORE, September 30, 1872.

C. P. KNIGHT, Esq.—Dear Sir:—I have had the Bradley's Patent Enamel Paint which I purchased from you, used inside and outside, both of my dwelling and store for two seasons. It gives me great pleasure to be able to say that it comes fully up to your representations in beauty of color, economy, durability and beauty. Yours truly, THOS. J. IRVING,

100 West Baltimore St.

BALTIMORE, December 27, 1872.

C. P. KNIGHT, Esq., Agent for Bradley's Patent Enamel Paint.—Dear Sir:—The paint we purchased from you we will cheerfully endorse as the best of any kind we have ever used, the covering qualities is every thing desired, drying promptly and with a hard gloss, which most we think, resist the action of all kinds of weather. This is our experience and we can recommend it with certainty, and hope to see it on all occasions where we desire a good job of work.

Very respectfully,

EMMART & QUARTLEY, 270 W. Baltimore Street, House, Sign and Fresco Painters.
